CITY LIGHT AND POWER WORKS PROJECT

Agreement between City of Fort Wayne and Froehlich & Emery - 35

Froehlich & Emery presented Plans, Specifications and Estimates for new boilers and auxiliary equipment, -145

Bids received for Boilers, Stokers, Ash Hoppers, Forced Draft Fans and Cinder Collectors, Pumps, Heaters, Boiler Water Conditioning System and Exciters, -184

Contract awarded DIVISION ONE and TWO (BABCOCK-WILCOX COMPANY) 227-225

Contracts awarded DIVISIONS, ONE, TWO, THREE, FOUR, FIVE, SIX, SEVEN, EIGHT, NINE and TEN, -250

Order new plans and specifications made by Froehlich & Emery for DIVISION NO. 1 and DIVISION NO. 2,(ordinance ratifying the BABCOCK-WILCOX COMPANY lost by the Council) -254

Contract and Bond - The Allen-Sherman-Hoff Co. (DIVISION NO THREE) -259

Contract and Bond - The Western Gas Construction Co. (DIVISION NO. 4-5) -261

Contract and Bond - Ingersoll-Rand Company (DIVISION NO. 6-7) -264

Froehlich & Emery presented Plans, Specifications and Estimates for Boilers and Equipment -267

Contract and Bond - The Cochrane Corporation (DIVISIONS NOS. 8-9) -268
Contract-Bond, COCHRANE (see page 273) Contract-Bond GENERAL ELECTRIC -275
Bids received for Divisions Nos. 1,2,3,4 and 5 Boilers and Equipment, -284

Contract awarded DIVISION NO. 1, (THE BABCOCK-WILCOX CO.) -292

Contract awarded DIVISION NO. 2, (AMERICAN ENGINEERING CO.) -292

Contract awarded DIVISION NO. 3, (THE ALLEN-SHERMAN-HOFF CO.) -292

Contract awarded DIVISION NO. 4. and DIVISION NO. 5, (WESTERN GAS CONST. CO.) -292

Contracts sent to Council DIVISION 1, (THE BABCOCK-WILCOX CO) -293
Contracts sent to Council DIVISION 2, (AMERICAN ENGINEERING CO.) -293
Contracts sent to Council DIVISION 4, AND DIVISION 5, (WESTERN GAS CONSTRUCTION CO.) -293
Contract sent to Council DIVISION 3, (ALLEN-SHERMAN-HOFF COMPANY) -300
Certificate issued by Bankers' Joint Stock Land Bank (Miscellaneous Light Bonds323
Froehlich & Emery presented Plans, Sepcifications and Estimates for DIVISIONS NUMBERED 1, 2, 3, 4 and 5 -326

Notice to Contractors for sealed proposals on Divisions Numbered 1-2-3-4-5 -327

Engineering fee on DIVISIONS Nos. 1-2-3-4-5, approved -327

Receive bids for furnishing and erecting Steel Stacks for present boilers located in Power Plant -341-340

Receive bids for the Wrecking of the present Chimneys at the City Light P. -344

Receive bid for Divisions Nos. 1, 2, 3, 4 and 5 Coal Handling Equipment and Siftings, Soot and Cinder Handling System, etc. -346-345

Froehlich & Emery presented Plans. Specifications and Estimates for New Boiler Room at City Light Plant (Notice to Contractors) -347

Engineering fee for Boiler Room at City Light Plant, approved. -347

Contract awarded DIVISION NO. 1, (WEBSTER MANUFACTURING CO.) -356
Contract awarded DIVISION NO. 2, (WESTERN GAS CONSTRUCTION CO.) -356
Contract awarded DIVISION NO. 4, (THE C. O. BARTLETT & SNOW CO.) -356
Contract awarded DIVISION NO. 5, (UNITED CONVEYOR CORPORATION) -356

Contract awarded Wrecking Chimneys (J. M. CUTSCHALL & SONS) -356

Contract sent to Council DIVISION 1, (THE WEBSTER MFG. CO.) -359
Contract sent to Council DIVISION 2, (THE WESTERN GAS CONSTRUCTION CO.) -361
Contract sent to Council DIVISION 5, (THE UNITED CONVEYOR CORPORATION) -363

J. M. Cutshall and Sons, Indemnity bond, Wrecking Two Chimneys -369
Engineering fee for J. M. Cutshall and Sons contract for wrecking two chimneys, also Western Gas Construction Co. for Steel Stacks, delivered and erected, amount $112.02 -369
Receive bids for the Addition to the Boiler Plant Building -374

Froehlich and Marker discussed bids on Addition to Boiler Plant Bldg. -378
377

Contract for Boiler Room Addition, Awarded to MAX IRMSCHER & SONS, -392 -379

V. M. Nussbaum & Co. instructed to install meterling panel, etc. -385

Receive bids for Removal of Two Bass Water Tube Boilers -387

Contract for Removal of One Boilers, awarded to SCHMELING & ALTER -388

Statement of Cost of blue prints and specifications for Light project -391

Engineering Fee due on contract awarded to Max Irmscher & Sons, for Addition to Boiler Plant Building, in amount $595.62 -403

J. M. Cutshall and Sons, estimate for wrecking one Radial Brick Chimney in amount $792.00 -409

Addition to Boiler Plant Building,
SUB-CONTRACTS (Awarded to)
Structural Steel & Miscellaneous Iron - Western Gas Construction Co -414
Reinforcing Steel - Joslyn Mfg. & Supply Co. -414
Steel Sash, Operators, Doors, etc. - Truscon Steel Company -414
Bunker Linings, - Hanna, Zabriskie & Daron, -414
Elavator - Otis Elevator Co. -414
Marquette Portland cement for the Standard Concrete and
Marquette "Super" cement for the high early strength concrete -414

Estimate, on Items 1, 2 and 3 of DIVISION NO. 10 G. Electric $4,039.24 -414

Estimate, Schmeling & Alter, removing Bass Water Tube Boiler, $1,050.00 -417

Estimate for office supervision in checking equipment etc. $1,200.00 -426

Engineering fee on Contract awarded Schmeling & Alter, $ 52.50 -426

Supplementary Agreement (Froehlich & Emery) approved sent to Council -438

Estimate for Extra for blue prints furnished to building and sub-contrs. -439

Estimate of Froehlich & Emery Engineering Co. for Field and Office supervision in amount of (referred to City Engineer) $1,200.00 -447

Estimate, 1, Max Irmscher and Sons, amount of $5,843.75 -449

Estimate for Field and office supervision for mo. July, $1,200.00 -449

See Miscallaneous - Resolution for the investment of Funds of the City Light and Power Works. -451

Estimate of the Ingersoll-Rand Company, $12,267.20 -455

Estimate of the General Electric Company, 1,009.40 -455

Froehlich and Marker submitted bids for Divisions, No. 1-2-3 (PIPING Con -474

Notice to Contractors for sealed proposals on Divisions No. 1-2-3 -475

Sale of two 725 H. P. boilers, 3 drums and 360 - 4" x 18' tubes, etc. -480

Supplementary Agreement (Froehlich & Emery) approved and sent to Countil -481
Estimate No. 2, Max Irmscher and Sons, $23,846.75 -481
Engineering fee 1,400.00 -481

Statement N. Y. C. Railroad, reference Power House spur -482

EXTRA ORDERS
Max Irmscher and Sons, foundations for 2 exciter sets -485

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, March 10, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Thursday, March 5, 1931, stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: Corner of Clay Street and Brackenridge Street; corner of Clay Street and Madison Street; 2210 Oliver Street (2 cuts); 2408 Smith Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Ernest C. Heckman, signed by the Commercial Casualty Insurance Company;
William H. Koldewey, signed by the Commercial Casualty Insurance Company;
Art H. Welklin, signed by the Commercial Casualty Insurance Company.

Motion was made, seconded and carried that the request for the installation of a light on Lahmeyer Street between Lillie Street and Winter Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for a pole easement between Lots Numbered 39 and 42 in Fletcher's Addition and along the south line of Lot Number 49 Fletcher's Addition, to the City of Fort Wayne.

Motion was made, seconded and carried that the City Light Department be instructed to install a light at the southeast corner of Clay Street and McKinnie Avenue (now Lexington Avenue).

Motion was made, seconded and carried that the City Light Department be instructed to install a light at the southwest corner of Edsall Avenue and Harvester Avenue.

Motion was made, seconded and carried that the City Light Department be instructed to install a light on Clinton Street just south of Penn Place on City Pole #8956.

Motion was made, seconded and carried that the City Light Department be instructed to install a light on Dayton Avenue between Indiana Avenue and Beaver Avenue on City Pole #9948.

Motion was made, seconded and carried that the Contract, Indemnity and Liability Bonds of JOHN DEHNER, INC., signed by the Standard Surety & Casualty Company of New York, covering the work to be performed in the laying of the St. Mary's Feeder Main, which connects the Filtered Water Reservoir with the present Clinton Street main, under Contract No. 1, be approved.

Motion was made, seconded and carried that the Contract, Indemnity and Liability Bonds of Buesching-Hagerman & Company, signed by the United States Guarantee Company of New York, covering the work to be performed in the construction of the Filtered Water Reservoir, under Contract No. 2, be approved.

Motion was made, seconded and carried that the following ordinances be sent to the Council, Tuesday, March 10, 1931:

An ordinance appropriating $2,000.00 to Item Number 140, Repairs to Public Grounds and Buildings Account;

An ordinance ratifying and approving the contract with Buesching-Hagerman & Company, covering the construction of a Filtered Water Reservoir;

An ordinance ratifying and approving the contract with John Dehner, Inc., covering the construction of the St. Mary's Feeder Main;

An ordinance ratifying and approving the contract with the Indiana Service Corporation, covering the operation, construction and maintenance of a side track on and along Baltes Avenue from Spy Run Avenue for a distance of approximately 500 feet.

The City Engineer now submitted plans and specifications for the re-location of Adams Street from McKee Street to Pontiac Street, as more fully set out in Declaratory Resolution Number 645, which plans and specifications were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 645 - 1931.

For the re-location of Adams Street from McKee Street to Pontiac Street.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary and advisable to re-locate Adams Street from McKee Street to Pontiac Street.

For the opening of a tract of ground for street purposes described as follows:

Commencing at a point on the east line of Adams Street forty-six (46) feet north of the north line of McKee Street; thence north-easterly at an angle of twenty-eight degrees and forty-seven minutes (28° 47') to the east line of Adams Street, to the south line of Pontiac Street produced west, (said line being twenty-five (25) feet east of and parallel to the center line of the Wayne Trace subway); thence west along the south line of Pontiac Street, produced west, fifty (50) feet; thence southwesterly on a line fifty (50) feet west of and parallel to the first described line, to the east line of Adams Street; thence south along the east line of Adams Street to the place of beginning.

For the vacation of that portion of Adams Street described as follows:

Commencing at a point on the west line of Adams Street fifty-eight and eighty-four hundredths (58.84) feet north of the north line of

McKee Street; thence north on the west line of Adams Street to the south line of Pontiac Street; thence southeast along the south line of Pontiac Street to the east line of Adams Street; thence south along the east line of Adams Street to a point one hundred forty-nine and eighty-five hundredths (149.85) feet north of the north line of McKee Street; thence in a southwesterly direction on a straight line to the place of beginning.

All as shown by a plan of such proposed street re-location as above described now on file in the office of the Department of Public Works of said City.

The vacation of that portion of Adams Street herein described is subject to the right of the City of Fort Wayne to at all times maintain a sewer easement therein and subject ot the right of the City of Fort Wayne to enter upon said vacated portion of Adams Street for the purpose of sewer construction, repairs or otherwise as herein set out and that any obstructions hereafter made upon the same by any property owner or owners of property abutting thereon interfering with the Board of Public Works in the exercise of their easement herein reserved, may be removed by the said Board of Public Works at the expense of the property owner or owners.

The property which may be injuriously or beneficially affected by the proposed street re-location as above described is described as all lots and lands lying north of Manford Street; east of Lowell Street and Lowell Street produced north; south of Pontiac Street and Wayne Trace; west of Turpie Street and Turpie Street produced north.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and alleys and lots and lands affected by the above described street re-location lying in the Northeast Quarter of Section 18, Township 30 North, Range 13 East and lying within the corporate limits of the City of Fort Wayhe, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 645, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 11th and 18th days of March, 1931, and that Thursday, the 2nd day of April, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

John Orr

David Erwin

G. A. Ramsey

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, March 12, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of February, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: Corner of Cass Street and First Street; corner of Third Street and Barthold Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Charles A. Lehman,	signed by the Union Indemnity Company;
Charles Lochner,	signed by the Aetna Casualty and Surety Co.;
Fred W. Meyer & William Bear,	signed by the Union Indemnity Company;
Moncrief Heating Company,	signed by the U. S. Fidelity and Guaranty Co.;
Ralph Robb,	signed by the Union Indemnity Company;
Joe J. Tomkinson,	signed by the Union Indemnity Company.

Motion was made, seconded and carried that the assignment of contract of Cecil D. Coil to the Coil Construction Company, Incorporated, covering right, title and interest in the improvement of the alley between Williams Street and Butler Street from Hoagland Avenue to Fairfield Avenue, under Improvement Resolution Number 3067, be referred to the City Attorney for his approval.

After re-considering the confirmation of the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 577, which provides for the widening of New Haven Avenue from Redwood Avenue to the Bueter Road, by condemning ten (10) feet on the south side, motion was made, seconded and carried that the same be TAKEN UNDER FURTHER ADVISEMENT until Thursday, the 26th day of March, 1931, at 7:30 o'clock P. M.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

455 - which provides for the construction of a sewer in and along the alley between Emma Avenue and Cherokee Road from Steup Avenue to Tyler Avenue;
456 - which provides for the construction of a sewer in and along the alley between Cherokee Road and Ida Avenue from Steup Avenue to Tyler Avenue; also in the alley between Cherokee Road and Ida Avenue from Steup Avenue to the Grand Rapids and Indiana Railroad;

be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal -Gazette and the Fort Wayne News-Sentinel on the 14th and 21st days of March, 1931, and that Thursday, the 2nd day of April, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, March 19, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending March 14, 1931, be placed on file.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

John Dehner, Inc., signed by the Union Indemnity Company;
G. H. Sign Company, signed by the Maryland Casualty Company.

A petition, for the installation of a light in the alley at the rear of 714 Florence Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, for the installation of a light in the alley between Holton Avenue and Reed Street at the rear of 2929 Holton Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, for the paving of Howard Street from Washington Boulevard to Erie Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the construction of cement sidewalks on the west side of Bueter Road from Raymond Street to New Haven Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

The City Engineer now submitted plans, specifications and estimates for the following public improvement, which plans, specifications and estimates were upon motion approved:

For the construction of a main sewer commencing at the intersection of the north bank of the Maumee River with Randallia Drive produced south; thence north in and along Randallia Drive produced south and Randallia Drive to State Boulevard; thence east in and along State Boulevard to Leroy Avenue; thence north in and along Leroy Avenue to Curdes Avenue; thence west in and along Curdes Avenue to Anthony Boulevard; thence north in and along Anthony Boulevard to Vance Avenue; thence west in and along Vance Avenue to Woodrow Avenue; thence north in and along Woodrow Avenue to the St. Joseph River, and branches, as more fully set out in Main Sewer Improvement Resolution Number 65.

Motion was then made, seconded and carried that the following resolution be adopted:

MAIN SEWER IMPROVEMENT RESOLUTION NUMBER 65 - 1931

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a main sewer, which from its size and character is not only intended and adapted for use by property holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed or which hereafter may be constructed, be and the same is hereby ordered.

Commencing at the intersection of the north bank of the Maumee River with Randallia Drive produced south; thence north in and along Randallia Drive produced south and Randallia Drive to State Boulevard; thence east in and along State Boulevard to Leroy Avenue; thence north in and along Leroy Avenue to Curdes Avenue; thence west in and along Curdes Avenue to Anthony Boulevard; thence north in and along Anthony Boulevard to Vance Avenue; thence west in and along Vance Avenue to Woodrow Avenue; thence north in and along Woodrow Avenue to the St. Joseph River, and branches.

Said sewer shall be eighty-four (84), seventy-two (72), sixty (60), fifty-four (54), forty-eight (48), thirty-six (36), thirty (30), twenty-four (24), eighteen (18) and twelve (12) inches in diameter, and said sewer with all its appurtenances shall be constructed in accordance with the plans, profiles and specifications now on file in the office of the Department of Public Works of said City.

All work done in the making of the aforementioned public improvement shall be in accordance with the terms and conditions of the resolution aforementioned and the plans, profiles and specifications therefor, which are now on file and may be seen in the office of the Department of Public Works of said City.

The total cost of said sewer shall be paid by the holders of the property beneficially affected thereby in proportion to the benefits received, including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory, in the City of Fort Wayne, County of Allen, State of Indiana, to-wit:

Commencing at the intersection of Lake Avenue and Randallia Drive; thence north in and along Randallia Drive to Vermont Avenue; thence west in and along Vermont Avenue to a point one hundred thirty-seven and seventy-five hundredths (137.75) feet west of the west line of Randallia Drive; thence north on a line that is parallel to and one hundred thirty-seven and seventy-five hundredths (137.75) feet west of the west line of Randallia Drive to Nevada Avenue; thence west in and along Nevada Avenue to a point one hundred thirty-six and five tenths (136.5) feet west of the west line of Pemberton Drive; thence north on a line that is parallel to and one hundred thirty-six and five tenths (136.5) feet west of the west line of Pemberton Drive to Delaware Avenue; thence west in and along Delaware Avenue to a point one hundred thirty (130) feet east of the east line of Anthony Boulevard; thence north on a line that is parallel to and one hundred thirty (130) feet east of the east line of Anthony Boulevard to State Boulevard; thence west in and along State Boulevard to Crescent Avenue; thence northeast in and along Crescent Avenue to Curdes Avenue; thence west in and along Curdes Avenue to Kentucky Avenue; thence south in and along Kentucky Avenue to Charlotte Avenue; thence west in and along Charlotte Avenue to the St. Joseph River; thence north and east following the meanderings of the St. Joseph River to Anthony Boulevard; thence south in and along Anthony Boulevard to Crescent

Avenue; thence northeast in and along Crescent Avenue to the lot line between Lots Numbered 11 and 12 St. Joseph Park Addition; thence southeast along the lot line between Lots Numbered 11 and 12 St. Joseph Park Addition to Oak Grove Avenue; thence northeast along the center line of Oak Grove Avenue to the north line of Paramount Extended Addition; thence east along the north line of Paramount Extended Addition to the east line of Paramount Extended Addition; thence south along the east line of Paramount Extended Addition to Vance Avenue; thence east in and along Vance Avenue to Beacon Street; thence south in and along Beacon Street to Forest Avenue; thence west in and along Forest Avenue and Forest Avenue produced west to the east line of Randall Farm Subdivision; thence south along the east line of said Randall Farm Subdivision and said line produced south to Lake Avenue; thence west in and along Lake Avenue to Randallia Drive, the place of beginning.

The entire cost of said sewer, including the portion of said sewer which crosses streets and alleys to be assessed against the property owners beneficially affected, it being expressly intended and provided that the City of Fort Wayne shall pay no other part of the construction of said sewer unless it be as the owner of property beneficially affected, in which case it shall be liable as other property owners.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum, and a bond or bonds shall be issued to the contractor in payment of said work unless the property owners pay said assessments before said bond or bonds are issued.

Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums of money due from said property owner or owners for said work, or for the collection of the same, or the payment of any bond or bonds, certificate or certificates issued to the contractor in payment for such work, except for such moneys as shall have been actually received by the City from the assessments for such improvement.

All proceedings had and work done in the construction of the said main sewer, with all its appurtenances, manner of assessment of property, and issuance of bonds therefor, shall be as provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and in accordance with and pursuant to the provisions of all acts amendatory thereto and supplemental thereof, passed by the General Assembly of the State of Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Main Sewer Improvement Resolution Number 65, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 21st and 28th days of March, 1931, and that Thursday, the 9th day of April, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that Notice be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th and 31st days of March, 1931, and that Tuesday, the 14th day of April, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board would receive sealed proposals for the collection of garbage, cans, broken crockery, glassware, etc., and dead animals and fowls, for a period of ten (10) years, from August 15, 1931, to August 15, 1941; the Contractor to build and maintai an incinerator for the purpose of burning all garbage. The incinerator and premises shall revert to the City at the end of the ten year period.

The Board then upon motion adjourned.

David Erwin

J. A. Ramsey

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, March 24, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the Secretary of the Board of Works notify Mr. C. A. McGonagle, General Superintendent of the Indiana School for Feeble Minded Youth, that the request for permission to cut the curb on the north side of State Boulevard for a distance of approximately 30 feet opposite the east drive at the north end of St. Joe Boulevard, for the purpose of establishing an automobile driveway as an entrance and exit to and from the entrance of the main building of the institution, be granted.

Motion was made, seconded and carried that the violations of General Ordinance No. 1488, Council Proceedings of 1929, viz: Red Fox Petroleum Company, on the southeast corner of Wells Street and State Boulevard, more fully described as Lot No. 273, Pfeiffer Place Second Addition; Firestone Tire & Rubber Company, on the northwest corner of Fairfield Avenue and Jefferson Street, more fully described as Lot No. 12, Ewing's Addition; Zuber and Beuchel, on the northeast corner of Anthony Boulevard and Pontiac Street, more fully described as Lot No. 1, Colerick's Sub-division and the American Ice & Coal Company, at the southwest corner of Coombs and Cochrane Street, more fully described as Lot No. 12, White's 5th Addition, be referred to the City Attorney for immediate action.

Motion was made, seconded and carried that the driveway petition of E. H. Roemer, for curb cut of 24 feet and driveway of 20 feet at 210 West Wayne Street, granted February 5, 1931, be amended to read, "Curb cutting to a width of 30 feet and driveway to a width of 26 feet."

Motion was made, seconded and carried that the following driveway applications, be granted:

Fred Lutz and Sons,	12 ft. cut and 8 ft. drive at 3327 South Lafayette Street;
W. F. Rhoades,	12 ft. cut and 8 ft. drive at 2011 Kenwood Avenue.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Ohmer E. Anderson,	signed by the Commercial Casualty Insurance Co.;
E. J. Breining,	signed by the Commercial Casualty Insurance Co.;
Hiram Danner,	signed by the London & Lancashire Indemnity Co.;
Fred H. Fuelling,	signed by the Fidelity and Casualty Company of N.Y.;
Home Furnace Company,	signed by the Commercial Casualty Insurance Co.;
Hoopingarner & Carpenter,	signed by the New Amsterdam Casualty Company;
Charles E. Keller,	signed by the New Amsterdam Casualty Company;
F. E. Kruckenberg,	signed by the Federal Surety Company;
G. E. Leininger,	signed by the The Fidelity and Casualty Co. of N.Y.
Schinnerer & Truemper,	signed by the Standard Accident Insurance Company.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between 220-222 Main Street and Schubert's new store.

A report from the City Light Construction Department, stating that there is at present a light located approximately 100 feet east of the alley at the rear of 311 East Jefferson Street, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Construction Department, stating that there is at present a light located on Laymeyer Street between Lillie Street and Winter Street, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, for the improving of Lillie Street from Rudisill Boulevard to Oxford Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the paving of the alley between Columbia Avenue and Edgewater Avenue from Loree Street to Dearborn Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A remonstrance, against the grading of the alley between Tecumseh Street and Kentucky Avenue from Sallie Avenue to the alley south of Delaware Avenue; also the alley south of Delaware Avenue from Tecumseh Avenue to Kentucky Avenue, under Improvement Resolution Number 3073, was received. Motion was made, seconded and carried that the same be placed on file.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the making of certain improvements, they now proceeded to open the same and obtained the following results:

In the matter of Main Sewer Improvement Resolution Number 63, "AMENDED", which provides for the construction of a Main Sewer commencing at the point where the alley north of Wildwood Avenue intersects the east bank of the St. Mary's River; thence east in and along the alley north of Wildwood Avenue to Thompson Avenue; thence north in and along Thompson Avenue to Home Avenue; thence east in and along Home Avenue and in and along the alley between Home Avenue and Cottage Avenue to Beaver Avenue:

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, March 26, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of Charles Houser, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1607 Rumsey Avenue, be granted.

Motion was made, seconded and carried that the proposal of the Graybar Electric Company, Inc., to supply the City with Incandescent Mazda Lamps for a twelve month period, be placed on file.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Leonard Erhardt,	signed by the Royal Indemnity Company;
Ernest H. Fuhrman.	signed by the Aetna Casualty & Surety Company;
Lloyd Griffin,	signed by the London & Lancashire Indemnity Co.;
Helen M. Jackson, Cashier,	signed by the London & Lancashire Indemnity Co.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: Corner of Baker Street and Clinton Street; Clay Street and East Douglas Avenue; corner of High Street and Leora Street; corner of Howell Street and Runnion Avenue; corner of Jefferson Street and Clay Street; corner of Lewis Street and Clay Street; corner of Madison Street and Clay Street; Sherman Boulevard and alley between High Street and Third Street; corner of Wells Street and Cass Street; corner of East Washington Boulevard and Clay Street; 131-135 West Washington Boulevard.

A petition, for the installation of an incandescent line on Washington Boulevard extended from the west line of Trier's Park to the Illinois Road, and connections with the standards on the Junk Ditch Bridge, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, for the paving of the alley between Curdes Avenue and Lawndale Drive from Woodward Avenue to Buena Vista Drive, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the construction of a sewer in and along the north side of Lynn Avenue from the present sewer on Woodward Avenue east, approximately 400 feet, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that Notice be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 26th and 28th days of March, 1931, and that Tuesday, the 7th day of April, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board would receive sealed proposals for the following described dwellings:

1. Frame dwelling located on Lot No. 61, Baltes and Romy's Addition to the City of Fort Wayne.

2. Frame dwelling located on the rear of Lot No. 40, Baltes and Romy's Addition to the City of Fort Wayne.

3. Cement block dwelling located on Lot No. 41, Baltes and Romy's Addition to the City of Fort Wayne.

Motion was made, seconded and carried that the contract for the work to be performed under Local Sewer Improvement Resolution Number 457, on which bids were received Tuesday, March 24th, 1931, at 10:00 o'clock A. M., which provides for the construction of a sewer in and along the sewer easement between Kenwood Avenue and Glazier Avenue and said easement produced westward, from the east bank of the St. Joseph River to the east line of Lot Number 3 Lantz Brothers 2nd Subdivision; be awarded to FRED H. FUELLING, at and for his price bid, namely, $1.72 per lineal foot, he being the lowest and best bidder.

Thursday, the 26th day of February, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 577, which provides for the widening of the New Haven Avenue from Redwood Avenue to the Bueter Road, by condemning ten (10) feet on the south side; after re-considering the remonstrances on file, there being no further objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be fully and finally confirmed and ordered forthwith delivered to the Department of Finance.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 643, which provides for the vacation of the Second alley east of Clinton Street from Field Street to a point one hundred eight (108) feet south; also for the widening of the alley between Field Street and Grove Street from the west line of the second alley east of Clinton Street to a point fourteen (14) feet west; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be fully and finally confirmed, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

The Board then adjourned to the Council Chamber and held the hearing on Declaratory Resolution Number 644, which provides for the widening of Anthony Boulevard from Maumee Avenue to Pontiac Street. After hearing several property owners and Councilmen Perrey and Lenz voice themselves, and receiving a remonstrance against the widening of Anthony Boulevard to 54 feet from Maumee Avenue to Pontiac Street, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for a check-up of the remonstrance.

A petition, was presented for the widening of the pavement on Anthony Boulevard to 32 feet from Maumee Avenue to Pontiac Street. Motion was made, seconded and carried that the same be placed on file.

The Board then upon motion adjourned.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Friday, March 27, 1931,
SPECIAL MEETING held at 2:00 o'clock P. M.

PRESENT: John C. Trier, C. A. Ramsey,
S. S. Snyder, Secretary.

In the matter of the collection of garbage, cans, broken crockery, glassware, etc., and dead animals and fowls, the contract for which, was awarded to the Terminal Service Company, February 23, 1931, at a Special Meeting held at 10:00 o'clock A. M., the Common Council in their special session of March 18, 1931, indefinitely postponed the Ordinance ratifying the contract, therefore, an emergency has occurred and exists.

Motion was made, seconded and carried that the contract for the collection of garbage, cans, broken crockery, glassware, etc., and dead animals and fowls be awarded to the Tri-State Disposal Company for a period commencing at midnight on March 31st, 1931, and ending at midnight on August 15th, 1931, at the following schedule: Four Thousand, Five Hundred and Fifty-Two Dollars ($4,552.00) for the month of April, 1931; Five Thousand, Four Hundred and Twenty-Six Dollars ($5,426.00) for each of the months of May, June and July, and Two Thousand, Nine Hundred and One Dollars ($2,901.00) for the first fifteem (15) days of August, all in 1931.

It is further agreed that said City shall have and is hereby granted the right and option to terminate this contract before the expiration of the term hereinbefore stated by giving the contractor five days written notice of its intention to so terminate the contract; provided, however, that such right shall accrue to the City only upon condition that its proposed incinerator shall be completed and ready for operation within the time of said notice.

And in the event of such termination it is agreed that for any number of days service rendered by the Contractor, and then unpaid for, that the Contractor shall receive as compensation for such service a daily rate which shall be computed at the rate of 1/30 per day of the amount hereinbefore provided as the monthly compensation of the contractor for the month or months during which such days service may be rendered.

Motion was then made, seconded and carried that the aforesaid Agreement be approved, and that the same be sent to the Council for ratification at their Special Meeting of Saturday, March 28, 1931.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, March 31, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, March 26th and the Special Meeting of Friday, March 27th, 1931, stand approved, as read.

A communication, from the Building Commissioner, reporting on the building owned by the City located at the corner of Calhoun and Superior Streets, was received. Motion was made, seconded and carried that the same be placed on file and referred back to Mr. Fortney for recommendations.

Motion was made, seconded and carried that the quotation from the Fort Wayne Pipe and Supply Company on Guard Railing for Taylor Street Viaduct, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make a cut into the pavement at 1317 Warren Street, be granted.

Motion was made, seconded and carried that the bond of the Menefee Art Stone Company, signed by the Citizens Trust Company, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the application of D. E. Butler, to construct 150 feet of sidewalk at the northwest corner of Miner Street and Creighton Avenue, be granted.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to construct an 8 foot driveway at 2609 Buena Vista Drive, be granted.

A petition, for the installation of a street light at the corner of Gay Street and Lexington Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

In the matter of a petition for the installation of an incandescent line on Washington Boulevard extended from the west line of Trier's Park to the Illinois Road, and connections with the standards on the Junk Ditch bridge, which upon motion was filed in the Regular Meeting of March 26th, motion was made, seconded and carried that the same be referred to the Board of Park Commissioners.

Motion was made, seconded and carried that the City Light Department be instructed to install an alley light on Traction pole #2691 at the rear of 714 Florence Avenue.

Motion was made, seconded and carried that the City Light Department be instructed to install an alley light on Traction pole #10344 at the rear of 2929 Holton Avenue.

The City Engineer now submitted plans and specifications for the condemnation of a right-of-way for pole line purposes, across through and under portions of Lots Numbered 39, 42 and 49 Fletcher's Addition, as more fully set out in Declaratory Resolution Number 646, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 646 - 1931

For the condemnation of a right-of-way for pole line purposes, across through and under portions of Lots Numbered 39, 42 and 49 Fletcher's Addition.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn a right-of-way for pole line purposes, across, through and under portions of Lots Numbered 39, 42 and 49 Fletcher's Addition.

All as shown by a plan of such proposed condemnation of a right-of-way for pole line purposes as above described now on file in the office of the Department of Public Works of said City.

The condemnation of the right-of-way to be made by condemning and appropriating for pole line purposes the south three (3) feet of Lot Number 39 Fletcher's Addition; the north three (3) feet of Lot Number 42, Fletcher's Addition and the south six (6) feet of Lot Number 49 Fletcher's Addition.

The property which may be injuriously or beneficially affected by the proposed pole line right-of-way as above described is described as all lots and lands lying north of the Wabash Railroad; east of Anthony Boulevard; south of Luther Street and west of Fletcher Avenue.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5%) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplemental thereof.

All of said streets and lots and lands affected by the above described pole line right-of-way being situated in the Northwest fractional Quarter of Section 7, Township 30 North, Range 13 East, and lying within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 646, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 2nd and 9th days of April, 1931, and that Thursday, the 23rd day of April, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 2, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication, from Mr. Franke, City Controller, in regard to the payroll of the Street and Sewer Departments, was received. Motion was made, seconded and carried that the same be placed on file.

A communication, from the Board of Park Commissioners, in regard to installation of an incandescent light line on Washington Boulevard extended, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that all action previously taken in the matter of the installation of a light in the alley between 220-222 Main Street and Shubert's new store, be RESCINDED, and that the report from the City Light Construction Department stating that there is at present two alley lights in this block be placed on file.

Motion was made, seconded and carried that the City Light Department be instructed to install a street light at the northwest corner of Eckart Street and Lillie Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

John B. Hogan,	signed by the Aetna Casualty and Surety Company;
Home Equipment Company,	signed by the United States Casualty Company.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of FRED H. FUELLING, signed by the Southern Surety Company of New York, covering the work to be performed under Local Sewer Improvement Resolution Number 457, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the following driveway applications be granted:

E. H. Roemer, 24 ft. cut and 20 ft. drive at 230 West Berry Street;
E. H. Roemer, 30 ft. cut and 26 ft. drive at 716 Maiden Lane..

A petition, of the residents of East Graham Street from Schele Avenue to Roy Street, requesting the Board to allow the street numbers to remain as they are and change the numbers from Roy Street East on Graham Street from 2100 East to 2700 East, was received. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

A petition, for the construction of cement sidewalks on the west side of South Barr Street from Rudisill Boulevard to 4014 Barr Street, inclusive, was received. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number **645**, which provides for the re-location of Adams Street from McKee Street to Pontiac Street; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be fully and finally confirmed, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number **643**, which provides for the vacation of the Second alley east of Clinton Street from the south property line of Field Street to a point one hundred eight (108) feet south; also for the widening of the alley between Field Street and Grove Street from the west line of the second alley east of Clinton Street to a point fourteen (14) feet west, be and the same is hereby APPROVED and that Thursday, the 16th day of April, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number **3073**, which provides for the improving of the alley between Tecumseh Street and Kentucky Avenue from Sallie Avenue to the alley south of Delaware Avenue; also the alley south of Delaware Avenue from Tecumseh Street to Kentucky Avenue, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 46 2/3% of the resident property owners affected; motion was made, seconded and carried that the said resolution be confirmed as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 14th day of April, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider **further** objections or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

455 - which provides for the construction of a sewer in and along the alley between Emma Avenue and Cherokee Road from Steup Avenue to Tyler Avenue;
456 - which provides for the construction of a sewer in and along the alley between Cherokee Road and Ida Avenue from Steup Avenue to Tyler Avenue; also in the alley between Cherokee Road and Ida Avenue from Steup Avenue to the Grand Rapids and Indiana Railroad;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, April 2nd, and the Special Meeting of Saturday, April 4th, 1931, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the weeks ending March 21st and 28th, 1931, be placed on file.

Motion was made, seconded and carried that the following driveway applications, be granted:

D. E. Butler,	14 ft. cut and 10 ft. drive at	838 Walnut Street;
E. Timme and Sons,	12 ft. cut and 8 ft. drive at	2811 Broadway.

Motion was made, seconded and carried that the application of Michael Kinder and Sons, to repair 118 feet of sidewalk at the corner of Tecumseh Street and Tennessee Avenue, be granted.

Motion was made, seconded and carried that the bond of Hildebrand and Baker, signed by the Fidelity and Casualty Company of New York, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of FRED H. FUELLING, signed by the Southern Surety Company of New York, covering the work to be performed under Local Sewer Improvement Resolution Number 457, be approved.

Motion was made, seconded and carried that the communication from the Board of Park Commissioners for the installation of incandescent lights and the lighting of the bridge across the Junk ditch on Washington Boulevard extended, be referred to the City Light Department for an estimate of cost of construction; also for a check-up of the number of City Light users in West Wildwood Park Addition.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley at the rear of 2426 South Calhoun Street.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the paving of the east side of Spy Run Avenue from State Boulevard north to the Centlivre Plant.

A petition, for the installation of a light in the alley between Florence Avenue and State Boulevard from Sherman Boulevard to Andrews Street on post Number 8994, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, for the paving of Reed Street from McKinnie Avenue to Capitol Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the construction of a sewer in the alley south of McKinnie Avenue from Holton Avenue to Reed Street and in the alley between Holton Avenue and Reed Street from the alley south of McKinnie Avenue to Capitol Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the construction of cement sidewalks on the west side of South Barr Street from Rudisill Boulevard to 4014 South Barr Street, inclusive, was re-considered. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the following described Dwellings, they now proceeded to open the same and obtained the following results:

1. Frame dwelling located on Lot No. 61, Baltes and Romy's Addition to the City of Fort Wayne:

EWALD R. HAAK,	BID	$275.00
MARY ROWLEY,	BID	$505.00

2. Frame dwelling located at the rear of Lot No. 40, Baltes and Romy's Addition to the City of Fort Wayne:

H. C. CRAWFORD,	BID	$152.00
MARY ROWLEY,	BID	$610.00

3. Cement block dwelling located on Lot No. 41, Baltes and Romy's Addition to the City of Fort Wayne:

H. C. CRAWFORD,	BID	$ 51.00
L. I. GRIFFIN,	BID	$ 55.00

Motion was made, seconded and carried that the Frame dwelling located on Lot No. 61, Baltes and Romy's Addition to the City of Fort Wayne, be awarded to MARY ROWLEY, at and for her price bid, namely, $505.00, she being the highest and best bidder.

Motion was made, seconded and carried that the Frame dwelling located at the rear of Lot No. 40, Baltes and Romy's Addition to the City of Fort Wayne, be awarded to MARY ROWLEY, at and for her price bid, namely, $610.00, she being the highest and best bidder.

Motion was made, seconded and carried that the Cement Block dwelling located on Lot No. 41, Baltes and Romy's Addition to the City of Fort Wayne. be awarded to L. I. GRIFFIN, at and for his price bid, namely, $55.00, he being the highest and best bidder.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Wednesday, April 8, 1931,
SPECIAL MEETING held at 10:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman of the Board of Public Works,
David Erwin, Member of the Board of Public Works,
C. A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary of the Board of Public Works,
William Fruechtenicht, City Attorney,
Julian F. Franke, City Controller,
Van Alstine Barnett, City Engineer,
A. C. Harvey, Chief Engineer for the Nickel Plate Railroad,
E. M. Smith, General Land and Tax Attorney for the Nickel Plate Railroad.
A. E. Thomas, Attorney,
Harry Hilgemann, Attorney.

The meeting was called to order by Mr. Trier, acting as Chairman.

Mr. Smith stated that Mr. Kline was unable to attend the conference. He stated that matters to be discussed should be the streets to be eliminated at the present program, the time element, and to check the rough estimates. He also stated that the Railroad interpretation at present was on a division of cost basis of 35% for the City, 65% for the Railroad Company at the intersections only.

Mayor Hosey stated that the City would be willing to co-operate with the Railroad Company on a program of eliminating some of the grade crossings at the present and allowing the remainder to be built at a later date, so as not to make a hardship on either the City or the Railroad Company, but stated that the City would reserve their rights at all of the existing crossings.

Mr. Harvey stated that there would be no objection in the opening of Fairfield Avenue from an engineering standpoint as this would give the Railroad ample freight facilities east of Fairfield Avenue.

Mr. Smith stated that the Railroad Company preferred building the elevations over a specified period rather than doing all the work at one time, as the grade separation project, along the Nickel Plate line for the year 1931, would amount to about a million dollars,this including a section in Chicago from 82nd Street to 95th Street, which is being built over a 5-year program.

Mr. Erwin stated that in order to arrive at a definite understanding as to the project which should be in the immediate program, he would suggest that the discussions begin at Clay Street and work toward the west.

It was then agreed that the immediate program should consist of grade separation at Clay Street, Columbia Street, Lafayette Street, Clinton Street, Calhoun Street and Harrison Street.

In the matter of grade separation at Fairfield Avenue, Mr. Smith stated that this could come in a later program, which would be embodied in the contract. At the present time traffic detours to Harrison Street on the east and Van Buren Street would remain a grade crossing on the west for this particular district, due to the fact that Ewing Street, Fulton Street and Fairfield Avenue, when opened, would dead end at Superior Street.

Mr. Barnett stated that the Traction Company would require an elevation between Calhoun Street and Broadway with sufficient clearance to allow the passage of freight cars to and from their present terminal.

Mayor Hosey stated that these cars would be able to run east on Main Street to Lafayette Street, thence north on Lafayette Street under the proposed elevation and west on Superior Street.

Both Mr. Erwin and Mr. Barnett stated that this routing would interfere to a great extent with the overcrowded condition on Main Street at Calhoun Street.

Mr. Fruechtenicht asked if the Nickel Plate would consider including Fairfield Avenue, instead of Lafayette Street in the immediate program.

Mr. Smith stated this would be possible. Mr. Harvey stated that same would be possible from an engineering standpoint.

Mr. Trier asked if it was agreeable to all if the above contemplated immediate program be revised to eliminate grade crossings at Clay Street, Columbia Street, Clinton Street, Calhoun Street, Harrison Street and Fairfield Avenue. This program was agreed upon.

Mr. Fruechtenicht asked if the Railroad Company would trade their present grade crossing right on Ewing Street for that of Fairfield Avenue, without asking for damages.

Mr. Smith answered that this could be agreed upon.

Mr. Harvey stated that the Nickel Plate would ask for a grade switch track immediately on the south side of Fairfield elevation for industrial pick-up. He also stated that the Railroad would want a switch track across Harrison Street, Calhoun Street and Clinton Street along the north side of Dock Street as originally proposed.

Mr. Fruechtenicht asked as to the type of elevation construction for this project.

Mr. Smith stated that plans would call for five-columned structure at Clay Street and at all other streets, a center column and one at each curb.

Mayor Hosey stated that the City and the Railroad Company should share the cost on a 35 - 65 basis under the estimate, but should the cost exceed the estimate the entire amount over same should be born by the Railroad Company on the Railroad Company contract and by the City on the City contract.

Both Mr. Smith and Mr. Harvey objected to this, stating that the division of cost should be shared, regardless of whether same exceeds the estimate, which is their interpretation of the Acts covering same.

Motion was made, seconded and carried that the conference be recessed and re-convene at 1:30 P. M.

-- oOo --

The conference re-convened Wednesday, April 8th, at 1:30 o'clock P. M. and proceeded as follows:

Mr. Trier stated that the first matter to be discussed would be that of estimating cost.

Mr. Smith answered that this matter could be worked out in detail when the contract was drawn, also stated that Mr. Harvey and Mr. Barnett could get together and work out these estimates. He also stated the Board would have complete control when the bids were received if the contract price was in excess of the estimate.

Mr. Trier said the next topic for discussion would be that of time element.

Mr. Harvey stated that it would require approximately one year to prepare detail plans and specifications after the contract had been signed. He also stated that the Railroad Company would insist on driving the piling so as not to interfere with the moving of traffic while same is in progress.

The matter of trestleing or earthfills would be determined later.. The detail plans, specifications and estimates would be referred to the City Engineer for his check-up before bids would be received. The estimate on the City's share as taken from the estimates filed by Mr. Barnett for the City's share and that taken from the Railroad Engineer's estimate presented to the Board at a previous date for the Railroad's share would total Six Hundred Thirty-one Thousand, Five Hundred Twenty-two Dollars and forty-two cents ($631,522.42).

Mr. Smith stated that his report on this conference would be given to Mr. Kline immediately and the Board of Public Works would have a communication from Mr. Kline regarding same in the very near future.

There being no further business the meeting adjourned.

John Trier
David Erwin
R. A. Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 9, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, April 7th, and the Special Meeting of Wednesday, April 8th, 1931, stand approved, as read.

A communication, from the Building Commissioner, giving his recommendations on the building owned by the City located at the corner of Calhoun Street and Superior Street, was received. Motion was made, seconded and carried that the same be placed on file and that Mr. Fortney be notified that the same will be repaired.

A communication, from the City Engineer with reference to the changing of house numbers on certain streets, was received. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT until Tuesday, April 14, 1931, at 10:00 o'clock A. M.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between John Street and Gay Street on Traction Pole #2654.

Motion was made, seconded and carried that the City Light Department be instructed to install a light at the intersection of the first alley west of Calhoun Street running south from Berry Street with the alley between Berry Street and Wayne Street.

Motion was made, seconded and carried that the request of Councilman Weisenburger, for the installation of a street light at the corner of Broadway and Wilt Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works to make cuts into the following pavements, be granted: 435 East Berry Street; corner of Clay Street and Brackenridge Street; corner of Clay Street and East Douglas Avenue; corner of Clay Street and Lewis Street corner of Crescent Avenue and Delaware Avenue; corner of Forest Park Boulevard and State Boulevard; corner of Morton Street and Lake Avenue; corner of Parnel Avenue and Vance Avenue; corner of Romy Avenue and St. Joe Boulevard; corner o Schorr and Kentucky Avenue; corner of State Boulevard and Kentucky Avenue; 1406-1412 Tecumseh Street; 309 East Washington Boulevard; 112 West Wayne Stree

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Noah Beberstine, signed by the Ohio Casualty Insurance Company;
Richard Dietze, signed by the New York Casualty Company;
Hersschel R. Keller, signed by the New Amsterdam Casualty Company;
Robert H. Keller, signed by the Southern Surety Company of New York;
New & Gornauer, signed by the United States Fidelity and Guaranty Co.

Motion was made, seconded and carried that the following driveway applications, be granted:

Noah Beberstine, 12 ft. cut and 8 ft. drive at 3124 Winter Street;
W. F. Rhoades, 14 ft. cut and 10 ft. drive at 4818 Arlington Avenue.

A petition, for the extension of the main sewer in the alley west of Glasgow Avenue (commonly known as the Tenth Ward Sewer) from its present terminus north of the right-of-way of the Nickel Plate Road to the Maumee River, was received. Motion was made, seconded and carried that the same be referred to the City Engineer for his recommendation.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Main Sewer Improvement Resolution Number 65, which provides for the construction of a main sewer commencing at the intersection of the north bank of the Maumee River with Randallia Drive produced south; thence north in and along Randallia Drive produced south and Randallia Drive to State Boulevard; thence east in and along State Boulevard to Leroy Avenue; thence north in and along Leroy Avenue to Curdes Avenue; thence west in and along Curdes Avenue to Anthony Boulevard; thence north in and along Anthony Boulevard to Vance Avenue; thence west in and along Vance Avenue to Woodrow Avenue; thence north in and along Woodrow Avenue to the St. Joseph River, and branches; motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT until Thursday, April 23, 1931, at 7:30 o'clock P. M.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 645, which provides for the re-location of Adams Street from McKee Street to Pontiac Street, be and the same is hereby APPROVED and that Notice to Non-Residents be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 14th, 21st and 28th days of April, 1931, and that Thursday, the 14th day of May, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

The Board then upon motion adjourned.

S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A report from the City Light Department on the City Light Consumers in West Wildwood Park Addtion, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the Internal Inspection Report on 1 W. T. Boiler #2, and the External Inspection Report on 2 W. T. Boilers #1-6 and the Static Inspection Reports of the American Employers' Insurance Company, be placed on file.

Motion was made, seconded and carried that the following bonds of the Tri State Disposal Company, signed by the U. S. Casualty Company, covering the period from April 1st to August 15th, 1931: Indemnity and Liability Bond in the sum of $10,000.00; Guaranty Bond in the sum of $15,000.00 be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the bond of Charles W. Smitley, signed by the Fidelity and Deposit Company of Maryland, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the following driveway applications be granted:

Arthur F. Rodenbeck, 12 ft. cut and 8 ft. drive at 4818 Calumet Drive;
E. H. Roemer, 34 ft. cut and 30 ft. drive at N.W. Cor. Webster and Jefferson on Webster;
Paul Schaeffer, 12 ft. cut and 8 ft. drive at 4618 Indiana Avenue;
Ernest Timme and Sons, repair filling station drive at N.E. Cor. Nuttman and Broadway.

Motion was made, seconded and carried that the application of Charles Houser, to construct 304 feet of sidewalks on the west side of Lillie Street from the north line of Lot Number 16 to Drexel Avenue, be granted.

Motion was made, seconded and carried that the application of Ernest Timme and Sons, to construct 80 feet of cement sidewalks on the northeast corner of Nuttman Avenue and Broadway, be granted.

The communication from the City Engineer's office with reference to the changing of house numbers on certain streets, was re-considered. Motion was made, seconded and carried that the Engineer's recommendations be adopted.

A petition, for the grading and cindering of the alley between Gay Street and Smith Steeet from the alley south of Rudisill Boulevard to Baxter Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the installation of a light in the alley at the rear of 2806 South Anthony Boulevard, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, for the installation of a street light at the corner of Lillie Street and Baxter Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, for the rounding of the corner of High Street and Runnion Avenue, also that the northeast corner and the southeast corner catch basin needs attention, was received. Motion was made, seconded and carried that the same be referred to the City Engineer for his report.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3073, which provides for the improving of the alley between Tecumseh Street and Kentucky Avenue from Sallie Avenue to the alley south of Delaware Avenue; also the alley south of Delaware Avenue from Tecumseh Street to Kentucky Avenue; there having been filed a remonstrance signed by 83.8% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Alley Improvement Resolution Number 3073, be RESCINDED.

Motion was made, seconded and carried that the following Agreement made and entered into this 14th day of April, 1931, be approved and ordered sent to the Council at their next regular meeting.

Articles of agreement between the City of Fort Wayne, Indiana, a Municipal Corporation, Party of the first part, and The Froehlich & Emery Engineering Company, a corporation of Toledo, Ohio, Party of the second part.

This agreement made and entered into this 14th day of April, 1931, by and between the City of Fort Wayne, Indiana, a municipal corporation, party of the first part, and The Froehlich & Emery Engineering Company, of Toledo, Ohio, a corporation existing and doing business under the laws of the State of Ohio, party of the second part.

WITNESSETH: That the party of the second part has agreed, and by these presents does agree, with said party of the first part, for the consideration hereinafter named, to perform engineering service under the direction of the Board of Public Works of the City of Fort Wayne, Indiana, as follows:

1st. The party of the second part agrees to prepare four (4) copies of complete plans and specifications for the purchase and installation of a new boiler plant building, necessary steam boilers, stokers, feed water heaters, evaporators, feed pumps, chimneys, air heaters, air ducts, fans, breeching, coal and ash handling equipment, control equipment, boiler plant instruments, all necessary piping and wiring including the necessary piping connections between the proposed new boiler plant and the present Municipal Electric Light Plant, and all other work, material or apparatus necessary for complete installation of a new boiler plant, ready for operation, of such character and size to properly serve the needs of the Municipal Electric Light Plant in the City of Fort Wayne, Indiana. All additional copies required for advertising for bids will be printed at the expense of the party of the first part.

2nd. The party of the second part further agrees to assist in the preparation of all necessary bidding forms, advertising forms and other legal forms required for advertising the work, and to have a representative present at the opening of bids to assist in the recording of bids received, and to make a tabulation and comparison of all bids received on the various parts of the work and to consult with the Board of Public Works upon the merits of the different bids received.

3rd. The party of the second part further agrees to assist the Board of Public Works in the preparation of all contracts for the various parts of the work.

4th. After contracts have been awarded, the party of the second part will supervise the installation and construction of the work as may be necessary to insure the proper construction of the work in accordance with the plans and specifications.

In consideration of the promises of the party of the second part hereinbefore contained, and the faithful performance thereof, the party of the first part agrees and binds itself to pay to the party of the second part a sum of money equal to five (5) per cent of the total expenditure by the party of the first part in carrying out the work covered by the plans and specifications. The above compensation is to become due and payable as follows:

Upon completion of plans or specifications for any part of the work, and the approval of the same by the Board of Public Works, a sum equal to two (2) per cent of the estimated cost of the work, materials, apparatus or construction covered by the specifications or plans shall become due and payable to the party of the second part. Upon the award of a contract or contracts by the party of the first part for any part of the work, material or apparatus covered by the plans or specifications, a sum equal to three per cent of the amount of the contract or contracts, less any amounts which have been paid for the plans and specifications for this particular part of the work, material and apparatus, in accordance with the foregoing paragraph, shall become due and payable to the party of the second part.

During the progress of the work covered by the plans and specifications, the party of the second part will submit, on or about the first of each month, an estimate of the value under the terms of this agreement of the services rendered by the party of the second part during the preceding month and eighty (80) per cent of such estimates shall become due and payable, upon the approval of the same by the Board of Public Works. The remaining twenty (20) per cent of such estimates, and any other unpaid part of the above mentioned compensation, shall become due and payable upon the completion of the work covered by the plans and specifications and the acceptance of the same by the Board of Public Works.

This contract, although executed on behalf of the City by its Mayor and by the Board of Public Works, shall not be binding or obligatory upon the City unless and until it shall have first been approved by the Common Council of said City, and should the Common Council of the City fail to approve the same within ninety days after the date hereof, this contract shall become and be wholly void.

The parties hereto further agree that the terms and conditions of this contract are to be binding upon the parties and their successors and assigns.

In Witness Whereof, the City of Fort Wayne, Indiana, party of the first part, has caused to be hereunto affixed its corporate seal and name by and through its Board of Public Works, and The Froehlich & Emery Engineering Company, party of the second part, by and through its duly authorized officers, has hereunto caused to be affixed its corporate name and seal and the names of its officers on the day and year first above written.

CITY OF FORT WAYNE, INDIANA,	The FROEHLICH & EMERY ENGRG. CO.
BY Wm. J. HOSEY MAYOR	BY F. H. FROEHLICH PRESIDENT

BOARD OF PUBLIC WORKS

Attest: SCOTT S. SNYDER
SEC'Y

Approved as to Form and Legality

BY Wm. FRUECHTENICHT

This being a date and time previously fixed by Board when they would receive sealed proposals for the following: For the collection of garbage, cans, broken crockery, glassware, etc., and dead animals and fowls, for a period of ten (10) years, from August 15, 1931, to August 15, 1941; the Contractor to build and maintain an incinerator for the purpose of burning all garbage. The incinerator and premises shall revert to the City at the end of the ten year period.

THE DOMESTIC SERVICE COMPANY, Fort Wayne, Indiana, bid as follows:

RATE PER CAPITA:	$1.03
AMOUNT OF CERTIFIED CHECK:	$5,000.00

EXPLANATION: ✓150 ton per day capacity Building and Stack; 75 ton per day Furnace.

HERMAN E. LUNZ, Fort Wayne, Indiana, bid as follows:

RATE PER CAPITA:	$0.66
AMOUNT OF CERTIFIED CHECK:	$5,000.00

EXPLANATION:	Hauling Only, per capita	.34
	Erection and operation inc.	.32

THE TERMINAL SERVICE COMPANY, Cincinnati, Ohio, bid as follows:

RATE PER CAPITA:	$0.50
TYPE OF INCINERATOR:	Pittsburgh-Des Moines
SIZE:	75 ton daily capacity

EXPLANATION: Does not include incineration of cans.

ALTERNATE 1.

RATE PER CAPITA:	$0.56
TYPE OF INCINERATOR:	Pittsburgh-Des Moines
SIZE:	150 ton daily capacity
AMOUNT OF CERTIFIED CHECK:	$5,000.00

EXPLANATION: Includes incineration of cans and all garbage - only one shift.

EXPLANATION: Both propositions provide the contractor to furnish ground. If erected on City property an allowance of $5,000.00 will be made the City. Will employ local Fort Wayne labor.

THE GARBAGE COLLECTION & DISPOSAL CO., Fort Wayne, Indiana, bid as follows:

RATE PER CAPITA:	$0.67½
TYPE OF INCINERATOR:	Nye Circular
SIZE:	75 ton daily capacity
AMOUNT OF CERTIFIED CHECK:	$5,000.00

EXPLANATION: City to furnish ground. Increase of capacity over 75 tons after 4 years to be paid by City - before 1st four years to be paid by Contractor.

ALTERNATE 1.

RATE PER CAPITA:	$0.68
TYPE OF INCINERATOR:	Nye Circular
SIZE:	75 ton daily capacity
AMOUNT OF CERTIFIED CHECK:	$5,000.00

EXPLANATION: Contractor to furnish ground. (Same provisions as to expansion). Contract to be approved by Council by May 15, 1931.

ALTERNATE 2. $6.50 per ton by actual weight at incinerator. City to furnish ground.

ALTERNATE 3. $6.55 per ton by actual weight at incinerator. Contractor to furnish ground. Same provisions as to expansion.

THE GODER INCINERATOR CORPORATION, Chicago, Illinois, bid as follows:

RATE PER CAPITA:	$0.40
AMOUNT OF CERTIFIED CHECK:	$5,000.00

EXPLANATION: Per capita rate for collection of garbage, payable monthly - based on school enumeration. At present cost of collection would be $46,048.40 per year or $3,837.37 per month.

ALTERNATE 1. Erect Incinerator Plant - 300 ton in 24 hour capacity, and waste heat boilers to utilize heat. PAYMENT: $8,000.00 per month for first year - monthly payments to decrease $800.00 each year - 10th year payments $800.00 per month. Propose to operate said plant for $6,000.00 per month for 10 years, furnish to Power Plant heat equal to 43.26 tons of coal. Heat will be of value of $55,212.00 per year. Yearly saving $65,163.

ALTERNATE 2. Erect same plant as No. 1 with exception of waste boilers and building housing same will not be erected. PAYMENT: $6,000.00 first year, reduced $600.00 per month - last year $600.00 per month. To operate at $5,250.00 per month for ten years. No saving of coal or power.

ALTERNATE 3. Erect plant capacity of 100 tons per 24 hours. PAYMENT: $2,000.00 per month first year - Decrease $200.00 per month until last year - payments $200.00 per month. To operate plant at $3,750.00 per month, 10 years. No saving of coal or power.

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation until 2:00 o'clock P. M.

The Board then upon motion took a recess until 2:00 o'clock P. M., Tuesday, April 14, 1931.

-- oOo --

The Board re-convened Tuesday, the 14th day of April, 1931, at 2:00 o'clock P. M. and proceeded as follows:

The purpose of this meeting was for an interview with the bidders relative to the Garbage Contract and Incinerator Plant. The bidders, including the following, were each given a half hour interview: HERMAN LUNZ, FRED H. FUELLING, THE TERMINAL SERVICE COMPANY, THE GARBAGE COLLECTION & DISPOSAL COMPANY and THE GODER INCINERATOR COMPANY.

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER FURTHER ADVISEMENT.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 16, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, C. A. Ramsey.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending April 4, 1931, be placed on file.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of March, 1931, be placed on file.

Motion was made, seconded and carried that the Internal Inspection Report of the American Employers' Insurance Company on 1 W. T. Boiler #3, be placed on file.

A report from the City Light Construction Department, recommending the installation of a street light at the corner of Smith Street and Lexington Court instead of at the corner of Gay Street and Lexington Court, was received. Motion was made seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the request for Calcium Chloride on Monroe Street one half block south of Wagner Street, be referred to the City Street Department for investigation and report.

Motion was made, seconded and carried that the contract for the purchase of incandescent lamps from the Edison Lamp Works, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the contract with the Federal Reporting System on removals for the City Light Department, be approved.

Motion was made, seconded and carried that the following driveway applications, be granted:

E. W. Baumgartner, 14 ft. cut and 10 ft. drive at 315 East Berry Street;
Menefee Art Stone Co., 14 ft. cut and 10 ft. drive at N.E. Corner of Broadway and Huestis Avenue;
Menefee Art Stone Co., 12 ft. cut and 8 ft. drive at 825 Greenlawn Avenue;
John A. Pfleiderer, 12 ft. cut and 8 ft. drive at 1420 East Rudisill Blvd.
Ernest Timme and Sons, 12 ft. cut and 8 ft. drive at 1102 Home Avenue.

Motion was made, seconded and carried that the application of Melvin McDevitt, to construct cement sidewalks at the northeast corner of Fourth Street and Sherman Boulevard in front of 826 Fourth Street, be granted.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the Coil Construction Company, signed by the Hartford Accident and Indemnity Company, covering the work to be performed under Main Sewer Improvement Resolution Number 63 "AMENDED" be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Ernest W. Baumgartner,	signed by the Union Indemnity Company;
Beck Plumbing & Heating Co.,	signed by the Ohio Casualty Insurance Co.;
C. H. Beatty and Ralph Beatty,	signed by the Commercial Casualty Ins. Co.;
C. Doenges & Son,	signed by the American Employers' Ins. Co.;
Allen Martin,	signed by the Commercial Casualty Ins. Co.;
Marshall Furnace Company,	signed by the Continental Casualty Company;
C. Miller and Sons,	signed by the American Employers' Ins. Co.;
August C. Moring,	signed by the Commercial Casualty Ins. Co.;
Melvin McDevitt,	signed by the Southern Surety Company of N.Y.;
Porter Construction Company,	signed by the American Bonding Co. of Baltimore;
William Roebel, Jr.,	signed by the London & Lancashire Ind. Co.of Amer.;
Ernest E. Weaver,	signed by the Fidelity and Casualty Co. of N. Y.;
John Worthman,	signed by the Ohio Casualty Insurance Company.

A petition, for the construction of a sewer between Kenwood Avenue and Geraldine Avenue from the St. Joseph River to Parnell Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the extension of the main sewer in the alley west of Glasgow Avenue from its present terminus north of the right-of-way of the Nickel Plate Road to the Maumee River, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the installation of an alley light on post #1081 in the rear of Schmeling and Alter Office in the alley between Wayne Street and Erie Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, for the installation of water mains to be extended from Cottage Grove Avenue (now Sherwood Terrace) to Pettit Avenue on Warsaw Street, Clay Street and Monroe Street, was received. Motion was made, seconded and carried that the same be referred to the Water Works Department for investigation and estimate of cost.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 643, which provides for the vacation of the Second alley east of Clinton Street from the south property line of Field Street to a point one hundred eight (108) feet south; also for the widening of the alley between Field Street and Grove Street from the west line of the second alley east of Clinton Street to a point fourteen (14) feet west; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be fully and finally confirmed and ordered forthwith delivered to the Department of Finance.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, April 21, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending April 11, 1931, be placed on file.

A report from Charles B. Yobst, Superintendent of the Water Works Department, stating that the estimate of cost of construction of water mains to be extended from Cottage Grove Avenue (now Sherwood Terrace) to Pettit Avenue on Warsaw Street, Clay Street and Monroe Street had already been made, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: 103-105 East DeWald Street; 2901 John Street; 453 East Lewis Street.

Motion was made, seconded and carried that the application of Wade Amspaugh, to repair sidewalk at 126 and 128 West Washington Boulevard, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

C. H. Beatty & Son,	12 ft. cut and 8 ft. drive at 4319 Marquette Drive;
Ernest H. Furhman,	12 ft. cut and 8 ft. drive at 1730 Spring Street;
Kinder and Sons,	12 ft. cut and 8 ft. drive at 731 Putnam Street;
Menefee Art Stone Co.,	12 ft. cut and 8 ft. drive at 1607 Fairhill Road;
A. H. Van Horn,	14 ft. cut and 10 ft. drive at 507 Rudisill Blvd.

The report from the City Light Department, recommending the installation of a street light at the corner of Smith Street and Lexington Court instead of at the corner of Gay Street and Lexington, was re-considered. Motion was made, seconded and carried that the light be installed as recommended.

Motion was made, seconded and carried that the City Light Department be instructed to install a street light at the southwest corner of Broadway and Wilt Street, on pole #8206.

Motion was made, seconded and carried that the City Light Department be instructed to remove the light in front of 3034 South Hanna Street and install same on the southeast corner of Eckart Street and Hanna Street.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between Florence Avenue and State Boulevard from Sherman Boulevard to Andrews Street on Post Number 8994.

A petition, for the opening of East Branning Avenue from the second alley east of Calhoun Street to Piqua Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the construction of a sewer approximately 135 feet north of Charlotte Avenue from Parnell Avenue to Kentucky Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

The City Engineer now submitted plans, specifications and estimates for the construction of a sewer in and along Lynn Avenue from Woodward Avenue to the west line of Norwood Heights Addition, as more fully set out in Local Sewer Improvement Resolution Number 458, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 458 - 1931

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along Lynn Avenue from Woodward Avenue to the west line of Norwood Heights Addition. Said sewer shall be ten (10) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Local Sewer Improvement Resolution Number 458, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 22nd and 29th days of April, 1931, and that Thursday, the 14th day of May, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 23, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: Corner of Rudisill Boulevard and Indiana Avenue; 117 Third Street; 2538 Weisser Park Avenue.

Motion was made, seconded and carried that the request for a light in the alley at the rear of 1714 Lake Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request for more street lights on Tacoma Avenue from Rudisill Boulevard to Pasadena Drive; also an alley light in the first alley west of Tacoma Avenue between Maxine Drive and Pasadena Drive, be referred to the City Light Department for investigation and report.

A petition, for the installation of a light in the alley at the rear of 1329 Stophlet Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the construction of cement sidewalks on the east side of Franklin Avenue from Polk Street to High Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the application of Wade Amspaugh, to widen the present driveway by cutting the curbing to a width of 30 feet and constructing a driveway to a width of 26 feet at 126 and 128 West Washington Boulevard, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Adrian Fett, 13 ft. cut and 9 ft. drive at 1914 Lake Avenue;
Charles Houser, 12 ft. cut and 8 ft. drive at 1611 Fairhill Road;
Charles Houser, 12 ft. cut and 8 ft. drive at 3810 South Monroe Street.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to construct cement sidewalks at 1218 McClellan Street, be granted.

Motion was made, seconded and carried that the application of Max Irmscher & Sons, to construct 200 feet of cement sidewalk at 2503 West Drive, be granted.

Motion was made, seconded and carried that the application of Melvin McDevitt, to construct 120 feet of cement sidewalks at the corner of Fourth Street and Oakland Street, on Fourth Street from Oakland to the alley, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair cement sidewalks at 816 Florence Avenue, be granted.

Motion was made, seconded and carried that the application of A Roethele and Sons, to repair cement sidewalks at 2102 Curdes Avenue, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair 350 feet of cement sidewalks and reset curb on the south side of St. Martin's Street from Warsaw Street east, (at St. Peter's Church) be granted.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

S. F. Bowser & Company, Inc.,	signed by the Royal Indemnity Company of N. Y.
Sol Koble,	signed by the Fidelity and Casualty Co. of N.Y.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 646, which provides for the condemnation of a right-of-way for pole line purposes, across through and under portions of Lots Numbered 39, 42 and 49 Fletcher's Addition; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be fully and finally confirmed, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

The Board adjourned to the Council Chamber for the further hearing on the confirmation of Main Sewer Improvement Resolutiin Number 65, which provides for the construction of a main sewer commencing at the intersection of the north bank of the Maumee River with Randallia Drive produced south; thence north in and along Randallia Drive produced south and Randallia Drive to State Boulevard; thence east in and along State Boulevard to Leroy Avenue; thence north in and along Leroy Avenue to Curdes Avenue; thence west in and along Curdes Avenue to Anthony Boulevard; thence north in and along Anthony Boulevard to Vance Avenue; thence west in and along Vance Avenue to Woodrow Avenue; thence north in and along Woodrow Avenue to the St. Joseph River, and branches.

The meeting was called to order by Mr. Erwin, acting as Chairman.

A remonstrance was presented to the Board by Mr. George Randall.

Mr. A. K. Hofer presented an alternate plan, which, instead of carrying all of the drainage from the above described territory into the Maumee River, would use the natural divide and carry a portion of the drainage into the St. Joseph River, connecting the sanitary drainage for this North Section through a 36" gravity interceptor into the present sewerage system of the lower Lakeside district. The estimated cost of this northern system, together with the interceptor was given as $200,000.00, by Mr. Hofer. He also stated that the estimated cost of an adequate sewer South of the divide would be $150,000.00. He stated further that for $50,000.00 additional, the sewer from the lower Lakeside district could be carried through a gravity sewer to a point below the dam at the east City limits.

Mr. Theodore Bates suggested that the project be held off until after the present business depression.

Mr. Robert Hanna stated that in many instances the assessments for this sewer would be greater than the present value of real estate, and if this sewer were built at present, it would mean confiscation of a great number of properties.

Mr. Louis Curdes suggested that the North section be held up at this time and only that part be built for which, immediate relief is necessary.

The Right Reverend Paul Schmitt, Walter Curdes, Stephen Weber, Fred Beyer, A. W. Beaber and Samuel D. Jackson, also spoke in behalf of the remonstrators, in holding up the project at the present time or only build that part, which is needed for immediate relief.

Van Barnett stated that the City Engineer's office had worked out several possible lay-outs for proper sewer drainage of this district, including the one suggested by Mr. Hofer. The project as adopted was the most economical, as well as of best design.

He also stated that this estimate had been figured on maximum rainfall of an inch and a half per hour, but he had made an alternate estimate on the basis of a maximum storm water of one inch to the hour. This estimate would be approximately $415,000.00 for the entire project. The trunk line sewer could be built as far as Vance Avenue with an assessment of approximately $.01¼ per square foot for property assessed; as far as Lawndale, at the rate of $.01 per square foot, and as far as State Boulevard for 3/4 of a cent per square foot for property assessed.

Mr. Erwin called on Mayor Hosey, who outlined the history of the developments in Lakeside and the present needs of adequate sewers, but assured those present that the Board would give the matter honest consideration before a definite program was undertaken.

Mr. Erwin stated in behalf of the Board of Public Works that it was not the intention of the Board to force any costly sewer system upon the property owners of this district but called attention to the numerous complaints that come into the office of the Board of Public Works and that of the City Engineer's office, immediately after every heavy rainfall.

He also stated that the Board was fully aware of the present depression and assured those present that the matter would receive every consideration before any definite program was confirmed.

Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for further consideration.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 30, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey.

The Board then upon motion took a recess until 10:00 o'clock A. M., Friday, May 1, 1931.

-- oOo --

The Board re-convened Friday, May 1, 1931, at 10:00 o'clock A. M., with John C. Trier and C. A. Ramsey present and proceeded as follows:

Motion was made, seconded and carried that the minutes of the meeting of Tuesday, April 28th, 1931, stand approved, as read.

A communication, from the Board of Health, calling attention to an open ditch crossing Crescent Avenue at Annie Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

W. H. Droege, Superintendent of the Municipal Asphalt Plant, submitted a written recommendation on the placing of a two (2) inch course of curshed stone and the application of tar road oil over the gravel road on Anthony Boulevard from Rudisill Boulevard to McKinnie Avenue. Following Mr. Droege's recommendation, motion was made, seconded and carried that the Allen County Highway Department do the work as outlined in the said report.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending April 18, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Edmunds Electrical Construction Company, to pave the sidewalk between sidewalk and curb at 3705 and 3707 Broadway, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Noah Beberstine,	12 ft. cut and 8 ft. drive at	613 Goshen Avenue;
Bert Hatcher,	12 ft. cut and 8 ft. drive at	2426 Cambridge Blvd.;
Melvin McDevitt,	12 ft. cut and 8 ft. drive at	1438 Oakland Street;
Melvin McDevitt,	12 ft. cut and 8 ft. drive at	4445 Pembroke Lane;
Ernest Timme and Son,	12 ft. cut and 8 ft. drive at	4617 Calumet Avenue.

A petition, for the construction of cement sidewalk on the north side of Eckart Street from Plaza Drive to the first alley east, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the construction of cement sidewalks on the south side of Emma Avenue from Tyler Street to Steup Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Banks-Coleman Furnace Co.,	signed by the Massachusetts Bonding & Ins. Co.;
George F. Bender,	signed by the London & Lancashire Indemnity Co.;
Eugene C. Martin,	signed by the Commercial Casualty Insurance Co.;
Menefee Art Stone Company,	signed by the Hartford Accident and Indemnity Co.;
William C. Wolf,	signed by the Columbia Casualty Company.

F. H. FUELLING reported the work completed under Local Sewer Improvement Resolution Number 457, which provides for the construction of a sewer in and along the sewer easement between Kenwood Avenue and Glazier Avenue and said easement produced westward, from the east bank of the St. Joseph River to the east line of Lot Number 3 Lantz Brothers 2nd Subdivision; motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the contract for the Wire Brushing and Painting of the Maumee River Dam Rollers, be awarded to Brunner Brothers, at and for their price bid, as follows:

One coat of Black Asphaltum Paint,	$137.00
Labor for one coat of Red Lead Paint in addition to the Black Graphite,	$ 75.00
Red Lead and Oil, extra - at actual cost.	

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, May 14, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John G. Trier, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Cass Street and Second Street; corner of Miller Road and Brooklyn Avenue.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending May 2, 1931, be placed on file.

The report from Charles B. Yobst, Superintendent of the Water Works Department, stating that the cost of the installation of a water main on Kenwood Avenue from Kentucky Avenue to Crescent Avenue, would be approximately $3,600.00 for 1,800 feet of pipe, was re-considered. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between Jones Street and Wilt Stree from College Street to Nelson Street, on City pole #5064.

Motion was made, seconded and carried that the City Light Department be instructed to install a light at the intersection of the alley east of Lafayette Street south of LaSalle Street and north of Buchanan Street, on Traction pole #11513.

Motion was made, seconded and carried that the request of Councilman Deitschel, for the installation of a light in the center of the alley at the rear of 1418 Franklin Street, on Pole #329, be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a light in the alley between Robinwood Drive and Bowser Avenue at rear of 3610 Robinwood Drive on Pole #3545, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a street light at the corner of Grier Street and Holton Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the construction of a sewer from St. Mary's River to Brooklyn Avenue, to serve the lots facing Kinsmoor Avenue to take care of storm waters thereon, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the application of E. H. Roemer, to repair sidewalk at 1001 Oakdale Drive, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Menefee Art Stone Company,	14 ft. cut and 10 ft. drive at 2901 John Street, drive facing McKee Street;
A. H. Van Horn,	12 ft. cut and 8 ft. drive at 4617 Arlington Ave.;
Michael Kinder and Sons,	40 ft. cut and 36 ft. drive at 1406 Tecumseh Street; drive facing Tecumseh Street;
Michael Kinder and Sons,	34 ft. cut and 30 ft. drive at 1410 Tecumseh Street, drive facing Tennessee Avenue.

Motion was made, seconded and carried that the following application of F. E. Kruckenberg, to construct driveways at the corner of Kentucky Avenue and State Boulevard, be granted: To cut the curbing to a width of 40 feet and to widen the present driveway to a width of 36 feet, drive facing on Kentucky Avenue; also to close the west side of the present driveway and to construct a new driveway to a total width of a 40 foot curb, drive facing on State Boulevard.

CECIL D. COIL reported the work completed under Alley Improvement Resolution Number 3067, which provides for the improving of the alley between Williams Street and Butler Street from Hoagland Avenue to Fairfield Avenue; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

In the matter of Declaratory Resolution Number 642, which provides for the condemnation of a right-of-way for sewerage purposes between Kenwood Avenue and Glazier Avenue from St. Joseph Boulevard to Parnell Avenue, on which the Board ordered Notice to Non-Residents published; inasmuch, as the said non-resident, namely, Myrtle Emrich has been located and is residing at 627 Kenwood Avenue in this city, motion was made, seconded and carried that said notice be served by the bailiff as prescribed by law and that all action be RESCINDED in the matter of the Board's resolution of Tuesday, May 12, 1931, ordering the publication of Notice to Non-Residents on May 14th, 21st and 28th.

Motion was made, seconded and carried that the following plat to the City of Fort Wayne, Indiana, be approved:

SOUTH WOOD PARK ADDITION, SECTION "G".

The City Engineer now submitted plans, specifications and estimates for the following public improvement, which plans, specifications and estimates were upon motion approved:

For the construction of a main sewer commencing at the intersection of Rudisill Boulevard and Broadway; thence south in and along Broadway to Foster Park driveway; thence southeast in and along Foster Park driveway to the point where the Fairfield Terrace sewer crosses said driveway; also, commencing at the intersection of Rudisill Boulevard and Broadway; thence east in and along Rudisill Boulevard to Hoagland Avenue, and branches, as more fully set out in Main Sewer Improvement Resolution Number 66.

Motion was then made, seconded and carried that the following resolution be adopted:

MAIN SEWER IMPROVEMENT RESOLUTION NUMBER 66 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a main sewer, which from its size and character is not only intended and adapted for use by property holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed or which hereafter may be constructed, be and the same is hereby ordered.

Commencing at the intersection of Rudisill Boulevard and Broadway; thence south in and along Broadway to Foster Park driveway; thence southeast in and along Foster Park driveway to the point where the Fairfield Terrace sewer crosses said driveway; also, commencing at the intersection of Rudisill Boulevard and Broadway; thence east in and along Rudisill Boulevard to Hoagland Avenue, and branches. Said sewer shall consist of a pump house and the sewer pipe shall be twenty-four (24), eighteen (18), fifteen (15) and twelve (12) inches in diameter and said sewer with all its appurtenances shall be constructed in accordance with the plans, profiles and specifications now on file in the office of the Department of Public Works of said City.

All work done in the making of the aforementioned public improvement shall be in accordance with the terms and conditions of the resolution aforementioned and the plans, profile and specifications therefor, which are now on file and may be seen in the office of the Board of Public Works of said City.

The total cost of said sewer shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received, including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the City of Fort Wayne, County of Allen, State of Indiana, to-wit: Commencing at the intersection of the east bank of the St. Mary's River with the south line of Illsley Place Addition produced west; thence east along the south line of Illsley Place Addition to Beaver Avenue; thence south along Beaver Avenue to Rudisill Boulevard; thence east along Rudisill Boulevard to South Wayne Avenue; thence south along South Wayne Avenue to Clermont Drive; thence east along Clermont Drive to Arlington Avenue; thence north along Arlington Avenue to Maxine Drive; thence East along Maxine Drive to Buell Drive; thence north along Buell Drive to Lexington Avenue; thence east along Lexington Avenue to Webster Street; thence north along Webster Street to Foster Parkway; thence east along Foster Parkway to Harrison Street; thence south along Harrison Street to South Seminole Circle; thence east along South Seminole Circle and Congress Avenue to Wilmette Street; thence south along Wilmette Street to Sherwood Terrace; thence east along Sherwood Terrace to Lafayette Street; thence south along Lafayette Street to Pettit Avenue; thence west along Pettit Avenue to a point six hundred sixty-five (665) feet east of the center line of Calhoun Street; thence south on a line that is parallel to and six hundred sixty-five (665) feet east of the center line of Calhoun Street to the center line of Southern Street; thence west along the center line of Southern Street and said center line produced westward to the east bank of the St. Mary's River; thence in a northerly direction following the meanderings of the east bank of the St. Mary's River to the place of beginning.

The entire cost of said sewer, including the portion of said sewer which cross streets and alleys to be assessed against the property owners beneficially affected, it being expressly intended and provided that the City of Fort Wayne shall pay no other part of the construction of said sewer unless it be as the owner of property beneficially affected, in which case it shall be liable as other property owners.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum, and a bond or bonds shall be issued to the contractor in payment of said work unless the property owners pay said assessments before said bond or bonds are issued.

Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums of money due from said property owner or owners for said work, or for the collection of the same or the payment of any bond or bonds, certificate or certificates issued to the contractor in payment for such work, except for such moneys as shall have been actually received by the City from the assessments for such improvement.

All proceedings had and work done in the construction of the said Main Sewer, with all its appurtenances, manner of assessment of property, and issuance of bonds therefor, shall be as provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations, "approved March 6th, 1905, and in accordance with and pursuant to the provisions of all acts amendatory thereto and supplemental thereof, passed by the General Assembly of the State of Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Main Sewer Improvement Resolution Number 66, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 18th and 25th days of May, 1931, and that Thursday the 11th day of June, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 458,which provides for the construction of a sewer in and along Lynn Avenue from Woodward Avenue to the west line of Norwood Heights Addition; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be **fully and finally confirmed** as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Local Sewer Improvement Resolution, Number 458, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 18th and 25th days of May, 1931, and that Tuesday, the 9th day of June, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 645, which provides for the re-location of Adams Street from McKee Street to Pontiac Street; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be **fully and finally confirmed** and ordered forthwith delivered to the Department of Finance.

The Board then upon motion adjourned.

E. H. ROEMER reported the work completed under Improvement Resolution Number 3068, which provides for the construction of cement sidewalks on the west side of Monroe Street from Freistroffer's Addition to Oxford Street, motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

In the matter of the lease between the City of Fort Wayne, Indiana, and the Humane Society, beginning at a point where the west property line of Barr Street intersects the west line of Lot No. 4 Eliza Hanna Senior's Subdivision in the City of Fort Wayne, Allen County, Indiana; thence westward along said north lot line seventy-five (75) feet; thence southerly along a line parallel with Barr Street one hundred fifty (150) feet; thence easterly along a line parallel with said north lot line seventy-five (75) feet; thence northerly one hundred fifty (150) feet to the place of beginning; from the 1st day of August, 1929, to the 1st day of August, 1954, payable in yearly installments, the sum of Ten Dollars ($10.00) on the 1st day of August, 1929, and the sum of Ten Dollars ($10.00) on the first day of August of each year thereafter during the term of the lease, motion was made, seconded and carried that all action previously taken in the matter be RESCINDED and that the following Contract and Permit be entered into between the City of Fort Wayne and the Terminal Service Company, thereby leasing the above described property for the purpose of erecting and constructing, operating and maintaining an incinerator for the purpose of incinerating the garbage collected in the City of Fort Wayne, Indiana.

CONTRACT AND PERMIT

This Agreement made and entered into by and between the City of Fort Wayne, by and through its Board of Public Works, Party of the first part, and the Terminal Service Company of Cincinnati, Ohio, Party of the Second Part, Witnesseth:

That First Party has this day and does hereby let and grant permission and right to use to Party of the Second Part for the purpose of erecting and constructing, operating and maintaining an incinerator for the purpose of incinerating the garbage collected in the City of Fort Wayne, Indiana, in carrying out a certain contract made by and between the City of Fort Wayne, by and through its Board of Public Works, and the Terminal Service Company of Cincinnati, Ohio, on the 28th day of April, 1931, the following described real estate, to-wit:

That part of Lot Number Four (4) in Eliza Hanna Seniors Subdivision of a part of the Northeast Quarter of Section Two (2), Township 30 North, Range 12 East, described as follows, to-wit:

Commencing at the intersection of the north line of said Lot Number Four (4) with the west property line of Barr Street; thence west on the north line of said Lot Number Four (4), one hundred fifty (150) feet; thence south parallel with the west line of Barr Street, two hundred fifty (250) feet; thence east parallel to the north line of said Lot Number Four (4), one hundred fifty (150) feet to the west line of Barr Street; thence north on the west line of Barr Street, two hundred fifty (250) feet to the place of beginning, for the period of ten (10) years and three (3) months from the date of this contract.

In consideration of which the Second Party agrees to pay First Party the sum of Five Thousand ($5,000.00) Dollars, in the manner as follows, to-wit: The sum of Five Hundred ($500.00) Dollars on or before August 15th, 1931, and the sum of Five Hundred ($500.00) Dollars on or before the 15th day of August in each succeeding year thereafter during the term of this contract.

It is further agreed by the parties hereto that this agreement is subject to and controlled by the agreement hereinbefore referred to made by and between the City of Fort Wayne, by and through its Board of Public Works, and the Terminal Service Company of Cincinnati, Ohio, dated on the 28th day of April, 1931, and providing for the collection and disposal of garbage, tin cans, etc., in the City of Fort Wayne, and all provisions contained in said contract relating to the inspection of said premises herein described, and the incinerator to be erected thereon, and other terms and conditions contained in said contract and agreement are made a part hereof.

It is further understood that the incinerator together with all appliances, appurtenances, machinery and furnaces, etc., shall become the property of the City of Fort Wayne at the expiration of this agreement and permit, and it is further agreed that in the event of forfeiture of said agreement hereinbefore referred to and known as the Garbage Collection Contract made by and between the City of Fort Wayne, by and through its Board of Public

Works, and the Terminal Service Company of Cincinnati, Ohio, this agreement and permit shall terminate and the incinerator erected on said premises shall be and become the absolute property of the City of Fort Wayne, Indiana, as provided in said Garbage Collection Contract.

It is further agreed by the parties hereto that Second Party shall not commit any waste on said premises, and that no changes on said premises shall be made except as may be necessary for the erection, construction and operation of said incinerator, and the removal of ashes and refuse.

All the provisions relating in the said Garbage Collection Contract herein referred to, to the site, operation and construction of said incinerator and to the forfeiture of said contract are written in this agreement and are part hereof.

It is further provided that this contract shall not be assigned, set over or sub-let in whole or in part to any person without the written consent of the party of the first part,

It is further provided that non-payment of rent shall also act as forfeiture of this agreement.

IN WITNESS WHEREOF we have hereunto set our hands and seals this 15th day of May, 1931.

CITY OF FORT WAYNE, INDIANA,

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS..

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 4, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending, May 16th, and May 23rd, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Elmwood Avenue and St. Joe Boulevard; corner of Hoaglan Avenue and Butler Street; corner of Hugh Street and McCulloch Street; corner o Hugh Street and Ohio Street; corner of Lafort Street and Edgewater Avenue; 2917 South Monroe Street; corner of Summit Street and McCulloch Street; corner of Walter Street and Washington Boulevard; Northwest corner of Wayne Street an Anthony Boulevard; Southwest corner of Wayne Street and Anthony Boulevard.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley intersection at the rear of 2017 Lafayette Street.

Motion was made, seconded and carried that the City Light Department be instructed to install an alley light at the rear of 2921 Smith Street, on Home pole #4075.

Motion was made, seconded and carried that the application of C. W. Smitley, to repair driveway (10 feet in length) at 2415 Florida Drive, be granted.

Motion was made, seconded and carried that the application of Paul Schaeffer, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1241 West Foster Parkway, be granted.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to widen the present driveway to a width of 36 feet at 2624 Sherman Boulevard, drive facing on Lillian Avenue, be granted.

A petition, providing for the oiling of South Anthony Boulevard from Rudisill Boulevard to McKinnie Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

A group of North Side property owners met with the Board and protested against the proposed location of the garbage incinerator being located on North Barr Street. The Board promised that the matter would be given consideration.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for a sanitary interceptor under the St. Mary's River, north of the Main Street Bridge for Main Sewer Number 1.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Howard Street from the north property line of Washington Boulevard to the south property line of Erie Street, as more fully set out in Street Improvement Resolution Number 3074.

For the improving of Lillie Street from the south property line of Oxford Street to the north property line of Rudisill Boulevard, as more fully set out in Street Improvement Resolution Number 3075.

For the improving of New Haven Avenue from the west property line of Birchwood Avenue to the west property line of Bueter Road, as more fully set out in Street Improvement Resolution Number 3076.

For the improving of the alley between Arlington Avenue and Fairfield Avenue from the south property line of Maxine Drive to the north property line of Clermont Drive, as more fully set out in Alley Improvement Resolution Number 3077.

For the improving of the alley between Columbia Avenue and Edgewater from the east property line of Loree Street to the west property line of Dearborn Street, as more fully set out in Alley Improvement Resolution Number 3078.

For the improving of the alley between Curdes Avenue and Lawndale Drive from the east property line of Buena Vista Drive to the west property line of Woodward Avenue, as more fully set out in Alley Improvement Resolution Number 3079.

For the improving of the alley between Grant Avenue and Wabash Avenue from the south property line of Randall Street to the north property line of the alley south of Randall Street, asmore fully set out in Alley Improvement Resolution Number 3080.

For the improving of the alley between Harrison Street and Calhoun Street from the south property line of Douglas Avenue to the north property line of Brackenridge Street, as more fully set out in Alley Improvement Resolution Number 3081.

For the improving of the sidewalk on the west side of Barr Street from Rudisill Boulevard to the alley south of Rudisill Boulevard, as more fully set out in Sidewalk Improvement Resolution Number 3082.

For the improving of the sidewalk on the north side of Eckart Street from Plaza Drive to the alley east of Plaza Drive, as more fully set out in Sidewalk Improvement Resolution Number 3083.

For the improving of the sidewalk on the south side of Emma Avenue from Tyler Avenue to Steup Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3084.

For the improving of the sidewalk on the east side of Franklin Avenue from Polk Street to High Street, as more fully set out in Sidewalk Improvement Resolution Number 3085.

For the improving of the sidewalk on the west side of Kentucky Avenue from Sallie Avenue to the alley north of Sallie Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3086.

For the improving of the the sidewalk on the east side of Lillie Street from Drexel Avenue to Oxford Street, as more fully set out in Sidewalk Improvement Resolution Number 3087.

For the improving of the sidewalk on the north side of Lynn Avenue from Woodward Avenue to Leroy Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3088.

For the improving of the sidewalk on the east side of Winter Street from Drexel Avenue to Oxford Street, as more fully set out in Sidewalk Improvement Resolution Number 3089.

For the improving of Brackenridge Street from the west curb line of Calhoun Street to the east curb line of Harrison Street, as more fully set out in Street Improvement Resolution Number 3090.

For the improving of Douglas Avenue from the west curb line of Calhoun Street to the east curb line of Harrison Street, as more fully set out in Street Improvement Resolution Number 3091.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3074 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Howard Street from the north property line of Washington Boulevard to the south property line of Erie Street by draining, curbing, grading and paving the roadway to a uniform width of eighteen (18) and twenty-four (24) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3075 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Lillie Street from the south property line of Oxford Street to the north property line of Rudisill Boulevard by draining, curbing, grading and paving the roadway to a uniform width of twenty-four (24) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3076 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve New Haven Avenue from the west property line of Birchwood Avenue to the west property line of Bueter Road, by draining, curbing, grading and paving the roadway to a uniform width of thirty (30) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3077 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Arlington Avenue and Fairfield Avenue from the south property line of Maxine Drive to the north property line of Clermont Drive, by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3078 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Columbia Avenue and Edgewater Avenue from the east property line of Loree Street to the west property line of Dearborn Street,by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation,or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3079 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Curdes Avenue and Lawndale Drive from the east property line of Buena Vista Drive to the west property line of Woodward Avenue, by draining, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3080 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Grant Avenue and Wabash Avenue from the south property line of Randall Street to the north property line of the alley south of Randall Street, by draining, grading and paving the roadway to a uniform width of fourteen (14) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3081 - 1931

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Harrison

Street and Calhoun Street from the south property line of Douglas Avenue to the north property line of Brackenridge Street, by draining, grading and paving the roadway to a uniform width of ten (10) and twenty (20) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3082 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Barr Street from Rudisill Boulevard to the alley south of Rudisill Boulevard, by grading to a width of eight (8) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3083 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Eckart Street from Plaza Drive to the alley east of Plaza Drive, by grading to a width of ten (10) feet and paving with cement to a width of five (5) feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3084 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of Emma Avenue from Tyler Avenue to Steup Avenue, by grading to a width of ten (10) feet and paving with cement to a width of five (5) feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3085 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the east side of Franklin Avenue from Polk Street to High Street, by grading to a width of five (5) feet and paving with cement to a width of four (4) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3086 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Kentucky Avenue from Sallie Avenue to the alley north of Sallie Avenue, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3087 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the east side of Lillie Street from Drexel Avenue to Oxford Street, by grading to a width of eight (8) feet and paving with cement to a width of five (5) feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3088 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Lynn Avenue from Woodward Avenue to Leroy Avenue, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet,all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3089 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the east side of Winter Street from Drexel Avenue to Oxford Street, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3090 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Brackenridge Street from the west curb line of Calhoun Street to the east curb line of Harrison Street, by draining, curbing, grading and paving the roadway to a uniform width of thirty-four (34) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3091 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Douglas Avenue from the west curb line of Calhoun Street to the east curb line of Harrison Street, by draining, curbing, grading and paving the roadway to a uniform width of forty (40) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3074, 3075, 3076, 3077, 3078, 3079, 3080, 3081, 3082, 3083, 3084, 3085, 3086, 3087, 3088, 3089, 3090 and 3091, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 6th and 13th days of June, 1931, and that and that Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions,also a date and time when they will consider confirming the same.

In the matter of Main Sewer Improvement Resolution Number 65, which provides for the construction of a Main Sewer commencing at the intersection of the north bank of the Maumee River with Randallia Drive produced south; thence north in and along Randallia Drive produced south and Randallia Drive to State Boulevard; thence east in and along State Boulevard to Leroy Avenue; thence north in and along Leroy Avenue to Curdes Avenue; thence west in and along Curdes Avenue to Anthony Boulevard; thence north in and along Anthony Boulevard to Vance Avenue; thence west in and along Vance Avenue to Woodrow Avenue; thence north in and along Woodrow Avenue to the St. Joseph River, and branches; motion was made, seconded and carried that the said Resolution be **amended** to read as follows: "Commencing at the intersection of the north bank of the Maumee River with Randallia Drive produced south; thence north in and along Randallia Drive produced south and Randallia Drive to State Boulevard; thence east in and along State Boulevard to Leroy Avenue; thence north in and along Leroy Avenue to Curdes Avenue; thence west in and along Curdes Avenue to Anthony Boulevard; thence north in and along Anthony Boulevard to Vance Avenue. Said sewer shall be sixty-six (66), sixty (60), fifty-four (54), and forty-eight (48) inches in diameter,"; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be fully and finally confirmed "AS AMENDED".

Motion was made, seconded and carried that the contract for the work to be performed under MAIN SEWER IMPROVEMENT RESOLUTION NUMBER 64, on which bids were received, Tuesday, the 2nd day of June, 1931, at 10:00 o'clock A. M., be awarded to the HIPSKIND HEATING & PLUMBING COMPANY, at and for their price bid, namely, $120,799.00 using 12"-15"-18" Vitrified pipe, and 24"- 36"- 48" Concrete pipe on Relief Sewer, they being the lowest and best bidders.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3067 - which provides for the improving of the alley between Williams Street and Butler Street from Hoagland Avenue to Fairfield Avenue;
3068 - which provides for the construction of cement sidewalks on the west side of Monroe Street from Freistroffer's Addition to Oxford Street;

be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 9th and 10th days of June, 1931, and that Thursday, the 11th day of June, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assesment rolls as approved by the Board and will determine the question as to wheth such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 646, which provides for the condemnation of a right-of-way for pole line purposes across, through and under portions of Lots Numbered 39, 42 and 49 Fletcher's Addition; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT, until Tuesday, June 9, 1931, at 10:00 o'clock A. M.

In the matter of Street Improvement Resolution Number 2986, which provides for the widening of Douglas Avenue from the west curb line of Calhoun Street to the east curb line of Webster Street; ALSO, Street Improvement Resolution Number 2987, which provides for the widening of Brackenridge Street from the west curb line of Calhoun Street to the east curb line of Webster Street, motion was made, seconded and carried that all action be RESCINDED.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, June 9, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication, from the Board of Public Safety, requesting that the curb be cut back at the northeast corner of Taylor Street and Lindley Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the cutting of the curb at the northeast corner of Taylor Street and Lindley Avenue, as requested in their communication.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: Corner of Fairfield Avenue and Rudisill Boulevard; corner of French Avenue and Fairfield Avenue.

A report was received from Charles F. Yobst, Superintendent of the Water Works Department, stating that the cost of construction for the extending of a water line on Russell Avenue from Cass Street east, to the Railroad right-of-way, would be approximately $700.00. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of Noah Beberstine, to repair an 8 ft. driveway at 509 West Packard Avenue, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair 200 feet of sidewalks at St. Peter's Church on St. Martin's Street, also resetting of the curb, be granted.

WADE AMSPAUGH reported the work completed under Alley Improvement Resolution Number 2244, which provides for the improving of the first alley west of Webster Street from Wildwood Avenue to Kinnaird Avenue; motion was made, seconded and carried that the same be paid.

The City Engineer now submitted plans, specifications and estimates for the following public improvement, which plans, specifications and estimate were upon motion approved:

For the construction of a main sewer commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street and the alley north of Main Street produced west to its intersection with Main Sewer Number 1, as more fully set out in Main Sewer Improvement Resolution Number 67.

Motion was then made, seconded and carried that the following resolution be adopted:

MAIN SEWER IMPROVEMENT RESOLUTION NUMBER 67 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a main sewer, which from its size and character is not intended and adapted for use by property holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed or which hereafter may be constructed, be and the same is hereby ordered.

Commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street and the alley north of Main Street produced west to its intersection with Main Sewer Number 1. Said sewer shall be eighteen (18) and fourteen (14) inches in diameter and said sewer with all its appurtenances shall be constructed in accordance with the plans, profiles and specifications now on file in the office of the Department of Public Works of said City.

All work done in the making of the aforementioned public improvement shall be in accordance with the terms and conditions of the resolution aforementioned and the plans, profile and specifications therefor, which are now on file and may be seen in the office of the Board of Public Works of said City.

The total cost of said sewer shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received, including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the City of Fort Wayne, County of Allen, State of Indiana, to-wit: Commencing at the intersection of West Main Street with the west bank of the St. Mary's River; thence west in Main Street to the east line of the alley east of Watkins Street produced north; thence south along the east line of the alley east of Watkins Street produced north and the east line of the alley east of Watkins Street to the west bank of the St. Mary's River; thence in a southerly direction following the west bank of the St. Mary's River to its intersection with the north bank of the Junk Ditch; thence in a northwesterly direction following the north bank of the Junk Ditch to the west right-of-way line of the New York Central Railroad; thence south along the west right-of-way line of the New York Central Railroad to the south line of Section 3, Township 30 North, Range 12 East; thence west along the south line of Section 3, Township 30 North, Range 12 East and the south line of Section 4, Township 30 North, Range 12 East to its intersection with West Main Street; thence northeast in Main Street to the east line of Section 4, Township 30 North, Range 12 East; thence north on the east line of Section 4, Township 30 North, Range 12 East to the south line of the right-of-way of the New York, Chicago and St. Louis Railroad; thence east along the south line of the right-of-way of the New York, Chicago and St. Louis Railroad to the west bank of the St. Mary's River; thence south following the west bank of the St. Mary's River to the place of beginning.

The entire cost of said sewer shall be assessed against the property owners beneficially affected, it being expressly intended and provided that the City of Fort Wayne shall pay no other part of the construction of said sewer unless it be as the owner of property beneficially affected in which case it shall be liable as other property owners.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum, and a bond or bonds shall be issued to the contractor in payment of said work unless the property owners pay said assessments before said bond or bonds are issued.

Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums of money due from said property owner or owners for said work, or for the collection of the same or the payment of any bond or bonds, certificate or certificates issued to the contractor in payment for such work, except for such moneys as shall have been actually received by the City from the assessment for such improvement.

All proceedings had and work done in the construction of the said Main Sewer, with all its appurtenances, manner of assessment of property, and issuance of bonds therefor, shall be as provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations, "approved March 6, 1905, and in accordance with and pursuant to the provisions of all acts amendatory thereto and supplemental thereof, passed by the General Assembly of the State of Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Main Sewer Improvement Resolution Number 67, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 10th and 17th days of June, 1931, and that Thursday, the 2nd day of July, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Local Sewer Improvement Resolution Number 458,which provides for the construction of a sewer in and along Lynn Avenue from Woodward Avenue to the west line of Norwood Heights Addition; they now proceeded to open the same and obtained the following results:

COIL CONSTRUCTION COMPANY, INC.,	BID	$1.74
G. E. LEININGER,	BID	$1.40

Motion was made, seconded and carried that the contract for the work to be performed under Local Sewer Improvement Resolution Number 458, be awarded to G. E. LEININGER, at and for his price bid, namely, $1.40 per lineal foot, he being the lowest and best bidder.

After re-considering the confirmation of the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 646, which provides for the condemnation of a right-of-way for pole line purposes across, through and under portions of Lots Numbered 39, 42 and 49 Fletcher's Addition, motion was made, seconded and carried that the same be TAKEN UNDER FURTHER ADVISEMENT until Tuesday, the 16th, day of June, 1931, at 10:00 o'cloc A. M.

The Board then upon motion adjourned.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 11, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin.

A communication, from the General Electric Company, regarding the corner of Taylor Street and Lindley Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works to make cuts into the following pavements, be granted: Corner of Anthony Boulevard and Oxford Street; corner of Central Drive and Drexel Avenue; corner of Euclid Avenue and Drexel Avenue; Fairmount Place, West End; Harrison Street north of 6th Street; High Street between Orchard and Clark Street; 3500 Block south Lafayette Street; and Piqua Avenue and alley north of Lexington Court.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair sidewalk at the southwest corner of Columbia and Clay Street, be granted.

Motion was made, seconded and carried that the application of E. H. Timme and Sons, to repair sidewalk at 4311 Indiana Avenue, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

L. W. Dailey,	12 ft. cut and 8 ft. drive at 730 Taylor St.
Everett R. Ellerman, (repair)	12 ft. cut and 8 ft. drive at 1629 Colerick St.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of G. E. LEININGER, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Local Sewer Improvement Resolution Number 458, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the HIPSKIND HEATING & PLUMBING COMPANY, signed by the United States Guarantee Company, covering the work to be performed under Main Sewer Improvement Resolution Number 64, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract Bond of $15,000.00 and the Indemnity Bond of $10,000.00 of the Terminal Service Company, covering the garbage disposal contract, signed by the Commercial Casualty Insurance Company, be approved.

WADE AMSPAUGH reported the work completed under Alley Improvement Resolution Number 3052, which provides for the improving of the alley between State Boulevard and Lynn Avenue from Leroy Avenue to Carew Street; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

A petition, providing for the installation of a light in the alley between East Drive and West Drive from Dodge Avenue to Curdes Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of lights at the intersections south of Taylor Street, at LaFontain Street, Morris Street, Catalpa Street and Strathmore Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the paving of the alley between Arlington Avenue and Fairfield Avenue from Branning Avenue to Lexington Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Main Sewer Improvement Resolution Number 66, which provides for the construction of a main sewer, commencing at the intersection of Rudisill Boulevard and Broadway; thence south in and along Broadway to Foster Park driveway; thence southeast in and along Foster Park driveway to the point where the Fairfield Terrace sewer crosses said driveway; also, commencing at the intersection of Rudisill Boulevard and Broadway; thence east in and along Rudisill Boulevard to Hoaglan Avenue, and branches; there having been presented a large remonstrance by Attorney Phil M. McNagny, representing the remonstrators against the proposed sewer and after hearing all the interested parties who wished to be heard; motion was made, seconded and carried that the matter of the confirmation of said Main Sewer Improvement Resolution Number 66, be TAKEN UNDER ADVISEMENT and that the remonstrance be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Local Sewer Improvement Resolution Number 457, which provides for the construction of a sewer in and along the easement between Kenwood Avenue and Glazier Avenue and said easement produced westward, from the east bank of the St. Joseph River to the east line of Lot Number 3, Lantz Brothers 2nd Subdivision, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 642, which provides for the condemnation of a right-of-way for sewerage purpose between Kenwood Avenue and Glazier Avenue from St. Joseph Boulevard to Parnell Avenue; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be fully and finally confirmed and ordered forthwith delivered to the Department of Finance.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3067 - which provides for the improving of the alley between Williams Street and Butler Street from Hoagland Avenue to Fairfield Avenue;
3068 - which provides for the construction of cement sidewalks on the west side of Monroe Street from Freistroffer's Addition to Oxford Street;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

An Agreement was presented to the Board for the purchase of approximately 1.38 acres of ground in the Hamilton Estate for sewerage purposes in connection with Main Sewer Number 64, motion was made, seconded and carried that the said Agreement be referred to the City Attorney for his approval.

A plan and report from the City Engineer for the rounding off of the corner of Lindley Avenue and Taylor Street, was received. Motion was made, seconded and carried that the City Street Department be instructed to make the cut as outlined in the plan submitted by the Engineer.

A petition, providing for the paving of Hoagland Avenue from Cornell Circle to Pasadena Drive, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the extending of a water line on Russell Avenue from Cass Street east to the Railroad right-of-way, was re-considered. Motion was made, seconded and carried that the Fort Wayne Water Works Construction Department be instructed to extend said water line.

A remonstrance, against the paving of New Haven Avenue from Birchwood Avenue to the Bueter Road, was received. Motion was made, seconded and carried that the same be placed on file.

The City Engineer now submitted plans, specifications and estimates for the improving of the sidewalk on the west side of Kentucky Avenue from the alley north of Tennessee Avenue to Sallie Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3092, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3092 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Kentucky Avenue from the alley north of Tennessee Avenue to Sallie Avenue, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3092, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th day of June and the 1st day of July, 1931, and that Thursday, the 16th day of July, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The City Engineer now submitted plans and specifications for the following public improvements, which plans and specifications were upon motion approved:

For the vacation of Rosemont Avenue from the west line of Poinsette Drive to the west line of Blocks Numbered 26 and 27 North Highlands Addition and from the west line of the alley east of North Highlands Boulevard to the east line of Tyler Avenue; also for the vacation of Melrose Avenue from the west line of Jessie Avenue to the north line of Huffman Boulevard; also for the vacation of Margaret Avenue from the west line of Lot Number 422, Block Number 30 North Highlands Addition to the north line of Putnam Street; also for the vacation of Putnam Street from the west line of Poinsette Drive to the west line of Edith Avenue; also for the vacation of Huffman Boulevard from the west line of Fairhill Road to the east line of Tyler Avenue; also for the vacation of Poinsette Drive from the north line of Margaret Avenue to the south line of State Boulevard; also for the vacation of Fairhill Road from the north line of Huffman Boulevard to the south line of Putnam Street; also for the vacation of Rumsey Avenue from the north line of Cherokee Road to the west line of Edith Avenue; also for the vacation of Edith Avenue from the north line of Putnam Street to the south line of the first alley north of Melrose Avenue; also for the vacation of North Highlands Boulevard from the north line of Cherokee Road to the south line of State Boulevard; also for the vacation of Hinton Drive from the north line of Cherokee Road to the south line of Huffman Boulevard, as more fully set out in Declaratory Resolution Number 647.

For the opening of an alley ten (10) feet in width between Terrace Road and Oakridge Road from the north line of Lot Number 15 Brookview Addition to the north line of Lots Numbered 14 and 35 Brookview Addition, as more fully set out in Declaratory Resolution Number 648.

Motion was then made, seconded and carried that the following resolutions,be adopted:

DECLARATORY RESOLUTION NUMBER 647 - 1931.

For the vacation of Rosemont Avenue from the west line of Poinsette Drive to the west line of Blocks Numbered 26 and 27 North Highland Addition and from the west line of the alley east of North Highlands Boulevard to the east line of Tyler Avenue; also for the vacation of Melrose Avenue from the west line of Jessie Avenue to the north line of Huffman Boulevard; also for the vacation of Margaret Avenue from the west line of Lot Number 422, Block Number 30 North Highlands Addition to the north line of Putnam Street; also for the vacation of Putnam Street from the west line of Poinsette Drive to the west line of Edith Avenue; also for the vacation of Huffman Boulevard from the west line of Fairhill Road to the east line of Tyler Avenue; also for the vacation of Poinsette Drive from the north line of Margaret Avenue to the south line of State Boulevard; also for the vacation of Fairhill Road from the north line of Huffman Boulevard to the south line of Putnam Street; also for the vacation of Rumsey Avenue from the north line of Cherokee Road to the west line of Edith Avenue; also for the vacation of Edith Avenue from the north line of Putnam Street to the south line of the first alley north of Melrose Avenue; also for the vacation of North Highlands Boulevard from the north line of Cherokee Road to the south line of State Boulevard; also for the vacation of Hinton Drive from the north line of Cherokee Road to the south line of Huffman Boulevard.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate Rosemont Avenue from the west line of Poinsette Drive to the west line of Blocks Numbered 26 and 27 North Highlands Addition and from the west line of the alley east of North Highlands Boulevard to the east line of Tyler Avenue; also to vacate Melrose Avenue from the west line of Jessie Avenue to the north line of Huffman Boulevard; also to vacate Margaret Avenue from the west line of Lot Number 422, Block Number 30 North Highlands Addition to the north line of Putnam Street; also to vacate Putnam Street from the west line of Poinsette Drive to the west line of Edith Avenue; also to vacate Huffman Boulevard from the west line of Fairhill Road to the east line of Tyler Avenue; also to vacate Poinsette Drive from the north line of Margaret Avenue to the south line of State Boulevard; also to vacate Fairhill Road from the north line of Huffman Boulevard to the south line of Putnam Street; also to vacate Rumsey Avenue Avenue from the north line of Cherokee Road to the west line of Edith Avenue; also to vacate Edith Avenue from the north line of Putnam Street to the south line of the first alley north of Melrose Avenue; also to vacate North Highlands Boulevard from the north line of Cherokee Road to the south line of State Boulevard; also to vacate Hinton Drive from the north line of Cherokee Road to the south line of Huffman Boulevard.

All as shown by a plan of such proposed street vacations as above described now on file in the office of the Department of Public Works of the City of Fort Wayne.

The property which may be injuriously or beneficially affected by the proposed street vacations as above described is described as all lots and lands lying within the following described territory:

Commencing at the intersection of the north line of Cherokee Road and the east line of Tyler Avenue; thence north along the east line of Tyler Avenue to the south line of State Boulevard; thence east along the south line of State Boulevard to the west line of the alley east of North Highlands Boulevard; thence south along the west line of the alley east of North Highlands Boulevard to the south line of the alley south of Rosemont Avenue; thence east along the south line of the alley south of Rosemont Avenue to the east line of the alley east of Edith Avenue; thence north along the east line of the alley east of Edith Avenue to the south line of Rosemont Avenue; thence in a northwesterly direction across Rosemont Avenue to the southeast corner of Lot Number 40 Rosemont Addition; thence north along the east line of Lot Numbe 40 Rosemont Addition to the south line of the alley north of Rosemont Avenue; thence east along the south line of the alley north of Rosemont Avenue to the east line of the alley east of Edith Avenue; thence north along the east line of the alley east of Edith Avenue to the south line of State Boulevard; thence east along the south line of State Boulevard to the west line of Jessie Avenue; thence south along the west line of Jessie Avenue to the south line of Melrose Avenue; thence west along the south line of Melrose Avenue to the northeast corner of Lot Number 410, Block Number 29 North Highlands Addition; thence south along the east line of Lot Number 410, Block Number 29 North Highlands Addition to the southeast corner of said lot; thence west along the south line of Lots Numbered 410, 411, 412, 413, 414, 415 and 416, Block Number 29 North Highlands addition to the east line of Poinsette Drive; thence south along the east line of Poinsette Drive to the north line of Margaret Avenue; thence west along the north line of Poinsette Drive to the west line of Lot Number 422, Block Number 30 North Highlands Addition, produced north; thence south along the west line of Lot Number 422, Block Number 30 North Highlands Addition produced north to the northwest corner of Lot Number 422, Block Number 30 North Highlands Addition; thence south along the west line of Lots Numbered 422, 423, 424, 425, 426, 427, 428, 429 and 430, Block Number 30 North Highlands Addition to the north line of Archer Avenue; thence west along the north line of Archer Avenue to the north line of Putnam Street; thence east along the north line of Putnam Street to the west line of Poinsette Drive; thence south along the west line of Poinsette Drive to the north line of Huffman Boulevard; thence west along the north line of Huffman Boulevard to the west line of Fairhill Road; thence south along the west line of Fairhill Road to the north line of Cherokee Road; thence west along the north line of Cherokee Road to the east line of Tyler Avenue, the place of beginning.

The vacation of portions of streets herein described are subject to the right of the City of Fort Wayne to at all times maintain sewer easements wherever sewers now exist therein and subject to the right of the City of Fort Wayne to enter upon said vacated streets for the purpose of sewer construction, repairs or otherwise as herein set out and that any obstructions hereinafter made upon the same by any property owner or owners of property abutting thereon interfering with the Board of Public Works in the exercise of their easement herein reserved, may be removed by the said Board of Public Works at the expense of the property owner or owners.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and alleys and lots and lands affected by the above described street vacations being situated in the South Half of Section 34, Township 31 North, Range 12 East and lying within the corporate limits of the City of Fort Wayne, Indiana.

DECLARATORY RESOLUTION NUMBER 648 - 1931.

For the opening of an alley ten (10) feet in width between Terrace Road and Oakridge Road from the north line of Lot Number 15 Brookview Addition to the north line of Lots Numbered 14 and 35 Brookview Addition.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open an alley ten (10) feet in width between Terrace Road and Oakridge Road from the north line of Lot Number 15 Brookview Addition to the north line of Lots Numbered 14 and 35 Brookview Addition.

All as shown by a plan of such proposed alley opening as above described now on file in the office of the Department of Public Works of said City.

The opening of the alley between Terrace Road and Oakridge Road as above described to be made by condemning and appropriating for alley purposes the east five (5) feet of Lot Number 14 Brookview Addition; the west five (5) feet of Lot Number 35 Brookview Addition and the west five (5) feet of that portion of Lot Number 34 Brookview Addition which lies north of the north line of Lot Number 15 Brookview Addition produced eastward.

The property which may be injuriously or beneficially affected by the proposed alley opening as above described is described as lots Numbered 14, 34 and 35 Brookview Addition.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations, "approved March 6, 1905 and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property, or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages, except for such moneys as shall have been actually received by the City from the assessments for such damages to property or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvements, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of the above described streets and alleys and lots and lands affected by the above described alley opening being situated in the Northeast Quarter of Section 35, Township 31 North, Range 12 East and within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owner of the adoption of Declaratory Resolutions Numbered 647 and 648, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24t day of June and the 1st day of July, 1931, and that Thursday, the 16th day of July, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board wi hear and consider objections or remonstrances against the foregoing resolutio also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Improvement Resolution Number 3052, which provides for the improving of the alley between State Boulevard and Lynn Avenue from Leroy Avenue to Carew Street; be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 30th day of June and the 1st day of July, 1931, and that Thursday , the 2nd day of July, 1931, at 7:30 o'clock P. M., be fixed a date and time when the

Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Wednesday, June 24, 1931,
Special Meeting held at 10:00 o'clock A. M.

PRESENT

John C. Trier, Chairman of the Board of Public Works,
David Erwin, Member of the Board of Public Works,
C. A. Ramsey, Member of the Board of Public Works,
Jeannette Loos, Secretary Pro Tem, Board of Public Works,
E. C. Shoecraft, of Hoad, Decker, Shoecraft and Drury,
Robert McNamee, of Hoad, Decker, Shoecraft and Drury.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the making of certain improvements in connection with the Water Works Project, they now proceeded to open the same and obtained the following results:

In the matter of Contract No. 4, which provides for the furnishing of Sludge Removal Mechanisms:

BUTCHART MANUFACTURING COMPANY, bid as follows:

For two sludge removal mechanisms, the lump sum of	$14,000.00
Certified Check in the sum of	$ 700.00

DORR COMPANY, bid as follows:

For two sludge removal mechanisms, the lump sum of	$17,143.00
ALTERNATE;	
Certified Check in the sum of	$ 900.00

HARDINGE COMPANY, INC., bid as follows:

For two sludge removal mechanisms, the lump sum of	$11,600.00
Certified Check in the sum of	$ 580.00

In the matter of Contract No. 5, which provides for the Excavation and Piling for the Three Rivers Filtration and Pumping Station:

BUESCHING-HAGERMAN & COMPANY, bid as follows:

Item 1.	For the excavation and drainage of the excavated area for the Three Rivers filtration and pumping station, the work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their lowered position, the lump sum of	$15,755.00

Item 1a. For the excavation and the drainage of the excavated area for the Three Rivers filtration and pumping station, the work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their raised position, the lump sum of $14,955.00

Item 2. For piles cast in place by the Raymond Concrete Pile Company (Steel encased), having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of new billet steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total Length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.36
From 50,000 to 55,000 ft.	1.34
From 55,000 to 60,000 ft.	1.32
From 60,000 to 65,000 ft.	1.31
From 65,000 to 70,000 ft.	1.29
From 70,000 to 75,000 ft.	1.27
More than 75,000 ft.	1.26

Item 2a. For piles cast in place by the same company and in accordance with the same specifications as described above in Item 2, having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of re-rolled rail steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total Length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.34
From 50,000 to 55,000 ft.	1.32
From 55,000 to 60,000 ft.	1.30
From 60,000 to 65,000 ft.	1.29
From 65,000 to 70,000 ft.	1.27
From 70,000 to 75,000 ft.	1.25
More than 75,000 ft.	1.24

Item 3. For piles cast in place by the McArthur Pile Company, having a total length of piling left in place and accepted within certain ranges as shown in the following table,and having steel bar reinforcement of new billet steel, at and for the unit prices for the lenghts within these certain ranges as specified in the following table:

Total length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.61
From 50,000 to 55,000 ft.	1.56
From 55,000 to 60,000 ft.	1.52
From 60,000 to 65,000 ft.	1.48
From 65,000 to 70,000 ft.	1.44
From 70,000 to 75,000 ft.	1.41
More than 75,000 ft.	1.38

Item 3a. For piles cast in place by the same company and in accordance with the same specification as described above in Item 3, having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of re-rolled rail steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.59
From 50,000 to 55,000 ft.	1.54
From 55,000 to 60,000 ft.	1.50
From 60,000 to 65,000 ft.	1.46
From 65,000 to 70,000 ft.	1.42
From 70,000 to 75,000 ft.	1.39
More than 75,000 ft.	1.36

Certified Check in the sum of $ 5,500.00

INDIANA ENGINEERING AND CONSTRUCTION CO., bid as follows:

Item 1. For the excavation and drainage of the excavated area for the Three Rivers filtration and pumping station, the work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their lowered position, the lump sum of $16,925.00

Item 1a. For the excavation and the drainage of the excavated area for the Three Rivers filtration and pumping station, the work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their raised position, the lump sum of $15,850.00

Item 2. For piles cast in place by the McArthur Pile Company, (Steel encased), having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of new billet steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.58
From 50,000 to 55,000 ft.	1.53
From 55,000 to 60,000 ft.	1.49
From 60,000 to 65,000 ft.	1.45
From 65,000 to 70,000 ft.	1.41
From 70,000 to 75,000 ft.	1.38
More than 75,000 ft.	1.35

Item 2a. For piles cast in place by the same company and in accordance with the same specification as described above in Item 2, having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of re-rolled rail

steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.56
From 50,000 to 55,000 ft.	1.51
From 55,000 to 60,000 ft.	1.47
From 60,000 to 65,000 ft.	1.43
From 65,000 to 70,000 ft.	1.39
From 70,000 to 75,000 ft.	1.36
More than 75,000 ft.	1.33

Item 3. For piles cast in place by McArthur Pile Co.(uncased) having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of new billet steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total Length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.35
From 50,000 to 55,000 ft.	1.26
From 55,000 to 60,000 ft.	1.20
From 60,000 to 65,000 ft.	1.15
From 65,000 to 70,000 ft.	1.10
From 70,000 to 75,000 ft.	1.08
More than 75,000 ft.	1.07

Item 3a. For piles cast in place by the same company and in accordance with the same specification as described above in Item 3, having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of re-rolled rail steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.33
From 50,000 to 55,000 ft.	1.24
From 55,000 to 60,000 ft.	1.18
From 60,000 to 65,000 ft.	1.13
From 65,000 to 70,000 ft.	1.08
From 70,000 to 75,000 ft.	1.06
More than 75,000 ft.	1.05

Item 4. For piles cast in place by the Raymond Concrete Pile Company, (Steel encased), having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of new billet steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	1.55

From 50,000 to 55,000 ft.	$ 1.53
From 55,000 to 60,000 ft.	1.51
From 60,000 to 65,000 ft.	1.49
From 65,000 to 70,000 ft.	1.47
From 70,000 to 75,000 ft.	1.45
More than 75,000 ft.	1.43

Item 4a. For piles cast in place by the same company and in accordance with the same specification as described above in Item 4, having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinfrocement of re-rolled rail steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total Length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.53
From 50,000 to 55,000 ft.	1.51
From 55,000 to 60,000 ft.	1.49
From 60,000 to 65,000 ft.	1.47
From 65,000 to 70,000 ft.	1.45
From 70,000 to 75,000 ft.	1.43
More than 75,000 ft.	1.41

Certified Check in the sum of $ 6,250.00

JOHN DEHNER, INC., bid as follows:

Item 1. For the excavation and drainage of the excavated area for the Three Rivers filtration and pumping station, the work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their lowered position, the lump sum of $15,010.00

Item 1a. For the excavation and the drainage of the excavated area for the Three Rivers filtration and pumping station, the work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their raised position, the lump sum of $11,010.00

Item 2. More than 75,000 ft.	.98

Item 4a. For piles cast in place by the same company and in accordance with the same specification as described above in Item 4, having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel, bar reinforcement of re-rolled rail steel, at and for the unit prices for lengths within these certain ranges as specified in the following table:

Total Length	Unit Price per Lineal Foot of Piles.
Less than 50,000 ft.	$ 1.23
From 50,000 to 55,000 ft.	1.19
From 55,000 to 60,000 ft.	1.14
From 60,000 to 65,000 ft.	1.10
From 65,000 to 70,000 ft.	1.05
From 70,000 to 75,000 ft.	1.01

More than 75,000 ft.	$ .96
Certified Check,	$ 6,000.00

RAYMOND CONCRETE PILE CO., bid as follows:

Item 1. For the excavation and drainage of the excavated area for the Three Rivers filtration and pumping station, the work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their lowered position, the lump sum of $17,300.00

Item 1a. For the excavation and the drainage of the excavated area for the Three Rivers filtration and pumping station, the work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their raised position, the lump sum of $16,500.00

Item 2. For piles cast in place by Raymond Concrete Pile Company, (Steel Encased), having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of new billet steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total Length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.32
From 50,000 to 55,000 ft.	1.30
From 55,000 to 60,000 ft.	1.28
From 60,000 to 65,000 ft.	1.27
From 65,000 to 70,000 ft.	1.25
From 70,000 to 75,000 ft.	1.24
More than 75,000 ft.	1.23

Item 2a. For piles cast in place by the same company and in accordance with the same specification as described above in Item 2, having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of re-rolled rail steel, at and for the unit prices for the lengths within these certain ranges as specified in the following table:

Total Length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	$ 1.30
From 50,000 to 55,000 ft.	1.28
From 55,000 to 60,000 ft.	1.26
From 60,000 to 65,000 ft.	1.25
From 65,000 to 70,000 ft.	1.23
From 70,000 to 75,000 ft.	1.22
More than 75,000 ft.	1.21

Certified Check in the sum of	$ 7,000.00

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST:
JEANNETTE LOOS,
SECRETARY PRO TEM

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, June 30, 1931,
Regular Meeting held at 10:00 o'clock A. M.

Present: John C. Trier, David Erwin, C. A. Ramsey,
William Fruechtenicht, City Attorney,
Scott S. Snyder, Secretary of the Board of Public Works.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, June 23rd, and the Special Meeting of Wednesday, June 24th, 1931, stand approved, as read.

IN THE MATTER OF MAIN SEWER IMPROVEMENT
RESOLUTION No. 64-1931

BE IT REMEMBERED that heretofore, to-wit: on the 5th day of March 1931 upon due notice given the Board of Public Works of the City of Fort Wayne, confirmed the preliminary resolution beingmain sewer improvement resolution No. 64-1931, for the construction of a local and general sewer in the foregoing poceeding, and at such time found and decided that the special benefits accruing to the property abutting on said sewer will equal the cost of sai sewer insofar as it is designed to serve the purposes of a local sewer, and als found and decided, that the special benefits to the property within the area or district to be drained as heretofore found and defined by the Board will equal the estimated cost of said sewer, and also found that the area or district to be drained by said sewer is properly bounded, but failed to record and enter said findings in the minutes of the meeting of the Board of Public Works held on said day.

BE IT ALSO REMEMBERED that on the 5th day of February 1931, there was by the city engineer placed on file in the office of this Board an estimate of Ninety Four Thousand Nine Hundred Ninety Three and 50/100 ($94,993.50) Dollars, as being the total cost of the sewer to be constructed, and subsequently said engineer placed on file a revised estimate showing the cost of construction of the said sewer as One Hundred Thirty Nine Thousand Three Hundred ($139,300.00) Dollars, which said revised estimate was placed on file with this Board on or before the 26th day of February 1931, and which said estimate is not sufficiently itemized so as to show the cost or costs of said sewer by units;

NOW THEREFORE, on this 30th day of June, 1931, in regular meeting of this Board held at the office of this Board at 10:00 o'clock A.M., of said day, all members of the Board being present it is hereby ordered and directed by the Board that there be now entered of record as of the 5th day of March 1931, and as a part of the records and minutes of the meeting of this Board held on the 5th day of March, 1931, with respect to said sewer, being main sewer improvement resolution No. 64-1931, the following findings and decisions, to-wit:

The Board being fully advised in the premises now finds and decides that the special benefits accruing from the construction of said sewer for the property in the area or district to be drained and which abutts thereon will equal the estimated cost of said improvement, insofar as it is designed and intended to serve the purpose of a local sewer, and that the special benefits accruing to the property within the area or district to be drained as heretofore defined by the Board from the construction of said improvement will equal the cost thereof, and,

The Board being fully advised in the premises now finds that the area or district in the city of Fort Wayne, Indiana, to be drained by said sewer is properly bounded, and which said area or district to be drained is as follows

Commencing at the intersection of the north bank of the Maumee River with Randallia Drive, produced south; thence north along Randallia Drive, produced south and Randallia Drive to Vermont Avenue; thence west in Vermont Avenue to a point one hundred thirty-seven and seventy-five hundreths (137.75) feet west of the west line of Randallia Drive; thence north on a line that is parallel to and one hundred thirty-seven and seventy-five hundreths (137.75) feet west of the west line of Randallia Drive to Nevada Avenue; thence west in Nevada Avenue to a point one hundred thirty-six and one half (136½) feet west of the west line of Pemberton Drive; thence north on a line that is parallelto and one hundred thirty-six and one-half (136½) feet west of the west line of Pemberton Drive to Delaware Avenue; thence west in Delaware Avenue to a point one hundred thirty (130) feet east of the east line of Anthony Boulevard; thence north ona line that is parallel to and one hundred thirty (130) feet east of the east line of Anthony Boulevard to State Boulevard; thence west in State Boulevard to Crescent Avenue; thence northeast in Crescent Avenue to Curdes Avenue; thence west in Curdes Avenue to Kentucky Avenue; thence south in Kentucky Avenue to Charlotte Avenue; thence west in Charlotte Avenue to the St. Joseph River; thence south following the east bank of the St. Joseph River to its intersection with the Maumee River; thence east following the north bank of the Maumee River to the place of beginning.

The Board further finds that on the 5th day of February, 1931, there was placed on file in the office of this Board by the City Engineer an estimate of the total cost of the sewer provided to be constructed under this resolution, showing the total cost thereof to be Ninety Four Thousand Nine Hundred Ninety Three and 50/100 ($94,993.50) Dollars, and subsequently said engineer placed on file a revised estimate showing the cost of the construction of said sewer as One Hundred Thirty Nine Thousand Three Hundred ($139,300.00) Dollars, which said revised estimate was placed on file with this Board on or before February 26th, 1931, and which said estimate is not sufficiently itemized as to show the cost or costs of said sewer by units, and it is now ordered that the said engineer immediately prepare and place on file in this proceeding a revised estimate of the cost of said sewer itemized by units and as required by law, and,

Comes now the City Engineer and files on this day a revised estimate of the cost of said improvement itemized by units and showing the total cost thereof to be One Hundred Thirty Nine Thousand Three Hundred ($139,300.00) Dollars, and the Board having examined such revised estimate now approves and confirms the same and said estimate is now on file with this Board as part of the proceedings under this Resolution.

And on this day, towit: June 30, 1931, it is hereby ordered and directed that the minutes of said meeting of this Board as held in the office of this Board on Thursday, March 5, 1931, at 7:30 o'clock P.M., be corrected to read as follows, all of which is hereby done:

Thursday, the 26th day of February, 1931, at 7:30 P.M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against main sewer improvement resolution No. 64-1931, whichprovides for the construction of a main sewer which from itssize and character is not only intended and adapted for use by property holders whose property abutts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed, or which hereafter may be constructed,

Commencing at the north bank of the Maumee River at a point two hundred six (206) feet east of the east line of South Kensington Park Addition, thence north along a line that is parallel to and two hundred six (206) feet east of the east line of South Kensington Park Addition to Cody Avenue, produced east; thence west in Cody Avenue, produced east and Cody Avenue to Garfield Street; thence following the North bank of the Maumee River westerly to Tecumseh Street; Also, commencing at the intersection of Morton Street and Edgewater Avenue; thence east along Edgewater Avenue to Garfield Street; thence north along Garfield Street to Lake Avenue; thence east along Lake Avenue to Randallia Drive; Also, commencing at the intersection of Morton Street andEdgewater Avenue; thence east along the North bank of the Maumee River and Cody Avenue to a point one hundred twenty-eight (128) feet east of the east line of Kenington Boulevard, after reconsidering the same there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, and,

The Board being fully advised in the premises now finds and decides that the special benefits accruing from the construction of said sewer for the property in the area or district to be drained and which abutts thereon will equal the estimated cost of said improvement, insofar as it is designed and intended to serve the purpose of a local sewer, and that the special benefits accruing to the property within the area or district to be drained as heretofore defined by the Board from the construction of said improvement will equal the cost thereof, and, The Board being fully advised in the premises now finds that the area or district in the City of Fort Wayne, Indiana, to be drained by said sewer is properly bounded, and which said area or district to be drained is as follows: Commencing at the intersection of the north bank of the Maumee River with Randallia Drive, produced south; thence north along Randallia Drive produced south and Randallia Drive to Vermont Avenue; thence west in Vermont Avenue to a point one hundred thirty seven and seventy-five hundreths (137.75) feet west of the west line of Randalia Drive; thence north on a line that is parallel to and one hundred thirty-seven and seventy-five hundreths (137.75) feet west of the west line of Randallia Drive to Nevada Avenue; thence west in Nevada Avenue to a point one hundred thirty-six and one-half (136½) feet west of the west line of Pemberton Drive; thence north ona line that is parall to and one hundred thirty six and one-half (136½) feet west of the west line of Pemberton Drive to Delaware Avenue; thence west in Delaware Avenue to a poi one hundred thirty (130) feet east of the east line of Anthony Boulevard; then north on a line that is parallelto and one hundred thirty (130)feet east of th east line of Anthony Boulevard to State Boulevard;thence west inState Boulevar to Crescent Avenue. thence north-east in Crescent Avenue to Curdes Avenue; thence west in Curdes Avenue to Kentucky Avenue; thence south in Kentucky Avenue to Charlotte Avenue; thence west in Charlotte Avenue to the Stt. Joseph River; thence south following the east bank of the St. Joseph River to its intersection with the Maumee River; thence east following the north bank of the Maumee River to the place of beginning.

The Board further finds that on the 5th day of February, 1931, ther was placed on file in the office of this Board by the City Engineer an estimat of the toal cost of the sewer provided to be constructed under this resolutior showing the total cost thereof to be Ninety Four Thousand Nine Hundred Ninety Three and 50/100 ($94,993.50) Dollars, and subsequently said engineer placed on file a revised estimate showing the cost of the construction of said sewer as One Hundred Thirty Nine Thousand Three Hundred ($139,300.00) Dollars, whicl said revised estimatewas placed on file with this Board on or before February 26, 1931, and which said estimate is not sufficiently itemized by units, and it is now ordered that the said engineer immediately prepare and place on fil in this proceeding a revised estimate of the cost of said sewer itemized by units and as required by law, and,

Comes now the city engineer and files on this day a revised estimat of the cost of said improvement itemized by units and showing the total cost thereof to be One Hundred Thirty Nine Thousand Three Hundred ($139,300.00) Dollars, and the Board having examined such revised estimate now approves and confirms the same, and said estimate is now on file with this Board as pa of the proceedings under this resolution.

Upon motion made, seconded and carried that the said resolution be fully and finally approved and confirmed as in the original, all of which is accordingly done.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS

ATTEST:

Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, June 30, 1931,
SPECIAL MEETING held at 11:30 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, June 30, 1931, held at 10:00 o'clock A. M., stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending June 13th, and June 20th, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make a cut into the pavement at 1905 Hale Avenue, be granted.

Motion was made, seconded and carried that the Street Superintendent be instructed to place Calcium Chloride on Curdes Avenue from Anthony Boulevard to East Drive.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between East Drive and West Drive from Dodge Avenue to Curdes Avenue, on City Pole #6420.

Motion was made, seconded and carried that the application of A. Roethele & Sons, to repair sidewalk at 2337 Fairfield Avenue, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Hiram Danner,	12 ft. cut and 8 ft. drive at	412 East Rudisill Blvd.,
Michael Kinder and Sons,	12 ft. cut and 8 ft. drive at	1625 Edgewater Avenue;
F. J. Tibbits,	12 ft. cut and 8 ft. drive at	S. W. corner of Suttenfield and Clinton Street;
F. J. Tibbits,	12 ft. cut and 8 ft. drive at	N. W. corner of Maple Grove and Lafayette Esplanade;
Ernest J. Timme and Son,	14 ft. cut and 10 ft. drive at	404 Williams Street.

Motion was made, seconded and carried that the application of E. H. Roemer, to make a cut into the curbing to a width of 40 feet and to widen the present driveway to a width of 36 feet at the corner of Harrison Street and Wayne Street, drive facing on Harrison, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at the corner of Creighton Avenue and Anthony Boulevard, driveway facing on Creighton Avenue, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at the corner of Anthony Boulevard and Creighton Avenue, driveway facing on Anthony, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

The Electric Shop, signed by the Fidelity and Deposit Company of Maryland;
Gerding & Aumann, signed by the Royal Indemnity Company;
D. T. Glock, signed by the Aetna Casualty and Surety Company;
Henry Electric Company, signed by the Fidelity and Casualty Company of N. Y.;
Henry Kronmiller, signed by the New Amsterdam Casualty Company;
Neith and Armstrong, signed by the Federal Surety Company;
C. C. Southern, signed by the U. S. Fidelity and Guaranty Company;
Standard Oil Company, signed by the Globe Indemnity Company;
C. O. Sweeney, signed by the U. S. Fidelity and Guaranty Company;
Charles E. Tharp, signed by the U. S. Fidelity and Guaranty Company;
Ernest Timme and Sons, signed by the General Casualty Company.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the final estimate for John Dehner, Inc., on Contract No. 1, for the St. Mary's River feeder main.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the estimate for engineering services in connection with Contract No. 1, for the St. Mary's River feeder main.

A request from Councilman Langard, for the cutting of the southwest corner of Hanna Street and Jefferson Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A request from Councilman Perrey, for the cutting of the southwest corner of Jefferson Street and Division Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the installation of a light in the alley at the rear of 3020 South Hanna Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a street light at the corner of McKinnie Avenue and Robinwood Drive, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a light in the alley between Reed Street and Winter Street at the intersecting alley, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of water mains on South Harrison Street from Pettit Avenue to Paulding Road, was received. Motion was made, seconded and carried that the same be referred to the Water Works Construction Department for investigation and report on estimate of cost.

A remonstrance, against the paving of Howard Street from Erie Street to Washington Boulevard, was received. Motion was made, seconded and carried that the said remonstrance be placed on file.

A remonstrance against Improvement Resolution Number 3082, which provides for the construction of cement sidewalks on the west side of South Barr Street from Rudisill Boulevard to the alley south of Rudisill Boulevard, was received. Motion was made, seconded and carried that the said remonstrance be placed on file.

L. H. McAFEE reported the work completed under Street Improvement Resolution Number 3071, which provides for the grading of Portage Boulevard from Catalpa Street to Taylor Street. Motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the City Engineer be instructed to correct the estimates heretofore filed on Main Sewer Improvement Resolutions Numbered 65, 66 and 67 by itemizing same and setting out therein the unit price of cost.

Motion was made, seconded and carried that the confirmation of Main Sewer Improvement Resolution Number 65, which was amended June 4, 1931, to read as follows: "Commencing at the intersection of the north bank of the Maumee River with Randallia Drive produced south; thence north in and along Randallia Drive produced south and Randallia Drive to State Boulevard; thence east in and along State Boulevard to Leroy Avenue; thence north in and along Leroy Avenue to Curdes Avenue; thence west in and along Curdes Avenue to Anthony Boulevard; thence north in and along Anthony Boulevard to Vance Avenue. Said sewer shall be sixty-six (66), sixty (60), fifty-four (54), and forty-eight (48) inches in diameter," be RESCINDED.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 2, 1931,
SPECIAL MEETING held at 9:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman of the Board of Public Works,
David Erwin, Member of the Board of Public Works,
Charles A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary of the Board of Public Works,
William Fruechtenicht, City Attorney,
Van Barnett, City Engineer,
H. J. Klein, Vice President of the Nickel Plate Railroad Company,
A. C. Harvey, Chief Engineer for the Nickel Plate Railroad,
E. M. Smith, General Land and Tax Attorney for the Nickel Plate Railroad,
Ogden Pierce, Superintendent of the Fort Wayne Division of the Nickel Plate.

The meeting was called to order by Mr. Trier, acting as Chairman.

The minutes of the Special Track Elevation meeting held at 10:00 o'clock A. M., Wednesday, April the 8th, 1931, were read.

Mr. Klein questioned Mayor Hosey's attitude on the Railroad Company bearing the entire cost over the estimate, should the cost exceed same. After some discussion by Mayor Hosey, Mr. Kline, Mr. Harvey and Mr. Smith- - Mr. Fruechtenicht agreed with Mr. Smith in his interpretation of Section 6, Chapter 36, Acts of the Indiana Legislature, 1923, concerning the apportionment of costs.

Mr. Klein stated that the Railroad Company was ready to progress with the preliminary agreements, if the general principles could be agreed upon.

Mr. Harvey stated that the City Engineer would check the Railroad's estimates and likewise, the Railroad Company engineers would check the City's estimates.

Mr. Smith suggested that he and Mr. Harvey confer with Mr. Fruechtenicht and Mr. Barnett, regarding the estimates and preliminary draft.

Motion was made, seconded and carried that the minutes be approved, as read.

Mr. Klein concurred in Mr. Smith's suggestion that the above mentioned engineers and attorneys confer on the broad principles and later on the details as made in the supplementary agreement.

Mr. Erwin asked Mr. Harvey if the making of the plans, specifications and estimates would require a year or could same be made in a shorter period.

Mr. Harvey answered, stating that some additional field work would be made, also due to the fact that the Engineers are now partially engaged in working grade separation projects in Chicago, as well as some railroad bridge work, it would take practically, one year to complete the plans and specifications for the Fort Wayne project, unless additional engineering force was hired

Mr. Klein stated that the Railroad was ready to enter into an agreement as outlined and actual construction should start early in the summer of 1932.

Mayor Hosey suggested that the grade separation at Lafayette Street be substituted for that at Columbia Street in the immediate program. It was then agreed that the immediate program should consist of grade separations at Clay Street, Lafayette Street, Clinton Street, Calhoun Street, Harrison Street and Fairfield Avenue.

Mr. Klein asked Mr. Smith when he could have the agreement ready to present to the Board.

Mr. Smith stated that the preliminary draft would be drawn and he, together with Mr. Harvey would submit same to the Board of Public Works, Tuesday, July 14, 1931.

There being no further business the meeting adjourned.

David Erwin

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 2, 1931,
Special Meeting held at 2:00 o'clock P. M.

PRESENT

Mayor William Hosey,
John C. Trier, Chairman of the Board of Public Works,
David Erwin, Member of the Board of Public Works,
Charles A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary of the Board of Public Works,
William Fruechtenicht, City Attorney.
John Dehner, Contractor.

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 5, which provides for the Excavation and Piling for the Three Rivers Filtration and Pumping Station, in connection with the Water Works project, on which bids were received, Wednesday, the 24th day of June, 1931, at 10:00 o'clock A. M., be awarded to JOHN DEHNER, INC., as follows:

Item 1. For the excavation and the drainage of the excavated area of the Three Rivers filtration and pumping station, this work and the piling work to be done under conditions as they may exist with the rollers of the Hosey dam just above the Anthony Boulevard bridge in Fort Wayne in their lowered position, the lump sum of Fifteen Thousand ten and no/100 Dollars ($15,010.00).

Item 2a. None.

Item 3a. For piles case in place by Raymond Concrete Pile Company in general accordance with their standard methods for tapered and permanently cased reinforced concrete piles, having a total length of piling left in place and accepted within certain ranges as shown in the following table, and having steel bar reinforcement of rerolled steel, at and for the unit prices for the lengths within these certain ranges, as specified in the following table:

Total Length	Unit Price per Lineal Foot of Piles
Less than 50,000 ft.	One and 32¼/100 Dollars ($1.32¼)
From 50,000 to 55,000 ft.	One and 30¼/100 Dollars ($1.30¼)
From 55,000 to 60,000 ft.	One and 28¼/100 Dollars ($1.28¼)
From 60,000 to 65,000 ft.	One and 27¼/100 Dollars ($1.27¼)
From 65,000 to 70,000 ft.	One and 25/100 Dollars ($1.25)
From 70,000 to 75,000 ft.	One and 24/100 Dollars ($1.24)
More than 75,000 ft.	One and 23/100 Dollars ($1.23)

he being the lowest and best bidder.

Motion was made, seconded and carried that an Ordinance be sent to the Council for the ratification of the above contract at their special session called, Tuesday, July 7th, 1931.

The Board then upon motion adjourned.

Thursday, July 2nd, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Special Meeting of Tuesday, June 30, 1931, held at 11:30 o'clock A. M., stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: 617 West Berry Street; Grant Avenue south of Wabash Railroad; corner of Lafayette Street and Madison Street; corner of Lafayette Street and Wayne Street, (2 cuts); corner of Lafayette Street and Jefferson Street; 749 E. Wayne Street.

Motion was made, seconded and carried that the application of E. H. Roemer, to construct 40 feet of cement sidewalks at 302 West Jefferson Street, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Herschel R. Keller,	14 ft. cut and 10 ft. drive at 629 Lillian Avenue;
Menefee Art Stone Company,	20 ft. cut and 16 ft. drive at 2512 Broadway;
James S. Peddicord,	12 ft. cut and 8 ft. drive at 1126 Pemberton Drive;
E. H. Roemer,	36 ft. cut and 32 ft. drive at 302 W. Jefferson St.;
Herman F. Tieman,	12 ft. cut and 8 ft. drive at 1624 Fairhill Road.
A. Roethele and Sons,	40 ft. cut and 36 ft. drive at Cor. Anthony and Creighton, on Anthony;
A. Roethele and Sons,	40 ft. cut and 36 ft. drive at Cor. Creighton and Anthony, on Creighton Avenue.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

P. H. Cook,	signed by the Globe Indemnity Company,
August C. Lampke,	signed by the General Casualty Company,
Carl W. Hambrock,	signed by the Massachusetts Bonding & Insurance Company;
Charles B. Rundell,	signed by the New York Indemnity Company.

Motion was made, seconded and carried that the request of Councilman Weisenburger, to change the present light on the east side of Prince Street between Masterson Avenue and Bass Street, immediately across the street to the west side, be referred to the City Light Department for investigation and report.

A petition, for the placing of calcium chloride on Greenlawn Avenue from Sherman Boulevard to Oakland Street, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, for the vacation of Swinney Avenue from Phenie Street to the St. Mary's River, was received. Motion was made, seconded and carried that the same be referred to the City Engineer for his recommendation.

A petition, providing for the opening of Barr Street under the Nickel Plate Railroad at Barr Street, was received. Motion was made, seconded and carried that the same be placed on file.

Plans and specifications for the rounding of the Southwest corner of Division Street and Jefferson Street, were submitted by the City Engineer. Motion was made, seconded and carried that the City Street Department be instructed to make the cut as outlined in the plans submitted.

Plans and specifications for the rounding of the Northeast corner of Wayne Trace and Fletcher Avenue, were submitted by the City Engineer. Motion was made, seconded and carried that the City Street Department be instructed to make the cut as outlined in the plans submitted.

Plans and specifications for the rounding of the Northeast corner of Creighton Avenue and Hanna Street, were submitted by the City Engineer. Motion was made, seconded and carried that the City Street Department be instructed to make the cut as outlined in the plans submitted.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the third progress estimate for Bueschíng-Hagerman & Company, on Contract No. 2 for the construction of the Filtered Water Reservoir.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the fifth estimate for engineering services in connection with Contract No. 2, for the Filtered Water Reservoir.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Main Sewer Improvement Resolution Number 67 - 1931, which provides for the construction of a main sewer, which from its size and character is not only intended and adapted for use by property holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed or which hereafter may be constructed, commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street and the alley north of Main Street produced west to its intersection with Main Sewer Number 1; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, the Board being fully advised in the premises now finds and decides that the special benefits accruing from the construction of said sewer for the property in the area or district to be drained and which abuts thereon will equal the estimated cost of said improvement, insofar as it is designed and intended to serve the purpose of a local sewer, and that the special benefits accruing to the property within the area or district to be drained as heretofore defined by the Board from the construction of said improvement will equal the cost thereof, and, the Board being fully advised in the premises now finds that the area or district in the City of Fort Wayne, Indiana, to be drained by said sewer is properly bounded, and which said area or district to be drained is as follows: Commencing at the intersection of West Main Street with the west bank of the St. Mary's River; thence west in Main Street to the east line of the alley east of Watkins Street produced north; thence south along the east line of the alley east of Watkins Street produced north and the east line of the alley east of Watkins Street to the west bank of the St. Mary's River; thence in a southerly direction following the west bank of the St. Mary's River to its intersection with the north bank of the Junk Ditch; thence in a northwesterly direction following the north bank of the Junk Ditch to the west right-of-way line of the New York Central Railroad; thence south along the west right-of-way line of the New York Central Railroad to the south line of Section 3, Township 30 North, Range 12 East; thence west along the south line of Section 3, Township 30 North, Range 12 East and the south line of Section 4, Township 30 North, Range 12 East to its intersection with West Main Street; thence northeast in Main Street to the east line of Section 4, Township 30 North, Range 12 East; thence north on the east line of Section 4, Township 30 North, Range 12 East to the south line of the right-of-way of the New York, Chicago and St. Louis Railroad; thence east along the south line of the right-of-way of the New York, Chicago and St. Louis Railroad to the west bank of the St. Mary's River; thence south following the west bank of the St. Mary's River to the place of beginning, motion was made, seconded and carried that the said resolution be fully and finally confirmed as in the original.

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3078 - which provides for the improving of the alley between Columbia Avenue and Edgewater Avenue from Loree Street to Dearborn Street;
3080 - which provides for the improving of the alley between Grant Avenue and Wabash Avenue from Randall Street to the alley south of Randall Street;
3081 - which provides for the improving of the alley between Harrison Street and Calhoun Street from Douglas Avenue to Brackenridge Street;
3090 - which provides for the improving of Brackenridge Street from Calhoun Street to Harrison Street;
3091 - which provides for the improving of Douglas Avenue from Calhoun Street to Harrison Street;

after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolutions be confirmed as in the original.

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3074, which provides for the improving of Howard Street from Washington Boulevard to Erie Street, there having been presented a remonstrance, which after a check-up was found not to contain the signatures of any of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be confirmed as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 14th day of July, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions and also a date and time when they will consider finally confirming the same.

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3075, which provides for the improving of Lillie Street from Oxford Street to Rudisill Boulevard, there having been filed a remonstrance signed by 55% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3075, be RESCINDED.

Thursday the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3076, which provides for the improving of New Haven Avenue from Birchwood Avenue to Bueter Road, there having been filed a remonstrance signed by 65% of the resident property owners affected by this improvement;

motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3076, be RESCINDED.

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Improvement Resolution Number 3077, which provides for the improving of the alley between Arlington Avenue and Fairfield Avenue from Maxine Drive to Clermont Drive, there having been filed a remonstrance, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for a check-up.

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3079, which provides for the improving of the alley between Curdes Avenue and Lawndale Drive from Buena Vista Drive to Woodward Avenue, there having been filed a remonstrance, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for a check-up.

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against certain Improvement Resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Sidewalk Improvement Resolutions, Numbered:

3084 - which provides for the construction of cement sidewalks on the south side of Emma Avenue from Tyler Avenue to Steup Avenue;
3085 - which provides for the construction of cement sidewalks on the east side of Franklin Avenue from Polk Street to High Street;
3087 - which provides for the construction of cement sidewalks on the east side of Lillie Street from Drexel Avenue to Oxford Street;
3088 - which provides for the construction of cement sidewalks on the north side of Lynn Avenue from Woodward Avenue to Leroy Avenue;
3089 - which provides for the construction of cement sidewalks on the east side of Winter Street from Drexel Avenue to Oxford Street;
after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be fully and finally confirmed as in the original

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Improvement Resolution Number 3082, which provides for the construction of cement sidewalks on the west side of Barr Street from Rudisill Boulevard to the alley south of Rudisill Boulevard, there having been presented a remonstrance, motion was made, seconded and carried that the said Resolution be "amended" to read as follows: "From Rudisill Boulevard to south line of Lot 1 Piqua Place Addition"; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution, the same being confirmed as "amended"; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution as "amended", motion was made, seconded and carried that the said resolution be fully and finally confirmed as "amended".

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Sidewalk Improvement Resolutions Numbered, 3082, 3084, 3085, 3087, 3088 and 3089, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 6th and 13th days of July, 1931, and that Tuesday, the 28th day of July, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Improvement Resolution Number 3083, which provides for the construction of cement sidewalks on the north side of Eckart Street from Plaza Drive to the alley east of Plaza Drive; inasmuch as the construction was under private contract, motion was made, seconded and carried that all action previously taken in the matter of Sidewalk Improvement Resolution Number 3083, be RESCINDED.

Thursday, the 25th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Sidewalk Improvement Resolution Number 3086, which provides for the construction of cement sidewalks on the west side of Kentucky Avenue from Sallie Avenue to the alley north of Sallie Avenue, motion was made, seconded and carried that all action previously taken in the matter of Sidewalk Improvement Resolution Number 3086, be RESCINDED.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3052, which provides for the improving of the alley between State Boulevard and Lynn Avenue from Leroy Avenue to Carew Street; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, July 7, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Special Meeting of Thursday, July 2nd, held at 9:00 o'clock A. M., and the Special Meeting of Thursday, July 2nd, held at 2:00 o'clock P. M., and the Regular Meeting of Thursday, July 2nd, 1931, held at 7:30 o'clock P. M., stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending June 27, 1931, be placed on file.

A report was received from Charles B. Yobst, Superintendent of the Water Works Department, stating that the cost of construction of water mains on South Harrison Street from Pettit Avenue to Paulding Road, would be approximately $5,400.00. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the Progress and Cost Report of the Municipal Asphalt Plant, under the guarantee period, from January 1st, to June 30th, 1931, by W. H. Droege, City Paving Chemist, be placed on file.

Motion was made, seconded and carried that the request of Councilman Ed Fisher, for the installation of a street light at the corner of Swinney Avenue and Nelson Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the City Light Department be instructed to install a light on the east side of Nelson Street at the intersection of the alley between Taylor Street and Stophlet Street, on Traction pole #6298.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between Taylor Street and Stophlet Street from Riedmiller Avenue to Garden Street, on Home pole #4227.

Motion was made, seconded and carried that the application of John C. Johnston, to repair 145 feet of sidewalks on the west side of Miner Street from DeWald Street to the alley south, be granted.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair sidewalk on Lot 16, in Walton Avenue Addition on South Anthony Boulevard, be granted.

A petition, providing for the paving of the alley between Central Drive and Plaza Drive from McKee Street to the first alley south of Pontiac Street; also the first alley south of Pontiac Street from Central Drive to Plaza Drive, was received. Motion was made, seconded and carried that the the City Engineer be instructed to prepare plans and specifications for the same.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Foster Parkway from the west property line of Calhoun Street to the east property line of Harrison Street, as more fully set out in Street Improvement Resolution Number 3093.

For the improving of Hoagland Avenue from the west property line of Cornell Circle to the north property line of Pasadena Drive, as more fully set out in Street Improvement Resolution Number 3094.

For the improving of the alley between Arlington Avenue and Fairfield Avenue from the south property line of Branning Avenue to the north property line of Lexington Avenue, as more fully set out in Alley Improvement Resolution Number 3095.

For the improving of the first alley South of Washington Boulevard from the east property line of University Street to the west property line of Walter Street, as more fully set out in Alley Improvement Resolution Number 3096.

For the improving of the alley between Gay Street and Smith Street from the south property line of the alley south of Rudisill Boulevard to the north property line of Baxter Street, as more fully set out in Alley Improvement Resolution Number 3097.

For the improving of the alley between Holton Avenue and Reed Street from the south property line of Baxter Street to the north property line of McKinnie Avenue, as more fully set out in Alley Improvement Resolution Number 3098.

For the improving of the alley between Pittsburgh Street and Pennsylvania Street from the east property line of Lumbard Street to the west property line of Sidney Street, as more fully set out in Alley Improvement Resolution Number 3099.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3093 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Foster Parkway from the west property line of Calhoun Street to the east property line of Harrison Street, by draining, curbing, grading and paving the roadway to a uniform width of twenty-six (26) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3094 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Hoagland Avenue from the west property line of Cornell Circle to the north property line of Pasadena Drive, by draining, curbing, grading and paving the roadway to a uniform width of twenty-six (26) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3095 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Arlington Avenue and Fairfield Avenue from the south property line of Branning Avenue to the north property line of Lexington Avenue, by draining, grading and paving the roadway to a uniform width of fourteen (14) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3096 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the first alley South of Washington Boulevard from the east property line of University Street to the west property line of Walter Street, by draining, grading and paving the roadway to a uniform width of fourteen (14) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portlan Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3097 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Gay Street and Smith Street from the south property line of the alley south of Rudisill Boulevard to the north property line of Baxter Street, by grading the roadway to a uniform width of twelve (12) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3098 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Holton Avenue and Reed Street from the south property line of Baxter Street to the north property line of McKinnie Avenue, by grading the roadway to a uniform width of twelve (12) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3099 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Pittsburgh Street and Pennsylvania Street from the east property line of Lumbard Street to the west property line of Sidney Street, by grading the roadway to a uniform width of twelve (12) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3093, 3094, 3095, 3096, 3097, 3098 and 3099, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of July, 1931, and that Thursday, the 30th day of July, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

In the matter of Dike Improvement Resolution Number 4 - 1931, which provides for the construction of a levee on and along the east side of Spy Run Creek from Elizabeth Street to the Bridge crossing said Spy Run Creek at Lawton Park, the confirmation of which, was TAKEN UNDER ADVISEMENT, Thursday, January 29, 1931, at 7:30 o'clock P. M., the City Civil Engineer now files with the Board of Public Works, a "MODIFIED" estimate of cost on the same.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of July, 1931, and that Thursday, the 30th day of July, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

In the matter of the confirmation of Alley Improvement Resolution Number 3079, which provides for the improving of the alley between Curdes Avenue and Lawndale Drive from Buena Vista Drive to Woodward Avenue, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 33 1/3% of the resident property owners affected; after re-considering the same, and after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement is equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution; motion was made, seconded and carried that the said resolution be confirmed as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 21st day of July, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

After re-considering the confirmation of Alley Improvement Resolution Number 3077, which provides for the improving of the alley between Arlington Avenue and Fairfield Avenue from Maxine Drive to Clermont Drive, motion was made, seconded and carried that the same be TAKEN UNDER FURTHER ADVISEMENT until Thursday, the 9th day of July, 1931, at 7:30 o'clock P. M.

The Board then upon motion adjourned.

David Erwin
C. A. Ramsey
BOARD OF PUBLIC WORKS.

ATTEST:
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 9, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Barr Street and Jefferson Street; corner of Barr Street and Lewis Street; corner of Clay Street and Jefferson Street; corner of Clay Street and Lewis Street; corner of Hanna Street and Douglas Avenue; corner of Monroe Street and Madison Street; 1417 Hanna Street.

A remonstrance, against the opening of an alley ten (10) feet in widt between Terrace Road and Oakridge Road from the north line of Lot Number 15 Brookview Addition to the north line of Lots Numbered 14 and 35 Brookview Addition, was received. Motion was made, seconded and carried that the same be placed on file.

After re-considering the confirmation of Alley Improvement Resolution Number 3077, which provides for the improving of the alley between Arlington Avenue and Fairfield Avenue from Maxine Drive to Clermont Drive, motion was mad seconded and carried that the same be TAKEN UNDER FURTHER ADVISEMENT.

Motion was made, seconded and carried that the primary assessment rol for the work performed under Improvement Resolution Number 3071, which provides for the grading of Portage Boulevard from Catalpa Street to Taylor Street; be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 14th and 15th days of July, 1931, and that Thursday, the 16th day of July, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptanc of the work performed under the aforementioned resolution or against the assess ment roll as approved by the Board and will determine the question as to whethe such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 4, which provides for the furnishing of Sludge Removal Mechanisms, in connection with the Water Works improvement, on which bids were received Wednesday, the 24th day of June, 1931, at 10:00 o'clock A. M., be awarded to the DORR COMPANY, INC., New York City, New York, at and for their price bid, namely, $10,680.00, they being the lowest and best bidders.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, July 14, 1931,
SPECIAL TRACK ELEVATION MEETING held at 10:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman of the Board of Public Works,
C. A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary of the Board of Public Works,
William Fruechtenicht, City Attorney,
Van Alstine Barnett, City Engineer,
A. C. Harvey, Chief Engineer for the Nickel Plate Railroad,
E. M. Smith, General Land and Tax Attorney for the Nickel Plate R. R.

The meeting was called to order by Mr. Trier, acting as Chairman.

Mr. Smith proceeded to read the memorandum of agreement made by and between the Board of Public Works of the City of Fort Wayne, Indiana, and the New York, Chicago and St. Louis Railroad Company, as prepared by himself.

A petition having been filed with the Board of Public Works, requesting the grade separation at Columbia Street was read by Mr. Trier. After some discussion it was agreed that the immediate elevation project should include the grade separation at Columbia Street, which now in all, includes grade separation at Clay Street, Columbia Street, Lafayette Street, Clinton Street, Calhoun Street, Harrison Street and Fairfield Avenue.

In the matter of opening Lafayette Street across the right-of-way of the Nickel Plate Railroad for grade separation, there having been no crossing heretofore provided for by the Railroad Company, Mr. Fruechtenicht suggested that the City of Fort Wayne pay the Nickel Plate Railroad Fifty Thousand Dollars ($50,000.00) for the opening and participate in the division of costs on a basis of 35% - 65% as the other grade separations. This was agreed to by Mr. Smith.

Article Number 2 of the Agreement was revised to include Columbia Street in the Railroad Company's agreement to immediately prepare detailed plans, profiles, specifications and estimates.

Article Number 3, was revised to include Columbia Street with the already named Clay Street, Lafayette Street, Clinton Street, Calhoun Street, Harrison Street and Fairfield Avenue for the City's preparation of detailed plans, profiled, specifications and estimates.

Article Number 4, concerning the time of approximately one year for the Nickel Plate Railroad Company to prepare plans, profiles, specifications and estimates, beginning same immediately after the execution of this agreement was also agreed to.

Article Number 5, on the sharing of costs, in which the City will participate at 35% for the construction of the super-structure between property lines, also the entire cost of the approach work was agreed upon and the following insertion made: "The approaches to be paid by the City, either out of the general fund or by assessment against abutting property, no assessment to be made under the Barret Law against the property of the Nickel Plate Railroad".

It was agreed that Article Number 6, concerning the division of costs upon a basis of 35% - 65% for the cost of trestle-work to reproduce the present tracks at a higher level should be stricken out, as same could be taken care of in Article Number 9 of this agreement.

Article Number 7, concerning the negotiation between the Nickel Plate Railroad Company and the Pennsylvania and Wabash Railroad Companies for operating rights were agreed upon.

Article Number 8, concerning the track at grade, to remain at Harrison Street, Calhoun Street and Clinton Street just north of Dock Street and also across Fairfield Avenue, south of the main line track, was approved.

Article Number 9, regarding the supplemental agreement upon completion of detail plans and approval thereof, be entered into providing for procedure of construction and the expense thereof was agreed to, also the following insertion made: "It is further agreed that the actual work of construction shall start sixty (60) days after the signing of the supplemental agreement".

Article Number 10, concerning the proper legislation to be passed and adopted by the City of Fort Wayne and the proper execution of the contract by authorized proper officials of the Nickel Plate Railroad was agreed upon.

In the matter of construction details which were discussed it was suggested by Mr. Barnett that the Railroad Company complete the construction of the grade separation at Fairfield Avenue, prior to the closing of Harrison Street, Calhoun Street, Clinton Street, Barr Street, Lafayette Street and Clay Street, this, Mr. Harvey agreed could be done. It was then suggested by Mr. Barnett that the above mentioned streets from Harrison Street, East, could be closed, enabling the Railroad Company to proceed without any interference from thoroughfares being kept open for traffic.

Mr. Harvey maintained that the trestle-work between proposed openings was necessary, because of the narrow right-of-way, also the short distances between the streets on which grade separation would be made, also that the City should participate in the cost of all trestle-work on a basis of 35% for the City and 65% for the Railroad Company.

Mr. Smith stated that he would revise the agreement as provided and return same to the Board of Public Works, within the next few days.

There being no further business the meeting adjourned.

John B. [illegible]
C. A. Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular Meeting of Tuesday, July 14, 1931 postponed until
Wednesday, July 15, 1931, at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, July 9, 1931, at 7:30 o'clock P. M., stand approved, as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of June, 1931, be placed on file.

A report was received from Charles B. Yobst, Superintendent of the Water Works Department, stating that the cost of installation of water mains on Kenwood Avenue from Kentucky Avenue to Crescent Avenue, would be approximately $3,600.00. Motion was made, seconded and carried that the Water Works Department be instructed to install same.

A report was received from Charles B. Yobst, Superintendent of the Water Works Department, stating that an estimate of the cost of installation of water mains to be extended from Cottage Grove Avenue (now Sherwood Terrace) to Pettit Avenue on Warsaw Street, Clay Street and Monroe Street, had previously been made. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for a check-up of probable consumers.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the pavements at 3318 South Lafayette Street and 810 Lake Avenue, be granted.

Motion was made, seconded and carried that the application of John C. Johnston, to construct 133 feet of cement sidewalks at the southeast corner of DeWald Street and Miner Street, be granted.

Motion was made, seconded and carried that the application of John C. Johnston, to construct 150 feet of cement sidewalks on the west side of Fox Avenue from the alley south of Taylor Street to Walnut Street, be granted.

Motion was made, seconded and carried that the application of John C. Johnston, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at the southeast corner of DeWald Street and Miner Street, be granted.

Motion was made, seconded and carried that the bond of individual property owner, signed by E. T. Rowley, to construct sidewalks, be approved.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Anthony Kratzman,	signed by the Massachusetts Bonding & Insurance Co.;
Otis Elevator Company,	signed by the National Surety Company;
Carl W. Sorenson,	signed by the Commercial Casualty Insurance Company.

Plans and specifications for the rounding of the Southwest corner at the intersection of Jefferson Street and Hanna Street, were submitted by the City Engineer. Motion was made, seconded and carried that the Street Department be instructed to make the cut as outlined in the plans submitted.

The City Engineer discussed with the Board, the following improvements:

1. In the matter of the paving of the East side of Spy Run Avenue from State Boulevard to the Centlivre Plant, motion was made, seconded and carried that the City Engineer be instructed to proceed with the plans, specifications and estimates for the same.

2. In the matter of the lowering of the railings at the East end of the Tennessee Avenue Bridge, to eliminate a traffic hazard, motion was made, seconded and carried that the Street Department be instructed to re-build same as per plans submitted by the City Engineer.

3. In the matter of the construction of a sewer in the alley between Holton Avenue and Reed Street from McKinnie Avenue to Capitol Avenue, motion was made, seconded and carried that the City Engineer proceed with plans and specifications for the same.

4. In the matter of the construction of a sewer between Charlotte Avenue and Kenwood Avenue from the St. Joseph River to Kentucky Avenue, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

5. In the matter of the construction of a sewer on Nuttman Avenue from the St. Mary's River to Brooklyn Avenue, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the recommendation submitted by the City Engineer for a petition for the vacation of Swinney Avenue from Phenie Street to the St. Mary's River, be TAKEN UNDER ADVISEMENT.

A petition, providing for the installation of a street light located between Sallie Avenue and Delaware Avenue on Tecumseh Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the construction of cement sidewalks on both sides of Buena Vista Drive from the easement between Kenwood Avenue and Curdes Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, for the vacation of the alley between Grant Avenue and Glasgow Avenue from Wayne Street to Washington Boulevard, was received. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

A remonstrance, against the opening of an alley ten (10) feet in width between Terrace Road and Oakridge Road from the north line of Lot Number 15 Brookview Addition to the north line of Lots Numbered 14 and 35 Brookview Addition, was received. Motion was made, seconded and carried that the same be placed on file.

A remonstrance, requesting the removal of the street light on the corner of St. Mary's Avenue and Lillian Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider **further** objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3074 - which provides for the improving of Howard Street from Washington Boulevard to Erie Street;
3078 - which provides for the improving of the alley between Columbia Avenue and Edgewater Avenue from Loree Street to Dearborn Street;
3080 - which provides for the improving of the alley between Grant Avenue and Wabash Avenue from Randall Street to the alley south of Randall Street;
3081 - which provides for the improving of the alley between Harrison Street and Calhoun Street from Douglas Avenue to Brackenridge Street;
3090 - which provides for the improving of Brackenridge Street from Calhoun Street to Harrison Street;
3091 - which provides for the improving of Douglas Avenue from Calhoun Street to Harrison Street;
there being no **further** objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions; motion was made, seconded and carried that the said resolutions be fully and finally confirmed as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Improvement Resolutions, Numbered 3074, 3078, 3080, 3081, 3090 and 3091, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 16th and 23rd days of July, 1931, and that Tuesday, the 4th day of August, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 16, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to repair 90 feet of sidewalk at 1903 Kensington Boulevard, be granted.

Motion was made, seconded and carried that the curb permit of Robert J. Vachon, at the southwest corner of Archer Avenue and Cortland Avenue, on Archer, be granted.

Motion was made, seconded and carried that the application of Bear & Meyer, to repair sidewalk at 3201 Alexander Street, be granted.

Motion was made, seconded and carried that the following driveway applications be granted:

Bear and Meyer,	12 ft. cut and	8 ft. drive at	3201 Alexander Avenue;
Everett R. Ellerman,	12 ft. cut and	8 ft. drive at	4711 Arlington Avenue;
John C. Johnston,	22 ft. cut and	18 ft. drive at	804 Walnut Street, drive facing on Fox Avenue;
Paul Schaeffer,	12 ft. cut and	8 ft. drive at	4442 Lafayette Esplanade.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

J. C. Hinderer,	signed by the Hartford Accident & Ind. Co.;
The Merrill Company,	signed by the Hartford Accident & Ind. Co.;
William F. and Herman F. Rodenbeck	signed by the Fidelity & Deposit Company.

A petition, providing for the opening of Columbia Street at the elevation under the Nickel Plate Railway, was received. Motion was made, seconded and carried that the same be placed on file.

A remonstrance, against Alley Improvement Resolution Number 3098 which provides for the grading of the alley between Holton Avenue and Reed Street from Baxter Street to McKinnie Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

The City Engineer now submitted plans, specifications and estimates for the improving of Spy Run Avenue on the east side from the north curb line of State Boulevard to a point approximately seven hundred (700) feet north of State Boulevard, as more fully set out in Street Improvement Resolution Number 3100 - 1931, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER **3100** - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Spy Run Avenue on the east side from the north curb line of State Boulevard to a point approximately seven hundred (700) feet north of State Boulevard, by draining, curbing, grading and paving the roadway to a uniform width of nine and one half (9½) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number **3100**, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 18th and 25th days of July, 1931, and that Thursday the 6th day of August, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution also a date and time when they will consider confirming the same.

Thursday, the 11th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Main Sewer Improvement Resolution Number **66**, which provides for the construction of a main sewer, which from its size and characte is not only intended and adapted for use by property holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed or which hereafter may be constructed, commencing at the intersection of Rudisill Boulevard and Broadway; thence south in and along Broadway to Foster Park driveway; thence southeast in and along Foster Park driveway to the point where the Fairfield Terrace sewer crosses said driveway; also, commencing at the intersection of Rudisill Boulevard and Broadway; thence east in and along Rudisill Boulevard to Hoagland Avenue, and branches; there having been presented a remonstrance against the proposed sewer, which was over-ruled by the Board, inasmuch, as they deemed it necessary to proceed with the said improvement and after reconsidering the same, there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, and, the Board being fully advised in the premises now finds and decides that the special benefits accruing from the construction of said sewer for the property in the area or district to be drained and which abuts thereon will equal the estimated cost of said improvement, insofar as it is designed and intended to serve the purpose of a local sewer, and that the special benefits accruing to the property within the area or district to be drained as heretofore defined by the Board from the construction of said improvement will equal the cost thereof, and, the Board being fully advised in the premises now finds that the area or district in the City of Fort Wayne, Indiana, to be drained by said sewer is properly bounded, and which said area or district to be draine is as follows: Commencing at the intersection of the east bank of the St. Mary's River with the south line of Illsley Place Addition produced west; thence east along the south line of Illsley place Addition to Beaver Avenue; thence south along Beaver Avenue to Rudisill Boulevard; thence east along Rudisill Boulevard to South Wayne Avenue; thence south along South Wayne Avenue to Clermont Drive; thence east along Clermont Drive to Arlington Avenue; thence north along Arlington Avenue to Maxine Drive; thence East along Maxine Drive to Buell Drive thence north along Buell Drive to Lexington Avenue; thence east along Lexington Avenue to Webster Street; thence north along Webster Street to Foster Parkway; thence east along Foster Parkway to Harrison Street; thence south along Harriso Street to South Seminole Circle; thence east along South Seminole Circle and Congress Avenue to Wilmette Street; thence south along Wilmette Street to Sherwood Terrace; thence east along Sherwood Terrace to Lafayette Street; thenc south along Lafayette Street to Pettit Avenue; thence west along Pettit Avenue to a point six hundred sixty-five (665) feet east of the center line of Calhoun Street; thence south on a line that is parallel to and six hundred sixty-five (665) feet east of the center line of Calhoun Street to the center line of Southern Street; thence west along the center line of Southern Street and said center line produced westward to the east bank of the St. Mary's River; thence in a northerly direction following the meanderings of the east bank of the St. Mary's River to the place of beginning; motion was made, seconded and carried that the said resolution be fully and finally confirmed as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Main Sewer Improvement Resolution Number 67, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 18th and 25th days of July, 1931, and that Tuesday, the 11th day of August, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 647, which provides for the vacation of Rosemont Avenue from the west line of Poinsette Drive to the west line of Blocks Numbered 26 and 27 North Highlands Addition and from the west line of the alley east of North Highlands Boulevard to the east line of Tyler Avenue; also for the vacation of Melrose Avenue from the west line of Jessie Avenue to the north line of Huffman Boulevard; also for the vacation of Margaret Avenue from the west line of Lot Number 422, Block Number 30 North Highlands Addition to the north line of Putnam Street; also for the vacation of Putnam Street from the west line of Poinsette Drive to the west line of Edith Avenue; also for the vacation of Huffman Boulevard from the west line of Fairhill Road to the east line of Tyler Avenue; also for the vacation of Poinsette Drive from the north line of Margaret Avenue to the south line of State Boulevard; also for the vacation of Fairhill Road from the north line of Huffman Boulevard to the south line of Putnam Street; also for the vacation of Rumsey Avenue from the north line of Cherokee Road to the west line of Edith Avenue; also for the vacation of Edith Avenue from the north line of Putnam Street to the south line of the first alley north of Melrose Avenue; also for the vacation of North Highlands Boulevard from the north line of Cherokee Road to the south line of State Boulevard; also for the vacation of Hinton Drive from the north line of Cherokee Road to the south line of Huffman Boulevard; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be fully and finally confirmed, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 648, which provides for the opening of an alley ten (10) feet in width between Terrace Road and Oakridge Road from the north line of Lot Number 15 Brookview Addition to the north line of Lots Numbered 15 and 35 Brookview Addition; motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3092, which provides for the construction of cement sidewalks on the west side of Kentucky Avenue from the alley north of Tennessee Avenue to Sallie Avenue; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be fully and finally confirmed as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Sidewalk Improvement Resolution Number 3092, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 18th and 25th days of July, 1931, and that Tuesday, the 11th day of August, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3071, which provides for the grading of Portage Boulevard from Catalpa Street to Taylor Street; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

David Erwin
G. A. Haussey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, July 28, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,

The Froehlich & Emery Engineering Company, Engineers for the City Light and Power Works project, presented plans, specifications and tentative estimates for new boilers and auxiliary equipment to be installed in the Power House of the City Light and Power Works on North Clinton Street. After considering the same, motion was made, seconded and carried that the said plans, specifications and tentative estimates be approved and that the Engineers be instructed to proceed with the advertisement of the Notice to Contractors of the work to be performed for the furnishing of said Boilers and Equipment and that the same be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 6th and 13th days of August, 1931, and that Thursday, the 3rd day of September, 1931 at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned improvements.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Main Sewer Improvement Resolution Number 66, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 4th and 11th days of August, 1931, and that Tuesday, the 25th day of August, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

G. E. LEININGER reported the work completed under Local Sewer Improvement Resolution Number 458, which provides for the construction of a sewer in and along Lynn Avenue from Woodward Avenue to the west line of Norwood Heights Addition, motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Thursday, the 4th day of June, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 646, which provides for the condemnation of a right-of-way for pole line purposes across, through and under portions of Lots Numbered 39, 42 and 49 Fletcher's Addition; after re-considering the same and there being no further objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST:
JEANNETTE LOOS,
SECRETARY PRO TEM.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 30, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, C. A. Ramsey,
Jeannette Loos, Secretary Pro tem.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending July 11th, and July 18th, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: Southeast corner of Berry Street and Van Buren Street; northeast corner of Broadway and Washington Boulevard; corner of Jackson Street and Washington Boulevard; 1237 Sherwood Terrace; southeast corner of Van Buren Street and Jefferson Street.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair sidewalks on the south side of Jefferson Street from Clinton Street, East, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Brooks Construction Company,	12 ft. cut and 9 ft. drive at N.W. corner of Hench and Putnam Streets;
C. Houser,	12 ft. cut and 8 ft. drive at 2308 Pontiac St.

A petition, providing for the installation of a street light on Lewis Street between Lafayette Street and Clay Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for new curbing on both sides of Euclid Avenue from Drexel Avenue to Oxford Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of JOHN C. JOHNSTON, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Sidewalk Improvement Resolution Number 3085, be referred to the City Attorney for his approval.

The Indiana Service Corporation submitted plans and specifications for the improving of Calhoun Street from the south property line of Main Street to the south property line of Wallace Street, by draining, curbing, grading and paving the roadway to a uniform width of seventeen and one-sixteenth (17 1/16) feet, with Granite Block, Vitrified Shale Block, upon a six (6) inch American Portland Cement Concrete foundation, as required by plans, being as much of said street as the Indiana Service Corporation is obligated by its franchise to pave and improve and maintain by the terms of its franchise from the City of Fort Wayne, as more fully set out in Waiver Improvement Resolution Number 3101, now on file in the office of the Department of Public Works of said City.

WAIVER IMPROVEMENT RESOLUTION Number 3101, is in accordance with the methods and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations", approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, waiving all preliminary hearings, advertising of Notice to Property Owners and Contractors, and separately and jointly waiving any and all irregularities and illegalities in the steps and requisites under said Resolution Number 3101, or omission of the same, and agreeing that the cost of intersection and engineering fees and the total cost thereof be assessed against the properties benefited and providing for the arrangement for the payment of the assessments therefor in ten equal annual installments and the issuance of bonds therefor.

The Board then upon motion fully adopted and confirmed Waiver Improvement Resolution Number 3101, as submitted.

The Board then upon motion awarded the contract for the work to be performed under Waiver Improvement Resolution Number 3101, which provides for the improving of Calhoun Street from the south property line of Main Street to the south property line of Wallace Street, being as much of said Calhoun Street as the Indiana Service Corporation is obliged by its franchise to pave and improve, to THE FORT WAYNE CONSTRUCTION COMPANY, at and for their price bid, as follows:

For brick pavement and pavement foundation including excavation to the line marked A-B-C, on the plans of said improvement attached hereto and made a part hereof, per square yard,	$ 5.60
For brick pavement without foundation including excavation, per sq.yd.	3.50
For granite block pavement including excavation but without foundation per square yard,	4.50
For expansion filler along rails per lineal foot of improvement,	0.90
For excavation below said line marked A-B-C, per cubic yard	1.50
For concrete below said line marked A-B-C, per cubic yard,	10.00
For four inch drain tile, per lineal foot,	0.30
For connections to main sewer per lineal foot,	2.00
For catch basins, each	65.00

Motion was made, seconded and carried that the bond of the FORT WAYNE CONSTRUCTION COMPANY, signed by the United States Fidelity & Guaranty Company, covering the work to be performed under Waiver Improvement Resolution Number 3101, be approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3093 - which provides for the improving of Foster Parkway from Calhoun Street to Harrison Street;
3094 - which provides for the improving of Hoagland Avenue from Cornell Circle to Pasadena Drive;
3095 - which provides for the improving of the Alley between Arlington Avenue and Fairfield Avenue from Branning Avenue to Lexington Avenue;
3096 - which provides for the improving of the first alley South of Washington Boulevard from University Street to Walter Street;
3098 - which provides for the grading of the alley between Holton Avenue and Reed Street from Baxter Street to McKinnie Avenue;
after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 11th day of August, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions and also a date and time when they will consider finally confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3097, which provides for the grading of the alley between Gay Street and Smith Street from the alley south of Rudisill Boulevard to Baxter Street; there having been a remonstrance presented, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for a check-up.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3099, which provides for the grading of the alley between Pittsburgh Street and Pennsylvania Street from Lumbard Street to Sidney Street; motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Dike Improvement Resolution Number 4, which provides for the construction of a levee on and along the east side of Spy Run Creek from Elizabeth Street to the Bridge crossing said Spy Run Creek in Lawton Park; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Dike Improvement Resolution Number 4, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 1st and 8th days of August, 1931, and that Tuesday, the 25th day of August, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 647, which provides for the vacation of Rosemont Avenue from the west line of Poinsette Drive to the west line of Blocks Numbered 26 and 27 North Highlands Addition and from the west line of the alley east of North Highlands Boulevard to the east line of Tyler Avenue; also for the vacation of Melrose Avenue from the west line of Jessie Avenue to the north line of Huffman Boulevard; also for the vacation of Margaret Avenue from the west line of Lot Number 422, Block Number 30 North Highlands Addition to the north line of Putnam Street; also for the vacation of Putnam Street from the west line of Poinsette Drive to the west line of Edith Avenue; also for the vacation of Huffman Boulevard from the west line of Fairhill Road to the east line of Tyler Avenue; also for the vacation of Poinsette Drive from the north line of Margaret Avenue to the south line of State Boulevard; also for the vacation of Fairhill Road from the north line of Huffman Boulevard to the south line of Putnam Street; also for the vacation of Rumsey Avenue from the north line of Cherokee Road to the west line of Edith Avenue; also for the vacation of Edith Avenue from the north line of Putnam Street to the south line of the first alley north of Melrose Avenue; also for the vacation of North Highlands Boulevard from the north line of Cherokee Road to the south line of State Boulevard; also for the vacation of Hinton Drive from the north line of Cherokee Road to the south line of Huffman Boulevard, be and the same is hereby APPROVED and that Thursday, the 13th day of August, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

The Board then upon motion adjourned.

C. A. Ramsey
BOARD OF PUBLIC WORKS

ATTEST:
JEANNETTE LOOS,
SECRETARY PRO TEM

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, August 4, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
Jeannette Loos, Secretary Pro tem.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 2018 South Anthony Boulevard; Brackenridge Street West of McClellan Street; 1416 Buchanan Street; 424 West Butler Street; 1830 South Calhoun Street; 416 East Creighton Avenue; 455 East Creighton Avenue; corner of Creighton Avenue and Lafayette Street; South Fairfield Avenue, North of Rose Lane; 303 Greenwood Avenue; 319 West Jefferson Street; Alley at 432 East Jefferson Street; 3318 Lafayette Street; 812 Wallace Street; 215 West Washington Boulevard; Alley 345 West Wayne Street.

Motion was made, seconded and carried that the application of L. W. Dailey, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1013 Lexington Avenue, be granted.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

General Asbestos & Supply Company,	signed by the Royal Indemnity Company;
D. T. Glock,	signed by the Aetna Casualty & Surety Co.;
Hoosier Advertising Service,	signed by the Hartford Accident & Indemnity Co.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the COIL CONSTRUCTION COMPANY, INC., signed by the Hartford Accident and Indemnity Company, covering the work to be performed under Improvement Resolutions Numbered 3088 and 3084, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of L. W. DAILEY, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Improvement Resolutions Numbered 3082, 3089 and 3087, be referred to the City Attorney for his approval.

The City Engineer now submitted plans, specifications and estimates for the construction of a sewer in and along Holton Avenue from the north property line of McKinnie Avenue to the alley south of McKinnie Avenue; also in and along the alley south of McKinnie Avenue from Holton Avenue to Reed Street; also in and along the alley between Holton Avenue and Reed Street from the alley south of McKinnie Avenue to Capitol Avenue, as more fully set out in Local Sewer Improvement Resolution Number 459, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 459 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along Holton Avenue from the north property line of McKinnie Avenue to the alley south of McKinnie Avenue; also in and along the alley south of McKinnie Avenue from Holton Avenue to Reed Street; also in and along the alley between Holton Avenue and Reed Street from the alley south of McKinnie Avenue to Capitol Avenue. Said sewer shall be 12 inches, 15 inches and 18 inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution 459, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 5th and 12th days of August, 1931, and that Thursday, the 27th day of August, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the making of certain improvements, they now proceeded to open the same and obtained the following results:

In the matter of Street Improvement Resolution Number 3074, which provides for the improving of Howard Street from the north property line of Washington Boulevard to the south property line of Erie Street:

BROOKS CONSTRUCTION COMPANY, bid as follows:

18 ft. Section

Trinidad Sheet Asphalt, Stone Curb,	$ 9.09
Trinidad Asphaltic Concrete, Stone Curb,	8.68
Mexican Sheet Asphalt, Stone Curb	8.59
Mexican Asphaltic Concrete, Stone Curb,	8.28
Trinidad Sheet Asphalt, Cement Curb	8.47
Trinidad Asphaltic Concrete, Cement Curb	8.05
Mexican Sheet Asphalt, Cement Curb	7.97

Price per lineal foot,	$ 3.97
C. A. LEHMAN, bid as follows:	
Price per lineal foot,	$ 3.95
E. H. ROEMER, bid as follows:	$ 3.44
A. ROETHELE AND SONS,	$ 2.90

In the matter of Alley Improvement Resolution Number 3081, which provides for the improving of the alley between Harrison Street and Calhoun Street from the south property line of Douglas Avenue to the north property line of Brackenridge Street:

COIL CONSTRUCTION COMPANY, INC., bid as follows:	
10 ft. Section Price per lineal foot,	$ 1.69
20 ft. Section Price per lineal foot,	$ 3.99
L. W. DAILEY, bid as follows:	
10 ft. Section Price per lineal foot,	$ 1.87
20 ft. Section Price per lineal foot,	$ 3.63

C. A. LEHMAN, bid as follows:

Price per lineal foot,	$ 2.86

E. H. ROEMER, bid as follows:

10 ft. Section, Price per lineal foot,	$ 2.42
20 ft. Section, Price per lineal foot,	$ 4.35

A. ROETHELE AND SONS, bid as follows:

10 ft. Section, Price per lineal foot,	$ 1.72
20 ft. Section, Price per lineal foot,	$ 3.35

In the matter of Street Improvement Resolution Number 3090, which provides for the improving of Brackenridge Street from the west curb line of Calhoun Street to the east curb line of Harrison Street:

BROOKS CONSTRUCTION COMPANY, bid as follows:

Trinidad or Bermudez Sheet Asphalt, Stone Curb	$ 5.75
Trinidad or Bermudez Asphaltic Concrete, Stone Curb	5.59
Texaco or Mexican Sheet Asphalt, Stone Curb	5.50
Texaco or Mexican Asphaltic Concrete, Stone Curb	5.39
7" Reinforced concrete, Stone Curb	5.06
For new curb per lineal foot,	1.20
For resetting old curb per lineal foot,	.40
For cement sidewalks per sq. ft.	.25

COIL CONSTRUCTION COMPANY, INC.,

7" one course Reinforced Concrete,	$ 4.19
For new curb per lineal foot,	1.25
For resetting old curb per lineal foot,	.50
For cement sidewalks per sq. ft.	.25

L. W. DAILY, bid as follows:

7" Reinforced Concrete, per lineal foot,	$ 4.17
Texaco Sheet Iron Asphalt,	5.77
For new curb per lineal foot,	1.25
For resetting old curb per lineal foot	.50
For cement sidewalks per sq. ft.	.18

GRACE CONSTRUCTION AND SUPPLY COMPANY, bid as follows:

Trinidad Sheet Asphalt,	$5.89
Trinidad Asphaltic Concrete,	5.69
Standard Mexican or Texaco Sheet Asphalt,	5.63
Standard Mexican or Texaco Asphaltic Concrete,	5.47
7" Reinforced Concrete,	4.12
For new curb per lineal foot,	1.20
For resetting old curb per lineal foot	.40
For cement sidewalks per sq. ft.	.25

In the matter of Street Improvememt Resolution Number 3091, which provides for the improving of Douglas Avenue from the west curb line of Calhoun Street to the east curb line of Harrison Street:

BROOKS CONSTRUCTION COMPANY, bid as follows:

Trinidad or Bermudez Sheet Asphalt, Stone Curb	$7.52
Trinidad or Bermudez Asphaltic Concrete, Stone Curb,	7.27
Texaco or Mexican Sheet Asphalt, Stone Curb	7.16
Texaco or Mexican Asphaltic Concrete, Stone Curb	6.98
7" Reinforced concrete, Stone Curb	6.33
For new curb per lineal foot	1.20
For resetting old curb per lineal foot	.40
For cement sidewalks per sq. ft.	.25

COIL CONSTRUCTION COMPANY, bid as follows:

7" one course Reinforced Concrete, per lineal foot	$5.19

L. W. DAILY, bid as follows:

7" Reinforced Concrete, Stone Curb	$5.27
Texaco Sheet Iron Asphalt,	6.87
For new curb per lineal foot	1.25
For resetting old curb per lineal foot	.50
For cement sidewalks per sq. ft.	.25

THE GRACE CONSTRUCTION & SUPPLY CO., bid as follows:

Trinidad Sheet Asphalt,	$7.63
Trinidad Asphaltic Concrete,	7.37
Standard Mexican or Texaco Sheet Asphalt,	7.34
Standard Mexican or Texaco Asphaltic Concrete	7.13
7" Reinforced Concrete	4.85
For new curb per lineal foot	1.20
For resetting old curb per lineal foot	.40
For cement sidewalks per sq. ft.	.25

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation.

The Board then upon motion took a recess until 2:00 o'clock P. M., Tuesday, the 4th day of August, 1931.

-- oOo --

The Board re-convened Tuesday, the 4th day of August, 1931, at 2:00 o'clock P. M., and proceeded as follows:

The Board now proceeded to make the following preliminary order in the matter of Street Improvement Resolution, Number 3074, on which bids were received, Tuesday, August 4th, 1931, at 10:00 o'clock A. M.

3074 - Paving of HOWARD STREET, - Reinforced Concrete, with Cement Curbing.

In accordance with the Street Paving Law, the Board now upon motion fixed Saturday, August 15th, 1931, at 10:00 o'clock, A. M., as a date and time when they will consider awarding the contract on the aforementioned street resolution; also a date and time up to which they will receive petitions for material other than that designated by the Board.

Motion was made, seconded and carried that the making of the preliminary orders for Street Improvement Resolution Number 3090, which provides for the paving of Brackenridge Street, and Street Improvement Resolution 3091, which provides for the paving of Douglas Avenue, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the contracts for the work to be performed under certain Improvement Resolutions on which bids were received Tuesday, the 4th day of August, 1931, at 10:00 o'clock A. M., be awarded as follows:

3078 - which provides for the improving of the alley between Columbia Avenue and Edgewater Avenue from the east property line of Loree Street to the west property line of Dearborn Street, be awarded to the COIL CONSTRUCTION COMPANY, INC., at and for their price bid, namely, $2.13 per lineal foot, they being the lowest and best bidders;

3080 - which provides for the improving of the alley between Grant Avenue and Wabash Avenue from the south property line of Randall Street to the north property line of the alley south of Randall Street, be awarded to A. ROETHELE AND SONS, at and for their price bid, namely, $2.90, they being the lowest and best bidders;

3081 - which provides for the improving of the alley between Harrison Street and Calhoun Street from the south property line of Douglas Avenue to the north property line of Brackenridge Street, be awarded to A. ROETHELE AND SONS, at and for their price bid, namely, $1.72 for 10 foot section, and $3.35 for 20 foot section, they being the lowest and best bidders.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to repair sidewalks at 310 Sixth Street, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair 50 feet of sidewalk on the west side of Wells Street from Fifth Street, South 50 feet, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Wayne P. Branstrator,	12 ft. cut and 8 ft. drive at	1647 Fairhill Road;
Melvin McDevitt,	12 ft. cut and 8 ft. drive at	3103 Hoagland Avenue;
Melvin McDevitt,	12 ft. cut and 8 ft. drive at	347 West Wildwood;
E. W. Baumgartner,	12 ft. cut and 8 ft. drive at	609 East Rudisill Blvd.
William P. Schenkel,	14 ft. cut and 10 ft. drive at	1321 Pemberton Drive.

A petition, providing for the installation of a **light in** the alley at the rear of 915 West Berry Street, was received. Motion was made, seconde and carried that the same be referred to the Light Department for investigati and report.

A petition, providing for the installation of a street light at the southeast corner of Lafayette Street and Sherwood Terrace, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of A. ROETHELE AND SONS, signed by the Commercial Casualty Insurance Company, covering the work to be performed under Alley Improvement Resolutions Numbered 3080 and 3081, be referred to the City Attorney for his approval.

A remonstrance, against the grading of the alley between Pittsburgh Street and Pennsylvania Street from Lumbard Street to Sidney Street, was received. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for a check-up.

The City Engineer now submitted plans, sepcifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Euclid Avenue from the south curb line of Drexel Avenue to the north property line of Oxford Street, as more fully set out in Improvement Resolution Number 3102.

For the improving of the alley between Central Drive and Plaza Drive from the north property line of McKee Street to the south property line of the alley north of McKee Street; also to improve the alley between Pontiac Street and McKee Street from the east property line of Central Drive to the west property line of Plaza Drive, as more fully set out in Alley Improvement Resolution Number 3103.

For the improving of the second alley east of Calhoun Street from the south property line of Branning Avenue to the north property line of Lexington Court, as more fully set out in Alley Improvement Resolution Number 3104.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3102 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Euclid Avenue from the south curb line of Drexel Avenue to the north property line of Oxford Street, by draining, grading and paving the curb and gutter to a uniform width of twenty-six (26) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3103 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Central Drive and Plaza Drive from the north property line of McKee Street to the south property line of the alley north of McKee Street; also to improve the alley between Pontiac Street and McKee Street from the east property line of Central Drive to the west property line of Plaza Drive, by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3104 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the second alley east of Calhoun Street from the south property line of Branning Avenue to the north property line of Lexington Court, by draining, grading and paving the roadway to its full width with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement,all in accordance with the profile, detail drawings and specification on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3102, 3103 and 3104, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of August, 1931, and that Thursday, the 27th day of August, 1931, at 7:30 o'clock P. M., be fixed a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3100, which provides for the improving of Spy Run Avenue on the east side from the north curb line of State Boulevard to a point approximately seven hundred (700) feet north of State Boulevard; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modificatio there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carrie that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 18th day of August, 1931, at 10:00 o'clock A. M. be fixed a date and time when the Board will hear and consider further objectio or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

Thursday, the 30th day of July, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3097, which provides for the grading of the alley between Gay Stree and Smith Street from the alley south of Rudisill Boulevard to Baxter Street, there having been presented a remonstrance, signed by 50% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3097, be RESCINDED.

Motion was made, seconded and carried that the primary assessment rol for the work performed under Local Sewer Improvement Resolution Number 458, which provides for the construction of a sewer in and along Lynn Avenue from Woodward Avenue to the west line of Norwood Heights Addition, be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of August, 1931, and that Thursday, the 27th day of August, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessme roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST:
JEANNETTE LOOS,
SECRETARY PRO TEM

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, August, 11, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of July, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 1508 North Harrison Street; corner of Maumee Avenue and Comparet Street; corner of Pearl Street and Ewing Street (2 cuts).

Motion was made, seconded and carried that the application of William E. Lee, to repair sidewalk at 341 East Berry Street, be granted.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Wade Amspaugh,	signed by the Fidelity and Casualty Company;
Fort Wayne Builders Supply Co.,	signed by the U. S. Fidelity and Guaranty Co.;
W. G. Harrod & Company,	signed by the U. S. Fidelity and Guaranty Co.;
Home Furnace Company,	signed by the American Surety Company of N. Y;
Clarence L. Schust,	signed by the Union Indemnity Company.

A petition, for the installation of a light in the alley at the rear of 2229 North Clinton Street, was received. Motion was made, seconded and carried that the same be placed on file.

Thursday, the 30th day of July, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances in the matter of the confirmation of Improvement Resolution Number 3099, which provides for the grading of the alley between Pittsburgh Street and Pennsylvania Street from Lumbard Street to Sidney Street; there having been filed a remonstrance signed by 100% of the resident property owners affected by this improvement, after re-considering the same, motion was made, seconded and carried that all action previously taken in the matter of Resolution Number 3099, be RESCINDED.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions, Numbered:

3093 - which provides for the improving of Foster Parkway from Calhoun Street to Harrison Street;
3094 - which provides for the improving of Hoagland Avenue from Cornell Circle to Pasadena Drive;
3095 - which provides for the improving of the alley between Arlington Avenue and Fairfield Avenue from Branning Avenue to Lexington Avenue;
3096 - which provides for the improving of the first alley South of Washington Boulevard from University Street to Walter Street;

3098 - which provides for the grading of the alley between Holton Avenue and Reed Street from Baxter Street to McKinnie Avenue; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions; motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Improvement Resolutions, Numbered 3093, 3094, 3095, 3096 and 3098, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 12th and 19th days of August, 1931, and that Tuesday, the 1st day of September, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Sidewalk Improvement Resolution Number 3092, which provides for the construction of cement sidewalks on the west side of Kentucky Avenue from the alley north of Tennessee Avenue to Sallie Avenue; they now proceeded to open the same and obtained the following results:

COIL CONSTRUCTION COMPANY, INC.,	BID	$0.78
L. W. DAILY,	BID	0.82
J. C. JOHNSTON,	BID	0.73
E. H. ROEMER,	BID	0.80
A. ROETHELE AND SONS,	BID	0.84

Motion was made, seconded and carried that the contract for the work to be performed under Sidewalk Improvement Resolution Number 3092, be awarded to JOHN C. JOHNSTON, at and for his price bid, namely, $0.73 per lineal foot, he being the lowest and best bidder.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Main Sewer Improvement Resolution Number 67, which provides for the construction of a main sewer, commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street and the alley north of Main Street produced west to its intersection with Main Sewer Number 1; they now proceeded to open the same and obtained the following results:

COIL CONSTRUCTION COMPANY, INC., bid as follows:

Bid is based on the rollers of the dam being in raised position while the river crossing is being put in, price per lineal foot	$6.45

JOHN DEHNER, INC., bid as follows:

Bid is based on the rollers of the dam being in raised position 4 days, price per lineal foot	$6.40

Inasmuch, as the aforesaid bids were found to be in excess of the Engineer's estimate, motion was made, seconded and carried that all bids submitted on Main Sewer Improvement Resolution Number 67, be REJECTED.

The Board then upon motion adjourned.

John Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, August 13, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the bond of Byron S. Vail, signed by the Commercial Casualty Insurance Company, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the application of E. W. Baumgartner, to repair one block of sidewalk at 1225 Wildwood Avenue, be granted.

Motion was made, seconded and carried that the application of E. W. Baumgartner, to make a cut into the curbing to a width of 12 ft. and to construct a driveway to a width of 8 ft. at 1225 Wildwood Avenue, be granted.

A petition, was received for the leveling of the road bed and relaying of brick in the 1700 Block on South Calhoun Street between the curbing and car tracks, from Wallace Street to Murray Street. Also for the rounding off of the Northeast corner of Wallace Street and Calhoun Street, immediately after the new rail switches and pavement of the Indiana Service Corporation are completed. Motion was made, seconded and carried that the same be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 647, which provides for the vacation of Rosemont Avenue from the west line of Poinsette Drive to the west line of Blocks Numbered 26 and 27 North Highlands Addition and from the west line of the alley east of North Highlands Boulevard to the east line of Tyler Avenue; also for the vacation of Melrose Avenue from the west line of Jessie Avenue to the north line of Huffman Boulevard; also for the vacation of Margaret Avenue from the west line of Lot Number 422, Block Number 30 North Highlands Addition to the north line of Putnam Street; also for the vacation of Putnam Street from the west line of Poinsette Drive to the west line of Edith Avenue; also for the vacati of Huffman Boulevard from the west line of Fairhill Road to the east line of Tyler Avenue; also for the vacation of Poinsette Drive from the north line of Margaret Avenue to the south line of State Boulevard; also for the vacation o Fairhill Road from the north line of Huffman Boulevard to the south line of Putnam Street; also for the vacation of Rumsey Avenue from the north line of Cherokee Road to the west line of Edith Avenue; also for the vacation of Edit Avenue from the north line of Putnam Street to the south line of the first alley north of Melrose Avenue; also for the vacation of North Highlands Boulevard from the north line of Cherokee Road to the south line of State Boulevard; also for the vacation of Hinton Drive from the north line of Cherokee Road to the south line of Huffman Boulevard; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Financ.

The Board then upon motion took a recess until Friday, the 14th day of August, 1931, at 3:00 o'clock P. M.

-- oOo --

The Board re-convened at 3:00 o'clock P. M., Friday the 14th day of August, 1931, and proceeded as follows:

The Board now proceeded to make the following preliminary orders in the matter of Street Improvement Resolutions, Numbered 3090 and 3091, on which bids were received, Thursday, August 13th, 1931, at 7:30 o'clock P. M.,

3090 - Paving of BRACKENRIDGE STREET - Sheet Asphalt, with Stone Curbing.
3091 - Paving of DOUGLAS AVENUE - Sheet Asphalt, with Stone Curbing.

In accordance with the Street Paving Law, the Board now upon motion fixed Wednesday, August 26th, 1931, at 10:00 o'clock A. M., as a date and time when they will consider awarding the contracts on the aforementioned street resolutions; also a date and time up to which they will receive petitions for material other than that designated by the Board.

The Board then upon motion adjourned.

Tuesday, August 18, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the Regular Meeting of August 13th and the Special Meeting of August 15th, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending August 1, 1931, be placed on file.

A report was received from Charles B. Yobst. Superintendent of the Water Works Department, stating that the cost of installation of water mains on West Third Street from from Runnion Avenue to the end of the street, to make same circulating, would be approximately $2,250.00. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Construction Department, with reference to the request for the installation of a street light at the southeast corner of Lafayette Street and Sherwood Terrace, was received, stating that there are ornamental lights on the west side of Lafayette Street. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Construction Company, stating that they do not recommend the installation of a light on East Lewis Street between Lafayette Street and Clay Street, was received. Motion was made, seconded and carried that the same be placed on file.

A report was received from the City Light Construction Department, stating that the abandoned light pole in the alley between Lincoln Avenue and Savilla Avenue, east of Broadway would be removed. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Construction Department, stating that there is a light installed in the alley between Suttenfield Street and Tabor Street, first alley west of Calhoun Street, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley at the rear of 915 West Berry Street.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley at the rear of 2652 Ethel Street, on City pole #2652.

Motion was made, seconded and carried that the application of Noah Beberstein, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 2204 Meridian Street, be granted.

• Motion was made, seconded and carried that the following bonds be approved:

P. B. Arnold Company, Inc.,	signed by the Standard Accident Ins. Co.,
E. F. Brinkman Company,	signed by the U. S. Casualty Company;
Dix-Kelly Electric Shop,	signed by the U. S. Casualty Company;
O. C. Oberwitte, (Hot Air-Sheet Met.)	signed by the U. S. Fidelity and Guaranty C

Motion was made, seconded and carried that the bond of A. Roethele and Sons, signed by the General Casualty Company, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of J. C. JOHNSTON, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Improvement Resolution Number 3092, which provides for the construction of cement sidewalks on the west side of Kentucky Avenue from the alley north of Tennessee Avenue to Sallie Avenue, be approved.

A petition, providing for the installation of a street light at the corner of Nettie Avenue and Eade Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a light in the alley at the rear of 3727 Weisser Park Avenue, at alley intersection, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the construction of a sewer in alley betwee Anthony Boulevard and Euclid Avenue from Rudisill Boulevard to Oxford Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against Improvement Resolution Number 3100, which provides for the improving of Spy Run Avenue on the east side from the north curb line of State Boulevard to a point approximat seven hundred (700) feet north of State Boulevard; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Street Improvement Resolution, Number 3100, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 20th and 27th days of August, 1931, and that Tuesday, the 8th day of September, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication from the Board of Public Safety, regarding the completion of the placing of rails under the Wabash Elevation on Taylor Street, was received. Motion was made, seconded and carried that the same be placed on file.

A communication from the Board of Public Safety, reporting the dilapidated condition of the curbing along the esplanade on Shawnee Drive, was received. Motion was made, seconded and carried that the same be placed on file.

A communication from Councilman Young, was received, suggesting that a sign be placed on the post below the switch where alley lights are used, requesting that the switch be pulled so that light does not burn in the day time. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Berry Street and Lafayette Street; corner of Columbia Street and Harrison Street; corner of Columbia Street and Lafayette Street; 461 East Creighton Avenue; 2100 Block Crescent Avenue; 358 East Fourth Street; corner of Hanna Street and East Jefferson Street; corner of Harrison Street and Superior Street; corner of Martin Street and Broadway; 2714 New Haven Avenue; 2515 Pennsylvania Street; corner St. Joseph Boulevard and Tennessee Avenue; corner of Superior Street and Harrison Street; corner of West Wayne Street and Broadway; corner of West Wayne Street and Van Buren Street.

Motion was made, seconded and carried that the application of C. E. Keller, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet, at 4029 South Lafayette Street, be granted.

Motion was made, seconded and carried that the request of Councilman Moran, for the installation of a light in the alley at the rear of 330 Kinnaird Avenue, be placed on file.

Motion was made, seconded and carried that the request of Councilman Young, for the installation of a light in the alley at the rear of 344 Kinnaird Avenue, be placed on file.

Motion was made, seconded and carried that the request of Councilman Burns, for the installation of a street light at the corner of Gumpper Avenue and Warsaw Street, be placed on file.

A report from the City Light Construction Department, recommending the installation of a street light at the corner of Bowser Avenue and Baxter Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the construction of cement sidewalks on the north side of East Pontiac Street from the east end of the present walk in front of the Western Gas Construction Company to the Wayne Trace Elevation, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the installation of a street light on Cora Avenue between Parnell Avenue and East Avenue (now Woodrow Avenue) was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the bond of Matt J. Schohl, signed by the Union Indemnity Company, be approved.

A. ROETHELE AND SONS reported the work completed under Alley Improvement Resolution Number 3080, which provides for the improving of the alley between Grant Avenue and Wabash Avenue from Randall Street to the alley south of Randall Street; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

L. W. DAILEY reported the work completed under Sidewalk Improvement Resolution Number 3087, which provides for the construction of cement sidewalks on the east side of Lillie Street from Drexel Avenue to Oxford Street; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The Board had fixed Tuesday, the 25th day of August, 1931, at 10:00 o'clock A. M., as a date and time when they would receive sealed proposals for the work to be performed under Main Sewer Improvement Resolution Number 66, which provides for the construction of a sewer commencing at the intersection of Rudisill Boulevard and Broadway; thence south in and along Broadway to Foster Park driveway; thence southeast in and along Foster Park driveway to the point where the Fairfield Terrace sewer crosses said driveway; also, commencing at the intersection of Rudisill Boulevard and Broadway; thence east in and along Rudisill Boulevard to Hoagland Avenue, and branches, however, there were no bids submitted.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Dike Improvement Resolution Number 4 - 1931, which provides for the construction of a levee on and along the east side of Spy Run Creek from Elizabeth Street to the Bridge crossing said Spy Run Creek in Lawton Park; they now proceeded to open the same and obtained the following results:

JOHN DEHNER, INC., bid as follows:

For the construction of Dike,	$2,800.00
Price per cubic yard for additional WET excavation:	0.45
Price per cubic yard for additional DRY excavation:	0.40

HERMAN E. LUNZ, bid as follows:

For the construction of Dike,	$3,200.00
Price per cubic yard for additional WET excavation	0.56
Price per cubic yard for additional DRY excavation	0.50

Motion was made, seconded and carried that the contract for the work to be performed under Dike Improvement Resolution Number 4 - 1931, be awarded to JOHN DEHNER, INC., at and for his price bid, namely, $2,800.00 he being the lowest and best bidder.

Motion was made, seconded and carried that the application of Ellison L. Meier, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 333 West Wildwood, be granted.

Motion was made, seconded and carried that the application of Ellison L. Meier, to repair sidewalk at 327, 333 and 337 West Wildwood Avenue, be granted.

Motion was made, seconded and carried that the bond of Albert E. Lesh, signed by the General Casualty Company of America, be approved.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of THE GRACE CONSTRUCTION AND SUPPLY COMPANY, signed by the Inland Bonding Company, covering the work to be performed under Improvement Resolution Number 3074, which provides for the improving of Howard Street from Washington Boulevard to Erie Street, be approved.

L. W. DAILEY reported the work completed under Sidewalk Improvement Resolution Number 3082, as "MODIFIED", which provides for the construction of cement sidewalks on the west side of Barr Street"from Rudisill Boulevard to south line of Lot 1 Piqua Place Addition"; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

L. W. DAILEY reported the work completed under Sidewalk Improvement Resolution Number 3089, which provides for the construction of cement sidewalks on the east side of Winter Street from Drexel Avenue to Oxford Street; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of the sidewalk on both sides of Buena Vista Drive from Curdes Avenue to the south line of Paramount Addition, as more fully set out in Sidewalk Improvement Resolution Number 3105.

For the improving of the sidewalk on the north side of Pontiac Street from Central Drive to the Wayne Trace subway, as more fully set out in Sidewalk Improvement Resolution Number 3106.

Motion was then made, seconded and carried that the following resolutions be adopted:

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3105 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on both sides of Buena Vista Drive from Curdes Avenue to the south line of Paramount Addition, by grading to a width of fourteen (14) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3106 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Pontiac Street from Central Drive to the Wayne Trace subway, by grading to a width of eight (8) feet and paving with cement to a width of five (5) feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3105 and 3106, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on August 29th, and September 5th, 1931, and that Thursday the 17th day of September, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 459, which provides for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along Holton Avenue from McKinnie Avenue to the alley south of McKinnie Avenue; also in and along the alley south of McKinnie Avenue from Holton Avenue to Reed Street; also in and along the alley between Holton Avenue and Reed Street from the alley south of McKinnie Avenue to Capitol Avenue; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Local Sewer Improvement Resolution Number **459**, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 29th day of August, and the 5th day of September, 1931, and that Tuesday, the 22nd day of September, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3102 - which provides for the improving of the curb and gutter on Euclid Avenue from Drexel Avenue to Oxford Street;
3103 - which provides for the improving of the alley between Central Drive and Plaza Drive from McKee Street to the alley north of McKee Street; also to improve the alley between Pontiac Street and McKee Street from Central Drive to Plaza Drive;
after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be **CONFIRMED** as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 8th day of September, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions and also a date and time when they will consider finally confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Alley Improvement Resolution Number **3104**, which provides for the improving of the second alley east of Calhoun Street from Branning Avenue to Lexington Court; there having been filed a remonstrance, motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for a check-up and that the matter of the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Local Sewer Improvement Resolution Number **458**, which provides for the construction of a sewer in and along Lynn Avenue from Woodward Avenue to the west line of Norwood Heights Addition, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

John [illegible]
David Erwin
Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, September 1, 1931,
Regular Meeting held at 10:00 o'clock A. M.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication, from Hoad, Decker, Shoecraft and Drury, enclosing the fifth progress estimate for Buesching-Hagerman & Company, on Contract No. 2 for the filtered water reservoir, and the second progress estimate for John Dehner, Inc., Contract No. 5 for the excavation and piling for the filtration plant and pumping station, was received. Motion was made, seconded and carried that the City Water Works Department be instructed to pay the aforesaid estimates.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending August 15, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Board of Public Safety, to make cuts into the following pavements, be granted: Northwest corner of Douglas Avenue and Harrison Street; Southwest corner of Lewis Street and Harrison Street.

Motion was made, seconded and carried that the application of William D. Swank, to make a cut into the curbing to a width of 14 ft. and to construct a driveway to a width of 10 ft. at 2025 Lynn Avenue, be granted.

Motion was made, seconded and carried that the application of William D. Swank to make a cut into the curbing to a width of 12 ft. and to construct a driveway to a width of 8 ft. at 2021 Lynn Avenue, be granted.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to repair sidewalk at 730 Davis Street, be granted.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing & Paving Company, to construct 150 feet of sidewalk on the East side of College Street from Jefferson Street to the first alley north, be granted.

A statement from the Dailey Asphalt Products Company, Inc., regarding the furnishing of Iron Asphalt, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the widening of Pontiac Street 5 feet on the north side from the west line of Violand's Addition to the east line of Violand's Addition.

In the matter of the petition for the vacation of the alley between Grant Avenue and Glasgow Avenue from Wayne Street to Washington Boulevard, which was taken under advisement under date of July 15th, 1931, motion was made, seconded and carried that the same be placed on file.

THE COIL CONSTRUCTION COMPANY, INC., reported the work completed under Main Sewer Improvement Resolution Number 63, as "MODIFIED", which provides for the construction of a sewer commencing at the point where the alley north of Wildwood Avenue intersects the east bank of the St. Mary's River; thence east in and along the alley north of Wildwood Avenue to Thompson Avenue; thence north in and along Thompson Avenue to Home Avenue; thence east in and along Home Avenue and in and along the alley between Home Avenue and Cottage Avenue to Beaver Avenue, motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

THE COIL CONSTRUCTION COMPANY, INC., reported the work completed under Sidewalk Improvement Resolution Number 3084, which provides for the construction of cement sidewalks on the south side of Emma Avenue from Tyler Avenue to Steup Avenue, motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

THE COIL CONSTRUCTION COMPANY, INC., reported the work completed under Sidewalk Improvement Resolution Number 3088, which provides for the construction of cement sidewalks on the north side of Lynn Avenue from Woodward Avenue to Leroy Avenue, motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the BROOKS CONSTRUCTION COMPANY, signed by the United States Guarantee Company, covering the work to be performed under Street Improvement Resolution Number 3090, ALSO under Street Improvement Resolution Number 3091, be approved.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the COIL CONSTRUCTION COMPANY, INC., signed by the Union Indemnity Company, covering the work to be performed under Alley Improvement Resolution Number 3078, be approved.

The City Engineer now submitted plans and specifications for the opening and extending of Branning Avenue from the east line of Lot Number 2 Engle's Addition to Piqua Avenue, as more fully set out in Declaratory Resolution Number 649, which plans and specifications were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 649 - 1931.

For the opening and extending of Branning Avenue from the east line of Lot Number 2 Engle's Addition to Piqua Avenue.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Branning Avenue from the east line of Lot Number 2 Engle's Addition to Piqua Avenue.

All as shown by a plan of such proposed street opening and extending as above described now on file in the office of the Department of Public Works of said City.

The opening and extending of Branning Avenue as above described to be made by condemning and appropriating for street purposes, Lot Number 18 in Engle's Addition.

The property which may be injuriously or beneficially affected by the proposed street opening and extending is described as all lots and lands lying within the following described territory:

Commencing at the intersection of the east line of Calhoun Street and the north line of Lot Number 103 Calhoun Place Addition; thence east along the north line of Lot Number 103 Calhoun Place Addition to the alley east of Calhoun Street; thence south in the alley east of Calhoun Street to the alley between Foster Parkway and Branning Avenue; thence east in and along the alley between Foster Parkway and Branning Avenue to the west line of Lot Number 12 Engle's Addition; thence north on the west line of Lot Number 12 Engle's Addition to the northwest corner of said lot; thence east along the north line of Lot Number 12 Engle's Addition to Piqua Avenue; thence southeast along Piqua Avenue to the alley between Branning Avenue and Lexington Court; thence west in and along the alley between Branning Avenue and Lexington Court to the first alley east of Calhoun Street; thence south in the first alley east of Calhoun Street to the southeast corner of Lot Number 137 City and Suburban 11th Addition; thence west along the south line of Lot Number 137 City and Suburban 11th Addition to the east line of Calhoun Street; thence north along the east line of Calhoun Street to the place of beginning.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property of for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and alleys and lots and lands affected by the above described street opening and extending being situated in the Southeast Quarter of Section 14, Township 30 North, Range 12 East, and within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 649, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 2nd and 9th days of September, 1931, and that Thursday, the 24th day of September, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Thursday, the 27th day of August, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and re-consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3104, which provides for the improving of the second alley east of Calhoun Street from Branning Avenue to Lexington Court, there having been presented a remonstrance, which after a check-up was found **not** to contain the signatures of any of the resident property owners affected; motion was made, seconded and carried that the said remonstrance be placed on file and that the confirmation of the aforesaid resolution be TAKEN UNDER FURTHER ADVISEMENT.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3080 - which provides for the improving of the alley between Grant Avenue and Wabash Avenue from Randall Street to the alley South of Randall Street;
3087 - which provides for the construction of cement sidewalks on the east side of Lillie Street from Drexel Avenue to Oxford Street;
be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 9th days of September, 1931, and that Thursday, the 10th day of September, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls

This being a date and time previously fixed by the Board when they would receive sealed proposals for the making of certain improvements, they now proceeded to open the same and obtained the following results:

In the matter of Street Improvement Resolution Number 3093, which provides for the improving of Foster Parkway from the west property line of Calhoun Street to the east property line of Harrison Street:

THE BROOKS CONSTRUCTION COMPANY, bid as follows:

Trinidad or Bermudez Sheet Asphalt, Stone Curb	$12.09
Trinidad or Bermudez Asphaltic Concrete, Stone Curb	11.49
Texaco or Mexican Sheet Asphalt, Stone Curb	11.49
Texaco or Mexican Asphaltic Concrete, Stone Curb	11.04
Trinidad or Bermudez Sheet Asphalt, Cement Curb	11.44
Trinidad or Bermudez Asphaltic Concrete, Cement Curb	10.83
Texaco or Mexican Sheet Asphalt, Cement Curb	10.84
Texaco or Mexican Asphaltic Concrete, Cement Curb	10.38
7" Reinforced Concrete, Stone Curb	9.25
7" Reinforced Concrete, Cement Curb	8.59

COIL CONSTRUCTION COMPANY, INC., bid as follows:

7" Reinforced one course Concrete, Stone Curb	$ 8.19
7" Reinforced one course Concrete, Cement Curb	7.49

L. W. DAILEY CONSTRUCTION COMPANY, bid as follows:

Texaco or Mexican Sheet Asphalt, Stone Curb	$13.01
Texaco or Mexican Sheet Asphalt, Cement Curb	12.50
Texaco or Mexican Sheet Iron Asphalt, Stone Curb	11.55
Texaco or Mexican Sheet Iron Asphalt, Cement Curb	10.71
Texaco or Mexican Asphaltic Concrete, Stone Curb	11.95
Texaco or Mexican Asphaltic Concrete, Cement Curb	10.97
7" Reinforced Concrete, Stone Curb	8.11
7" Reinforced Concrete, Cement Curb	6.91

THE GRACE CONSTRUCTION & SUPPLY CO., bid as follows:

Trinidad Sheet Asphalt, Stone Curb	$12.51
Trinidad Asphaltic Concrete, Stone Curb	11.80
Standard Mexican or Texaco Sheet Asphalt, Stone Curb	11.86
Standard Mexican or Texaco Asphaltic Concrete, Stone Curb	11.65

Trinidad Sheet Asphalt, Cement Curb	$11.73
Trinidad Asphaltic Concrete, Cement Curb	11.04
Standard Mexican or Texaco Sheet Asphalt, Cement Curb	11.14
Standard Mexican or Texaco Asphaltic Concrete, Cement Curb	10.70
7" Reinforced Concrete, Stone Curb	7.99
7" Reinforced Concrete, Cement Curb	7.12

In the matter of Street Improvement Resolution Number 3094, which provides for the improving of Hoagland Avenue from the west property line of Cornell Circle to the north property line of Pasadena Drive:

BROOKS CONSTRUCTION COMPANY, bid as follows:

Trinidad or Bermudez Sheet Asphalt, Stone Curb	$12.77
Trinidad or Bermudez Asphaltic Concrete, Stone Curb	12.16
Texaco or Mexican Sheet Asphalt, Stone Curb	12.17
Texaco or Mexican Asphaltic Concrete, Stone Curb	11.71
Trinidad or Bermudez Sheet Asphalt, Cement Curb	12.16
Trinidad or Bermudez Asphaltic Concrete, Cement Curb	11.55
Texaco or Mexican Sheet Asphalt, Cement Curb	11.56
Texaco or Mexican Asphaltic Concrete, Cement Curb	11.10
7" Reinforced Concrete, Stone Curb	9.90
7" Reinforced Concrete, Cement Curb	9.30

COIL CONSTRUCTION COMPANY, INC., bid as follows:

7" one course Reinforced Concrete, Stone Curb	$ 8.42
7" one course Reinforced Concrete, Cement Curb	7.72

L. W. DAILEY CONSTRUCTION COMPANY, bid as follows:

Texaco Sheet Asphalt, Stone Curb	$13.14
Texaco Sheet Asphalt, Cement Curb	12.83
Texaco Sheet Iron Asphalt Surface, Stone Curb	12.43
Texaco Sheet Iron Asphalt Surface, Cement Curb	11.29
Texaco Asphaltic Concrete,	12.63
Texaco Asphaltic Concrete, Cement Curb	11.50
7" Reinforced Concrete, Stone Curb	8.49
7" Reinforced Concrete, Cement Curb	7.35

THE GRACE CONSTRUCTION & SUPPLY CO., bid as follows:

Trinidad Sheet Asphalt, Stone Curb	$13.17
Trinidad Asphaltic Concrete, Stone Curb	12.49
Standard Mexican or Texaco Sheet Asphalt, Stone Curb	12.54
Standard Mexican or Texaco Asphaltic Concrete, Stone Curb	12.32
Trinidad Sheet Asphalt, Cement Curb	12.45
Trinidad Asphaltic Concrete, Cement Curb	11.77
Standard Mexican or Texaco Sheet Asphalt, Cement Curb	11.89
Standard Mexican or Texaco Asphaltic Concrete, Cement Curb	11.41
7" Reinforced Concrete, Stone Curb	8.34
7" Reinforced Concrete, Cement Curb	7.56

In the matter of Alley Improvement Resolution Number 3095, which provides for the improving of the alley between Arlington Avenue and Fairfield Avenue from the south property line of Branning Avenue to the north property line of Lexington Avenue:

COIL CONSTRUCTION COMPANY, INC.,	BID	$2.59
L. W. DAILEY CONSTRUCTION CO.,	BID	2.71
E. H. ROEMER,	BID	2.34
A. ROETHELE & SONS,	BID	2.86

In the matter of Alley Improvement Resolution Number 3096, which provides for the improving of the first alley South of Washington Boulevard from the east property line of University Street to the west property line of Walter Street:

COIL CONSTRUCTION COMPANY, INC.,	BID	$2.19
L. W. DAILEY CONSTRUCTION CO.,	BID	2.41
E. H. ROEMER,	BID	2.60
A. ROETHELE & SONS,	BID	2.59

In the matter of Alley Improvement Resolution Number 3098, which provides for the improving of the alley between Holton Avenue and Reed Street from the south property line of Baxter Street to the north property line of McKinnie Avenue:

L. W. DAILEY CONSTRUCTION CO.,	BID	$0.75
FRED LUTZ & SONS,	BID	0.22½
L. H. McAFEE,	BID	0.17
E. H. ROEMER,	BID	Cu. yd. 0.65

Motion was made, seconded and carried that the contracts for the work to beperformed under the aforesaid Alley Improvement Resolutions, be awarded as follows:

3095 - which provides for the improving of the alley between Arlington Avenue and Fairfield Avenue from the south property line of Branning Avenue to the north property line of Lexington Avenue, be awarded to the COIL CONSTRUCTION COMPANY, INC., at and for their price bid, namely, $2.59 per lineal foot, they being the lowest and best bidders.

3096 - which provides for the improving of the first alley South of Washington Boulevard from the east property line of University Street to the west property line of Walter Street, be awarded to the COIL CONSTRUCTION COMPANY, INC., at and for their price bid, namely, $2.19 per lineal foot, they being the lowest and best bidders.

3098 - which provides for the grading of the alley between Holton Avenue and Reed Street from the south property line of Baxter Street to the north property line of McKinnie Avenue, be awarded to L. H. McAFEE, at and for his price bid, namely, $0.17 per lineal foot, he being the lowest and best bidder.

Motion was made, seconded and carried that the making of the preliminary orders for Street Improvement Resolutions, Numbered 3093 and 3094, be TAKEN UNDER ADVISEMENT until Wednesday, September 2nd, 1931, at 10:00 o'clock A. M.

The Board then upon motion took a recess until Wednesday, September 2, 1931, at 10:00 o'clock A. M.

--- oOo ---

The Board re-convened Wednesday the 2nd day of September, 1931, at 10:00 o'clock A. M., and proceeded as follows:

The Board now proceeded to make the following preliminary orders in the matter of Street Improvement Resolutions, Numbered 3093 and 3094, on which bids were received Tuesday, the 1st day of September, 1931, at 10:00 o'clock A. M.

3093 -	Paving of FOSTER PARKWAY,	Reinforced Concrete, Cement Curbing.
3094 -	Paving of HOAGLAND AVENUE,	Reinforced Concrete, Cement Curbing.

In accordance with the Street Paving Law, the Board now upon motion fixed Monday, September 14th, 1931, at 10:00 o'clock A. M., as a date and time when they will consider awarding the contracts on the aforementioned street resolutions; also a date and time up to which they will receive petitions for material other than that designated by the Board.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of JOHN DEHNER, INC., signed by the New Amsterdam Casualty Company, covering the work to be performed under Dike Improvement Resolution Number 4 - 1931, be approved.

The Board then upon motion adjourned.

David Erwin
G. A. Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: SECRETARY-CLERK.

Department of Public Works,
Council Chamber,
Room 1, (Second Floor) City Hall,
Fort Wayne, Indiana,
Thursday, September 3, 1931,
SPECIAL MEETING held at 10:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of Board of Public Works,
Charles A. Ramsey, Member of Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
Jeannette Loos,
F. H. Froehlich, of Froehlich & Emery Engineering Company,
J. R. Emery, of Froehlich & Emery Engineering Company.

This being a date and time previously fixed by the Board when they would receive sealed proposals for Boilers, Stokers, Ash Hoppers, Forced Draft Fans, Induced Draft Fans and Cinder Collectors, Pumps, Heaters, Boiler Water Conditioning System and Exciters for improvement of the City Light and Power Works, they now proceeded to open the same and obtained the following results:

DIVISION ONE

LASKER BOILER AND ENGINEERING CORPORATION, bid as follows:

Complete,	$ 91,460.00

ERIE CITY IRON WORKS, bid as follows:

Complete	110,463.00
Welded Drums	120,625.00

EDGE MOOR IRON COMPANY, bid as follows:

Complete,	90,997.00
Welded Drums,	90,186.00
Super Heater Changes, Additional	1,975.00

BABCOCK-WILCOX COMPANY, bid as follows:

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, September 3, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, September 1, 1931, stand approved, as read.

A deed for sewer right-of-way through the tract of land east of South Kensington Park Addition, executed by Phoebe A. Hamilton in accordance with the contract between the City of Fort Wayne and the said Phoebe A. Hamilton, was received. Motion was made, seconded and carried that the same be recorded and placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Berry Street and Clinton Street; corner of Berry Street and Harrison Street; 429 Boltz Street; corner of Calhoun Street and Murray Street; corner of Clinton Street and East Wayne Street; corner of Grant Avenue and Wayne Trace; 1218 Illsley Drive; corner of Wabash Avenue and Winch Street.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 2018 South Anthony Boulevard; corner of Broadway and Wall Street; 1826 South Calhoun Street; 1707 East Creighton Avenue; 1001 South Harrison Street; 1229 Lafayette Street; 918 Packard Avenue; 1340 Park Avenue; 2207 Spy Run Avenue; 449 East Suttenfield Street.

Motion was made, seconded and carried that the application of Hegeman-Harris Company, to construct 100 feet of cement sidewalks west of the alley between Calhoun Street and Harrison Street, on Douglas Avenue, be granted.

Motion was made, seconded and carried that the application of Wayne P. Branstrator, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1837 Kenwood Avenue, be granted.

Motion was made, seconded and carried that the following bonds, be approved:

City of Fort Wayne, Furnace Bond, signed by the U. S. Fidelity & Guaranty Co.;
Elvie Neith and Arthur Armstrong, signed by the Commercial Casualty Insurance Co.;
Willig Tire Service, Inc., signed by the New Amsterdam Casualty Company.

The City Engineer now submitted plans and specifications for the widening of Pontiac Street five (5) feet on the north side from the west line of Violand's Addition to the east line of Violand's Addition, as more fully set out in Declaratory Resolution Number 650, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 650 - 1931

For the widening of Pontiac Street five (5) feet on the north side from the west line of Violand's Addition to the east line of Violand's Addition.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to widen Pontiac Street five (5) feet on the north side from the west line of Violand's Addition to the east line of Violand's Addition.

All as shown by a plan of such proposed street widening as above described now on file in the office of the Department of Public Works of said City.

The widening of Pontiac Street as above described to be made by condemning and appropriating for street purposes the south five (5) feet of Lots Numbered 24, 23, 22, 21, 20, 19, 18, 17, 16, 15, and 14 Violand's Addition.

The property which may be injuriously or beneficially affected by the proposed street widening as above described is described as Lots Numbered 24, 23, 22, 21, 20, 19, 18, 17, 16, 15 and 14 Violand's Addition.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations", approved March 6th, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property, or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages, except for such moneys as shall have been actually received by the City from the assessments for such damages to property or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvements, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said entitled act and all amendments thereto and supplements thereof.

All of the above described streets and alleys and lots and lands affected by the above described street widening being situated in the Southwest Quarter of the Southeast Quarter of Section 7, Township 30 North, Range 13 East, and within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 650, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 5th and 12th days of September, 1931, and that Thursday, the 24th day of September, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Tuesday, the 21st day of July, 1931, at 10:00 o'clock A. M., having been fixed a date and time when the Board would hear and consider further objections or remonstrances against Improvement Resolution Number 3079, which provides for the improving of the alley between Curdes Avenue and Lawndale Driv from Buena Vista Drive to Woodward Avenue; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be **FULLY AND FINALLY CONFIRMED** as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Alley Improvement Resolution Number 3079 be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 5th and 12th days of September, 1931, and that Tuesday, the 29th day of September, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, September 8, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending August 22nd, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair sidewalk at East Creighton Theatre, be granted.

Motion was made, seconded and carried that the application of August Doergeloh, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1302 Illsey Place, be granted.

A petition, for the installation of an alley light at the rear of 1815 South Clinton Street, between Masterson Avenue and Wallace Street, on City Light Poll #9102, was received. Motion was made, seconded and carried that the City Light Department be instructed to install said light.

Motion was made, seconded and carried that the following plat to the City of Fort Wayne, Indiana, be approved:

"HOBSON HILL ADDITION".

Motion was made, seconded and carried that the bond of Albert Weinman, signed by the Aetna Casualty and Surety Company, be approved.

Motion was made, seconded and carried that the Contracts, Guaranty and Liability Bonds of the COIL CONSTRUCTION COMPANY, INC., signed by the Union Indemnity Company, covering the work to be performed under Alley Improvement Resolutions Numbered 3095 and 3096, be approved.

A. ROETHELE AND SONS, reported the work completed under Alley Improvement Resolution Number 3081, which provides for the improving of the alley between Harrison Street and Calhoun Street form Douglas Avenue to Brackenridge Street, motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3102 - which provides for the improving of the curb and gutter on Euclid Avenue from Drexel Avenue to Oxford Street;
3103 - which provides for the improving of the alley between Central Drive and Plaza Drive from McKee Street to the alley north of McKee Street; also to improve the alley between Pontiac Street and McKee Street from Central Drive to Plaza Drive;
there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions; motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Improvement Resolutions Numbered 3102 and 3103, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 9th and 16th days of September, 1931, and that Tuesday, the 29th day of September, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Street Improvement Resolution Number 3100, which provides for the improving of Spy Run Avenue on the east side from the north curb line of State Boulevard to a point approximately seven hundred (700) feet north of State Boulevard, they now proceeded to open the same and obtained the following results:

E. W. BAUMGARTNER, bid as follows:

695 sq. yds. 3" Brick, Cement Grout fill on 6" concrete base	$ 3.80

David Erwin
[illegible] Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, September 10, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Special Meeting of Thursday, September 3rd, at 10:00 o'clock A. M., and the Regular Meeting of Thursday, September 3rd, at 7:30 o'clock P. M., and the Regular Meeting of Tuesday, September 8th, 1931, at 10:00 o'clock A. M., stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending August 29, 1931, be placed on file.

Motion was made, seconded and carried that the monthly report of the Building Department for the nonth of August, 1931, be placed on file.

Motion was made, seconded and carried that the application of J. F. Gumpper & Sons, to repair sidewalk at 814 Barr Street, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

W. G. Harrod,	22 ft. cut and 18 ft.drive at 1806 California Avenue;
Arthur F. Rodenbeck,	12 ft. cut and 8 ft.drive at 1905 Vermont Avenue.

Motion was made, seconded and carried that the application of Bert Hatcher, to widen the present driveway to a width of 6 feet on Lot No. 409 - West 40' in Hanna's Addition, at second lot west of Harrison Street on South side of Jefferson Street, be granted.

Motion was made, seconded and carried that the following bonds be approved:

J. F. Gumpper and Sons,	signed by the U. S. Fidelity & Guaranty Co. of Baltimore;
Ernest G. Moore,	signed by the Globe Indemnity Company,
Howard Shordon,	signed by the U. S. Fidelity and Guaranty Company.

A petition, for the installation of a street light near 4210 Piqua Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the vacation of all streets and alleys east of the first alley East of Spy Run Avenue to the St. Joseph River and South of the first alley South of Wagner Street to the St. Mary's River.

JOHN C. JOHNSTON reported the work completed under Sidewalk Improvement Resolution Number 3085, which provides for the construction of cement sidewalks on the east side of Franklin Avenue from Polk Street to High Street; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of L. H. McAFEE, signed by the Aetna Casualty & Surety Company, covering the work to be performed under Alley Improvement Resolution Number 3098, be approved.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3082 - which provides for the construction of cement sidewalks on the west side of Barr Street from Rudisill Boulevard to the south line of Lot 1 Piqua Place Addition;
3084 - which provides for the construction of cement sidewalks on the south side of Emma Avenue from Tyler Avenue to Steup Avenue;
3088 - which provides for the construction of cement sidewalks on the north side of Lynn Avenue from Woodward Avenue to Leroy Avenue;
3089 - which provides for the comstruction of cement sidewalks on the east side of Winter Street from Drexel Avenue to Oxford Street;
be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 15th and 16th days of September, 1931, and and that Thursday, the 17th day of September, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3080 - which provides for the paving of the alley between Grant Avenue and Wabash Avenue from Randall Street to the alley south of Randall Street;
3087 - which provides for the construction of cement sidewalks on the east side of Lillie Street from Drexel Avenue to Oxford Street;
also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, secondd and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwih delivered to the Department of Finance. All of which was finally ordered and approved.

The following bids were submitted for the lowering of the rails at the East end of the Tennessee Avenue Bridge:

J. F. GUMPPER AND SONS,	BID	$347.00
MAX IRMSCHER & SONS,	BID	378.40
HENRY WEHRENBERG & SONS,	BID	438.60

Motion was made, seconded and carried that the contract for the lowering of the rails at the East end of the Tennessee Avenue Bridge, be awarded to J. F. GUMPPER AND SONS, at and for their price bid, namely, $347.00, they being the lowest and best bidders.

The Board then upon motion adjourned.

Saturday, September 19, 1931,
SPECIAL MEETING held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
Scott S. Snyder, Sec'y.

This being a date and time previously fixed by the Board when they would consider finally awarding the contract for the work to be performed under Street Improvement Resolution Number 3100, which provides for the improving of Spy Run Avenue on the east side from the north curb line of State Boulevard to a point approximately seven (700) hundred feet north of State Boulevard; after considering and discussing the same motion was made, seconded and carried that the matter of making the final award for the work to be performed under the aforesaid improvement be taken under advisement until Tuesday, September 22nd, 1931 at 10:00 o'clock A. M.

Motion was made, seconded and carried that the hearing on the confirmation of Sidewalk Improvement Resolution Numbers 3105 and 3106, and also the hearing on the confirmation of assessment rolls covering the work performed under Sidewalk Improvement Resolutions Numbered 3084, 3082, 3088 and 3089, which hearings were scheduled for Thursday, September 17, at 7:30 o'clock P. M., be taken under advisement until Thursday, September 24, 1931 at 7:30 o'clock P. M., at which time the Board will consider confirming the same.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the L. W. DAILEY CONSTRUCTION COMPANY, covering the work to be performed under Street Improvement Resolution Number 3093 and Street Improvement Resolution Number 3094, signed by the Fidelity and Casualty Company of New York, be approved.

The Board then upon motion took a recess until Tuesday, the 22nd day of September, 1931, at 10:00 o'clock A. M.

--oOo--

The Board re-convened Tuesday, September 22nd, 1931, at 10:00 o'clock A. M. and proceeded as follows:

This being a date and time previously fixed by the Board when they would receive and open sealed proposals for the work to be performed under Local Sewer Improvement Resolution Number 459-1931 which provides for the construction of a sewer in and along Holton Avenue from the north property line of McKinnie Avenue to the alley south of McKinnie Avenue; also in and along the alley south of McKinnie Avenue from Holton Avenue to Reed Street; also in and along the alley between Holton Avenue and Reed Street from the alley south of McKinnie Avenue to Capitol Avenue; they now proceeded to open the same and obtained the following results:

JOHN DEHNER, INC.	BID	$3.10
G. E. LEININGER	BID	$3.00

Motion was made, seconded and carried that the matter of awarding the contract for the work to be performed under Local Sewer Improvement Resolution Number 459, be taken under advisement until Thursday, September 24, 1931, at 7:30 o'clock P. M.

Motion was made, seconded and carried that the plans, specifications and estimates for Contract Number 6 for the Water Works Improvements for the City of Fort Wayne, which provides for the filtration plant and pumping station, be approved and the estimate placed on file.

The Board then upon motion adjourned.

Porter Construction Company, signed by the American Bonding Company;
T. A. Moynahan Construction Company, signed by the Seabord Surety Co.;
Hageman Harris Co., Inc., signed by the Maryland Casualty Company;
Earl J. Freiburger, signed by the Maryland Casualty Company;
Richard Dietze, signed by the New York Casualty Company;
C. Doenges and Son, signed by the American Employers' Insurance Co.;
C. Miller and Sons, signed by the American Employers' Insurance Co.;
William Sattler, signed by the General Casualty Company.

Motion was made, seconded and carried that the following driveway applications, be granted:

Menefee Art Stone Co.,	12 ft. cut and 8 ft. drive at 4025 Arlington Ave.;
Menefee Art Stone Co.,	12 ft. cut and 8 ft. drive at 701 Archer Ave.;
Arthur F. Rodenbeck,	12 ft. cut and 8 ft. drive at 2414 Clara Ave.;
August Doergeloh,	12 ft. cut and 8 ft. drive at 4632 Calumet Ave.;
Ellison L. Meier,	13 ft. cut and 9 ft. drive at 1748 Franklin Ave.;
Ellison L. Meier,	13 ft. cut and 9 ft. drive at 702 Greenlawn Ave.;
Ellison L. Meier,	13 ft. cut and 9 ft. drive at 4631 Calumet Ave.;
Albert E. Lesh, Repair,	14 ft. drive at 2033 Calhoun St.;
Wayne P. Branstrator,	18 ft. cut and 14 ft. drive at 411 Kinnaird Ave.;
Ernest H. Fuhrman,	40 ft. cut and 36 ft. drive at N. E. Cor. Putnam and Wells Street, driveway facing Putnam Street, (Repair)

Motion was made, seconded and carried that the following applications to construct private sidewalks, be granted:

Ft. Wayne Roofing & Paving Co.,	Repair sidewalk at N. W. Cor. Berry and Van Buren Sts., on Van Buren Street side;
Menefee Art Stone Co.,	70 ft. of sidewalks at southeast corner Harrison and Suttenfield Streets, facing Suttenfield Street;
Ambrose A. Moser,	35 ft. of sidewalk at 3126 So. Webster St.;
W. P. Branstrator,	Repair sidewalk at 3722 Reed Street;
E. W. Baumgartner,	cut 12 ft. trench to width of 4 ft. in sidewalk and private driveway from property line to curb for repairing sewer, at N. E. Corner of Barr Street and Washington Street.

Cecil D. Coil reported the work completed under Alley Improvement Resolution Number 3078, which provides for the paving of the alley between Columbia Avenue and Edgewater Avenue from Loree Street to Dearborn Street. Motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

J. C. Johnston reported the work completed under Sidewalk Improvement Resolution Number 3092, which provides for the construction of cement sidewalks on the west side of Kentucky Avenue from the alley north of Tennessee Avenue to Sallie Avenue. Motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for cutting the corner of Maumee Avenue and Lumbard Street on the south side.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for paving of the approach to the Parnell Avenue Bridge.

A petition, providing for the construction of a sewer from St. Mary's Avenue to Brooklyn Avenue to serve lots facing Kinsmoor Avenue to take care of storm waters thereon, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the construction of cement sidewalks on the west side of Robinwood Drive from Rudisill Boulevard to McKinnie Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, requesting the erection of a light in the alley at the rear of 3131 Hoagland Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, requesting the installation of a light in the alley at the rear of 1719 Howell Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, requesting the installation of a light on Ewing Street between Berry and Wayne Streets, at the rear of the Wayne Pharmacal Building, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, requesting the erection of a light in the alley at the rear of 3019 Holton Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following requests for street and alley lights be referred to the City Light Department for investigation and report:

Request of Councilman Burns that street light be placed at 4601 South Lafayette Street;

Request of Councilman Ed. Fisher, that light be placed in the alley between Oakdale Drive and Illsley Drive from Beaver Avenue to Broadway.

A remonstrance, remonstrating against large trucks hauling dirt from the New Post Office Site to the dump, passing the corner of Jefferson and Barr Streets, was received. Motion was made, seconded and carried that the same be placed on file.

The City Engineer submitted a plan showing encroachments on the south side of Superior Street abutting Lot Number 4 in County Addition, owned by the National Mill Supply Company. After considering the said plan, motion was made, seconded and carried that the National Mill Supply Company be given a notice, ordering them to remove said obstruction, namely, loading platform now located on city property in front of their warehouse, on or before October 10, 1931.

In the matter of the awarding of the contract for the work to be performed under Street Improvement Resolution Number 3100, which provides for the paving of Spy Run Avenue on the east side from the north curb line of State Boulevard to a point approximately seven hundred (700) feet north of State Boulevard; the City Engineer submitted a communication requesting the Board to award the contract for Brick Pavement instead of reinforced concrete as designated in the preliminary order. Motion was then made, seconded and carried that the contract for the work to be performed under said Street Improvement Resolution Number 3100, be awarded to the L. W. DAILEY CONSTRUCTION COMPANY, for Brick Pavement with Cement Curbing, at and for their price bid, namely, $9.41 per lineal foot, they being the lowest and best bidders.

In the matter of the awarding of the contract for the work to be performed under Local Sewer Improvement Resolution Number 459, which provides for the construction of a sewer in and along Holton Avenue from the north property line of McKinnie Avenue to the alley south of McKinnie Avenue; also in and along the alley south of McKinley Avenue from Holton Avenue to Reed Street; also in and along the alley between Holton Avenue and Reed Street from the alley south of McKinnie Avenue to Capitol Avenue; after re-considering the bids submitted on September 22nd, 1931, motion was made, seconded and carried that all bids BE REJECTED. Motion was then made, seconded and carried that Notice to Contractors of the work to be performed under Local Sewer Improvement Resolution Number 459, be re-advertised in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 26th day of September, 1931 and the 3rd day of October, 1931, and that Tuesday, the 20th day of October, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the following Declaratory Resolutions:

649 - which provides for the opening and extending of Branning Avenue from the east line of Lot Number 2 Engle's Addition to Piqua Avenue;
650 - which provides for the widening of Pontiac Street five (5) feet on the north side from the west line of Violand's Addition to the east line of Violand's Addition;

there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be fully and finally confirmed, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain Sidewalk Improvement Resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Sidewalk Improvement Resolution Number 3105, which provides for the construction of cement sidewalks on both sides ofBuena Vista Drive from Curdes Avenue to the south line of Paramount Addition; there having been presented a remonstrance, which after a check-up, was found to contain 100% of the resident property owners affected, motion was made, seconded and carried that said REMONSTRANCE BE SUSTAINED and the said resolution taken under advisement.

In the matter of Sidewalk Improvement Resolution Number 3106, which provides for the construction of cement sidewalks on the north side of Pontiac Street from Central Drive to the Wayne Trace Subway; motion was made, seconded and carried that the matter of confirming the said resolution be taken under advisement until Tuesday, September 29th, 1931, at 10:00 o'clock A. M.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3081 - which provides for the paving of the alley between Harrison Street and Calhoun Street from Douglas Street to Brackenridge Street;
3085 - which provides for the construction of cement sidewalks on the east side of Franklin Avenue from Polk Street to High Street;
be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 29th and 30th days of September, 1931, and thatThursday, the 1st day of October, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefitted by said improvement in the amounts named on said assessment rolls.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Main Sewer Improvement Resolution Number 63-1931, which provides for the construction of a 10 inch Cast Iron Pipe sewer, commencing at a point where the alley north of Wildwood Drive interesects the east bank of St. Mary's River; thence east in alley north of Wildwood Avenue to Thompson Avenue; thence north in Thompson Avenue to Home Avenue; thence east in Home Avenue and in the alley between Home Avenue and Cottage Avenue to Beaver Avenue; be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 26th day of September and the 3rd day of October, 1931, and that Thursday, the 22nd day of October, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefitted by said improvement in the amounts named on said assessment rolls.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3082 - which provides for the construction of cement sidewalks on the west side of Barr Street from Rudisill Boulevard to the South Line O f Lot Number 1, Piqua Place Addition;
3084 - which provides for the construction of cement sidewalks on the south side of Emma Avenue from Tyler Avenue to Steup Avenue;
3088 - which provides for the construction of cement sidewalks on the north side of Lynn Avenue from Woodward Avenue to Leroy Avenue;
3089 - which provides for the construction of cement sidewalks on the east side of Winter Street from Drexel Avenue to Oxford Street;
also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based on the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: ____________
SECRETARY.

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS

ATTEST:
JEANNETTE LOOS,
SECRETARY PRO TEM.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Wednesday, September 30, 1931,
SPECIAL MEETING held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, August 24, 1931, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending September 6th, and September 19th, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 3020 North Anthony Boulevard; corner of Anthony Boulevard and State Boulevard; corner of Fox Avenue and Walnut Street; corner of Fox Avenue and DeWald Street; 1200 Block Harrison Street; 900 Block Madison Street; corner of Main Street and Cherry Street; corner of Main Street and Osage Street; 200 Block Putnam Street; corner of Wayne Street and College Street; 121 East Williams Street.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair sidewalks at 219 and 221 East Main Street, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

E. W. Baumgartner,	12 ft. cut and	8 ft. drive at	1926 Fourth Street;
Charles Houser,	14 ft. cut and	10 ft. drive at	2232 East Pontiac St.;
William D. Swank,	12 ft. cut and	8 ft. drive at	1223 Clara Street;
F. J. Tibbitts,	12 ft. cut and	8 ft. drive at	242 E. Maple Grove Ave.

A petition, providing for the installation of water mains on Nuttman Road from Brooklyn Avenue West, was received. Motion was made, seconded and carried that the same be referred to the Water Works Department for investigation and report on cost.

A petition, providing for the paving of Belle Avenue with concrete from Fox Avenue west to the alley, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications, for the same.

A petition, providing for the grading and cindering of Drexel Avenue from Winter Street to Anthony Boulevard, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the contract for tearing out the brick work in the present bulkheads in the Reservoir, under Contract No. 2, of the Water Works Improvement, and re-placing same with two 48" sleeves and plugs and one 36" sleeve and plug, all to be leaded and concreted in place complete, be awarded to BUESCHING-HAGERMAN & COMPANY, for the sum of Two Hundred Twenty-five Dollars ($225.00). The Water Works Department will furnish cast iro sleeves and plugs.

Motion was made, seconded and carried that Estimate Number 11 for Engineering Services in connection with the Water Works Improvement in the amount of $26,160.00, be approved, and that the Water Works Department be instructed to pay same.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Contract Number 6, which provides for the construction of the Three Rivers Filtration and Pumping Station, in connection with the Water Works Improvement, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 1st and 8th days of October, 1931, and that Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforesaid improvement.

Thursday, the 24th day of September, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the confirmation of Sidewalk Improvement Resolution Number 3105, which provides for the construction of cement sidewalks on both sides of Buena Vista Drive from Curdes Avenue to the south line of Paramount Addition, there having been filed a remonstrance, which after a check-up was found to contain the signatures of 100% of the resident property owners affected thereby, motion was made, seconded and carried that the said remonstrance be sustained and after re-considering the same, motion was further made, seconded and carried that the said Resolution be sent to the Council at their next regular meeting, Tuesday, October 13, 1931, for consideration.

Thursday, the 24th day of September, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the confirmation of Sidewalk Improvement Resolution Number 3106, which provides for the construction of cement sidewalks on the North side of Pontiac Street from Central Drive to the Wayne Trace subway; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; after re-considering the same, there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Sidewalk Improvement Resolution Number 3106, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 1st and 8th days of October, 1931, and that Tuesday, the 20th day of October, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

Motion was made, seconded and carried that the primary assessment rolls of benefits and damages in the matter of Declaratory Resolutions Numbered:

649 - which provides for the opening and extending of Branning Avenue from the East line of Lot Number 2 Engle's Addition to Piqua Avenue;
650 - which provides for the widening of Pontiac Street five (5) feet on the North side from the West line of Violand's Addition to the east line of Violand's Addition;

be and the same are hereby APPROVED and that Notice to Non-Residents be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 1st, 8th and 15th days of October, 1931, and that Thursday, the 29th day of October, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment rolls and also against the assessment of benefits and damages awarded on the same.

Motion was made, seconded and carried that the contracts for the work to be performed under certain Improvement Resolutions on which bids were received Tuesday, September 29, 1931, at 10:00 o'clock A. M., be awarded as follows:

3079 - which provides for the improving of the alley between Curdes Avenue and Lawndale Drive from the east property line of Buena Vista Drive to the west property line of Woodward Avenue, be awarded to E. H. ROEME, at and for his price bid, namely, $1.69 per lineal foot, he being the lowest and best bidder.

3102 - which provides for the improving of the curb and gutter on Euclid Avenue from the south curb line of Drexel Avenue to the north property line of Oxford Street, be awarded to A. ROETHELE AND SONS, at and for their price bid, namely, $1.65 per lineal foot, they being the lowest and best bidders.

3103 - which provides for the improving of the alley between Central Drive and Plaza Drive from the north property line of McKee Street to the south property line of the alley north of McKee Street; also to improve the alley between Pontiac Street and McKee Street from the east propert line of Central Drive to the west property line of Plaza Drive, be awarded to the COIL CONSTRUCTION COMPANY, INC., at and for their price bid, namely, $1.94 per lineal foot, they being the lowest and best bidders.

The Board then upon motion adjourned.

David Erwin, Member of the Board of Public Works,
C. A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary of the Board of Public Works,
E. C. Shoecraft, of Hoad, Decker, Shoecraft and Drury,
Robert McNamee, of Hoad, Decker, Shoecraft and Drury.

The meeting was called to order by Mr. Trier, acting as Chairman.

The Engineers presented plans, specifications and estimates for Contract Number 7, which provides for the furnishing and erection of Centrifugal Pumping Units, Contract Number 8, which provides for the furnishing and erection of Electrical Equipment and Contract Number 9, which provides for the furnishing of Valves and Gates of the Water Works Improvements.

Motion was made, seconded and carried that the plans, specifications and estimates for Contracts Numbers 7, 8 and 9, be approved, and that the estimates be placed on file.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Contract Number 7, which provides for the furnishing and erection of Centrifugal Pumping Units, Contract Number 8, which provides for the furnishing and erection of Electrical Equipment and Contract Number 9, which provides for the furnishing of Valves and Gates of the Water Works Improvements, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 9th and 16th days of October, 1931, and that Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforesaid improvement.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, Cith Hall,
Fort Wayne, Indiana,
Thursday, October 8, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, October 1st, and the Special Meeting of Thursday, October 8th, 1931, stand approved, as read.

Motion was made, seconded and carried that the monthly report on the Building Department for the month of September, 1931, be placed on file.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending September 26, 1931, be placed on file.

Motion was made, seconded and carried that the request for the installation of a Fire Plug at the corner of Parkwood Road and Westbrook Drive, be referred to the Water Works Department for investigation and report on cost.

Motion was made, seconded and carried that the request of Councilman Perrey, for the installation of a street light at the corner of Glasgow Avenue and Randall Street, on the East side of Glasgow, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request of Councilman Lenz, for the installation of an alley light at the rear of 2003 South Hanna Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request of Councilman Weisenburger, for the installation of an alley light between Walnut Street and Poplar Street on the west side of Fairfield Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request for the installation of a street light at the corner of Runnion Avenue and Fourth Street, be referred to the City Light Department for investigation and report.

A report from the City Light Construction Department, recommending the installation of an alley light at the rear of 3131 Hoagland Avenue, on Traction pole #2870, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Construction Department, recommending the installation of an alley light at the rear of 1719 Howell Street, on Traction pole #9779, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Construction Department, with reference to the petition for the installation of a street light on Ewing

Street between Berry Street and Wayne Street at the rear of the Wayne Pharmacal Building, was received, stating that there is at present an alley light approximately 100 feet East of the said location. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Construction Department, recommending the installation of an alley light at the rear of 3019 Holton Avenue, on Home pole #4105, was received. Motion was made, seconded and carried that the same be placed on file.

A report was received from the City Light Construction Department, recommending the installation of two alley lights in the alley between Oakdale Drive and Illsley Drive from Beaver Avenue to Broadway, one on Traction pole Number 23208 and one on City pole #4140. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Construction Department, recommending the installation of a street light near 4210 Piqua Avenue, on Telephone pole #3637, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, for the installation of a light in the alley between Lillie Street and Winter Street from Colerick Street to Eckert Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the circulation of water, to make connections at Edsall Avenue and Pennsylvania Street, also at Edsall Avenue and McDonald Street, was received. Motion was made, seconded and carried that the same be referred to the Water Works Department for investigation and report.

Plans and specifications for the rounding of the corner on the Southwest corner of Maumee Avenue and Lumbard Street were submitted by the City Engineer. Motion was made, seconded and carried that the City Street Department be instructed to make the cut as outlined in the plans submitted.

Motion was made, seconded and carried that the application of F. J. Tibbitts, to repair sidewalk at 2418 North Anthony Boulevard, be granted.

Motion was made, seconded and carried that the application of F. J. Tibbits, to repair sidewalk at 2414 North Anthony Boulevard, be granted.

Motion was made, seconded and carried that the application of Bert Hatcher, to re-place sidewalks at 726 and 728 Clinton Street, also at the northwest corner of Berry Street and Clinton Street, be granted.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to repair 40 feet of sidewalk at 135 West Lewis Street, be granted.

Motion was made, seconded and carried that the application of E. H. Roemer, to repair sidewalks at 1601 and 1603 East Wayne Street, be granted.

Motion was made, seconded and carried that the application of E. H. Roemer, to repair sidewalk at 1701 and 1705 East Wayne Street, be granted.

Motion was made, seconded and carried that the application of Kanning & Sons, to cut the curbing to a width of 20 ft. and to construct a driveway to a width of 16 ft. at 2005 Calhoun Street, be denied and filed.

Motion was made, seconded and carried that the following driveway applications, be granted:

Noah Beberstine, 12 ft. cut and 8 ft. drive at 1910 Delaware Avenue;
Kanning and Sons, 40 ft. cut and 36 ft. drive at 2007 Calhoun Street;
Kanning and Sons, 40 ft. cut and 36 ft. drive at 112 E. Williams St.
Menefee Art Stone Co., 12 ft. cut and 8 ft. drive at 512 Kinsmoor Avenue.

Motion was made, seconded and carried that the following bonds, be approved:

Harold E. Bolyard, signed by the U. S. Fidelity & Guaranty C.
Wayne E. Branstrator, signed by the London & Lancashire Ind. Co
Edmunds Electrical Construction Co., signed by the Royal Indemnity Co. of N. Y
Charles Houser, signed by the General Casualty Company,
W. Frank Welch, signed by the New Amsterdam Casualty Co.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the COIL CONSTRUCTION COMPANY, signed by the Union Indemnity Company, covering the work to be performed under Alley Improvement Resolution Number 3103, be approved.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of A. ROETHELE AND SONS, signed by the Commercial Casualty Insurance Company, covering the work to be performed under Street Street Improvement Resolution Number 3102, be approved.

THE COIL CONSTRUCTION COMPANY, INC., reported the work completed under Alley Improvement Resolution Number 3095, which provides for the improvi of the alley between Arlington Avenue and Fairfield Avenue from Branning Avenu to Lexington Avenue; ALSO Alley Improvement Resolution Number 3096, which provides for the improving of the first alley south of Washington Boulevard from University Street to Walter Street; motion was made, seconded and carried that the City Engineer be instructed to prepare primary assessment rolls for the sa

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions, Numbered:

3078 - which provides for the improving of the alley between Columbia Avenue and Edgewater Avenue from Loree Street to Dearborn Street;
3092 - which provides for the construction of cement sidewalks on the west sid of Kentucky Avenue from the alley north of Tennessee Avenue to Sallie Avenue;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of th holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carri that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

ATTEST: Scott D. Snyder

ATTEST: Scott S Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, October 15, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending October 3, 1931, be placed on file.

A report was received from Charles B. Yobst, Superintendent of the Water Works Department, stating that the cost for the setting of the hydrant for the installation of a Fire Plug at the corner of Parkwood and Westbrook Drive would be $176.33. Motion was made, seconded and carried that the Water Works Department be instructed to install same.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Arlington Avenue and Branning Avenue; corner of Arlington Avenue and Maxine Drive; Southwest corner of Arlington Avenue and Rudisill Boulevard; Northwest corner of Arlington Avenue and Rudisill Boulevard; corner of Fairfield Avenue and Branning Avenue; 3328 Robinwood Drive; corner of South Wayne Avenue and Rudisill Boulevard.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to repair sidewalk at 2711 North Anthony Boulevard, be granted.

Motion was made, seconded and carried that the application of W. A. Sheets, to construct cement sidewalks at 620 Harrison Street. according to instructions received by the City Engineer and the Board of Public Works, be granted.

Motion was made, seconded and carried that the application of W. A. Sheets, to construct a driveway to a width of 30 feet at 201 Pearl Street, also to construct a driveway to a width of 30 feet at 620 South Harrison Street, according to the instructions of the City Engineer and the Board of Public Works, be granted.

Motion was made, seconded and carried that the following driveway applications be granted:

L. W. Dailey,	14 ft. cut and 10 ft. drive at 4421 Hoagland Avenue;
L. W. Dailey, (2 drives)	12 ft. cut and 8 ft. drive at 3939 S. Harrison St.; drives face Foster Parkway;
L. W. Dailey,	16 ft. cut and 12 ft. drive at 4003 S. Harrison St. drive faces Foster Parkway;
Everett R. Ellerman,	12 ft. cut and 8 ft. drive at 4416 Arlington Avenue;
C. E. Keller,	12 ft. cut and 8 ft. drive at 3618 Reed Street;
A. Roethele and Sons,	11 ft. cut and 7 ft. drive at 3401 Euclid Avenue.

A report from the City Light Department, stating that there is at present an alley light installed in the first alley east of Calhoun Street south of Wallace Street, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Department, recommending the installation of a light in the alley between Fairfield Avenue and Hoagland Avenue from Williams Street to Masterson Avenue on Traction pole #23100, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Department, recommending the installation of a street light at the corner of Glasgow Avenue and Randall Street, on the East side of Glasgow Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Department recommending the installation of an alley light at the rear of 2003 South Hanna Street on City pole #9245, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Department recommending the installation of a light in the alley at the rear of 330 Kinnaird Avenue, on Home pole #1201, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Department recommending the installation of an alley light on Traction pole #7265, at 4601 South Lafayette Street, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Department, recommending the installation of a street light at the corner of Runnion and Fourth Streets, was received. Motion was made, seconded and carried that the same be placed on file.

A report from the City Light Department, recommending the installation of an alley light between Walnut Street and Poplar Street in the alley west of Fairfield Avenue, on City pole #5774, was received. Motion was made, seconded and carried that the same be placed on file.

An instrument of dedication from Lucy B. Knode, for the widening of Pontiac Street westerly from the west line of the subway under the tracks of the Pennsylvania Railroad Company, was received. Motion was made, seconded and carried that the same be referred to the City Engineer for recording.

Motion was made, seconded and carried that the following bonds, be approved:

William L. Geller,	signed by the Fidelity & Casualty Co;
Al C. Klingenberger Sheet Metal Works,	signed by the U.S. Fidelity & Guaranty Co.
Sheets Construction Company,	signed by the General Casualty Company.

THE FORT WAYNE CONSTRUCTION COMPANY reported the work completed under Street Improvement Resolution Number 3072, which provides for the improving of Pontiac Street from Queen Street to Wayne Trace Subway and Wayne Trace Subway being so much of Pontiac as the Indiana Service Corporation is obligated to pave and improve. Motion was made, seconded and carried that the same be placed on file.

THE GRACE CONSTRUCTION & SUPPLY COMPANY reported the work completed under Street Improvement Resolution Number 3074, which provides for the improving of Howard Street from Washington Boulevard to Erie Street. Motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3072 - which provides for the improving of Pontiac Street from Queen Street to Wayne Trace Subway and Wayne Trace Subway being so much of Pontiac Street as the Indiana Service Corporation is obligated to pave and improve;
3095 - which provides for the improving of the alley between Arlington Avenue and Fairfield Avenue from Branning Avenue to Lexington Avenue;
3096 - which provides for the improving of the first alley south of Washington Boulevard from University Street to Walter Street;
be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 20th and 21st days of October, 1931, and that Thursday, the 22nd day of October, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

Thursday, the 1st day of October, 1931, having been fixed a date and time when the Board would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3085, which provides for the construction of cement sidewalks on the east side of Franklin Avenue from Polk Street to High Street; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

John Orr
W. A. Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, October 20, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the cutting of the corner on the east side of the north approach to the Wayne Trace Subway.

Motion was made, seconded and carried that the plans and estimate submitted by the City Engineer, covering the paving of the south approach to the Parnell Avenue Bridge, be approved, and that Wm. H. Droege, City Paving Chemist, be instructed to construct same in accordance with said plans.

A report was received from the City Engineer, regarding the complaint of damage to property in rear of Lot No. 38 in Ninde's Second Addition, stating that he finds no cause for damage to this lot due to the cut in the alley. At the time the alley was paved the property had encroached on the alley with a 3 foot embankment, making it necessary to cut this away in order to pave the alley, further stating that the property owner should build a retaining wall. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Glasgow Avenue and East Washington Boulevard; corner of Lafayette Street and Main Street; corner of Main Street and Clinton Street; 1518 Spy Run Avenue; corner of East Wayne Street and Glasgow Avenue.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 2209 North Anthony Boulevard; 3625 South Barr Street; 812 Begue Street; 121 West Brackenridge Street; corner of Broadway and Jefferson Street; 4210 Drury Lane; 2207 Fairfield Avenue; alley at rear of 2020 Florida Drive; 303 Greenwood Avenue; 9202 Harrison Street; 220 Killea Street, (2 cuts); 331 East Washington.

Motion was made, seconded and carried that the following driveway applications, be granted:

Bear and Meyer,	12 ft. cut and 8 ft. drive at S.W. cor. Schilling and Emerson, drive faces Schilling Avenue;
Melvin McDevitt,	12 ft. cut and 8 ft. drive at 429 East Douglas Avenue;
J. A. Pfleiderer,	12 ft. cut and 8 ft. drive at 1004 Liberty Street, drive faces on Begue Street.

Motion was made, seconded and carried that the bond of W. F. Possell, signed by the Fidelity & Casualty Company of New York, be approved.

A petition, for the installation of an alley light at the rear of 1220 Sherman Boulevard, was received. Motion was made, seconded and carried that the same be referred to the City Light Department, for investigation and report.

A petition, for the installation of a street light at the corner of Rudisill Boulevard and Bowser Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

THE BROOKS CONSTRUCTION COMPANY reported the work completed under Street Improvement Resolution Number 3090, which provides for the improving of Brackenridge Street from Calhoun Street to Harrison Street; ALSO, under Street Improvement Resolution Number 3091, which provides for the improving of Douglas Avenue from Calhoun Street to Harrison Street. Motion was then made, seconded and carried that the City Engineer be instructed to prepare primary assessment rolls for the same.

L. W. DAILEY reported the work completed under Street Improvement Resolution Number 3094, which provides for the improving of Hoagland Avenue from the west property line of Cornell Circle to the north property line of Pasadena Drive. Motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

FRED H. FUELLING reported the work completed for the construction of a track from the New York Central Railroad track to the City Asphalt Plant and Water Works Pumping Station Number 2; motion was made, seconded and carrie that the contract price of $1,877.00 for removing old track and furnishing material for the new track and the contract price of $1,333.00 for furnishing gravel and constructing fill and cinder ballast, be paid, as follows: 3/6 from the River Bank Improvement fund, $1,605.00; 2/6 by the Fort Wayne Water Works Department, $1,070.00, and 1/6 by the City Asphalt Plant, $535.00.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the making of certain improvements, they now proceeded to open the same and obtained the following results:

In the matter of Sidewalk Improvement Resolution Number 3106, which provides for the construction of cement sidewalks on the north side of Pontiac Street from Central Drive to the Wayne Trace Subway:

COIL CONSTRUCTION COMPANY, INC.,	BID	$0.83
L. W. DAILEY CONSTRUCTION CO.,	BID	0.73
E. H. ROEMER,	BID	0.76
A. ROETHELE AND SONS,	BID	0.89

In the matter of Local Sewer Improvement Resolution Number 459, which provides for the construction of a sewer in and along Holton Avenue from the north property line of McKinnie Avenue to the alley south of McKinnie Avenue; also in and along the alley south of McKinnie Avenue from Holton Avenue to Reed Street; also in and along the alley between Holton Avenue and Reed Street from the alley south of McKinnie Avenue to Capitol Avenue:

THE COLONE-NOSOTI COMPANY,	BID	$2.39
JOHN DEHNER, INC.,	BID	3.12

HIPSKIND HEATING & PLUMBING CO.,	BID	$2.73
SOL KOBLE,	BID	2.64
G. E. LEININGER,	BID	3.00
ANTON RIEG, JR.,	BID	2.92

Motion was made, seconded and carried that the contract for the work to be performed under Improvement Resolution Number 3106, which provides for the construction of cement sidewalks on the north side of Pontiac Street from Central Drive to the Wayne Trace subway, be awarded to the L. W. DAILEY CONSTRUCTION COMPANY, at and for their price bid, namely, $0.73 per lineal foot, they being the lowest and best bidders.

Motion was made, seconded and carried that the contract for the work to be performed under Local Sewer Improvement Resolution Number 459, be awarded to the COLONE-NOSOTI COMPANY, at and for their price bid, namely, $2.39 per lineal foot, they being the lowest and best bidders.

The Board then upon motion took a recess until Tuesday, the 20th day of October, 1931, at 3:00 o'clock P. M.

--- oOo ---

The Board re-convened Tuesday, the 20th day of October, 1931, at 3:00 o'clock P. M., and proceeded as follows:

In the matter of:

DIVISION NO. ONE: - Two water tube steam boilers, superheaters, air heaters, water cooled furnace walls, and masonry settings, delivered and erected;

DIVISION NO. TWO: - Two multiple retort underfeed Mechanical stokers, delivered and erected;
for improvement of the City Light and Power Works, on which bids were received, Thursday, September 3rd, 1931, at 10:00 o'clock A. M., the Board of Public Works having given all bidders an opportunity to explain their equipment and answer any questions pertaining to same, and after careful and thorough consideration of all the factors affecting the merits of the bids submitted and after a careful study of the Engineers' report and recommendations, motion was made, seconded and carried that the contract for Division No. One and Division No. Two, be awarded to THE BABCOCK AND WILCOX COMPANY, on their combination base bid, using Westinghouse stokers, at and for their price bid, namely, $127,700.00, this in the opinion of the Board being the lowest and best bid.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, October 22, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication, from the Board of Public Safety, requesting that the curbing along the Esplanade in Shawnee Drive be replaced and that the guard rail extension under the Wabash Elevation at Taylor Street be completed, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending October 10, 1931, be placed on file.

Motion was made, seconded and carried that the Sewer Department be instructed to install a catch basin at the rear of 1923 East Washington Boulevard.

Motion was made, seconded and carried that the following driveway applications, be granted:

Fred Everding, 24 ft. cut and 20 ft. drive at 1009 Eliza Street;
Fred H. Fuelling, 12 ft. cut and 8 ft. drive at 1229 Ohio Street;
Kanning and Sons, 16 ft. cut and 12 ft. drive at 3402 Bond Avenue.

After reconsidering the application of Kanning and Sons, to make a cut into the curbing to a width of 20 feet and to construct a driveway to a width of 16 feet at 2005 Calhoun Street, which was denied in the meeting of Thursday, October 8, 1931, motion was made, seconded and carried that the same be granted.

After re-considering the application of Kanning and Sons, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at 2007 Calhoun Street, which was granted in the meeting of Thursday, October 8, 1931, motion was made, seconded and carried that the same be MODIFIED from a 40 foot cut and 36 foot drive to a 30 foot cut and 26 foot drive.

A petition, for the installation of a light at the intersection of the alley between Cass Street and Wells Street on the North side of Fifth Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of L. W. DAILEY, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Sidewalk Improvement Resolution Number 3106, be approved.

J. F. GUMPPER AND SONS reported the work completed for the lowering of the rails at the east end of the Tennessee Avenue Bridge crossing the St. Joseph River. Motion was made, seconded and carried that the same be paid.

E. H. ROEMER reported the work completed under Alley Improvement Resolution Number 3079, which provides for the improving of the alley between Curdes Avenue and Lawndale Drive from Buena Vista Drive to Woodward Avenue; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

THE DAILEY CONSTRUCTION COMPANY reported the work completed under Street Improvement Resolution Number 3093, which provides for the improving of Foster Parkway from Calhoun Street to Harrison Street; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

A. ROETHELE AND SONS reported the work completed under Street Improvement Resolution Number 3102, which provides for the improving of the curb and gutter on Euclid Avenue from Drexel Avenue to Oxford Street; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the following contract made and entered into the twenty-first day of October, 1931, and bond, be approved and ordered sent to the Council at their next regular meeting, Tuesday, October 27, 1931:

CONTRACT AND BOND

CONTRACT

This agreement made and entered into this twenty-first day of October, 1931, by and between THE BABCOCK AND WILCOX COMPANY of the County of New York, State of New York, party of the first part, and the CITY OF FORT WAYNE, County of Allen, and State of Indiana, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part covenants and agrees to furnish and pay for all work, materials and apparatus, tools and labor necessary for the construction, delivery and erection of the work, materials and apparatus as covered by the following named divisions of the Specifications for the Improvement of the City Light and power Works, on file in the office of the Board of Public Works, to wit:

DIVISION NO. 1.
Two (2) water tube steam boilers, superheaters, air heaters, water cooled furnace walls, masonry settings, soot blowers, trimmings, supporting steel and upper fronts, all delivered and erected on Purchasers foundations in Purchasers boiler plant building in the City of Fort Wayne, Indiana, and,

DIVISION NO. 2.
Two (2) multiple retort underfeed stokers of the double roll clinker grinder type, with stoker and grinder drives, delivered and erected in Purchasers boiler plant building in the City of Fort Wayne, Indiana,

all of which work, material and apparatus is to be in accordance with the Specifications for the Improvement of the City Light and Power Works and the proposal of the Babcock and Wilcox Company Alternate Bid A-1, combination bid on Divisions Nos. 1 and 2, on file in the office of the Board of Public Works, all of which specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length, for and in consideration of the payment by the City of Fort Wayne, as follows, to wit:

ONE HUNDRED TWENTY-SEVEN THOUSAND, SEVEN HUNDRED DOLLARS AND NO CENTS ($127,700.00).

Stoker clinker grinder drive motors and control are to be of General Electric Company make.

Delivery of the first of the two boilers with its superheater, air heater, water cooled furnace walls, soot blowers, trimmings and supporting steel will be made within 42 days after notification by the party of the second part but not later than 120 days after date of this agreement except by mutual agreement of the parties hereto.

Delivery of the second of the two boilers with its superheater, air heater, water cooled furnace walls, soot blowers, trimmings and supporting steel will be made within 49 days after notification by the party of the second part but not later than 240 days after date of this agreement except by mutual agreement of the parties hereto.

Delivery of the first of the two stokers with stoker and grinder drives will be made within 30 days after notification by the party of the second part but not later than 120 days after date of this agreement except by mutual agreement of the parties hereto. Delivery of the second of the two stokers with stoker and grinder drives will be made within 60 days after notification by the party of the second part but not later than 240 days after the date of this agreement except by mutual agreement of the parties hereto.

Erection of each boiler and its appurtenances including stoker and masonry setting will be completed within 84 calendar days after delivery and after preparation of the site by the party of the second part.

Payments are to be made in accordance with paragraph 18 - "Terms of Payment" of the specifications on file in the office of the Board of Public Works.

To each of the conditions and stipulations of this contract the undersigned, each for itself binds itself, its successors and assigns.

IN WITNESS WHEREOF, we, the foregoing named parties, hereunto set our hands and seal, in triplicate, on the day and year first above written.

CITY OF FORT WAYNE, INDIANA

THE BABCOCK & WILCOX CO.
T. P. McFARLANE, DIST. SALES G
PARTY OF THE FIRST PART

APPROVED AS TO FORM AND LEGALITY
BY: WM. FRUECHTENICHT.

CONTRACT BOND

KNOW ALL MEN BY THESE PRESENTS:

That we, the undersigned THE BABCOCK AND WILCOX COMPANY OF NEW YORK as principals and COMMERCIAL CASUALTY INSURANCE COMPANY of the County of Newark, and State of New Jersey as sureties, are held and firmly bound unto the State of Indiana (for the benefit of the City of Fort Wayne, and for the benefit of all other persons who may have any claim hereunder by law), in the sum of ONE HUNDRED TWENTY-SEVEN THOUSAND, SEVEN HUNDRED DOLLARS, ($127,700.00), for the payment of which, well and truly to be made, we jointly and severally bind ourselves, our heirs, executors, administrators and assigns firmly by these presents.

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH THAT whereas the above named principal did on the twenty-first day of October, 1931, enter into a contract with the City of Fort Wayne, Indiana, which said contract is made a part of this bond the same as though set forth herein:

Now, if the said BABCOCK AND WILCOX COMPANY shall well and faithfully do and perform the things agreed by it to be done and performed according to the terms of said contract; and shall pay all lawful claims of subcontractors, material men and laborers, for labor performed and materials furnished in the carrying forward, performing or completing of said contract, and all other lawful claims; we agreeing and assenting that this undertaking shall be for the benefit of any material man or laborer having a just claim, as well as for the obligee herein; then this obligation shall be void; otherwise the same shall remain in full force and effect; it being expressly understood and agreed that the liability of the surety for any and all claims hereunder shall in no event exceed the penal amount of this obligation as herein stated.

The said surety hereby stipulates and agrees that no modification, omissions, or additions, in or to the terms of the said contract or in or to the plans or specifications therefor shall in any wise affect the obligation of said surety on its bond.

In the event the said City shall extend the time for the completion of said work, such extension shall not in any way release the sureties on this bond.

WITNESS OUR HANDS AND SEALS the day and year last above written.

THE BABCOCK & WILCOX CO. (SEAL)	COMMERCIAL CASUALTY INSURANCE CO. (SEAL)
T. P. McFARLANE, DIST SALES MGR. (SEAL) PRINCIPAL	By JACKSON K. LANDERS, Atty-in-fact(SEAL) SURETY

Motion was made, seconded and carried that the primary assessment roll for the work performed under Improvement Resolution Number 3074, which provides for the improving of Howard Street from Washington Boulevard to Erie Street; be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 27th and 28th days of October, 1931, and that Thursday, the 29th day of October, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3072 - which provides for the improving of Pontiac Street from Queen Street to Wayne Trace Subway and Wayne Trace subway being so much of Pontiac S as the Indiana Service Corporation is obligated to pave and improve;
3095 - which provides for the paving of the alley between Arlington Avenue and Fairfield Avenue from Branning Avenue to Lexington Avenue;
3096 - which provides for the paving of the first alley south of Washington Boulevard from University Street to Walter Street;
also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Main Sewer Improvement Resolution Number 63, which provides for the construction of a sewer commencing at a point where the alley north of Wildwood Avenue intersects the east bank of the St. Mary's River; thence east in the alley north of Wildwood Avenue to Thompson Avenue; thence north in Thompson Avenue to Home Avenue; thence east in Home Avenue and in the alley between Home Avenue and Cottage Avenue to Beaver Avenue. Motion was made, seconded and carried that the confirmation of the assessment roll for the aforementioned resolution, be TAKEN UNDER ADVISEMENT.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, October 29, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending October 17th and October 24th, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of Guthrie Street and Nelson Street, be granted.

Motion was made, seconded and carried that the application of Hoopingarner and Carpenter, to repair sidewalk at 409 Dalgren Avenue, be granted.

Motion was made, seconded and carried that the application of the Menefee Art Stone Company, to pave the park strip between the sidewalk and curbing at the Southeast corner of Kinsmoor Avenue and Fairfield Avenue, (3401 Fairfield Avenue) be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Hoopingarner-Carpenter,	13 ft. cut and	9 ft. drive at	409 Dalgren Avenue;
F. J. Tibbits,	12 ft. cut and	8 ft. drive at	245 East Creighton Ave;
Herman F. Tieman,	12 ft. cut and	8 ft. drive at	815 Oxford Street.

Motion was made, seconded and carried that the bond of Bueschine and Bueschine, signed by the Aetna Casualty and Surety Company, be approved.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the COLONE -NOSOTI COMPANY, signed by the Commercial Casualty Insurance Company, covering the work to be performed under Local Sewer Improvement Resolution Number 459, be approved.

A petition, for the installation of a light in the alley at the rear of 2225 Lillie Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A remonstrance, against the opening and extending of Branning Avenue from the east line of Lot Number 2 Engle's Addition to Piqua Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

The City Engineer now submitted plans and specifications for the following public improvements, which plans and specifications were upon motion approved.

For the vacation of Baltes Avenue from the east line of the first alley east of Spy Run Avenue to the St. Joseph River; also for the vacation of Monroe Street from the north line of Baltes Avenue to the south line of the alley north of Baltes Avenue; also for the vacation of Hanna Street from the St. Mary's River to the south line of the alley north of Baltes Avenue; also for the vacation of the street between the St. Mary's River and Baltes Avenue from Hanna Street to the St. Joseph River; also for the vacation of the first alley north of the St. Mary's River from Hanna Street to the St. Joseph River; also for the vacation of the first alley south of Baltes Avenue from Hanna Street to the St. Joseph River; also for the vacation of the first alley east of Spy Run Avenue from the north line of Baltes Avenue to the south line of the first alley north of Baltes Avenue, as more fully set out in Declaratory Resolution Number 651.

For the condemnation of a right-of-way for sewerage purposes across, through and under portions of Lots Numbered 14, 16, 17, 19, 20, 21, 22 and 23 South Walton Avenue Acre Addition. Said right-of-way to be twelve (12) feet in width, as more fully set out in Declaratory Resolution Number 652.

Motion was then made, seconded and carried that the following resolutions, be adopted:

DECLARATORY RESOLUTION NUMBER 651 - 1931.

For the vacation of Baltes Avenue from the east line of the first alley east of Spy Run Avenue to the St. Joseph River; also for the vacation of Monroe Street from the north line of Baltes Avenue to the south line of the alley north of Baltes Avenue; also for the vacation of Hanna Street from the St. Mary's River to the south line of the alley north of Baltes Avenue; also for the vacation of the street between the St. Mary's River and Baltes Avenue from Hanna Street to the St. Joseph River; also for the vacation of the first alley north of the St. Mary's River from Hanna Street to the St. Joseph River; also for the vacation of the first alley south of Baltes Avenue from Hanna Street to the St. Joseph River; also for the vacation of the first alley east of Spy Run Avenue from the north line of Baltes Avenue to the south line of the first alley north of Baltes Avenue.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate Baltes Avenue from the east line of the first alley east of Spy Run Avenue to the St. Joseph River; also to vacate Monroe Street from the north line of Baltes Avenue to the south line of the alley north of Baltes Avenue; also to vacate Hanna Street from the St. Mary's River to the south line of the alley north of Baltes Avenue; also to vacate the street between the St. Mary's River and Baltes Avenue from Hanna Street to the St. Joseph River; also to vacate the first alley north of the St. Mary's River from Hanna Street to the St. Joseph River; also to vacate the first alley south of Baltes Avenue from Hanna Street to the St. Joseph River; also to vacate the first alley east of Spy Run Avenue from the north line of Baltes Avenue to the south line of the first alley north of Baltes Avenue.

All as shown by a plan of such proposed street and alley vacations as above described now on file in the office of the Department of Public Works.

The property which may be injuriously or beneficially affected by the proposed street and alley vacations as above described is described as all lots and lands lying north of the St. Mary's River; east of Spy Run

Avenue; south of Wagner Street and west of the St. Joseph River.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations, "approved March 6, 1905 and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of the said streets and alleys and lots and lands affected by the above described street and alley vacations lying within the corporate limits of the City of Fort Wayne, Indiana.

DECLARATORY RESOLUTION NUMBER 652 - 1931.

For the condemnation of a right-of-way for sewerage purposes across through and under portions of Lots Numbered 14, 16, 17, 19, 20, 21, 22 and 23 South Walton Avenue Acre Addition. Said right-of-way to be twelve (12) feet in width.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to condemn a right-of-way for sewerage purposes across, through and under portions of Lots Numbered 14, 16, 17, 19, 20, 21, 22 and 23 South Walton Avenue Acre Addition.

All as shown by a plan of such proposed condemnation of a right of way for sewerage purposes as above described now on file in the office of the Department of Public Works of said City.

The condemnation of the right-of-way for sewer purposes to be made by condemning and appropriating for sewer purposes the west twelve (12) feet of the east sixty-six and one half (66½) feet of the south one hundred twenty (120) feet of Lot Number 14; the west twelve (12) feet of the east one hundred eighty-seven and one half (187½) feet of Lots Numbered 16, 17, 22 and 23; the north four and one half (4½) feet of the east one hundred eighty-eight (188) feet of Lot Number 19; the south six (6) feet of the east one hundred eighty-seven and one half (187½) feet of Lot Number 20; the north six (6) feet of the east one hundred seventy-five and one half (175½) feet and the west twelve (12) feet of the east one hundred eighty-seven and one half (187½) feet of Lot Number 21, all in South Walton Avenue Acre Addition.

The property which may be injuriously or beneficially affected by the proposed condemnation of sewer right-of-way as above described is described as all lots and lands lying north of Rudisill Boulevard; east of Anthony Boulevard; south of Oxford Street and west of Euclid Avenue.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations, "approved March 6, 1905 and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall be City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act req uired to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and lots and lands affected by the above described condemnation of a sewer right-of-way being situated in the Southwest Quarter of Section 18, Township 30 North, Range 13 East and within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolutions Numbered 651 and 652, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the October 31st and November 7th, 1931, and that Thursday, the 19th day of November, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 650, which provides for the widening of Pontiac Street five (5) feet on the north side from the west line of Violand's Addition to the east line of Violand's Addition; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRME and ordered forthwith delivered to the Department of Finance.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 649, which provides for the opening and extending of Branning Avenue from the east line of lot Number 2 Engle's Addition to Piqua Avenue; there having been filed a remonstrance, motion was made, seconded and carried that the confirmation of the same be TAKEN UNDER ADVISEMENT.

Thursday, the 22nd day of October, 1931, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the work performed under Main Sewer Improvement Resolution Number 63, which provides for the construction of a sewer commencing at a point where the alley north of Wildwood Avenue intersects the east bank of the St. Mary's River; thence east in the alley north of Wildwood Avenue to Thompson Avenue; thence north in Thompson Avenue to Home Avenue; thence east in Home Avenue and in the alley between Home Avenue and Cottage Avenue to Beaver Avenue, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there having appeared no objections or remonstrances of any nature whatsoever, after re-considering the same, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3074, which provides for the improving of Howard Street from Washington Boulevard to Erie Street; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion took a recess until Wednesday, November 4th, 1931, at 10:00 o'clock A. M.

-- oOo --

The Board re-convened Wednesday, the 4th day of November, 1931, at 10:00 o'clock A. M., and proceeded as follows:

Motion was made, seconded and carried that the minutes of the regular meeting of Thursday, October 29th, 1931, stand approved, as read.

Motion was made, seconded and carried that the request for the installation of a water main on Shady Brook Drive from the present main on

Butler Street North, approximately 300 feet, be referred to the Water Works Department for investigation and report on cost.

Motion was made, seconded and carried that the application of Harry D. Zoeller, to repair private sidewalk at 315 West DeWald Street, be granted.

Motion was made, seconded and carried that the application of E. W. Baumgartner, to widen the present driveway to a 40 foot cut and 36 ft. drive at the Northeast corner of Washington Boulevard and Barr Street; also to round the corner at the intersection and repair the brick street, be granted.

Motion was made, seconded and carried that the Electricians' Bond of the Wayne Company, signed by the Maryland Casualty Company, be approved.

The COIL CONSTRUCTION COMPANY, INC., reported the work completed under Alley Improvement Resolution Number 3103, which provides for the improving of the alley between Central Drive and Plaza Drive from McKee Street to the alley north of McKee Street; also to improve the alley between Pontiac Street and McKee Street from Central Drive to Plaza Drive; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, November 5, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates of Hoad, Decker, Shoecraft and Drury, Engineers on the Water Works Project:

Fourth and Final Estimate on Contract No. 5; Seventeenth Estimate for professional engineering services on Contract No. 5; Fourteenth Estimate for professional engineering services on Contract No. 7; Fifteenth Estimate for professional engineering services on Contract No. 8; Sixteenth Estimate for professional engineering services on Contract No. 9.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: corner of Broadway and Wall Street; corner of Broadway and DeWald Street; corner of Hale Avenue and Pauline Street; corner of Illinois and Watkins Street; corner of Nelson Street and Taylor Street; corner of Phenie Street and Hale Avenue; Southwest corner of Thompson Avenue and Taylor Street; northeast corner of Thompson Avenue and Taylor Street.

A report was received from the City Light Department, recommending the installation of the following lights:

Street light at the Northwest corner of Rudisill Boulevard and Bowser Avenue;
Street light at the Southeast corner of Swinney Avenue and Nelson Street;
Alley light at the rear of 1220 Sherman Boulevard;
Alley light on Traction pole #3231 and Traction pole #3218 in the alley between Crescent Avenue and Kentucky Avenue from Delaware Avenue to Forest Ave;
Alley light on Home pole #5136 at the rear of 2225 Lillie Street; motion was made, seconded and carried that the matter of the ordering of the installation of the aforesaid lights be TAKEN UNDER ADVISEMENT and that the report be placed on file.

A report was received from the City Light Construction Department, stating that there is at present an alley light approximately 175 feet North of the intersection of the alley between Cass Street and Wells Street on the North side of Fifth Street, and an alley light South of this point; also ornamental lights on Wells Street and a street light on Cass Street. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT and that the report be placed on file.

Motion was made, seconded and carried that the application of Henry D. Schwier, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at the Southeast corner of Jefferson Street and Monroe Street, drive facing on Jefferson Street; also to make a cut into the curbing to a width of 36 feet and to construct a driveway to a width of 32 feet at the Southeast corner of Jefferson Street and Monroe Street, drive facing on Monroe Street; also to repair 60 feet of sidewalk in front of 602 East Jefferson Street, be granted.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3079 - which provides for the improving of the alley between Curdes Avenue and Lawndale Drive from Buena Vista Drive to Woodward Avenue;
3093 - which provides for the improving of Foster Parkway from Calhoun Street to Harrison Street;
3094 - which provides for the improving of Hoagland Avenue from Cornell Circle to Pasadena Drive;
3102 - which provides for the improving of the curb and gutter on Euclid Avenue from Drexel Avenue to Oxford Street;

be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 9th and 10th days of November, 1931, and that Thursday, the 12th day of November, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Friday, November 6, 1931,
SPECIAL MEETING held at 3:00 o'clock P. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
C. A. Ramsey, Member of the Board of Public Works,
J. R. Emery, of Froehlich & Emery Engineering Company.

The meeting was called to order by Mr. Trier, acting as Chairman.

In the matter of:

DIVISIONS NUMBERED THREE, FOUR, FIVE, SIX, SEVEN, EIGHT, NINE and TEN for improvement of the City Light and Power Works, City of Fort Wayne, Indiana, on which bids were received, Thursday, the 3rd day of September, 1931, at 10:00 o'clock A. M.

Motion was made, seconded and carried that DIVISION NO. THREE, which provides for Two (2) ash hoppers delivered and erected, be awarded to the ALLEN SHERMAN HOFF COMPANY, Philadelphia, Pennsylvania, at and for their price bid, namely, $6,890.00, they being the lowest and best bidders.

Motion was made, seconded and carried that DIVISION NO. FOUR, which provides for Two (2) forced draft fans with drives and motor control, delivered and erected; and, DIVISION NO. FIVE, which provides for Two (2) induced draft fans, motor drives and control, cinder collectors, self supporting steel stacks, uptakes and connections, delivered and erected (stacks, uptakes and connections to be of welded construction), be awarded to the WESTERN GAS CONSTRUCTION COMPANY, Fort Wayne, Indiana, at and for their price bid, namely, $32,362.00, they being the lowest and best bidders.

Motion was made, seconded and carried that DIVISION NO. SIX, which provides for Two (2) electric motor driven and one (1) steam turbine driven boiler feed pumps with drives and motor control delivered f. o. b. cars Fort Wayne, and, DIVISION NO. SEVEN, which provides for Six (6) centrifugal pumps with motor drives, delivered f. o. b. cars Fort Wayne, Indiana, be awarded to the INGERSOLL RAND COMPANY, New York, N. Y., at and for their price bid, namely, $14,432.00, they being the lowest and best bidders.

Motion was made, seconded and carried that DIVISION NO. EIGHT, which provides for One (1) feed water heater of the direct contact deaerating type, delivered f. o. b. cars Fort Wayne, Indiana, and, DIVISION NO. NINE which provides for One (1) boiler water conditioning system, delivered f. o. b cars Fort Wayne, be awarded to the COCHRANE CORPORATION, Philadelphia, Pennsylvania, at and for their price bid, namely, $8,493.00, they being the lowest and best bidders.

BOARD OF PUBLIC WORKS.

ATTEST:
JEANNETTE LOOS ANGOLD,
SECRETARY PRO TEM

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, November 17, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, November 5th, and the Special Meeting of Friday, November 6th, 1931, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending October 31, 1931, be placed on file.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to install a water main on Shady Brook Drive from the present main on Butler Street, North, approximately 300 feet.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the Seventh Progress Estimate in favor of Buesching-Hagerman & Company. Contractors for Contract No. 2 for the Filtered Water Reservoir, also the Eighteenth Estimate for professional engineering services from Hoad, Decker, Shoecraft and Drury.

A communication, from Van A. Barnett, City Engineer, with reference to the alley between Taber Street and Suttenfield Street and the alley East of Calhoun Street, paved in 1927 by John Roemer & Son (E. H. Roemer) under Alley Improvement Resolution Number 2599, was received. Motion was made, seconded and carried that the same be placed on file and that the contractor be notified to make the repairs as outlined by the Engineer in his communication.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of October, 1931, be placed on file.

Motion was made, seconded and carried that the agreement of the Indiana Service Corporation to issue bonds approving of the paving of that portion of Pontiac Street from the west property line of Queen Street to and through the Wayne Trace Subway, under Improvement Resolution Number 3072 - 193, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the following bonds be approved:

Buesching & Buesching	signed by the Aetna Casualty and Surety Co.;
C. P. Meyer, (Electrician's)	signed by the Fidelity & Deposit Company;
Moore & Johnston,	signed by the Fidelity & Casualty Co. of N. Y.;
Wayne Company,	signed by the Maryland Casualty Company.

Motion was made, seconded and carried that the bond of the Berghoff Products Manufacturing Company, signed by the National Surety Company covering maintenance and operation of side track across Wayne Street, be approved.

Motion was made, seconded and carried that the application of the Northern Indiana Service Company, to make cuts into the following pavements, be granted: 4624 South Fairfield Avenue; 2233 Florida Drive; Indiana Service on Spy Run Avenue; 205 Murray Street; corner of Nelson Street and Taylor Street; State Boulevard just east of Wells Street; 2510 Terrace Road; 30 West Wayne Street; 1030 East Wayne Street.

Motion was made, seconded and carried that the application of A. Roethele and Sons to repair sidewalk at 1138 Hanna Street, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair sidewalks on the west side of Harrison Street from Superior Street North 100 feet, be granted.

Motion was made, seconded and carried that the application of Moore and Johnston, to construct 396 feet of cement sidewalk in the 1800 Block on Kentucky Avenue, be granted.

Motion was made, seconded and carried that the application of Ellison L. Meier, to repair sidewalk at 310 East Wayne Street, be granted.

Motion was made, seconded and carried that the application of Kanning and Sons, to make a cut into the curbing to a width of 20 feet and to construct a driveway to a width of 16 feet at 2005 Calhoun Street, which was **denied** in the meeting of Thursday, October 8, 1931, and **granted** in the meeting of Thursday, October 22, 1931, be made **void**.

Motion was made, seconded and carried that the application of Kanning and Sons, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at 2007 Calhoun Street, which was granted in the meeting of Thursday, October 8, 1931, and MODIFIED from a 40 foot cut and 36 foot drive to a 30 foot cut and 26 foot drive and granted in the meeting of Thursday, October 22, 1931, be made **void**.

Motion was made, seconded and carried that the following driveway applications be granted:

William D. Swank,	12 ft. cut and 8 ft. drive at 1231 Clara Avenue;
F. J. Tibbitts,	14 ft. cut and 10 ft. drive at 4631 Indiana Avenue;
F. J. Tibbitts,	20 ft. cut and 16 ft. drive at 2005 Calhoun Street;
F. J. Tibbitts,	30 ft. cut and 26 ft. drive at 2007 Calhoun Street.

Motion was made, seconded and carried that the City Light Department be instructed to install a street light at the corner of Bueter Road and McCormick Avenue.

A petition, providing for the installation of a street light at the corner of McKinnie Avenue and Holton Avenue; also for the installation of a street light at the corner of McKinnie Avenue and Bowser Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of an alley light on City Light Pole No. 5323 in the rear of 1642 West Fourth Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of an alley light on City Light Pole No. 10,720 in the alley between Broadway and Lindley Avenue from Parkview Avenue to Taylor Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the construction of a local sewer in the alley between St. Mary's Avenue and Franklin Avenue from Margaret Avenue to State Boulevard, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Plans and specifications for the rounding of the northeast corner of Calhoun Street and Wallace Street, was received. Motion was made, seconded and carried that the City Street Department be instructed to make the cut as outlined in the plans submitted.

L. W. DAILEY reported the work completed under Improvement Resolution Number 3106, which provides for the construction of cement sidewalks on the north side of Pontiac Street from Central Drive to the Wayne Trace Subway, motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

In the matter of DIVISION NO. 1- Two water tube steam boilers, superheaters, air heaters, water cooled furnace walls, and masonry settings, delivered and erected, and DIVISION NO. 2- Two multiple retort underfeed Mechanical stokers, delivered and erected for improvement of the City Light and Power Works, Fort Wayne, Indiana, on which bids were received Thursday, September 3, 1931, and the contract awarded to the BABCOCK AND WILCOX COMPA, of the County of New York, State of New York, on their combination bid of $127,700.00, on October 20, 1931, approved, October 22, 1931, and ordered sent to the Council at their regular meeting Tuesday, October 27, 1931, the Ordinance, ratifying same being lost by the Common Council at their regular meeting of November 10, 1931, motion was made, seconded and carried that the Froehlich and Emery Engineering Company of Toledo, Ohio, Engineers for the improvements to the City Light and Power Works, be instructed to prepare plans and specifications for three water tube steam boilers, superheaters, air heaters, water cooled furnace walls, and masonry settings, delivered and erected; three multiple retort underfeed Mechanical stokers, delivered and erected; one ash hopper, delivered and erected; one forced draft fan, motor drives and control, delivered and erected; one induced draft fan with motor drives and control, cinder collectors, self supporting steel stack, uptakes and connections, delivered and erected.

The City Engineer now submitted plans, specifications and estimate for the construction of a sewer commencing in Anthony Boulevard at the alley south of Rudisill Boulevard; thence north in and along Anthony Boulevard to Rudisill Boulevard; thence east in and along Rudisill Boulevard to the easement between Anthony Boulevard and Euclid Avenue, as condemned under Declaratory Resolution Number 652; thence north and east in and along said easemen to Euclid Avenue; thence north in and along Euclid Avenue to the easement across the north part of Lot Number 19 South Walton Avenue Acre Addition, as as condemned under Declaratory Resolution Number 652; thence west in and alo said easement to the alley between Anthony Boulevard and Euclid Avenue; then north in and along the alley and easement between Anthony Boulevard and Eucl Avenue to the north line of said easement, as condemned under Declaratory Resolution Number 652, and as more fully set out in Local Sewer Improvement Resolution Number 460, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 460 - 1931.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered commencing in Anthony Boulevard at the alley south of Rudisill Boulevard; thence north in and along Anthony Boulevard to Rudisill Boulevard; thence east in and along Rudisill Boulevard to the easement between Anthony Boulevard and Euclid Avenue, as condemned under Declaratory Resolution Number 652; thence north and east in and along said easement to Euclid Avenue; thence north in and along Euclid Avenue to the easement across the north part of Lot Number 19 South Walton Avenue Acre Addition, as condemned under Declaratory Resolution Number 652; thence west in and along said easement to the alley between Anthony Boulevard and Euclid Avenue; thence north in and along the alley and easement between Anthony Boulevard and Euclid Avenue to the north line of said easement, as condemned under Declaratory Resolution Number 652. Said sewer shall be twelve (12), fifteen (15) and eighteen (18) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 460, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 18th and 25th days of November, 1931, and that Thursday, the 10th day of December, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that the primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3090 - which provides for the improving of Brackenridge Street from Calhoun Street to Harrison Street;
3091 - which provides for the improving of Douglas Avenue from Calhoun Street to Harrison Street;
3103 - which provides for the improving of the alley between Central Drive and Plaza Drive from McKee Street to the alley north; also alley between Pontiac Street and McKee Street from Central Drive to Plaza Drive;

be and the same are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 1st and 2nd days of December, 1931, and that Thursday, the 3rd day of December, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said assessment rolls.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3079 - which provides for the improving of the alley between Curdes Avenue and Lawndale Drive from Buena Vista Drive to Woodward Avenue;
3093 - which provides for the improving of Foster Parkway from Calhoun Street to Harrison Street;
3094 - which provides for the improving of Hoagland Avenue from Cornell Circle to Pasadena Drive;
3102 - which provides for the improving of the cement curb and gutter on Euclid Avenue from Drexel Avenue to Oxford Street;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the following contracts made and entered into the sixth day of November, 1931, and bonds, be approved and ordered sent to the Council at their next regular meeting, Tuesday, November 24th, 1931:

CONTRACT AND BOND

CONTRACT

This agreement made and entered into this sixth day of November, 1931, by and between THE ALLEN-SHERMAN-HOFF COMPANY of the County of Philadelphia, State of Pennsylvania, party of the first part, and the City of Fort Wayne, County of Allen and State of Indiana, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part covenants and agrees to furnish and pay for all work, materials and apparatus, tools and labor necessary for the construction, delivery and erection of the work, materials and apparatus as covered by the following named Division of the Specifications for the Improvement of the City Light and Power Works, on file in the office of the Board of Public Works, to wit:

DIVISION NO. 3.

The furnishing, delivery and erection in the Purchaser's boiler plant building in the City of Fort Wayne, Indiana, of two (2) ash hoppers, complete with linings, gates, quenchers and other fittings and appurtenances as specified, all of which work, materials and apparatus is to be in accordance with the Specifications for the Improvement of the City Light and Power Works and the proposal of The Allen-Sherman-Hoff Company on file in the office of the Board of Public Works, all of which specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length, for and in consideration of the payment by the City of Fort Wayne, as follows, to wit:

SIX THOUSAND, EIGHT HUNDRED NINETY DOLLARS AND NO CENTS ($6,890.00)

Delivery of the first of the two ash hoppers will be made within sixty days after request by the party of the second part, but not later than 120 days after date of this agreement except by mutual agreement of the parties hereto.

Delivery of the second of the two ash hoppers will be made within 60 days after request by the party of the second part but not later than 240 days after the date of this agreement except by mutual agreement of the parties hereto.

Erection of each ash hopper will be completed within 45 days after delivery and after preparation of the site of the work by the party of the second part.

Payments are to be made in accordance with paragraph 18 "Terms of Payment" of the specifications on file in the office of the Board of Public Works.

To each of the conditions and stipulations of this contract the undersigned, each for itself binds itself, its successors and assigns.

IN WITNESS WHEREOF, we, the foregoing named parties, hereunto set our hands and seal, in triplicate, on the day and year first above written.

CONTRACT

THIS AGREEMENT made and entered into this sixth day of November, 1931, by and between THE WESTERN GAS CONSTRUCTION COMPANY of the County of Allen, State of Indiana, party of the first part, and the City of Fort Wayne, County of Allen, and State of Indiana, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part covenants and agrees to furnish and pay for all work, materials and apparatus, tools and labor necessary for the construction, delivery and erection of the work, materials and apparatus as covered by the following named divisions of the Specifications for the Improvement of the City Light and Power Works, on file in the office of the Board of Public Works, to wit:

DIVISION NO. 4.

Two (2) forced draft fans with motor drives and control delivered and erected in Purchaser's boiler plant building in the City of Fort Wayne, Indiana.

Fans are to be Sturtevant design 5 number 85.

Motors are to be General Electric Company type MT - 75 horsepower.

Motor controls are to be of General Electric Company make.

DIVISION NO. 5.

Two (2) induced draft fans with motor drives and control, two (2) cinder collectors, two (2) self supporting steel stacks, uptakes and connections, all delivered and erected in Purchaser's boiler plant building in the City of Fort Wayne, Indiana.

Fans are to be Green Fuel Economizer Company, Number 48-RR size 2403 - D1.

Cinder collectors are to be Green Fuel Economizer Company cinder traps.

Motors are to be General Electric Company Type FT, 1200/900 or 1200/720, 150 horsepower squirrel cage induction motors.

Motor controls are to be of General Electric Company make.

Stacks, ducts and uptakes are to be of all welded construction as specified in Western Gas Construction specification No. 10249-B, all of which work, material and apparatus is to be in accordance with the Specifications for the Improvement of the City Light and Power Works and the proposal of the Western Gas Construction Company on file in the office of the Board of Public Works, all of which specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length, for and in consideration of the payment by the City of Fort Wayne, as follows to wit:

THIRTY-TWO THOUSAND THREE HUNDRED SIXTY-TWO DOLLARS AND NO CENTS ($32,362.00).

Delivery of the first of the two forced draft fans and induced draft fans with motor drives and control, cinder collectors steel stacks, uptakes and connections will be made within thirty (30) days after request by the party of the second part but not later than one hundred twenty (120) days after date of this agreement except by mutual agreement of the parties hereto.

Delivery of the second of the two forced draft fans and induced draft fans with motor drives and control, cinder collectors, steel stacks, uptakes and connections will be made within thirty (30) days after request by the party of the second part but not later than two hundred forty (240) days after date of this agreement except by mutual agreement of the parties hereto.

Erection of each unit of equipment and apparatus will be completed within twenty-one (21) days after delivery and after preparation of the site of the work by the party of the second part.

Payments are to be made in accordance with paragraph 18 - "Terms of Payment" of the specifications on file in the office of the Board of Public Works.

To each of the conditions and stipulations of this contract the undersigned, each for itself binds itself, its successors and assigns.

IN WITNESS WHEREOF, we, the foregoing named parties, hereunto set our hands and seal, in triplicate, on the day and year first above written.

CONTRACT

This agreement made and entered into this sixth day of November, 1931, by and between INGERSOLL-RAND COMPANY of the County of New York, State of New York, party of the first part, and the City of Fort Wayne, County of Allen, and State of Indiana, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part covenants and agrees to furnish and pay for all work, materials and apparatus, tools and labor necessary for the construction and delivery of the materials and apparatus as covered by the following named divisions of the Specifications for the Improvement of the City Light and Power Works, on file in the office of the Board of Public Works, to wit:

DIVISION NO. 6.
Two electric motor driven and one steam turbine driven, centrifugal boiler feed pumps with drives and motor control delivered f. o. b. cars Fort Wayne, Indiana.

Motors and control are to be of General Electric make.

Steam turbine is to be General Electric Type D-54 two stage. Couplings are to be "Fast" flexible couplings.

Boiler feed pumps are to be furnished for operation initially at 500 gallons per minute and a total head of 800 feet.

Turbine drive is to be furnished for operation initially at a steam pressure of 185 pounds per square inch guage and a total temperature of 513° F.

DIVISION NO. 7.

Six centrifugal pumps and motor drives delivered f. o. b. cars Fort Wayne, Indiana.

Motors are to be General Electric Type R A totally enclosed, fan cooled ball bearing, squirrel cage, induction motors, all of which work, material and apparatus is to be in accordance with the specifications for the Improvement of the City Light and Power Works and the proposal of Ingersoll-Rand Company on file in the office of the Board of Public Works, all of which specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length; for and in consideration of the payment by the City of Fort Wayne, as follows, to wit:

FOURTEEN THOUSAND, FOUR HUNDRED THIRTY-TWO DOLLARS AND NO CENTS ($14,432.00).

Delivery of all pumps with drives and control is to be made within 42 calendar days after request by the party of the second part but not later than 120 days after date of this agreement except by mutual agreement of the parties hereto.

Payments are to be made in accordance with paragraph 18 "Terms of Payment" of the specifications on file in the office of the Board of Public Works.

To each of the conditions and stipulations of this contract the undersigned, each for itself binds itself, its successors and assigns.

IN WITNESS WHEREOF, we, the foregoing named parties, hereunto set our hands and seal, in triplicate, on the day and year first above written.

CONTRACT BOND

KNOW ALL MEN BY THESE PRESENTS:

THAT WE, the undersigned INGERSOLL RAND COMPANY of the County of New York and State of New York, as principals, and COMMERCIAL CASUALTY INSURANCE COMPANY, County of ____________ and State of New Jersey, as sureties, are held and firmly bound unto the State of Indiana (for the benefit of the City of Fort Wayne, and for the benefit of all other persons who may have any claim hereunder by law), in the sum of FOURTEEN THOUSAND, FOUR HUNDRED THIRTY-TWO DOLLARS AND NO CENTS ($14,432.00), for the payment of which, well and truly to be made, we jointly and severally bind ourselves, our heirs, executors, administrators and assigns firmly by these presents.

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH THAT whereas the above named principal did on the sixth day of November, 1931, enter into a contract with the City of Fort Wayne, Indiana, which said contract is made a part of this bond the same as though set forth herein:

NOW, if the said INGERSOLL RAND COMPANY shall well and faithfully do and perform the things agreed by it to be done and performed according to the terms of said contract; and shall pay all lawful claims of subcontractors, material men and laborers, for labor performed and materials furnished in the carrying forward, performing or completing of said contract, and all other lawful claims; we agreeing and assenting that this undertaking shall be for the benefit of any material man or laborer having a just claim, as well as for the obligee herein; then this obligation shall be void; otherwise the same shall remain in full force and effect; it being expressly understood and agreed that the liability of the surety for any and all claims hereunder shall in no event exceed the penal amount of this obligation as herein stated.

The said surety hereby stipulates and agrees that no modifications omissions, or additions, in or to the terms of the said contract or in or to the plans or specifications therefor shall in any wise effect the obligation of said surety on its bond.

In the event the said City shall extend the time for the completio of said work, such extension shall not in any way release the sureties on this bond.

WITNESS OUR HANDS AND SEALS the day and year last above written.

INGERSOLL-RAND COMPANY (SEAL) COMMERCIAL CASUALTY INSURANCE COMPANY (E

R. D. PURCELL, TREASURER (SEAL) BY RAY FRANKE, ATTORNEY IN FACT (E
PRINCIPAL

F. S. OVERTON, SECRETARY

The Froehlich & Emery Engineering Company, Engineers for the City Light and Power Works project, presented plans, specifications and tentative estimates for the following described work:

Division No. 1 - Three water tube steam boilers, superheaters, air heaters, water cooled furnace walls, and masonry settings, delivered and erected.

Division No. 2 - Three multiple retort underfeed mechanical stokers, delivered and erected.

Division No. 3 - One ash hopper, delivered and erected.

Division No. 4 - One forced draft fan, motor drive and control, delivered and erected.

Division No. 5 - One induced draft fan with motor drive and control, cinder collector, self supporting steel stack, uptake and connections, delivered and erected.

Motion was made, seconded and carried that Notice to Contractors of the receiving of sealed proposals for the above described Boilers and Equipment, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 27th day of November, and the 4th day of December, 1931, and that Friday, the 18th day of December, 1931, at 10:00 o'clock A. M., Central Standard Time, be fixed a date and time when the Board will receive and open proposals for the same.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Improvement Resolution Number 3106, which provides for the construction of cement sidewalks on the north side of Pontiac Street from Central Drive to the Wayne Trace Subway; be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 1st and 2nd days of December, 1931, and that Thursday, the 3rd day of December, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

The Board then upon motion adjourned.

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 3, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending November 21, 1931, be placed on file.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of November, 1931, be placed on file.

A report from the City Light Construction Department, recommending the installation of two lights in the alley between Kentucky Avenue and Crescent Avenue south of Forest Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the following driveway applications, be granted:

Michael Kinder and Sons, 16 ft. cut and 12 ft. drive at 319 Baker Street;
Hiram Danner, 12 ft. cut and 8 ft. drive at 1623 Curdes Avenue;
Menefee Art Stone Co., 14 ft. cut and 10 ft. drive at 4607 Fairfield Ave.

Motion was made, seconded and carried that the bond of the Dix-Kelly Electric Shop, signed by the United States Casualty Company, be approved.

THE COLONE-NOSOTI COMPANY reported the work completed under Local Sewer Improvement Resolution Number 459, which provides for the construction of a sewer in and along Holton Avenue from the north property line of McKinnie Avenue to the alley south of McKinnie Avenue; also in and along the alley south of McKinnie Avenue from Holton Avenue to Reed Street; also in and along the alley between Holton Avenue and Reed Street from the alley south of McKinnie Avenue to Capitol Avenue, motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Improvement Resolution Number 3098, which provides for the improving of the alley between Holton Avenue and Reed Stree from the south property line of Baxter Street to the north property line of McKinnie Avenue; be and the same is hereby APPROVED and that Notice to Prope Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 9th days of December, 1931, and that Thursday, the 10th day of December, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on s assessment roll.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3090 - which provides for the improving of Brackenridge Street from the west curb line of Calhoun Street to the east curb line of Harrison Street;
3091 - which provides for the improving of Douglas Avenue from the west curb line of Calhoun Street to the east curb line of Harrison Street;
3103 - which provides for the improving of the alley between Central Drive and Plaza Drive from McKee Street to the alley north; also the alley between Pontiac Street and McKee Street from Central Drive to Plaza Drive;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3106, which provides for the construction of cement sidewalks on the north side of Pontiac Street from Central Drive to the Wayne Trace Subway; motion was made, seconded and carried that the matter of the confirmation of the assessment roll for the aforementioned resolution, be TAKEN UNDER ADVISEMENT until Thursday, December 10, 1931, at 7:30 o'clock P. M.

In the matter of Contract No. 6, which provides for the construction of the THREE RIVERS FILTRATION AND PUMPING STATION, on which bids were received November 3, 1931, motion was made, seconded and carried that the contract be awarded to MAX IRMSCHER & SONS, at and for their price bid, namely, $878,690.00 subject to the alternate bids, which will be determined by the Board of Public Works within the next few days, they being the lowest and best bidders.

The Board then upon motion adjourned.

Fort Wayne, Indiana,
Thursday, December 10, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: 2500 Block on South Anthony Boulevard; corner of Clay Street and Madison Street; Commerce Drive; corner of Guthrie Street and Nelson Street; corner of Miner Street and Dewald Street.

A report was received from Charles B. Yobst, Superintendent of the Water Works Department, stating that the cost of installation of a water main on Fillmore Street from Taylor Street to Geneva Street, would be approximately $4,000.00. Motion was made, seconded and carried that the Water Works Department be instructed to install same.

Motion was made, seconded and carried that the application of Charles Lochner, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet, at 2103 Kentucky Avenue, drive facing on Forest Avenue, be granted.

A petition, providing for the installation of street lights on Abbott Street, south of Oxford Street to McKinley Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a light in the alley between Calhoun Street and Harrison Street from Rudisill Boulevard to Foster Parkway, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 460, which provides for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, commencing in Anthony Boulevard at the alley south of Rudisill Boulevard; thence north in and along Anthony Boulevard to Rudisill Boulevard; thence east in and along Rudisill Boulevard to the easement between Anthony Boulevard and Euclid Avenue, as condemned under Declaratory Resolution Number 652; thence north and east in and along said easement to Euclid Avenue; thence north in and along Euclid Avenue to the easement across the north part of Lot Number 19 South Walton Avenue Acre Addition, as condemned under Declaratory Resolution Number 652; thence west in and along said easement to the alley between Anthony Boulevard and Euclid Avenue; thence north in and along the alley and easement between Anthony Boulevard and Euclid Avenue to the north line of said easement, as condemned under Declaratory Resolution Number 652; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Local Sewer Improvement Resolution, Number 460, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 12th and 19th days of December, 1931, and that Tuesday, the 5th day of January, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Improvement Resolution Number 3100, which provides for the improving of Spy Run Avenue on the east side from the north curb line of State Boulevard to a point approximately seven hundred (700) feet north of State Boulevard; be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 15th and 16th days of December, 1931, and that Thursday, the 17th day of December, 1931, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolutions, Numbered:

3098 - which provides for the grading of the alley between Holton Avenue and Reed Street from Baxter Street to McKinnie Avenue;
3106 - which provides for the construction of cement sidewalks on the north side of Pontiac Street from Central Drive to the Wayne Trace subway;
also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, December 15, 1931,
Regular Meeting of 10:00 o'clock A. M.,
Postponed until 5:00 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending, November 28, 1931, be placed on file.

A report was received from the City Light Construction Department, stating that the street light at the Wabash Railway and Lumbard Street, also the street light at the corner of Maumee Avenue and Warren Street, which were reported out of commission have been replaced.

Motion was made, seconded and carried that the request of Councilman Dinnen, for the installation of an alley light on the south side of West Wallace Street at the alley between Calhoun Street and Harrison Street, be referred to the City Light Department for investigation and report.

A petition, providing for the installation of an alley light at the rear of 3133 Broadway, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of an alley light half way between Winter Street and Lillie Street in the alley north of Alliger Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of an alley light in the rear of 1302 Union Street at the alley intersection, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the application of Ellison L. Meier, to make a cut into the curbing to a width of 14 feet and to construct a driveway to a width of 10 feet at 2506 Eastbrook Drive, be granted.

Motion was made, seconded and carried that the contract for the work to be performed under Contract Number 9, which provides for the Furnishing of Valves and Gates in connection with the Water Works Improvements on which bids were received Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., be awarded to THE MICHIGAN VALVE AND FOUNDRY COMPANY, Detroit, Michigan, on Divisions No. 1 and 2, at and for their price bid, namely, $57,720.00, they being the lowest and best bidders.

Motion was made, seconded and carried that the contract for the work to be performed under Contract Number 9, which provides for the Furnishing of Valves and Gates in connection with the Water Works Improvements on which bids were received Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., be awarded to the WESTERN GAS CONSTRUCTION COMPANY, Fort Wayne, Indiana, on Divisions No. 3 and 4, at and for their price bid, namely, $29,128.00, they being the lowest and best bidders.

The Board then upon motion adjourned.

John Ernst

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, December 17th, 1931,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication, from the Board of Public Safety relative to the routing of highways through the City, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the following driveway applications, be granted:

Hoopingarner-Carpenter, 12 ft. cut and 8 ft. drive at 1832 Purdue Drive;
Melvin McDevitt, 20 ft. cut and 16 ft. drive at 2433 Lafayette Street.

THE FORT WAYNE CONSTRUCTION COMPANY reported the work completed under Waiver Improvement Resolution Number 3101, which provides for the improving of Calhoun Street from the South Property line of Main Street to the South Property line of Wallace Street, being as much of Calhoun Street as the Indiana Service Corporation is obligated by its franchise to pave and improve. Motion was then made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Waiver Improvement Resolution Number 3101, which provides for the improving of Calhoun Street from the South Property lin of Main Street to the South Property line of Wallace Street, being as much of Calhoun Street as the Indiana Service Corporation is obligated by its franchis to pave and improve; be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazett and the Fort Wayne News-Sentinel on the 23rd and 24th days of December, 1931, and that Tuesday, the 29th day of December, 1931, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment rols of benefits and damages in the matter of Declaratory Resolutions Numbered:

651 - which provides for the vacation of Baltes Avenue from the east line of the first alley east of Spy Run Avenue to the St. Joseph River; also for the vacation of Monroe Street from the north line of Baltes Avenue to th south line of the alley north of Baltes Avenue; also for the vacation of Hanna Street from the St. Mary's River to the south line of the alley no of Baltes Avenue; also for the vacation of the street between the St. Ma River and Baltes Avenue from Hanna Street to the St. Joseph River; also for the vacation of the first alley north of the St. Mary's River from Hanna Street to the St. Joseph River; also for the vacation of the first alley south of Baltes Avenue from Hanna Street to the St. Joseph River; also for the vacation of the first alley east of Spy Run Avenue from the north line of Baltes Avenue to the south line of the first alley north of Baltes Avenue;

652 - which provides for the condemnation of a right-of-way for sewerage purposes across, through and under portions of Lots Numbered 14, 16, 17, 19, 20, 21, 22 and 23 South Walton Avenue Acre Addition;
there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment rolls of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Number 3100, which provides for the improving of Spy Run Avenue on the east side from State Boulevard to a point approximately seven hundred (700) feet north of State Boulevard; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S Snyder
SECRETARY-CLERK

Department of Public Works,
Council Chamber,
Room 1, (Second Floor) City Hall,
Fort Wayne, Indiana,
Friday, December 18, 1931,
SPECIAL MEETING held at 10:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman of the Board of Public Works,
David Erwin, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
F. H. Froehlich, of the Froehlich & Emery Engineering Company,
J. R. Emery, of the Froehlich & Emery Engineering Company.

This being a date and time previously fixed by the Board when they would receive sealed proposals for Divisions Number 1, 2, 3, 4 and 5, which provides for the Boilers and Equipment for the improvement of the City Light and Power Works, they now proceeded to open the same and obtained the following results:

LASKER BOILER AND ENGINEERING CORPORATION, bid as follows:

Base bid, Riveted Drums.		$143,950.00
Alternate, using Cast Iron Blocks	Additional	1,409.00
Alternate for Super Heater	Additional	4,758.00
Alternate	Additional	8,800.00
Using Welded Drums,		152,750.00
Alternate for Super Heater changes	Additional	4,758.00

FOSTER WHEELER CORPORATION, bid as follows:

Division No. 1,		$129,090.90
Using Welded Drums		129,090.90
Alternate for Super Heater Changes	Additional	2,500.00
Alternate No. 4	Deduct	3,175.00
Alternate No. 5	Deduct	15,000.00
Alternate No. 6	Deduct	1,285.00
Alternate No. 7	Deduct	400.00

KENNEDY VAN-SANN COMPANY, bid as follows:

Pulverized Fuel Equipment	$ 43,577.00

EDGE MOOR IRON COMPANY, bid as follows:

Division No. 1,		$131,100.00
Alternate, using Welded Drums		132,975.00
Alternate for Super Heater changes	Additional	3,740.00
Division No. 1 and 2, using American Engineering Co. Stokers,		154,350.00
Using Welded Drums	Additional	1,875.00
Alternate bid, Divisions No. 1 and 2,		158,700.00
Using Welded Drums	Additional	1,875.00

Alternate, Division No. 1 and 2, using Diamond Soot Blowers(add.)		$ 1,033.00
Alternate, Division No. 1 and 2, using Bair Soot Blowers (deduct)		1,003.00
Alternate, No. 3, Drake block water walls.	Additional	1,250.00
Alternate, No. 4, Edge Moor cast block water walls,	Deduct	150.00
Alternate, No. 5, Edge Moor cast block water walls and Bair Blowers,	Deduct	3,684.00
Alternate, No. 6, Interlocking Baffle Tile	Additional	1,020.00
Alternate, No. 7, Using Force Feed Motors (G. E.)	Deduct	1,585.00
Alternate, No. 8, Using 2 speed Motors (G. E.)	Deduct	324.00

BABCOCK-WILCOX COMPANY, bid as follows:

Division No. 1,		$122,880.00
Using Welded Drums		122,880.00
Alternate for Super Heater changes,	Additional	3,337.00
Alternate a,	Deduct	1,875.00
Alternate b,	Deduct	903.00
Alternate c,	Deduct	2,788.00

COMBUSTION ENGINEERING CORPORATION, bid as follows:

Division No. 1,		$129,176.00
Alternate, using Welded Drums,		129,176.00
Alternate for Super Heater changes	Additional	3,476.00
Division No. 2,		33,814.00

RILEY STOKER CORPORATION, bid as follows:

Division No. 1,		$129,650.00
Using Welded Drums,		129,650.00
Alternate for Super Heater Changes	Additional	2,250.00
Division No. 2		26,190.00
Alternate, Division No. 1 and 2, combustion		153,840.00

HENRY VOIGT COMPANY, bid as follows:

Division No. 1,		$130,500.00
Alternate-a,	Additional	23,300.00
Alternate-b,	Additional	17,105.00
Alternate-c,	Additional	5,774.00
Alternate-d,	Deduct	1,240.00
Alternate-e,	Additional	972.00
Alternate-f,	Deduct	774.00
Alternate-g,	Deduct	650.00

Local Labor,

Using Welded Drums,		$130,500.00
Alternate for Super Heater Changes	Additional	3,750.00
Combination Bid A and Division No. 1 and 2, using Westinghouse Stoker,		164,500.00
Combination Bid B and Division No. 1 and 2, using Westinghouse Standard Spec. Stoker,		161,400.00

WESTINGHOUSE ELECTRIC AND MANUFACTURING CO., bid as follows:

Division No. 2,	$ 32,450.00
Alternate Bid on Division No. 2,	29,450.00

WEBSTER MANUFACTURING COMPANY, bid as follows:

Division No. 2,		$ 35,000.00

AMERICAN ENGINEERING COMPANY, bid as follows:

Division No. 2,		$ 23,250.00
Division No. 2,		
Alternate No. 1,		27,600.00
Alternate No. 2,	Deduct	1,585.00
Alternate No. 3,	Deduct	324.00
Alternate No. 4,	Additional	1,500.00
Alternate No. 5,	Additional	3,000.00
Division No. 3,		3,250.00
Combined bid Divisions No. 2 and No. 3,		25,500.00
Combined bid Division No. 2, Alternate No. 1 and Division No. 3,		29,900.00

ALLEN SHERMAN HOFF COMPANY,

Division No. 3,		$ 3,180.00

AMERICAN BLOWER COMPANY, bid as follows:

Division No. 4,		$ 2,536.00
Division No. 5,		12,993.00
Alternate-a,	Deduct	488.00
Alternate-b,		12,201.00
Alternate-c,	Deduct	488.00
Alternate-d,		2,410.00
Alternate-aa,		7,127.00
Alternate-bb,		35,761.00
Alternate-cc,		7,036.00
Alternate-dd,		33,871.00
Alternate-ee,		1,396.00

WESTERN GAS CONSTRUCTION COMPANY, bid as follows:

Division No. 4,		$ 2,908.00
Alternate		2,317.00
Alternate		2,581.00
Division No. 5,		13,627.00
Alternate		10,953.00
Alternate, Proposition 2,	Deduct	362.00
Riveted Stacks	Deduct	362.00
Alternate No. 2, Welded Stacks	Deduct	328.00
Alternate 3	Deduct	328.00

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

David Erwin
BOARD OF PUBLIC WORKS.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Friday, December 18, 1931,
SPECIAL MEETING held at 4:00 o'clock P. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of Public Works,
Scott S. Snyder, Secretary, Board of Public Works.

In the matter of Contract No. 6, which provides for the construction of the Three Rivers Filtration and Pumping Station for the Water Works Improvements to the City of Fort Wayne, on which bids were received, Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., which was awarded to Max Irmscher & Sons, on December 3rd, 1931, motion was made, seconded and carried that the contract in the amount of $883,543.75 and the bond, signed by the U. S. Guaranty Company of New York, be approved, and ordered sent to the Council at their Special Meeting of Friday, December 18, 1931.

In the matter of Contract No. 7, which provides for the Furnishing and Erection of Centrifugal Pumping Units, in connection with the Water Works Improvements to the City of Fort Wayne, on which bids were received, Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., which was awarded to the Byron Jackson Company, Los Angeles, California, on December 8, 1931, motion was made, seconded and carried that the contract in the amount of $31,902.00 and the bond, signed by the Commercial Casualty Insurance Company of Newark, New Jersey, be approved and ordered sent to the Council at their Special Meeting of Friday, December 18, 1931.

In the matter of Contract No. 8, which provides for the Furnishing and Erection of Electrical Equipment in connection with the Water Works Improvements to the City of Fort Wayne, on which bids were received, Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., which was awarded to V. M. Nussbaum & Company, on December 8, 1931, motion was made, seconded and carried that the contract in the amount of $33,006.00 and the bond, signed by the American Casualty Company, be approved and ordered sent to the Council at their Special Meeting of Friday, December 18, 1931.

In the matter of Divisions 1 and 2 of Contract No. 9, which provides for the Furnishing of Valves and Gates in connection with the Water Works Improvements to the City of Fort Wayne, on which bids were received Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., which was awarded to the Michigan Valve and Foundry Company of Detroit, Michigan, on December 15, 1931, at 10:00 o'clock A. M., motion was made, seconded and carried that the contract in the amount of $57,720.00 and bond, be approved and ordered sent to the Council at their Special Meeting of Friday, December 18, 1931.

In the matter of Divisions 3 and 4 of Contract No. 9, which provides for the Furnishing of Valves and Gates, in connection with the Water Works Improvements to the City of Fort Wayne, on which bids were received Tuesday, the 3rd day of November, 1931, at 10:00 o'clock A. M., which was awarded to the Western Gas Construction Company, Fort Wayne, Indiana, on December 15, 1931, motion was made, seconded and carried that the contract in the amount of $29,128.00 and bond, signed by the Commercial Casualty Insurance Company of Newark New Jersey, be approved and ordered sent to the Council at their Special Meeting of Friday, December 18, 1931.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, December 29, 1931,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Special Meeting of Monday, December 21st, at 10:00 o'clock A. M., and the Regular Meeting of Tuesday, December 22nd, at 10:00 o'clock A. M., and the Special Meeting of Tuesday, December 22nd, 1931, at 4:00 o'clock P. M. stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending December 12, 1931, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Alabama Avenue and Forest Avenue; corner of Crescent Avenue and Forest Avenue; Southwest corner of Fulton Street and Berry Street; Northwest corner of Harrison Street and Leith Street; Southwest corner of Harrison Street and Leith Street; corner of Poplar Street and Fairfield Avenue corner of Poplar Street and Oakley Street; corner of Taylor Street and Fox Avenue.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 2004 Alabama Avenue; 733 Lawton Place; 109 East Main Street; 135 East Main Street; 1017 Oakdale Drive; 737 Riverside Avenue; 742 Riverside Avenue.

Motion was made, seconded and carried that the application of A. Hattersley & Sons, to make a cut into the pavement at the northeast corner of Putnam Street and Wells Street, which was granted in the Regular Meeting of Tuesday, December 22, 1931, be made void.

Motion was made, seconded and carried that the following bonds be approved:

Greene & Forker,	signed by the Union Indemnity Company;
Harges, Ramey & Knight,	signed by the United States Casualty Company;
Dorsey L. Louck,	signed by the Commercial Casualty Insurance Company;
Perfection Biscuit Co.,	signed by the Hartford Accident and Indemnity Company;
D. E. Rhodes,	signed by the Maryland Casualty Company of Baltimore;
Roscoe Shambaugh,	signed by the United States Casualty Company;
Arthur C. Stein,	signed by the Fidelity and Casualty Company;
Henry Yobst,	signed by the London & Lancashire Indemnity Company.

Motion was made, seconded and carried that the bond of the Michigan Valve and Foundry Company on Contract No. 9, Divisions No. 1 and 2 of the Water Works Project, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the assignment of contrac of the Hipskind Heating and Plumbing Company, under Main Sewer Improvement Resolution Number 64 for replacing pavement in trenches, excavating, backfilling, tamping, laying 6 inches of concrete foundations and $1\frac{1}{2}$ inches of Iron Asphalt wearing surface in accordance with City Specifications, to the L. W. Dailey Construction Company, be approved.

Motion was made, seconded and carried that the Annual Purchase Agreement, covering Watthour Meters from December 1, 1931 to December 1, 1932, also Distribution Transformers for the same period of time, between the Board Of Public Works and the General Electric Company, be approved.

A petition, providing for the installation of a street light at the corner of Pearl Street and Maiden Lane, was received. Motion was made, seconded and carried that the City Light Department be instructed to install same.

Motion was made, seconded and carried that the City Light Department be instructed to install an alley light on the South side of Wallace Street at the first alley East of Calhoun Street.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley between Fairfield Avenue and Oakley Street from Poplar Street to Walnut Street.

A report was received from the City Light Construction Department, recommending the installation of the following lights:

Alley light at the rear of 3133 Broadway on City pole No. 6259.
Alley light in alley at rear of 510 Florence Avenue on Home Pole No. 6802.
Alley light half way between Winter Street and Lillie Street in the alley north of Alliger Street on Home Pole No. 3584.
Street lamp near alley on Lake Avenue between Garfield Street and Anthony Blvd.
Motion was made, seconded and carried that the same be placed on file.

A report was received from the City Light Construction Department with reference to the request of Councilman Dinnen, for the installation of an alley light on the south side of West Wallace Street at the alley between Calhoun Street and Harrison Street, stating that there is at present an alley light about 150 feet south of the said location. Motion was made seconded and carried that the same be placed on file.

A report was received from the City Light Construction Department with reference to a petition providing for the installation of an alley light in the rear of 1302 Union Street at the alley intersection, stating that there is at present an alley light on Traction pole No. 9480. Motion was made, seconded and carried that the same be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Waiver Improvement Resolution Number 3101, which provides for the improving of Calhoun Street from the south property line of Main Street to the south property line of Wallace Street, being as much of Calhoun Street as the Indiana Service Corporation is obligated to pave and improve; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Motion was made, seconded and carried that all action previously taken in the matter of Improvement Resolution Number 2587 - 1927, which provides for the improving of the alley between John Street and Gay Street from the south property line of Creighton Avenue to the north property line of Pontiac Street be RESCINDED, the Declaratory Resolution Number 583 - 1928 for the straightening and widening of same, having been RESCINDED February 12, 1931.

Motion was made, seconded and carried that all action previously taken in the matter of Improvement Resolution Number 3065 - 1930, which provides for the improving of the alley between Brackenridge Street and Baker Street from the west property line of Ewing Street to the east property line of Fairfield Avenue, be RESCINDED, the Council not having taken any actio on same within sixty days after having been referred to them on Tuesday, the 25th day of November, 1930.

The Board then upon motion adjourned.

John [illegible]
David Erwin

Tuesday, February 23, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

After re-considering the recommendation of the City Light Department for the installation of a street light at the Northwest corner of Rudisill Boulevard and Bowser Avenue, which was taken under advisement in the meeting of November 5, 1931, motion was made, seconded and carried that the same be TAKEN UNDER FURTHER ADVISEMENT.

After re-considering the recommendation of the City Light Department for the installation of a street light at the corner of Eagle Street and Riedmiller Avenue, which was taken under advisement in the meeting of February 9, 1932, motion was made, seconded and carried that the same be TAKEN UNDER FURTHER ADVISEMENT.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

M. C. Connett,	signed by the U. S. Fidelity & Guaranty Co.;
Frank DeWeese,	signed by the Commercial Casualty Ins. Co.;
Julian H. Gronauer,	signed by the U. S. Fidelity & Guaranty Co;
Henry Electric Co.(Chas.M. Henry)	signed by the U. S. Casualty Company of N. Y.;
Indiana Engineering & Const. Co.	signed by the U. S. Fidelity & Guaranty Co.;
William E. Lee,	signed by the Union Indemnity Company.

Motion was made, seconded and carried that the City Light Department be instructed to prepare a map for the Board of Public Works' office, showing the location of all street and alley lights in the City of Fort Wayne.

The General Electric Company, in order to simplify their records have caused to be re-platted, several small parcels and lots into three large lots, to be known as Lots Numbered 5, 6 and 7 General Electric Company, being located at the Northwest corner of Broadway and Swinney Avenue, between Taylor Street and the Pennsylvania Railroad right-of-way from the west line of the 100 foot boulevard on the west side of the St. Mary's River, to the New York, Chicago and St. Louis Railroad property and between Winter Street and Anthony Boulevard and the old Findlay Railroad right-of-way, to the Wabash Railroad right-of-way, respectively.

Motion was made, seconded and carried that Lots Numbered 5, 6 and 7 of the General Electric Company, be approved.

The City Engineer now submitted plans and specifications for the opening of an alley twelve (12) feet in width between Pemberton Drive and Randallia Drive from the north line of Buesching's Subdivision to Delaware Avenue, as more fully set out in Declaratory Resolution Number 653, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 653 - 1932

For the opening of an alley twelve (12) feet in width between Pemberton Drive and Randallia Drive from the north line of Buesching's Subdivision to Delaware Avenue.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open an alley twelve (12) feet in width between Pemberton Drive and Randallia Drive from the north line of Buesching's Subdivision to Delaware Avenue.

All as shown by a plan of such proposed alley opening as above described now on file in the office of the Department of Public Works of said City.

The opening of the alley between Pemberton Drive and Randallia Drive as above described to be made by condemning and appropriating for alley purposes the east four and twenty-five hundredths (4.25) feet of Lots Numbered 6, 7, 8, 9 and 10 Nees Addition; also the east six (6) feet of Lots Numbered 25, 26 and 27 Sharon Terrace Addition; also the west six (6) feet of Lots Numbered 28, 29 and 30 Sharon Terrace Addition; also the west seven and seventy-five hundredths (7.75) feet of the east one hundred and fifty-eight (158) feet of Lot Number 6 Randall's Farm Subdivision.

The property which may be injuriously or beneficially affected by the proposed alley opening as above described is described as all lots lying north of Nevada Avenue; east of Pemberton Drive; south of Delaware Avenue and west of Randallia Drive.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property, or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages, except for such moneys as shall have been actually received by the City from the assessments for such damages to prpperty or such moneys as said City is by said above entitled act required to pay. All proceedings had in the makir of said improvement, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said above entitled ac and all amendments thereto and supplements thereof.

All of the above described streets and alleys and lots affected by the above described alley opening being situated in the Southwest Quarter of Section 31, Township 31 North, Range 13 East and lying within the corporat limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owner of the adoption of Declaratory Resolution Number 653, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th day of February, and the 2nd day of March, 1932, and that Thursday, the 17th day of March, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Boar will hear and consider objections or remonstrances against the foregoing reso tion, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that the following described territory be referred to the City Attorney for dis-annexation:

The Northwest fractional Quarter of Section 19, Township 30 North, Range 13 East,

Also, the Northeast Quarter of the Southeast Quarter of Section 18, Township 30 North, Range 13 East,

Also, Commencing at the center line of the intersection of Wayne Trace and Oxford Street, said point being the southwest corner of the Northwest Quarter of Section 17, Township 30 North, Range 13 East; thence north along the center line of Wayne Trace to a point where the center line of Turpie Street produced north intersects the same; thence in a northeasterly direction on a line at right angles to the right-of-way of the Pittsburgh, Fort Wayne and Chicago Railway Company to the south line of Pontiac Street; thence east along the south line of Pontiac Street to the northwest corner of Lot Number 1 Greater Fort Wayne Industrial Addition; thence in a southeasterly direction along the south line of Lots Numbered 1, 2, 3, 4, 5, 6, 7 and 8 Greater Fort Wayne Industrial Addition to the southeast corner of Lot Number 8 Greater Fort Wayne Industrial Addition; thence east along the north right-of-way line of the Fort Wayne Union Railway Company to the north and south center line of Section 17, Township 30 North, Range 13 East; thence south along the north and south center line of said Section 17, Township 30 North, Range 13 East to the east and west center line of Section 17, Township 30 North, Range 13 East; thence west along the east and west center line of Section 17, Township 30 North, Range 13 East to the center line of Wayne Trace, the place of beginning.

Also, Commencing at the southwest corner of Section 5, Township 30 North, Range 13 East; thence north along the west line of said Section 5, Township 30 North, Range 13 East to the north right-of-way of way line of the New York, Chicago and Saint Louis Railroad; thence southeasterly along the north right-of-way line of the New York, Chicago and Saint Louis Railroad a distance of Three Hundred four and ninety-two hundredths (304.92) feet; thence North thirty-nine (39) degrees East to the south bank of the Maumee River, (said line being the east line of the land owned by the Terminal Service Company); thence east following the meanderings of the south bank of the Maumee River to the north and south center line of Section 5, Township 30 North, Range 13 East; thence south along the north and south center line of Sections 5 and 8, Township 30 North, Range 13 East to the center line of Maumee Avenue; thence in a westerly direction along the center line of Maumee Avenue to the southwest corner of Section 5, Township 30 North, Range 13 East, the place of beginning.

The Board then upon motion adjourned.

Home Supply Company,(2)	signed by the American Employers' Insurance Company.

Motion was made, seconded and carried that upon order from the Brooks Construction Company, the Municipal Asphalt Department is hereby instructed to repair State Boulevard where needed, from Sherman Boulevard to Gertrude Avenue, this section having been paved by the Brooks Construction Company, under Street Improvement Resolution Number 2704 - 1927, and the assessment roll confirmed January 5, 1928.

In the matter of the sub-contracts under Contract No. 6, of the Water Works Improvements, which was awarded to Max Irmscher and Sons, on Thursday, December 3, 1931, motion was made, seconded and carried that in accordance with Article 6 of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the Pressed Steel Doors, Frames and Trim" to the UNITED METAL PRODUCTS COMPANY, of Canton, Ohio.

The City Engineer now submitted plans, specifications and estimates for the following public improvement, which plans, specifications and estimates were upon motion approved:

For the construction of a main sewer commencing at the intersection of Rudisill Boulevard and Broadway; thence south in and along Broadway to Foster Park Driveway; thence southeast in and along Foster Park Driveway to a point where the Southwood Park sewer crosses said driveway; also, commencing at the intersection of Rudisill Boulevard and Broadway; thence east in and along Rudisill Boulevard to Hoagland Avenue, and branches, as more fully set out in Main Sewer Improvement Resolution Number 68.

Motion was then made, seconded and carried that the following resolution be adopted:

MAIN SEWER IMPROVEMENT RESOLUTION NUMBER 68 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a main sewer, which from its size and character is not only intended and adapted for use by property holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed or which hereafter may be constructed, be and the same is hereby ordered.

Commencing at the intersection of Rudisill Boulevard and Broadway; thence south in and along Broadway to Foster Park Driveway; thence southeast in and along Foster Park Driveway to a point where the Southwood Park sewer crosses said driveway; also, commencing at the intersection of Rudisill Boulevard and Broadway; thence east in and along Rudisill Boulevard to Hoagland Avenue, and branches. Said sewer shall consist of a pump house and the sewer pipe shall be twenty-four (24), eighteen (18), fifteen (15) and twelve (12) inches in diameter and said sewer with all its appurtenances shall be constructed in accordance with the plans, profiles and specifications now on file in the office of the Department of Public Works of said City.

All work done in the making of the aforementioned public improvement shall be in accordance with the terms and conditions of the resolution aforementioned and the plans, profiles and specifications therefor, which are now on file and may be seen in the office of the Board of Public Works of said City.

The total cost of said sewer shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received, including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the City of Fort Wayne, County of Allen, State of Indiana, to-wit: Commencing at the intersection of the east bank of the St. Mary's River with the south line of Illsley Place Addition produced west; thence east along the south line of Illsley Place Addition to Beaver Avenue; thence south in and along Beaver Avenue to Rudisill Boulevard; thence east in and along Rudisill Boulevard to South Wayne Avenue; thence south in and along South Wayne Avenue to Clermont Drive; thence east in and along Clermont Drive to Arlington Avenue; thence north in and along Arlington Avenue to Maxine Drive; thence east in and along Maxine Drive to Buell Drive; thence north in and along Buell Drive to Lexington Avenue; thence east in and along Lexington Avenue to Webster Street; thence north in and along Webster Street to Foster Parkway; thence east in and along Foster Parkway to Harrison Street; thence south in and along Harrison Street to South Seminole Circle: thence east in and along South Seminole Circle and Congress Avenue to Wilmette Street; thence south in and along Wilmette Street to Sherwood Terrace; thence east in and along Sherwood Terrace to Lafayette Street; thence south in and along Lafayette Street to Pettit Avenue; thence west in and along Pettit Avenue to the west line of Lot Number 6 R. L. Britton Estate; thence south along the west line of said Lot Number 6 R. L. Britton Estate to the southwest corner of said lot; thence west along the south line of Lot Number 6 R. L. Britton Estate produced west, to the east bank of the St. Mary's River; thence in a northerly direction following the meanderings of the east bank of the St. Mary's River to the place of beginning.

The entire cost of said sewer, including the portion of said sewer which crosses streets and alleys to be assessed against the property owners beneficially affected, it being expressly intended and provided that the City of Fort Wayne shall pay no other part of the construction of said sewer unless it be as the owner of property beneficially affected, in which case it shall be liable as other property owners.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum, and a bond or bonds shall be issued to the contractor in payment of said work unless the property owners pay said assessments before said bond or bonds are issued.

Under no circumstances shall be the City of Fort Wayne, Indiana, be or be held responsible for any sum of sums of money due from said property owner or owners for said work, or for the collection of the same or the payment of any bond or bonds, certificate or certificates issued to the contractor in payment for such work, except for such moneys as shall have been actually received by the City form the assessments for such improvement.

All proceedings had and work done in the construction of the said Main Sewer, with all its appurtenances, manner of assessment of property, and issuance of bonds therefor, shall be as provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corportions," approved March 6th, 1905, and in accordance with and pursuant to the provisions of all acts amendatory thereto and supplemental thereof, passed by the General Assembly of the State of Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Main Sewer Improvement Resolution Number 68, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th and 31st days of March, 1932, and that Thursday, the 14th day of April, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The City Engineer now submitted plans, specifications and estimates for the construction of a sewer in and along the first alley south of Elizabeth Street from the alley east of Spy Run Avenue to the east line of Lot Number 11 Freeman's Amended Addition, as more fully set out in Local Sewer Improvement Resolution Number 461, which plans, specifications and estimates were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 461 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intendec or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the first alley south of Elizabeth Street from the alley east of Spy Run Avenue to the east line of Lot Number 11 Freeman's Amendec Addition. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its papurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Local Sewer Improvement Resolution Number 461, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th and 31st days of March, 1932, and that Thursday, the 14th day of April, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Dike Improvement Resolution Number 4 - 1931, which provides for the construction of a levee on and along the east side of Spy Run Creek from Elizabeth Street to the Bridge crossing said Spy Run Creek in Lawton Park, be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 24th and 31st days of March, 1932, and that Thursday, the 14th day of April, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

Motion was made, seconded and carried that all action previously taken in the matter of MAIN SEWER IMPROVEMENT RESOLUTION NUMBER 66, be hereby RESCINDED, the assessment district and plans having been altered and adopted in Main Sewer Improvement Resolution Number 68.

Motion was made, seconded and carried that all action previously taken in the matter of MAIN SEWER IMPROVEMENT RESOLUTION Number 67, be hereby RESCINDED, it having been found advisable to make some additions and alterations in the plans.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the construction of a Main Sewer, commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street produced west to its intersection with Main Sewer Number 1.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, March 24, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending March 12, 1932, be placed on file.

A report from the City Light Construction Department, recommending the installation of a light in the alley off of Warsaw Street between Purman Street and Suttenfield Street on City Pole No. 10781, was received. Motion was made, seconded and carried that the same be placed on file.

A report was received from Charles B. Yobst, Superintendent of the Water Works Department, stating that the cost of installation of a water main, to make the present water main on Phenie Street between Swinney Avenue and Stophlet Street a circulating system, would be approximately $800.00. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT for further investigation.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Arthur Armstrong, signed by the Commercial Casualty Insurance Company;
G. H. Frederick, signed by the Union Indemnity Company;
Henry J. Hoffman, signed by the Aetna Casualty & Surety Company;
August C. Moring, signed by the Commercial Casualty Insurance Company.

A petition, providing for the opening and grading of Branning Avenue from the east line of Park View Terrace Addition to Indiana Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Thursday, the 17th day of March, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Declaratory Resolution Number 653, which provides for the opening of an alley twelve (12) feet in width between Pemberton Drive and Randallia Drive from the north line of Buesching's Subdivision to Delaware Avenue; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

In the matter of Declaratory Resolution Number 577 - 1927, which provides for the widening of New Haven Avenue from Redwood Avenue to the Bueter Road, by condemning ten (10) feet on the south side, the assessment roll of which, was confirmed and sent to the Department of Finance on March 26, 1931, motion was made, seconded and carried that all action previously taken, be hereby RESCINDED and that notice of same be sent to the Department of Finance, at the present time there being no necessity for widening New Haven Avenue, all action having been rescinded on Street Improvement Resolution No. 3076, which provides for the widening of New Haven Avenue from Birchwood Avenue to the Bueter Road to a width of 30 feet, on July 2, 1931.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, March 31, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending March 26, 1932, be placed on file.

A report was received from the City Light Construction Department, recommending the installation of the following lights:

Alley light between Holton Avenue and Reed Street in the 3100 Block, on City Pole No. 7241;
Alley light at the rear of 1308 Scott Avenue, on Traction Pole No. 1648;
motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the request of Councilman Langard, for the installation of a light in the alley at the rear of 1207 East State Boulevard, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Boltz Street and Lafayette Street; corner of Boltz Street and Warsaw Street; Calhoun Street on Douglas Avenue to the East line of the alley; corner of French Avenue and Webster Street; corner of Gay Street and Pontiac Street; Grand Street from Harrison Street to Webster Street; Harrison Street from Grand Street to Grand Street; corner of Monroe Street and Colerick Street; corner of Oliver Street and Pontiac Street; corner of John Street and Creighton Avenue; corner of Pearl Street and Webster Street; corner of Rudisill Boulevard and Broadway; corner of East Rudisill Boulevard and Clinton Street; corner of Rudisill Boulevard and Webster Street; Corner of Taber Street and Hanna Street; corner of Webster Street and Gumpper Avenue; Wells Street and Alley between Huffman Street and Putnam Street; corner of Wildwood Avenue and Webster Street.

Motion was made, seconded and carried that the application of the Board of Public Safety, to make cuts into the following pavements, be granted: Corner of Pemberton Drive and Delaware Avenue; corner of Pemberton Drive and Forest Avenue; corner of Pemberton Drive and Nevada Avenue; corner of Pemberton Drive and State Boulevard: corner of Simons Street and Lillie Street; Simons Street and alley East of Lillie Street; Simons Street and alley East of Winter Street.

Motion was made, seconded and carried that the application of Frank Rhoades, to widen the present 18 foot driveway 6 feet on each side, at 805 High Street, be granted, subject to the approval of the Engineer.

A petition, providing for the construction of cement sidewalks on the East side of Sherman Boulevard from State Boulevard to Hofer Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

THE HIPSKIND HEATING AND PLUMBING COMPANY reported the work completed under Main Sewer Improvement Resolution Number 64-1931, which provides for the construction of a main sewer commencing at the north bank of the Maumee River at a point two hundred six (206) feet east of the east line of South Kensington Park Addition; thence north along a line that is parallel to and two hundred six (206) feet east of the east line of South Kensington Park Addition to Cody Avenue, produced east; thence west in Cody Avenue, produced east and Cody Avenue to Garfield Street; thence following the north bank of the Maumee River westerly to Tecumseh Street; Also, commencing at the intersection of Morton Street and Edgewater Avenue; thence east along Edgewater Avenue to Garfield Street; thence north along Garfield Street to Lake Avenue; thence east along Lake Avenue to Randallia Drive; Also, commencing at the intersection of Morton Street and Edgewater Avenue; thence east along the north bank of the Maumee River and Cody Avenue to a point one hundred twenty-eight (128) feet east of the east line of Kensington Boulevard, motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the primary assessment roll of benefits and damages in the matter of Declaratory Resolution Number 653, which provides for the opening of an alley twelve (12) feet in width between Pemberton Drive and Randallia Drive from the north line of Buesching's Subdivision to Delaware Avenue, be and the same is hereby APPROVED and that Thursday, the 21st day of April, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, April 5, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the Street Department be instructed to grade and cinder Vesey Avenue from the west approach of the old Broadway Bridge, south, to the West approach of the new Oakdale Bridge, also to barricade the old Broadway Bridge.

Motion was made, seconded and carried that the Water Works Department be instructed to install a 6 inch main on McDonald Street from Edsall Avenue to Kitch Street, making same a circulating system.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make cuts into the following pavements, be granted: 1609 Cass Street and 1122 Runnion Avenue.

In the matter of the sub-contracts under Contract No. 6, of the Water Works Improvements, which was awarded to Max Irmscher and Sons, on Thursday, December 3, 1931, motion was made, seconded and carried that in accordance with Article 6 of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the Solid Steel Window Sash and Frames and the Screens for same, to the WILLIAM BAYLEY COMPANY, Springfield, Ohio, using center pivoted windows, as per sample exhibited in the Board of Public Works office.

The COIL CONSTRUCTION COMPANY, INC., reported the work completed under Local Sewer Improvement Resolution Number 460, which provides for the construction of a sewer commencing in Anthony Boulevard at the alley south of Rudisill Boulevard; thence north in and along Anthony Boulevard to Rudisill Boulevard; thence east in and along Rudisill Boulevard to the easement between Anthony Boulevard and Euclid Avenue, as condemned under Declaratory Resolution Number 652; thence north and east in and along said easement to Euclid Avenue; thence north in and along Euclid Avenue to the easement across the north part of Lot Number 19 South Walton Avenue Acre Addition, as condemned under Declaratory Resolution Number 652; thence west in and along said easement to the alley between Anthony Boulevard and Euclid Avenue; thence north in and along the alley and easement between Anthony Boulevard and Euclid Avenue to the north line of said easement as condemned under Declaratory Resolution Number 652, motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the construction of a sewer in and along the alley between Lawton Place and Riverside Avenue from the first alley east of Spy Run Avenue to St. Joseph River Drive, as more fully set out in Local Sewer Improvement Resolution Number 462;

For the construction of a sewer in and along the first alley north of Lawton Place from the first alley east of Spy Run Avenue to St. Joseph River Drive, as more fully set out in Local Sewer Improvement Resolution Number 463;

Motion was then made, seconded and carried that the following resolutions be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 462 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is herey ordered in and along the alley between Lawton Place and Riverside Avenue from the first alley east of Spy Run Avenue to St. Joseph River Drive. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City.

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 463 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the first alley north of Lawton Place from the first alley east of Spy Run Avenue to St. Joseph River Drive. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City.

Motion was made, seconded and carried that Notice to Property Owner of the adoption of the foregoing Improvement Resolutions Numbered 462 and 463 be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentin on the 7th and 14th days of April, 1932, and that Thursday, the 28th day of April, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing reso- tion, also a date and time when they will consider confirming the same.

The Board now proceeded to open sealed proposals for the furnishing and erecting of Steel Stacks for the present boilers, located in the Power Plant of the City Light and Power Works, with the following results:

BASS FOUNDRY & MACHINE COMPANY, bid as follows:

Two Steel Stacks, delivered and erected as per detailed information in proposal and plans:

Proposal No. 1,	$3,893.00
Proposal No. 2,	4,146.00

SCHMELING & ALTER, bid as follows:

Two Steel Stacks, delivered and erected as per detailed information in proposal	$3,650.00

WESTERN GAS CONSTRUCTION COMPANY, bid as follows:

One Steel Stack, delivered and erected as per detailed information in proposal and plans $1,824.00

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT and referred to Mr. Froehlich of The Froehlich & Emery Engineering Company, Engineers for the improvements to the City Light and Power Works.

The Board then upon motion took a recess until 2:00 o'clock P. M., Tuesday, April 5th, 1932.

-- oOo --

The Board re-convened Tuesday, April 5, 1932, at 2:00 o'clock P. M. and proceeded as follows:

Motion was made, seconded and carried that the contract for the furnishing of one (1) 5' dia. approximately 113' 0" high, steel stack, fabricated of 3/16" tank quality steel plate, complete with 12" wide ladder, breeching to fit the present offtake on the boiler, damper with its operating mechanism, thimble and hood, and the necessary guy wires, all as shown on Plan No. P-1310, delivered and erected, on which bids were received, Tuesday, the 5th day of April, 1932, at 10:00 o'clock A. M., be awarded to the WESTERN GAS CONSTRUCTION COMPANY, at and for their price bid, namely, $1,824.00, less $25.00 for one coat of paint instead of two, inside of stack, as per proposal, they being the lowest and best bidders.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion took a recess until 2:00 o'clock P. M., Tuesday, April 12th.

-- oOo --

The Board re-convened Tuesday, April 12, 1932, at 2:00 o'clock P. M., and proceeded as follows:

The Froehlich & Emery Engineering Company, Engineers for the City Light and Power Works project, presented plans, specifications and tentative estimates for the furnishing of all labor, materials, apparatus and tools necessary for the construction of an addition to the boiler plant building, including the construction of track hopper pit and steel coal bunkers, and the demolition and removal of parts of the present building. After considering the same, motion was made, seconded and carried that the said plans, specifications and tentative estimates be approved, and that Notice to Contractors of the work to be performed for the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 18th and 25th days of April, 1932, and that Tuesday, the 10th day of May, 1932, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned improvements.

Motion was made, seconded and carried that in accordance with the contract by and between the City of Fort Wayne, Indiana, and the Froehlich and Emery Engineering Company of Toledo, Ohio, the engineering fee due for the preparation of plans and specifications for the furnishing of all labor, materials, apparatus and tools necessary for the construction of an addition to the boiler plant building, including the construction of track hopper pit and steel coal bunkers, and the demolition and removal of parts of the present building, for the improvement to the City Light and Power Works, be approved.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 14, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending April 9, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Bowser Avenue and Buchanan Street; corner of Colerick Street and Weisser Park Avenue; corner of Creighton Avenue and Calhoun Street; corner of Holton Avenue and Colerick Street; corner of Lillie Street and Eckhart Street.

Motion was made, seconded and carried that the application of the Indiana Engineering and Construction Company, to make a cut into the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet at 220 East Superior Street, be granted.

In the matter of the sub-contracts under Contract No. 6, of the Water Works Improvements, which was awarded to Max Irmscher and Sons, on Thursday, December 3, 1931, motion was made, seconded and carried that in accordance with Article 6 of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the "Crane" to the WHITING CORPORATION, Harvey, Illinois, using Rope Control, - the difference in price between same and Remote Control as specified, to be deducted from the contract price.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Dike Improvement Resolution Number 4 - 1931, which provides for the construction of a levee on and along the east side of Spy Run Creek from Elizabet Street to the Bridge crossing said Spy Run Creek in Lawton Park, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforemention resolution, which assessment roll contains a description of each piece or parc of ground thus assessed, together with the names of the holders of each piece parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performe under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Motion was made, seconded and carried that the request of Councilman Lindenberg, for the installation of a street light on Osage Street across from private drive, suggesting that the bracket for same be placed on the Horton Manufacturing Company building, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request for a light in the alley between Dewald Street and Butler Street from Harrison Street to Webster Street, be referred to the City Light Department for investigation and report.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 461, which provides for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along the first alley south of Elizabeth Street from the alley east of Spy Run Avenue to the east line of Lot Number 11 Freeman's Amended Addition; there having been filed a remonstrance, motion was made, seconded and carried that the confirmation of the same be TAKEN UNDER ADVISEMENT.

The Board adjourned to the Council Chamber for the further hearing on the confirmation of Main Sewer Improvement Resolution Number 68, which provides for the construction of a main sewer, commencing at the intersection of Rudisill Boulevard and Broadway; thence south in and along Broadway to Foster Park Driveway; thence southeast in and along Foster Park Driveway to a point where the Southwood Park sewer crosses said driveway; also, commencing at the intersection of Rudisill Boulevard and Broadway; thence east in and along Rudisill Boulevard to Hoagland Avenue, and branches. Mr. Phil M. McNagny presented remonstrances and spoke in behalf of the remonstrators against the Improvement. Mr. Creighton H. Williams and Mr. Harry W. Muller and the property owners also spoke against the improvement at this time. No one present at the hearing spoke in favor of the improvement. Motion was made, seconded and carried that the same be TAKEN UNDER ADVISEMENT.

The Board then upon motion adjourned.

John Irvin
David Erwin

Fort Wayne, Indiana,
Tuesday, April 19th, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A petition, providing for the keeping of Transport and Transient trucks off of Crescent Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the installation of an alley light between Oliver Street and Bowser Avenue, north of Pontiac Street on Home Pole Number 398, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the construction of cement sidewalks on the West side of Miner Street from Phillips Street to the first alley North, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

George F. Bender,	signed by the Insurance Company of North America;
Hiram Danner,	signed by the Insurance Company of North America.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works, to make cuts into the following pavements be granted: Corner of Creighton Avenue and Clinton Street; between Creighton Avenue and Taber Street; Huffman Street and Putnam Street at the alley; corner of Wells Street and Putnam Street.

Motion was made, seconded and carried that the Agreement by and between the Michigan Valve & Foundry Company, of Detroit, Michigan, and the Equitable Trust Company, of Detroit, Michigan, Parties of the First Part, the Commercial Casualty Insurance Company of Newark, New Jersey, Party of th Second Part, the Western Gas Construction Company, of Fort Wayne, Indiana, Party of the Third Part, and the Cutler-Hammer Company, of Milwaukee, Wisconsi, Party of the Fourth Part, and the City of Fort Wayne, Indiana, through its Board of Public Works, be placed on file.

In the matter of the sub-contracts under Contract No. 6, of the Water Works Improvements, which was awarded to Max Irmscher and Sons, on Thursday, December 3, 1931, motion was made, seconded and carried that in accordance with Article 6 of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the "Elevators" to either the OTIS ELEVATOR COMPANY, New York, N. Y., or the WARNER ELEVATOR COMPANY. Cincinnati, Ohio, provided with full automatic push button control and with a speed of 125 feet per minute; also to sub-let the "Wash Water Tank" to the WESTERN GAS CONSTRUCTION COMPANY, Fort Wayne, Indiana, the same to be fabricae and shipped ready for erection by the McClintic-Marshall Company.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates on the Water Works Improvements, from Hoad, Decker, Shoecraft and Drury: For professional engineering services in connection with River Survey, the amount of $962.55; the Third Progress Estimate for Contract No. 6 for Max Irmscher and Sons, Contractors, in the amount of $64,768.95; the First Progress Estimate for Contract No. 8 for V. M. Nussbaum and Company, Contractors, in the amount of $1,012.15; the First Progress Estimate, Groups 3 and 4 - Valves, for Contract Number 9, for the Western Gas Construction Company, Contractors, in the amount of $17,800.00; the Twenty-second Estimate for professional engineering services in the amount of $20.24; Twenty-third Estimate for professional engineering services in the amount of $1,545.38; the Twenty-fourth Estimate for professional engineering services in the amount of $356.00.

The City Engineer now submitted plans, specifications and estimates for the following public improvement, which plans, specifications and estimates were upon motion approved:

For the construction of a main sewer commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street produced west to its intersection with Main Sewer Number 1, as more fully set out in Main Sewer Improvement Resolution Number 69.

Motion was then made, seconded and carried that the following resolution be adopted:

MAIN SEWER IMPROVEMENT RESOLUTION NUMBER 69 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a main sewer, which from its size and character is not only intended and adapted for use by property holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains already constructed or which hereafter may be constructed, be and the same is hereby ordered.

Commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street produced west to its intersection with Main Sewer Number 1. Said sewer shall be eighteen (18) and fourteen (14) inches in diameter and said sewer with all its appurtenances shall be constructed in accordance with the plans, profiles and specifications now on file in the office of the Department of Public Works of said City.

All work done in the making of the aforementioned public improvement shall be in accordance with the terms and conditions of the resolution aforementioned and the plans, profile and specifications therefor, which are now on file and may be seen in the office of the Board of Public Works of said City.

The total cost of said sewer shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received, including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the City of Fort Wayne, County of Allen, State of Indiana, to-wit: Commencing at the intersection of West Main Street with the west bank of the St. Mary's River; thence west in Main Street to the east line of the alley east of Watkins Street produced north; thence south along the east line of the alley east of Watkins Street produced north and the east line of the alley east of Watkins Street to the west bank of the St. Mary's River; thence in a southerly direction following the west bank of the St. Mary's River to its intersection with the north bank of the Junk Ditch; thence in a northwesterly direction following the north bank of the Junk Ditch to the west right-of-way line of the New York Central Railroad; thence south along the west right of way line of the New York Central Railroad to the south line of Section 3, Township 30 North, Range 12 East; thence west along the south line of Section 3, Township 30 North, Range 12 East and the south line of Section 4, Township 30, Range 12 East to its intersection with West Main Street; thence northeast in Main Street to the east line of Section 4, Township 30 North, Range 12 East; thence north on the east line of Section 4, Township 30 North, Range 12 East to the south line of the right-of-way of the New York, Chicago and St. Louis Railroad; thence east along the south line of the right-of-way of the New York, Chicago and St. Louis Railroad to the west bank of the St. Mary's River; thence south following the west bank of the St. Mary's River to West Main Street, the place of beginning.

The entire cost of said sewer shall be assessed against the property owners beneficially affected, it being expressly intended and provided that the City of Fort Wayne shall pay no other part of the construction of said sewer unless it be as the owner of property beneficially affected in which case it shall be liable as the other property owners.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum, and a bond or bonds shall be issued to the contractor in payment of said work unless the property owners pay said assessments before said bond or bonds are issued.

Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums of money due from said property owner or owners for said work or for the collection of the same or the payment of any bond or bonds, certificate or certificates issued to the contractor in payment for such work, except for such moneys as shall have been actually received by the City for the assessments for such improvement.

All proceedings had and work done in the construction of the said Main Sewer, with all its appurtenances, manner of assessment of property and issuance of bonds therefor, shall be as provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and in accordance with and pursuant to the provisions of all acts amendatory thereto and supplemental thereof, passed by the General Assembly of the State of Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Main Sewer Improvement Resolution Number 69, be published in the Fort Wayne Journal Gazette and the Fort Wayne News-Sentinel on the 20th and 27th days of April, 1932, and that Thursday, the 12th day of May, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Contract Number 3, Feeder Main River Crossings, in connection with the Water Works Improvement, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 20th and 27th days of April, 1932, and that Tuesday, the 10th day of May, 1932, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and ti when the Board will receive and open sealed proposals for the work to be performed under the aforementioned improvement.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY- CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 21, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication, from the Board of Public Safety relative to the Taylor Street Bridge, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 2102 Kentucky Avenue; corner of Lafayette Street and Taber Street; Lafayette street between Creighton Avenue and Taber Street; 1614 Taylor Street.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of a light in the alley between Dewald Street and Butler Street from Harrison Street to Webster Street on Traction Pole No. 23081, be placed on file.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of a street light on Osage Street about 115 feet north of alley on the Horton Manufacturing Company building, using 250 Watt 6.6 Ampere Lamp, be placed on file.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Banks-Coleman Furnace Co.,	signed by the Fidelity & Deposit Co. of Maryland;
Ernest W. Baumgartner,	signed by the Union Indemnity Company;
Hubert J. Furge,	signed by the Hartford Accident and Indemnity Co;
Ellison Meier,	signed by the Fidelity and Casualty Company;
Melvin McDevitt,	signed by the Indemnity Insurance Company.
Rump-Kintz Company	signed by the Aetna Casualty and Surety Company.

Motion was made, seconded and carried that the following driveway applications be granted:

Noah Beberstein, 12 ft. cut and 8 ft. drive at 1010 Columbia Street;
E. W. Baumgartner, 12 ft. cut and 8 ft. drive at 1034 Lake Avenue.

Motion was made, seconded and carried that the application of Melvin McDevitt, to repair 75 feet of sidewalk at the Northwest corner of Calhoun Street and Boerger Avenue, facing both streets, be granted.

Motion was made, seconded and carried that the application of Ellison L. Meier, to remove the old sidewalk and replace same with new walk at 4323 Indiana Avenue, be granted.

A remonstrance, against the construction of cement sidewalks on the west side of Monroe Street from Rudisill Boulevard to Gumpper Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Engineer for a check-up.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 653, which provides for the opening of an alley twelve (12) feet in width between Pemberton Drive and Randallia Drive from the north line of Buesching's Subdivision to Delaware Avenue; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance.

The Board then upon motion adjourned.

John H. Welch & Sons, signed by the Royal Indemnity Company.

Motion was made, seconded and carried that Roy Shultz, Superintend of the Sewer Department, be instructed to install a catch basin on Raymond Street, West of Holly Avenue.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the paving of Curdes Avenue from East Drive to Anthony Boulevard.

Motion was made, seconded and carried that the City Engineer be instructed to proceed with the plans and specifications, which were ordered in the meeting of September 30, 1931, for the paving of Belle Avenue with concrete from Fox Avenue west to the alley.

A petition, providing for the extension of a water main, to run south on Oliver Street from Rudisill Boulevard, to Baxter Street, was received. Motion was made, seconded and carried that the same be referred to the Fort Wayne Water Works Department for investigation and report on cos.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates of the Water Works Improvements, from Hoad, Decker, Shoecraft and Drury: the First Progress Estimate for Contract Number 9, for the Michigan Valve and Foundry Company, Contractors, in the amount of $2,263.98; the Twenty-fifth Estimate for professional engineering services in the amount of $45.28.

Motion was made, seconded and carried that the following contracts made and entered into the twenty-sixth day of April, 1932, and bonds, be approved and that the contract be ordered sent to the Council at their next regular meeting Tuesday, April 26, 1932, at 8:00 o'clock P. M.

CONTRACT AND BOND

CONTRACT

This agreement made and entered into this twenty-sixth day of April, 1932, by and between THE WEBSTER MANUFACTURING COMPANY, of the County of Cook, State of Illinois, party of the first part, and the City of Fort Wayne, County of Allen, and State of Indiana, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part covenants and agrees to furnish and pay for all work, materials and apparatus, tools and labor necessary for the construction, delivery and erection of the work, materials and apparatus as covered by the following named division of the Specifications for the Improvement of the City Light and Power Works, on file in the office of the Board of Public Works, to-wit:

DIVISION NO. 1.

The furnishing, delivery and erection of a complete coal elevating and distributing system for and at the City Light and Power works of the City of Fort Wayne, Indiana, including track hopper, two feeders, two elevators, shuttle belt conveyor, three automatic coal scales, and three non-segregating spreaders. Elevators are to be 10 H. P. each. Shuttle belt conveyor is to be arranged with splices to permit serving the first boiler installed, while the other two boilers are being erected, all of which work, material and apparatus is to be in accordance with the Specifications for the Improvement of the City Light and Power Works and the proposal of the Webster Manufacturing Company, on file in the office of the Board of Public Works of the City of Fort Wayne, Indiana, all of which specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length, for and in consideration of the payment by the City of Fort Wayne as follows: to-wit:

NINETEEN THOUSAND FIVE HUNDRED DOLLARS AND NO CENTS ($19,500.00).

Delivery of all equipment and apparatus, except two coal scales and two spreaders, will be made within sixty (60) days after request by the party of the second part, but not later than one hundred fifty (150) days after date of this contract, except by mutual agreement of the parties hereto.

Delivery of the aforesaid two coal scales and two spreaders will be made within sixty (60) days after request by the party of the second part, but not later than two hundred forty (240) days after date of this contract, except by mutual agreement of the parties hereto.

√

Erection of all equipment will be completed within thirty (30) days after delivery and preparation of the site by the party of the second part.

Payments are to be made in accordance with paragraph 18, "Terms of Payment," of the specifications on file in the office of the Board of Public Works.

To each of the conditions and stipulations of this contract, the undersigned, each for itself, binds itself, its successors and assigns.

IN WITNESS WHEREOF, we, the foregoing named parties, hereunto set our hands and seal, in triplicate, on the day and year first above written.

CONTRACT BOND

KNOW ALL MEN BY THESE PRESENTS:

That we, the undersigned THE WEBSTER MANUFACTURING COMPANY, of the County of Cook, State of Illinois, as principals and COMMERCIAL CASUALTY INSURANCE COMPANY, of the County of Essex, and State of New Jersey, as sureties, are held and firmly bound unto the State of Indiana (for the benefit of the City of Fort Wayne, and for the benefit of all other persons who may have a claim hereunder by law), in the sum of NINETEEN THOUSAND FIVE HUNDRED DOLLARS AND NO CENTS ($19,500.00), for the payment of which, well and truly to be made, we jointly and severally bind ourselves, our heirs, executors, administrators and assigns firmly by these presents.

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH THAT whereas the above named principal did on the twenty-sixth day of April, 1932, enter into a contract with the City of Fort Wayne, Indiana, which said contract is made a part of this bond the same as though set forth herein:

Now, if the said THE WEBSTER MANUFACTURING COMPANY shall well and faithfully do and perform the things agreed by it to be done and performed according to the terms of said contract; and shall pay all lawful claims of subcontractors, material men and laborers, for labor performed and materials furnished in the carrying forward, performing or completing of said contract, and all other lawful claims; we agreeing and assenting that this undertaking shall be for the benefit of any material man or laborer having a just claim, as well as the obligee herein, then this obligation shall be void; otherwise the same shall remain in full force and effect; it being expressly understood and agreed that the liability of the surety for any and all claims hereunder in no event exceed the penal amount of this obligation as herein stated.

The said surety hereby stipulates and agrees that no modifications, omissions, or additions, in or to the terms of the said contract or in or to the plans or specifications therefor shall in any wise affect the obligation of said surety on its bond.

In the event the said City shall extend the time for the completion of said work, such extension shall not in any way release the sureties on this bond.

WITNESS OUR HANDS AND SEALS the day and year last above written.

BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, April 28, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending April 23, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Lewis Street and Francis Street; corner of Osage Street and Richardson Street.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates on the Water Works Improvements, from Hoad, Decker, Shoecraft and Drury: For professional engineering services in connection with River Survey for the month of January 1932, in the amount of $831.10; for professional engineering services in connection with River Survey for the month of February 1932, in the amount of $433.24.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair sidewalk at 2901 Hoagland Avenue, walk facing on Killea Street, be granted.

Motion was made, seconded and carried that the application of C. L. Jourdon, to repair 15 feet of sidewalk at 307 East Pontiac Street, be granted, bond filed with the permit.

Motion was made, seconded and carried that the agreement with the Protective Electrical Supply Company, covering the purchase of Incandescent Mazda Lamps, be placed on file.

A petition, signed by a number of property owners in order to prevent depreciation of property, incident to the large amount of trucking and heavy hauling on West State Boulevard between Wells Street and Sherman Boulevard, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the following plat to the City of Fort Wayne, Indiana, be approved:

"CHARLES W. SCHERER'S RIVERSIDE ADDITION."

Motion was made, seconded and carried that Lots Numbered 3, 4, 5, 6, 7, 8, 9, 10, 11 and 13 of the above approved plat, be purchased for River Bank improvements.

Motion was made, seconded and carried that the City Attorney be instructed to prepare an ordinance for the purchase of the above described lots and send the same to the Council at their next regular meeting, Tuesday May 10, 1932.

Motion was made, seconded and carried that the petition, providing for the widening of the pavement on Douglas Avenue from Harrison Street to Webster Street to a uniform width of 34 feet be placed on file.

Motion was made, seconded and carried that the petition, providing for the widening of the pavement on Douglas Avenue from Webster Street to McClellan Street, to a uniform width of 34 feet, be placed on file.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the widening of Douglas Avenue from Harrison Street to Webster Street, 5 feet on the South side.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the widening of Brackenridge Street from Harrison Street to Webster Street, 3 feet on the North side.

Motion was made, seconded and carried that the City Engineer be instructed to send grades for the top curb and the gutter line of the above widening, together with plans for the radius at the four corners around the Post Office site, as provided by the Board, to E. J. Gallmeyer, Post Master, City of Fort Wayne, at the earliest possible date.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the paving of Taylor Street from the end of the present pavement to Ardmore Avenue, which was taken under advisement, February 11, 1930.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Local Sewer Improvement Resolution Number 460, which provides for the construction of a sewer commencing in Anthony Boulevard at the alley south of Rudisill Boulevard; thence north in and along Anthony Boulevard to Rudisill Boulevard; thence east in and along Rudisill Boulevard to the easement between Anthony Boulevard and Euclid Avenue, as condemned under Declaratory Resolution Number 652; thence north and east in and along said easement to Euclid Avenue; thence north in and along Euclid Avenue to the easement across the north part of Lot Number 19 South Walton Avenue Acre Addition, as condemned under Declaratory Resolution Number 652; thence west in and along said easement to the alley between Anthony Boulevard and Euclid Avenue; thence north in and along the alley and easement between Anthony Boulevard and Euclid Avenue to the north line of said easement, as condemned under Declaratory Resolution Number 652, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 462, which provides for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along the alley between Lawton Place and Riverside Avenue from the first alley east of Spy Run Avenue to St. Joseph River Drive, motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 463, which provides for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along the first alley north of Lawton Place from the first alley east of Spy Run Avenue to St. Joseph River Drive, motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, May 3, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, Charles A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A report was received from the City Light Construction Department, recommending the installation of an alley light between Oliver Street and Bowser Avenue, north of Pontiac Street on Home Pole Number 398, motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair 35 feet of sidewalk at 1735 Bayer Avenue, be granted.

Motion was made, seconded and carried that the application of C. Doenges and Son, to repair sidewalk at 1004 Rivermet Avenue, be granted.

Motion was made, seconded and carried that the following driveway applications be granted:

Wade Amspaugh,	40 foot cut and 36 foot drive at 2030 Weisser Park Avenue;
E. W. Baumgartner,	12 foot cut and 8 foot drive at 317 Third Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Fort Wayne Roofing & Paving Co.,	signed by the Union Indemnity Company;
Eugene C. Martin,	signed by the Commercial Casualty Ins. Co.;
George L. Nicole.	signed by the Commercial Casualty Ins. Co.;
Joe J. Tomkinson,	signed by the Union Indemnity Company.

Motion was made, seconded and carried that the Indemnity Bond of J. M. Cutshall and Sons, signed by the United States Fidelity & Guaranty Company, covering the wrecking of two chimneys at the City Light Plant, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Engineering fee due the Froehlich & Emery Engineering Company, in accordance with contract dated April 14, 1931, for contracts awarded to J. M. Cutshall and Sons for Wrecking Two Chimneys; also the Western Gas Construction Company, for Steel Stack, delivered and erected, at the City Light and Power Works, in the amount of $112.02, be approved.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, May 10, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report from the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending April 30, 1932, be placed on file.

Motion was made, seconded and carried that the report from the Water Works Construction Department, stating that the cost of the extension of a water main, to run south on Oliver Street from Rudisill Boulevard to Baxter Street, would be approximately $2800.00. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Calhoun Street and Butler Street; corner of Clinton Street and Murray Street; corner of McKinnie Avenue and Warsaw Street; 3800 Block on Reed Street.

Motion was made, seconded and carried that the application of Michael Kinder and Sons, to remove the old sidewalk and replace same with new, at the Northwest corner of State Boulevard and Forest Park Boulevard, be granted.

Motion was made, seconded and carried that the application of Wade Amspaugh, to repair sidewalk at 720 Davis Street, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Noah Beberstine, 12 ft. cut and 8 ft. drive at 725 Huffman Street;
William Sattler, 12 ft. cut and 8 ft. drive at 3420 Broadway.

Motion was made, seconded and carried that the following applications of E. W. Ellerman, to construct driveways at the Southwest corner of Hanna Street and Laselle Street, be granted: to cut the curbing to a width of 34 feet and to construct a driveway to a width of 30 feet, drive facing on Hanna Street; also to cut the curbing to a width of 34 feet and to construct a driveway to a width of 30 feet, drive facing on Laselle Street.

Motion was made, seconded and carried that the City Light Department be instructed to pay the estimate of the Henry Electric Company, in the amount of $24.00 for twenty-four hours labor.

Motion was made, seconded and carried that the request of Councilman Langard for the installation of a light in the alley at the rear of 1819 Crescent Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the request of Councilman Langard for the installation of a street light on Lake Avenue, 150 feet West of Anthony Boulevard on Lake Avenue, be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a light in the alley between Douglas Avenue and Brackenridge Street from Clay Street to Lafayette Street, to be installed 100 feet West of Clay Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A resolution from the South Anthony Community Association, providing for the widening of Anthony Boulevard from Pontiac Street to Maumee Avenue, was received. Motion was made, seconded and carried that the same be TAKEN UNDER CONSIDERATION.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the setting back of the curb on the North side of Columbia Avenue, in front of 811 Columbia Avenue.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the acquisition of property for the up-river dam and reservoir, for the impounded water.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the acquisition of property for the pipe line from the up-river dam and reservoir to the City of Fort Wayne.

A communication, from the City Engineer with reference to the widening of Douglas Avenue and Brackenridge Street, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the widening of Webster Street 6 feet on the East side from Douglas Avenue to Brackenridge Street.

Motion was made, seconded and carried that the plans submitted by the City Engineer for the intersection of St. Joe Boulevard and State Street, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the plans and estimates submitted by the City Engineer for the West Approach to the Broadway bridge, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the estimate of cost for a relief sewer in Lakeside, submitted by the City Engineer, commencing at the old manhole on the south side of Rivermet Avenue in the alley west of Crescent Avenue; thence east along the south parkstrip on Rivermet Avenue to Crescent Avenue; thence in a southeasterly direction crossing Crescent Avenue on a diagonal line to the old manhole on the east side of Crescent Avenue in the alley north of Lake Avenue, be TAKEN UNDER ADVISEMENT.

In the matter of the sub-contracts under Contract No. 6 of the Water Works Improvements, which was awarded to Max Irmscher and Sons, on Thursday, December 3, 1931, motion was made, seconded and carried that in accordance with Article 6 of the Agreement, permission is hereby granted the above mentioned Contractors to sub-let the "Finishing Hardware" to C. C. SCHLATTER & COMPANY, INC., Fort Wayne, Indiana.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates on the Water Works Improvements, from Hoad, Decker, Shoecraft and Drury: the Second Progress Estimate for Contract No. 8 for V. M. Nussbaum and Company, Contractors, in the amount of $1,019.19; the Fourth Progress Estimate for Contract No. 6 for Max Irmscher and Sons, Contractors, in the amount of $65,539.20; the Twenty-sixth Estimate for professional engineering services in the amount of $1,560.78; Twenty-seventh Estimate for professional engineering services in the amount of $20.38.

Frank C. Cook and Jessie R. Cook submitted plans and specifications for the construction of one course concrete sidewalks, five (5) feet in width and five (5) inches in depth on the South side of Colerick Street from Hanna Street to the alley West of Hanna Street, as more fully set out in WAIVER IMPROVEMENT RESOLUTION NUMBER 3116-1932, now on file in the office of the Department of Public Works.

WAIVER IMPROVEMENT RESOLUTION Number 3116 is in accordance with the methods and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporation", approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, waiving all preliminary hearings, advertising of Notice to Property Owners and Contractors, and separately and jointly waiving any and all irregularities and illegalities in the steps and requisites under said Resolution Number 3116, or omission of the same, and agreeing that the cost of intersection and engineering fees and the total cost thereof be assessed against the properties benefited and providing for the arrangement for the payment of the assessments therefor in ten equal annual installments and the issuance of bonds therefor.

The Board then upon motion fully ADOPTED and CONFIRMED Waiver Improvement Resolution Number 3116, as submitted.

The Board then upon motion awarded the contract for the work to be performed under WAIVER IMPROVEMENT RESOLUTION Number 3116, which provides for the construction of one course concrete sidewalks, five (5) feet in width and five (5) inches in depth on the south side of Colerick Street from Hanna Street to the alley west of Hanna Street, to MOORE AND JOHNSTON, at and for their pric bid, namely, Eighty-eight cents ($0.88) per lineal foot.

Motion was made, seconded and carried that the bond of Moore and Johnston, signed by Fidelity and Casualty Company of New York, covering the work to be performed under Waiver Improvement Resolution Number 3116, be approved.

The Board then adjourned to the Council Chamber for the opening of the following proposals:

This being a date and time previously fixed by the Board when they would receive sealed proposals for the construction of Feeder Main Crossings under the St. Mary's and St. Joseph River, under Contract Number 3, they now proceeded to open the same and obtained the following results:

JOHN DEHNER, INC., bid as follows:

Item 1.	For laying 30-inch main, the unit price of	$14.16 li.f
Item 2.	For laying 24-inch main, the unit price of	12.16 "
Item 3.	For concrete encasement of 30-inch main the unit price of	4.97 "

Item 4.	For concrete encasement of 24-inch main, the unit price of	$ 4.00	lin.ft.
Item 5.	For laying 8-inch blowoff piping, the unit price of	2.00	" "
Item 6.	For installing one blow-off manhole and appurtenances, the lump sum price of	100.00	
Item 7.	For installing one special blowoff and valve manhole and appurtenances, the lump sum of	184.00	
Item 8.	For laying the 4-inch sludge line, the unit price of	2.00	" "

G. E. LEININGER, bid as follows:

Item 1.	For laying 30-inch main, the unit price of	$ 15.60	lin. ft.
Item 2.	For laying 24-inch main, the unit price of	15.05	" "
Item 3.	For concrete encasement of 30-inch main, the unit price of	4.32	" "
Item 4.	For concrete encasement of 24-inch main, the unit price of	4.28	" "
Item 5.	For laying 8-inch blow-off piping, the unit price of	3.00	" "
Item 6.	For installing one blow-off manhole and appurtenances, the lump sum price of	160.00	
Item 7.	For installing one special blow-off and valve manhole and appurtenances, the lump sum price of	210.00	
Item 8.	For laying the 4-inch sludge line, the unit price of	3.00	" "

L. H. McAFEE, bid as follows:

Item 1.	For laying 30-inch main, the unit price of	$ 16.50	" "
Item 2.	For laying 24-inch main, the unit price of	16.20	" "
Item 3.	For concrete encasement of 30-inch main, the unit price of	5.10	" "
Item 4.	For concrete encasement of 24-inch main, the unit price of	4.40	" "
Item 5.	For laying 8-inch blow-off piping, the unit price of	2.50	" "
Item 6.	For installing one blow-off manhole and appurtenances, the lump sum price of	175.00	

Item 7.

For installing one special blow-off and valve manhole and appurtenances, the lump sum price of $250.00

Item 8.

For laying the 4-inch sludge line, the unit price of (lin.ft) 3.20

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the Addition to the Boiler Plant Building for improvement of the City Light and Power Works, they now proceeded to open the same and obtained the following results:

A. BENTLY & SONS COMPANY, Toledo, Ohio, bid as follows:

Price, $137,890.00

EXTRA WORK - UNIT PRICES:

Concrete Foundations	
Excavating	$ 1.75
Back Fill	0.75
Concrete	12.60
Reinforced Steel	02.8

Machinery Foundations	
Concrete	$15.00
Reinforced Steel	.03
Miscellaneous Iron and Steel	.09½

ALTERNATE
For substitution of Tile
for Salt Glazed Brick, Additional $ 5,900.00

BUESCHING-HAGERMAN & COMPANY, Fort Wayne, bid as follows:

Price, $128,750.00

EXTRA WORK - UNIT PRICES:

Concrete Foundations	
Excavating	$ 3.50
Back Fill	1.50
Concrete	16.50
Reinforced Steel	.03½

Machinery Foundations	
Concrete	$20.00
Reinforced Steel	.04
Miscellaneous Iron and Steel	.11½

ALTERNATE
For substitution of Tile
for Salt Glazed Brick, Additional $ 8,174.00

H. G. CHRISTMAN-BURKE COMPANY, Detroit, Mich.,bid as follows:

Price, $131,500.00

EXTRA WORK - UNIT PRICES:

Concrete Foundations	
Excavating	$ 3.00
Back Fill	2.00
Concrete	15.00
Reinforced Steel	.05

Machinery Foundations	
Concrete	$16.00
Reinforced Steel	.06
Miscellaneous Iron and Steel	.10

ALTERNATE
For substitution of Tile
for Salt Glazed Brick, Additional $ 300.00

NOTE:
If second quality tile is used, Deduct $ 1,700.00

INDIANA ENGINEERING AND CONSTRUCTION CO, Fort Wayne, bid as follows:

Price, $129,400.00

EXTRA WORK - UNIT PRICES:

Concrete Foundations	
Excavating	$ 5.00
Back Fill	2.00
Concrete	15.00
Reinforced Steel	.04

Machinery Foundations	
Concrete	$15.00
Reinforced Steel	.04
Miscellaneous Iron and Steel	.10

ALTERNATE
For substitution of Tile
for Salt Glazed Brick, Additional (Super Quality) $ 9,800.00

MAX IRMSCHER & SONS, Fort Wayne, bid as follows:

Price, $123,888.00

EXTRA WORK - UNIT PRICES:

Concrete Foundations	
Excavating	$ 2.50
Back Fill	.50
Concrete	12.00
Reinforced Steel	.04

Machinery Foundations	
Concrete	$20.00
Reinforced Steel	.05
Miscellaneous Iron and Steel	.10

ALTERNATE
For substitution of Tile
for Salt Glazed Brick, Additional (Super Quality) $ 6,138.00

NOTE:
Base bid is on Truscon or Fenestra Sash.

For Bailey sash,	Additional		$ 495.00
For Campbell Sash		Deduct	460.00
For Otis Elevator		Deduct	300.00
For Warner Elevator		Deduct	300.00
For Detroit Elevator		Deduct	400.00
For Weiman Bilge Pumps,		Deduct	110.00
For Goulds Pumps		Deduct	108.00
For Economy Pumps		Deduct	90.00
For Worthington Pumps,	Additional		70.00
For Chicago Pumps	Additional		140.00

✓ RUMP-KINTZ COMPANY, Fort Wayne, bid as follows:

Price,	$135,249.00

EXTRA WORK - UNIT PRICES:

Concrete Foundations	
Excavating	$12.00
Back Fill	1.50
Concrete	12.00
Reinforced Steel	.06

Machinery Foundations	
Concrete	$12.00
Reinforced Steel	.06
Miscellaneous Iron and Steel	.10

ALTERNATE		
For substitution of Tile for Salt Glazed Brick,	Additional	$ 4,986.50

✓ SCHINNERER & TRUEMPER, Fort Wayne, bid as follows:

Price,	$124,946.00

EXTRA WORK - UNIT PRICES:

Concrete Foundations	
Excavating	$ 4.50
Back Fill	1.00
Concrete	12.00
Reinforced Steel	.04

Machinery Foundations	
Concrete	$14.00
Reinforced Steel	.04
Miscellaneous Iron and Steel	.07

ALTERNATE		
For substitution of Tile for Salt Glazed Brick,	Additional	$ 5,029.00

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

The Board then upon motion took a recess until 4:00 o'clock P. M., Tuesday, May 10th, 1932.

-- oOo --

The Board re-convened Tuesday, the 10th day of May, 1932, at 4:00 o'clock P. M. and proceeded as follows:

Motion was made, seconded and carried that the contract entered into on the 10th day of May, 1932, by and between THE C. O. BARTLETT & SNOW COMPANY, of the County of Cuyahoga, State of Ohio, and the City of Fort Wayne, by and through its Board of Public Works, and bond, covering Division No. 4, which provides for the furnishing, delivery and erection of a complete traveling coal crusher, ready for operation on the existing crane track at the City Light and Power Works of Fort Wayne, Indiana, on which bids were received April 12, 1932, at 10:00 o'clock A. M., be approved and that the contract be ordered sent to the Council at their next regular meeting, Tuesday, May 10th, 1932, at 8:00 P. M.

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 3, which provides for the construction of Feeder Main Crossings under the St. Mary's and St. Joseph River, in connection with the Water Works Improvement on which bids were received May 10th, 1932, at 10:00 o'clock A. M., be awarded to JOHN DEHNER, INC., at and for their price bid as follows:

Item 1.	For laying 30-inch main, the unit price per lineal foot	$14.16
Item 2.	For laying 24-inch main, the unit price per lineal foot	12.16
Item 3.	For concrete encasement of 30-inch main, the unit price per lineal foot of main encased,	4.97
Item 4.	For concrete encasement of 24-inch main, the unit price per lineal foot of main encased,	4.00
Item 5.	For laying 8-inch blow-off piping, the unit price per lineal foot	2.00
Item 6.	For installing one blow-off manhole and appurtenances, the lump sum price of	100.00
Item 7.	For installing one special blow-off and valve manhole and appurtenances, the lump sum price of	184.00
Item 8.	For laying the 4-inch sludge line, the unit price per lineal foot	2.00

Ezra Shoecraft and Robert McNamee, of Hoad, Decker, Shoecraft and Drury, Engineers for the Water Works Improvement, now discussed with the Board, the following contracts:

Contract No. 10,

The City will furnish carbon dioxide generating equipment, including boilers for generating carbon dioxide and for heating the plant. This equipment will be purchased, delivered and erected under Contract No. 10 and possibly other contracts. The carbon dioxide equipment will include all appurtenances and piping up to the wall flange of the carbon dioxide supply line to the carbonation tanks, this wall flange being located just inside the south wall of the boiler room. The boilers included in this equipment will be furnished and erected under Contract No. 10 or other contracts including connections to chimney and carbon dioxide equipment. The connections with the heating system of the building, both steam and return lines, shall be made under Contract No. 6. All necessary concrete foundations to support carbon dioxide equipment and boilers and the setting of anchor bolts shall be done under Contract No. 6.

Contract No. 11,

The City will furnish and erect all chemical handling equipment in the Softening Building. Under Contract No. 6, all concrete foundations and anchor bolts shall be set to receive this equipment.

Contract No. 12.

The City will furnish and erect all chemical feeding equipment in the Softening Building. Under Contract No. 6, all concrete foundations and anchor bolts shall be set to receive this equipment.

The Engineers also suggested that the 42" Feeder main from the up-river reservoir, and the 42" Auxiliary main from the North end of Parnell Avenue and the St. Joseph River, being the North corporate limits of the City of Fort Wayne, to the Three Rivers Filtration and Pumping Station, be layed over the following route: Starting from the Filtration Plant, thence North along the West bank of the St. Joseph River to Elizabeth Street; thence under the St. Joseph River to Parnell Avenue; thence North in and along Parnell Avenue to the St. Joseph River, being the North corporate limits of the City of Fort Wayne.

The Board then upon motion took a recess until Wednesday, May 11, 1932, at 10:00 o'clock A. M.

--- oOo ---

The Board re-convened Wednesday, the 11th day of May, 1932, at 10:00 o'clock A. M., and proceeded as follows:

Motion was made, seconded and carried that the primary assessment
roll for the work performed under Main Sewer Improvement Resolution Number 6
which provides for the construction of a Main Sewer, commencing at the north
bank of the Maumee River at a point two hundred six (206) feet east of the
east line of South Kensington Park Addition; thence north along a line that
parallel to and two hundred six (206) feet east of the east line of South Ke-
sington Park Addition to Cody Avenue, produced east; thence west in Cody Ave
produced east and Cody Avenue to Garfield Street; thence following the north
of the Maumee River westerly to Tecumseh Street; Also, commencing at the int
section of Morton Street and Edgewater Avenue; thence east along Edgewater A
to Garfield Street; thence north along Garfield Street to Lake Avenue; thenc
east along Lake Avenue to Randallia Drive; Also commencing at the intersecti
of Morton Street and Edgewater Avenue; thence east along the north bank of t
Maumee River and Cody Avenue to a point one hundred twenty-eight (128) feet
of the east line of Kensington Boulevard, be and the same is hereby APPROVED
and that Notice to Property Owners affected thereby be published in the Fort
Journal-Gazette and the Fort Wayne News-Sentinel on the 12th and 19th days c
1932, and that Thursday, the 2nd day of June, 1932, at 7:30 o'clock P. M., t
fixed a date and time when the Board will hear and consider objections or re
strances against the acceptance of the work performed under the aforementior
resolution or against the assessment roll as approved by the Board and will
mine the question as to whether such lots or tracts of land have been or wil
benefited by said improvement in the amounts named on said assessment roll.

The Board then discussed at length, with Mr. Froehlich and Mr. Ma
of the Froehlich & Emery Engineering Company, Toledo, Ohio, Engineers for tl
improvements to the City Light and Power House, the bids and tabulation on
Boiler Room addition, received Tuesday, May 10th, at 10:00 o'clock A. M.

The Board then took a further recess until Thursday, May 12th, at 10:00 o'clock A. M.

--- oOo ---

The Board re-convened Thursday, the 12th day of May, 1932, at 10:00 o'clock A. M., and proceeded as follows:

Motion was made, seconded and carried that the contract for the Boiler Room Addition to the City Light Plant, on which bids were received, on the 10th day of May, 1932, at 10:00 o'clock A. M., be awarded to MAX IRMSCHER & SONS, Fort Wayne, Indiana, using Yeoman's Bilge Pump; Otis Elevator and Truscon Steel Sash, identical to that installed in the Generator Room, at and for their price bid, namely, $123,888.00, less $300.00 a deduction for the the use of Otis Elevator, as per their proposal, they being the lowest and best bidders.

Motion was made, seconded and carried that the Contract and Bond of John Dehner, Inc., for Contract Number 3, of the Water Works Improvement be referred to the City Attorney for his approval.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, May 12, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of April, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Central Drive and Eckart Street; corner of Lexington Avenue and Piqua Avenue; corner of Superior Street and Harrison Street.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to construct 280 feet of cement sidewalk on Lots Numbers 19, 20, 21, 22, 23, 24 and 25 in Bash's Addition on Fourth Street, be granted.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair sidewalks at 1715, 1717 and 1737 Bayer Avenue, be granted.

Motion was made, seconded and carried that the application of Ernest Timme and Sons, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 209 Sherwood Terrace, be granted.

Motion was made, seconded and carried that the request of Councilman Burns for the installation of a street light at the corner of Clay Street and Oxford Street, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the plans and estimates submitted by the City Engineer as per communication of May 12, 1932, for the widening of Douglas Avenue 5 feet on the South side from Harrison Street to Webster Street; also for the widening of Brackenridge Street 3 feet on the North side from Harrison Street to Webster Street; also for the widening of Webster Street 6 feet on the East side from Brackenridge Street to Douglas Avenue, be approved.

A remonstrance, against the passage of a resolution for the construction of cement sidewalks on the South side of Cody Avenue from Anthony Boulevard to the alley East, was received. Motion was made, seconded and carried that the same be placed on file.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of the sidewalk on the south side of Cody Avenue from Anthony Boulevard to the alley east of Anthony Boulevard, as more fully set out in Sidewalk Improvement Resolution Number 3107.

For the improving of the sidewalk on the east side of Fairfield Avenue from Masterson Avenue to a point forty (40) feet north of the north line of Masterson Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3108.

For the improving of the sidewalk on the south side of Foster Parkway from Buell Drive to Hoagland Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3109.

For the improving of the sidewalk on the west side of Miner Street from Phillips Street to the alley north of Phillips Street, as more fully set out in Sidewalk Improvement Resolution Number 3110.

For the improving of the sidewalk on the west side of Monroe Street from Rudisill Boulevard to Gumpper Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3111.

For the improving of the sidewalk on the west side of Robinwood Drive from Rudisill Boulevard to McKinnie Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3112.

For the improving of the sidewalk on the east side of Sherman Boulevard from State Boulevard to Hofer Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3113.

For the improving of the sidewalk on the west side of Van Buren Street from Main Street to Greeley Street, as more fully set out in Sidewalk Improvement Resolution Number 3114.

For the improving of the sidewalk on the north side of Wayne Street from Lafayette Street to Clay Street, as more fully set out in Sidewalk Improvement Resolution Number 3115.

Motion was then made, seconded and carried that the following resolutions be **adopted:**

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3107 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of Cody Avenue from Anthony Boulevard to the alley east of Anthony Boulevard, by paving with cement to a width of five (5) feet and grading to a width of twelve (12) feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3108 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the east side of Fairfield Avenue from Masterson Avenue to a point forty (40) feet north of the north line of Masterson Avenue, by grading to a width of seventeen (17) feet and paving with cement to a width of six (6) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3109 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of Foster Parkway from Buell Drive to Hoagland Avenue, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3110 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Miner Street from Phillips Street to the alley north of Phillips Street, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3111 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side o Monroe Street from Rudisill Boulevard to Gumpper Avenue, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3112 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Robinwood Drive from Rudisill Boulevard to McKinnie Avenue, by grading to a width of thirteen (13) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3113 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the east side of Sherman Boulevard from State Boulevard to Hofer Avenue, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3114 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Van Buren Street from Main Street to Greeley Street, by grading to a width of twenty (20) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3115 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Wayne Street from Lafayette Street to Clay Street, by grading to a width of seventeen (17) feet and paving with cement to a width of six (6) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3107, 3108, 3109, 3110, 3111, 3112, 3113, 3114 and 3115, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 16th and 23rd days of May, 1932, and that Thursday, the 9th day of June, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Main Sewer Improvement Resolution Number 69-1932, which provides for the construction of a main sewer, which from its size and character is not only intended and adapted for use by property holders whose property abuts along the line of said sewer but is also intended and adapted for receiving sewage from collateral drains already constructed, or which hereafter may be constructed, commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street produced west to its intersection with Main Sewer Number 1; the Board being fully advised in the premises now finds and decides that the special benefits accruing from the construction of said sewer for the property in the area or district to be drained and which abuts thereon will equal the estimated cost od said improvement, insofar as it is designed and intended to serve the purpose of a local sewer, and that the special benefits accruing to the property within the area or district to be drained as heretofore defined by the Board from the construction of said improvement will equal the cost thereof, and the Board being fully advised in the premises now finds that the area or district in the City of Fort Wayne, Indiana, to be drained by said sewer is properly bounded, and which said area or district to be drained is as follows: Commencing at the intersection of West Main Street with the west bank of the St. Mary's River; thence west in Main Street to the east line of the alley east of Watkins Street produced north; thence south along the east line of the alley east of Watkins Street produced north and the east line of the alley east of Watkins Street to the west bank of the St. Mary's River; thence in a southerly direction following the west bank of the St. Mary's River to its intersection with the north bank of the Junk Ditch; thence in a northwesterly direction following the north bank of the Junk Ditch to the west right-of-way line of the New York Central Railroad; thence south along the west right-of-way line of the New York Central Railroad to the south line of Section 3, Township 30 North, Range 12 East; thence west along the south line of Section 3, Township 30 North, Range 12 East and the south line of Section 4, Township 30 North, Range 12 East to its intersection with West Main Street; thence northeast in Main Street to the east line of Section 4, Township 30 North, Range 12 East; thence north on the east line of Section 4, Township 30 North, Range 12 East to the south line of the right-of-way of the New York, Chicago and St. Louis Railroad; thence east along the south line of the right-of-way of the New York, Chicago and St. Louis Railroad to the west bank of the St. Mary's River; thence south following the west bank of the St. Mary's River to West Main Street, the place of beginning; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Main Sewer Improvement Resolution Number 69, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 16th and 23rd days of May, 1932, and that Tuesday, the 7th day of June, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

The Board then upon motion adjourned.

John Irvin
David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, May 17, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair sidewalk at the southeast corner of Bayer Avenue and Delaware Avenue, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Noah Bebersstine,	28 ft. cut and 24 ft. drive at 2329 Winter Street;
W. G. Harrod,	22 ft. cut and 18 ft. drive at 4429 Marquette Drive.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works, to make cuts into the following pavements, be granted: Corner of Hanna and McKinnie Avenue; corner of Hanna Street and Pettit Avenue; corner of McKinnie Avenue and John Street; corner of Spatz Avenue and McKinnie Avenue; Northeast corner of State Boulevard and Parnell Avenue.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

B. J. Callahan,	signed by the Aetna Casualty & Surety Company;
Home Equipment Company,	signed by the Maryland Casualty Company;
Clarence L. Schust,	signed by the Union Indemnity Company.

A petition, providing for the paving of Darrow Avenue from Clinton Street to Piqua Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the City Asphalt Department, be instructed to cut the curbing on the South side of State Boulevard and pave the South wing of the intersection, in accordance with the plan in the Board of Public Work's office, same to be paved out of the intersection fund.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates on the Water Works Improvements, from Hoad, Decker, Shoecraft and Drury: The Second Progress Estimate for Contract Number 9, for the Michigan Valve and Foundry Company, Contractors, in the amount of $3,675.96; the Twenty-eighth Estimate for professional engineering services in the amount of $635.15; the Twenty-ninth Estimate for professional engineering services in the amount of $73.52.

Motion was made, seconded and carried that V. M. Nussbaum & Company, be instructed to furnish and install at and for their price of $250.00 a metering panel in the circuit breaker structure between the two main breakers as follows:

1 - General Electric, 1803X compound panel, 20" high, 24" wide, 1" thick, with the following equipment.

1 - DS-19, 2300/115 volt, 5 ampere watthour meter,
1 - 4 point potential test block type PK-1.
1 - 4 point current test block type PK-1.
2 - 1200 Ampere C-15 current transformers.
Necessary small wiring.
Necessary 2 x 1/4" bus bar to make necessary changes to bus leading to transformer panels.

This equipment being listed on Page S-3 of Contract Number 8, by and between the City of Fort Wayne and V. M. Nussbaum & Company, under the heading "Things to be furnished by the City", as follows:

"The current and potential transformers necessary for metering the incoming supply of power as well as the necessary meters for this service."

The City will be saved the expense of a set of potential transformers, inasmuch, as the ones already incorporated in the circuit breaker structure can be used for metering as well.

Motion was made, seconded and carried that in accordance with the specifications on Page S-3 of Contract Number 8, by and between the City of Fort Wayne and V. M. Nussbaum and Company, under the heading "Things to be furnished by the City", as follows:

"Incoming power lines up to a point just north of and at about the floor level of the switch battery room, this contractor will make the necessary connections of these lines",
the City Light Department be instructed to extend their incoming lines into the switch and battery room and connect same to the incoming line busses furnished by V. M. Nussbaum & Company under their contract.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Brackenridge Street on the north side from the west curb line of Harrison Street to the east curb line of Webster Street, as more fully set out in Street Improvement Resolution Number 3117.

For the improving of Douglas Avenue on the south side from the west curb line of Harrison Street to the east curb line of Webster Street, as more fully set out in Street Improvement Resolution Number 3118.

For the improving of Webster Street on the east side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street, as more fully set out in Street Improvement Resolution Number 3119.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3117 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Brackenridge Street on the north side from the west curb line of Harrison Street to the east curb line of Webster Street, by draining, curbing, grading and paving the roadway to a uniform width of three (3) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER **3118** - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Douglas Avenue on the south side from the west curb line of Harrison Street to the east curb line of Webster Street, by draining, curbing, grading and paving the roadway to a uniform width of five (5) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER **3119** - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Webster Street on the east side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street, by draining, curbing, grading and paving the roadway to a uniform width of six (6) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered **3117**, **3118** and **3119**, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 19th and 26th days of May, 1932, and that Thursday, the 9th day of June, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that Notice to Coal Dealers of the receiving of sealed proposals for the 1932 and 1933 Season Coke Supply for the City Hall and the City Hall Annex, being approximately Three Hundred (300) Tons, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on Thursday, the 19th day of May, 1932, and that Tuesday, the 24th day of May, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open proposals for the same.

The Board now proceeded to open sealed proposals for the removal of Two 750 H. P. Bass Water Tube Boilers, including the smoke breeching, steam header line, coal hopper, stoker and brick work, and place same on the lot south of the Water Basin at the Municipal Light and Power Plant, with the following results:

HIRAM DANNER, bid as follows:

For wrecking one boiler	$1,500.00
For wrecking two boilers	2,900.00

L. I. GRIFFIN, bid as follows:

For each boiler, $1,290.00

SCHMELING & ALTER, bid as follows:

For each boiler, $1,050.00

MARTIN WRECKING COMPANY, bid as follows:

For each boiler, $ 920.00

After consulting with Mr. Froehlich of the Froehlich & Emery Engineering Company, Engineers for the City Light Improvements, and Mayor Hosey, motion was made, seconded and carried that the contract for removing one 750 H. P. Bass Water Tube Boiler, including the smoke breeching, steam header line, coal hopper, stoker and brick work, and place same on the lot south of the Water Basin at the Municipal Light & Power Plant, be awarded to SCHMELING & ALTER, at and for their price bid, namely, $1,050.00, they being familiar with boiler construction and being equipped to place the old boiler to the above location in the best salable condition.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST:

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, May 19, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the weekly report from the Water Works Department, showing the amount of water pumped for the week ending May 14th, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Anthony Boulevard and Rusidill Boulevard, (2 cuts).

Motion was made, seconded and carried that the application of the Pennsylvania Railroad Company, to make a cut into the pavement at the Southeast corner of Harrison Street and Baker Street, be granted.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Fort Wayne Screen & Weatherstrip Co.,	signed by the Maryland Casualty Co;
Charles A. Siemon,	signed by the Maryland Casualty Co.

Motion was made, seconded and carried that the following applications of Wade Amspaugh, to construct driveways in Lewis Addition, be granted: To cut the curbing to a width of 40 feet and to construct a driveway to a width of 25 feet abutting on Lot No. 191 in Lewis Addition, in the 600 block on Wallace Street; also, to cut the curbing to a width of 40 feet and construct a driveway to a width of 25 feet abutting on Lot No. 192 in Lewis Addition, in the 1800 Block on Hanna Street; also, to cut the curbing to a width of 40 feet and construct a driveway to a width of 20 feet on Lot 191 in Lewis Addition in the 1800 Block on Hanna Street.

Motion was made, seconded and carried that the plan submitted by the City Engineer for the elimination of Valley Gutters on State Boulevard and St. Mary's Avenue, be TAKEN UNDER ADVISEMENT.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Belle Avenue from the west property line of Fox Avenue to the east property line of the alley west of Fox Avenue, as more fully set out in Street Improvement Resolution Number 3120.

For the improving of Curdes Avenue from the east curb line of East Drive to the west property line of Anthony Boulevard, as more fully set out in Street Improvement Resolution Number 3121.

For the improving of the alley between Masterson Avenue and Williams Street from the west property line of Calhoun Street to the east property line of Harrison Street, as more fully set out in Alley Improvement Resolution Number 3122.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3120 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Belle Avenue from the west property line of Fox Avenue to the east property line of the alley west of Fox Avenue, by draining, curbing, grading and paving the roadway to a uniform width of twenty-two (22) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

STREET IMPROVEMENT RESOLUTION NUMBER 3121 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Curdes Avenue from the east curb line of East Drive to the west property line of Anthony Boulevard, by draining, curbing, grading and paving the roadway to a uniform width of twenty-six (26) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3122 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Masterson Avenue and Williams Street from the west property line of Calhoun Street to the east property line of Harrison Street, by draining, grading and paving the roadway to a uniform width of fourteen (14) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions, Numbered 3120, 3121 and 3122, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 21st and 28th days of May, 1932, and that Thursday, the 16th day of June, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, May 24, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending May 7, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 2209 North Anthony Boulevard; 109 East Main Street; 231 East Main Street; 248 East Pontiac Street; 254 East Pontiac Street; 302 East Pontiac Street.

Motion was made, seconded and carried that the application of Charles Houser, to cement between the sidewalk and curb to a width of 4 feet on the Northeast corner of Hayden Street and Gay Street, be granted.

Motion was made, seconded and carried that the following driveway applications, be granted:

Melvin McDevitt, 12 ft. cut and 8 ft. drive at 2703 John Street;
F. J. Tibbitts, 16 ft. cut and 12 ft. drive at 720 West Main Street;
C. R. Durbin, 12 ft. cut and 8 ft. drive at 4418 Marquette Drive.

Motion was made, seconded and carried that the bond of Fred J. Tibbitts, signed by the United States Fidelity & Guaranty Company, be referred to the City Attorney for his approval.

A petition, providing for the construction of cement sidewalks on the South side of Kenwood Avenue from Anthony Boulevard west along the North side of Lot No. 3, Loidl and Bayer's Addition, approximately 150 feet was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the paving of the alley from Pasadena Drive to Sherwood Terrace between Arlington Avenue and South Wayne Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A remonstrance against the passage of a resolution providing for the paving of Darrow Avenue from Clinton Street to Piqua Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the statement of cost of the blue prints and specifications, submitted by the Froehlich & Emery Engineering Company, for the City Light Project, be approved.

MOORE AND JOHNSTON reported the work completed under Waiver Improvement Resolution Number 3116, which provides for the construction of sidewalks on the south side of Colerick Street from Hanna Street to the alley west of Hanna Street, motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the following contract made and entered into the 24th day of May, 1932, be approved, and ordered sent to the Council at their next regular meeting Tuesday, May 24, 1932, at 8:00 o'clock P. M.

CONTRACT.

This AGREEMENT made and entered into this 24th day of May, 1932, by and between MAX IRMSCHER AND SONS, of the County of Allen, State of Indiana, party of the FIRST PART, and the CITY OF FORT WAYNE, County of Allen, and State of Indiana, by and through its Board of Public Works, party of the SECOND PART:

WITNESSETH: That the party of the FIRST PART covenants and agrees to furnish and pay for all labor, materials, apparatus and tools necessary for the construction of an addition to the boiler plant building of the CITY LIGHT AND POWER WORKS of the City of Fort Wayne, Indiana, including the construction of track hopper pit and steel coal bunkers, and the demolition and removal of parts of the present building, in accordance with the plans and specifications prepared by THE FROEHLICH & EMERY ENGINEERING COMPANY and the proposal of MAX IRMSCHER AND SONS, on file in the offices of the Board of Public Works of the City of Fort Wayne, Indiana, all of which plans, specifications and proposal are made a part of this contract as fully and effectually as if copied herein at full length, for and in consideration of the payment by the CITY OF FORT WAYNE as follows, to-wit:-

ONE HUNDRED TWENTY-THREE THOUSAND FIVE HUNDRED EIGHTY-EIGHT DOLLARS AND NO CENTS ($123,588,00).

The party of the FIRST PART agrees to complete the construction of the first unit of the building, ready for installation of boiler and boiler plant equipment, within one hundred and ten (110) calendar days after date of this contract and the approval of the same by the Common Council of the City of Fort Wayne, Indiana, and to complete the construction of the entire building within one hundred and fifty (150) calendar days ~~after~~ after removal of boiler No. 1 and radial brick chimney No. 1.

Payments are to be made in accordance with paragraph 18 "Terms of Payment", of the specifications on file in the office of the Board of Public Works, except that final payment shall be made within sixty (60) days after engineers approval as contemplated in the specifications.

The City agrees to and will order and direct the proper officials to co-operate in guarding or protecting the work from extraordinary or unusual hazzards by fire or other casualty, except acts of God.

To each of the conditions and stipulations of this contract, the undersigned, each for himself, binds itself, its successors and assigns.

IN WITNESS WHEREOF, we, the foregoing named parties, hereunto set our hands and seal, in triplicate, on the day and year first above written.

THE CITY OF FORT WAYNE, INDIANA

BY WM. J. HOSEY
Mayor

JOHN C. TRIER,
DAVID ERWIN,
C. A. RAMSEY,
Board of Public Works.

BY MAX IRMSCHER, SR. (A partner)

BY GEORGE M. IRMSCHER (A partner)

BY S. P. IRMSCHER (A partner)

BY MAX IRMSCHER, Jr. (A partner)
Party of the First Part.

Motion was made, seconded and carried that the contract and bond, of John Dehner, Inc., signed by the Commercial Casualty Insurance Company, covering the work to be performed under Contract Number 3, for the construction of Feeder Main Crossings under the St. Mary's and St. Joseph River, of the Water Works Improvement, be approved, and that the Contract be ordered sent to the Council at their next regular meeting, Tuesday, May 24, 1932, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the Secretary of the Board of Public Works, be instructed to send a communication to the County Commissioners, asking them to remove the Old Broadway Bridge.

Motion was made, seconded and carried that Notice to Trucking Contractors of the receiving of sealed proposals for the Hauling of Pipe for the Water Works Department, from points of unloading to various places in the City, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 26th day of May, 1932, and that Tuesday, the 31st day of May, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open proposals for the same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the 1932 and 1933 Season Coke Supply for the City Hall and the City Hall Annex, being approximately Three Hundred (300) Tons, they now proceeded to open the same and obtained the following results:

ALASKA COAL COMPANY, bid as follows,

Price per ton	$5.80

AMERICAN COAL & SUPPLY COMPANY, INC., bid as follows:

Price per ton	$5.40

W. W. BRUNN COAL COMPANY, bid as follows:

Price per ton $5.98

HERCULES COAL COMPANY, bid as follows:

Price per ton, $5.60

THE HOME SUPPLY COMPANY, bid as follows:

Price per ton, $5.75

KNIGHT FEED AND COAL COMPANY, bid as follows:

Price per ton, $5.55

GEORGE H. KRUDOP, bid as follows:

Price per ton, $6.45

NIEZER FUEL COMPANY, INC., bid as follows:

Price per ton, (30¢ per ton less before August 31st.) $5.80

OLDS COAL COMPANY, bid as follows:

Price per ton $5.75

PARROT-GRIEBEL COAL COMPANY, bid as follows:

Price per ton $5.70

E. H. ROLF COAL AND SUPPLY COMPANY, bid as follows:

Price per ton $5.50

SMITH COAL COMPANY, bid as follows:

Price per ton $5.75

STEARNS COAL COMPANY, bid as follows:

Price per ton $5.40

J. J. VOORS COAL COMPANY, bid as follows:

Price per ton, $5.95

HARRY WAGNER COAL COMPANY, bid as follows:

Price per ton,		$5.40

H. M. WELLS, bid as follows:

Price per ton,		$5.43

KAIN COAL COMPANY, bid as follows:

Price per ton,		$5.75

SUPERIOR COAL COMPANY, bid as follows:

Price per ton,	(Before August 31st)	$5.20
Price per ton,	(After August 31st)	$5.50

WALTON COAL COMPANY, bid as follows:

Price per ton,		$5.47

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, May 24, 1932,
SPECIAL MEETING held at 11:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
C. A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
William Fruechtenicht, City Attorney,
W. C. Hoad, of Hoad, Decker, Shoecraft and Drury,
E. C. Shoecraft, of Hoad, Decker, Shoecraft and Drury,
Robert McNamee, of Hoad, Decker, Shoecraft and Drury.

The meeting was called to order by Mr. Trier, acting as Chairman.

Mr. Trier stated that this meeting had been called for the purpose of discussing the location of the up-river dam and reservoir and the progress that is being made on this project.

Mr. Trier asked the Engineers if it would be possible to build a dam above the Parnell Avenue Bridge, impounding the water at this point for present supply as well as a future emergency source, it being above the impounded water of the Hosey Dam and Fort Wayne sewerage pollution.

Mr. Hoad stated that the Engineers had taken all locations along the St. Joseph River, into consideration before recommending the original Decarville location and preferred this to any other.

He also stated that at the request of the Board, the Engineers had made a study of the Cedarville and Robinson Park locations, giving comparative water analysis, costs and storage of the impounded water.

Mr. Hoad further stated that it would not be possible to store sufficient supply of water at a point above the Parnell Avenue Bridge, a 5 or 6 foot dam being a maximum would not impound a sufficient supply and that the Engineers would not consider a dam and reservoir at this location as a sufficient source of supply.

Mayor Hosey stated that the emergency intake at the filtration plant should not be used, as the water at this point was polluted by both the St. Mary's River and the Fort Wayne sewerage; also, that the water at this point was warm, due to the Power House condenser use of the river water above this location.

Mr. Hoad stated that the emergency intake at the Filtration Plant was not intended for a source of supply, except in the case of a break in the line from the up-river dam, or any immediate emergency.

Mayor Hosey expressed himself as believing that the Plant would be completed and ready for operation before a supply from an up-river dam and pipe line from same to the Filtration Plant was completed.

Mr. McNamee stated that a pipe line could be completed and a water supply impounded above a cofferdam at the Robinson Park location, before the Three Rivers Plant was ready for operation.

Mr. Fruechtenicht stated that the Board of Public Works has the power to create a sanitary district along the St. Joseph River, after same was suggested by Mayor Hosey.

The meeting recessed at noon and re-convened at 1:30 P. M.

After further discussion, motion was made, seconded and carried that,

First,

The Engineers continue the preparation of the plans and specifications for the dam at the Robinson Park site and the pipe line from same to the Three River's Filtration Plant.

Second,

The Engineers be instructed to make investigations and ascertain if it would be possible and advisable, to construct a dam in the St. Joseph River near the Parnell Avenue Bridge for impounding water.

Third,

The Board of Public Works and the City Attorney continue their efforts to secure from the Indiana Service Corporation, the necessary land needed for the construction of the Robinson Park Dam, the impounded water above same and a pipe line from this site to the City of Fort Wayne.

Motion was made, seconded and carried that the request of the Fort Wayne Black and Yellow Taxi Corporation, for telephone box at the corner of Smith Street and Pontiac Street and at the intersection of Kinsmoor Avenue and Fairfield Avenue, be approved and that a communication of the approval be sent to the Council at their next Regular Meeting, May 24, 1932, at 8:00 o'clock P. M.

The board then upon motion adjourned.

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, May 26, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, May 24th, 1932, at 10:00 o'clock A. M., stand approved, as read.

Motion was made, seconded and carried that the Street Department be instructed to paint the guard fences erected in 1931.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Clinton Street and Esmond Street; corner of Esmond Stree and Barr Street; 500 Block on Fourth Street; corner of Leith Street and Lafayet Street.

Motion was made, seconded and carried that the application of John Dehner, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1811 Forest Park Boulevard, be granted.

A report was received from the City Light Department, recommending th installation of the following lights:

Street light on North side of Lake Avenue at the alley west of Anthony Boulevar;
Street light at the corner of Clay Street and Hamilton Street;
Alley light at the rear of 1819 Crescent Avenue on City Pole No. 9472;
Alley light in alley between Douglas Avenue and Brackenridge Street from Clay Street to Lafayette Street, on Indiana Service Pole Number 9935,
motion was made, seconded and carried that the matter of the ordering of the installation of the aforesaid lights be TAKEN UNDER ADVISEMENT and that the reports be placed on file.

The Board then upon motion adjourned.

Tuesday, May 31, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Special Meeting of Tuesday, May 24th at 11:00 o'clock A. M. and the Regular Meeting of Thursday, May 26th at 7:30 o'clock P. M. stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending May 21st, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Barthold Street and Fifth Street; corner of Fourth Street and Barthold Street; corner of Grand Street and Calhoun Street; corner of Rudisill Boulevard and Anthony Boulevard.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing and Paving Company, to repair sidewalk at 1221 Kensington Boulevard, be granted.

A petition, providing for the installation of a light in the alley between Alliger Street and Luther Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department, for investigation and report.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the Hauling of Pipe for the Water Works Department from points of unloading to various places in the City, they now proceeded to open the same and obtained the following results:

A. C. BORGMAN & SON, bid as follows:

Price per ton,	$0.75

BROWN TRUCKING COMPANY, bid as follows:

Price per ton,	$0.70

HARRY J. MEYER, bid as follows:

Price per ton,	$0.65

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT.

The Board then upon motion adjourned.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 2, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of Melvin McDevitt, to repair sidewalk at 3004 Shawnee Drive, be granted.

Motion was made, seconded and carried that the application of William E. Lee, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 221 Putnam Street, drive facing on Cass Street, be granted.

Motion was made, seconded and carried that the following order for extra work, to the Western Gas Construction Company, be approved:

"Whereas it is necessary to install additional relays on the forced draft fan motor control equipment now on order with your company, you are hereby authorized and directed to furnish the following apparatus, to be added to each of the three forced draft fan motor control equipments now on order with your company:

Three (3) control relays
One (1) MC9 definite time relay.

This is to conform to General Electric specification No. S-38-15536.

This apparatus is in addition to Froehlich & Emery's original specifications and is for the purpose of better adapting this control equipment for operation with an automatic combustion control system.

A price of Three Hundred Fifteen Dollars and No Cents ($315.00) is agreed upon as a fair and reasonable price for this extra material, and the payment of said sum of Three Hundred Fifteen Dollars and No Cents ($315.00) will be made to you by the City of Fort Wayne upon completion of the work."

The City Engineer now submitted the assessment roll for Waiver Improvement Resolution Number 3116, which provides for the construction of cement sidewalks on the south side of Colerick Street from Hanna Street to the alley west of Hanna Street; motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Main Sewer Improvement Resolution Number 64, which provides for the construction of a sewer, commencing at the north bank of the Maumee River at a point two hundred six (206) feet east of the east line of South Kensington Park Addition; thence north along a line that is parallel to and two hundred six (206) feet east of the east line of South Kensington Park Addition to Cody Avenue, produced east; thence west in Cody Avenue, produced east and Cody Avenue to Garfield Street; thence following the north bank of the Maumee River westerly to Tecumseh Street; Also, commencing at the intersection of Morton Street and Edgewater Avenue; thence east along Edgewater Avenue to Garfield Street; thence north along Garfield Stree to Lake Avenue; thence east along Lake Avenue to Randallia Drive; Also, commencing at the intersection of Morton Street and Edgewater Avenue; thence east along the north bank of the Maumee River and Cody Avenue to a point one hundred twenty-eight (128) feet east of the east line of Kensington Boulevard, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece of parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed, there having been presented a remonstrance against the assessment of the aforesaid sewer, which was overruled by the Board, inasmuch, as they deemed it necessary to proceed with the said improvement, and there appearin no further objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

Tuesday, June 7, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of May, 1932, be placed on file.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending May 28, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Beaver Avenue between Maple Grove Avenue and Pettit Avenue; Spatz Avenue between Congress Avenue and Senate Avenue; Spy Run Avenue and Lawton Place; 2933 Warsaw Street.

Motion was made, seconded and carried that the application of F. J. Tibbitts, to repair 30 feet of sidewalk at 1414 Erie Street, be granted.

A petition, providing for the installation of a street light on the Northeast corner of Bevel Avenue and Eby Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department, for investigation and report.

A remonstrance, against the passage of a resolution providing for the construction of sidewalks on the north side of Wayne Street from Lafayette Street to Clay Street, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the Engineering fee due the Froehlich & Emery Engineering Company, in accordance with contract dated April 14, 1931, for contract awarded to Max Irmscher and Sons, for Addition to Boiler Plant Building, at the City Light and Power Works, in the amount of $595.62, be approved, and that the City Light Department be instructed to pay the same.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates on the Water Works Improvements, from Hoad, Decker, Shoecraft and Drury: the Third Progress Estimate for Contract Number 8, for V. M. Nussbaum and Company, Contractors, in the amount of $1,332.81; the Fifth Progress Estimate for Contract Number 6, for Max Irmscher and Sons, Contractors, in the amount of $91,606.65; the Thirtieth Estimate for professional engineering services in the amount of $26.66; Thirty-first Estimate for professional engineering services in the amount of $2,082.13.

Hoad, Decker, Shoecraft and Drury, Engineers for the Water Works Improvement, presented plans, specifications and tentative estimates for Contract Number 11, which provides for the Furnishing and Erection of Chemical Handling Equipment; also, Contract Number 12, which provides for the Furnishing and Erection of Chemical Feeding Equipment. After considering the same, motion was made, seconded and carried that the said plans, specifications and tentative estimates be approved, and that Notice to Contractors of the work to be performed for the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 8th and 15th days of June, 1932, and that Tuesday, the 28th day of June, 1932, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned improvements.

The Board has fixed Tuesday, the 7th day of June, 1932, at 10:00 o'clock A. M., as a date and time when they would receive sealed proposals for the work to be performed under Main Sewer Improvement Resolution Number 69, which provides for the construction of a sewer, commencing at the point where Main Sewer Number 5 crosses the alley north of Main Street; thence west in the alley north of Main Street produced west to its intersection with Main Sewer Number 1, however, there were no bids submitted.

The Board then upon motion adjourned.

Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 9, 1932,
Regular Meeting held at 7:30 P. M.

PRESENT: John C. Trier, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication, from the Board of Public Safety, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending June 4, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of Cherokee Road and Fairhill Road, be granted.

Motion was made, seconded and carried that the application of Jacob Schwartz, to repair sidewalk under personal bond,at 724 Hamilton Avenue along side of Weisser Park, be granted.

Motion was made, seconded and carried that the application of Noah Beberstine, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1435 Winter Street, be granted.

Motion was made, seconded and carried that the plan and tentative estimates submitted by the City Engineer for the proposed widening of Columbia Avenue in front of Lot No. 37 Lakeside Park Addition, be approved, and that William H. Droege, City Paving Chemist, be instructed to set the curb back and pave according to the plan.

A petition, providing for the installation of a light in the alley between Warsaw Street and Lafayette Street at the rear of 450 East Pontiac Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain Improvement Resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Sidewalk Improvement Resolutions Numbered:

3108 - which provides for the construction of cement sidewalks on the east side of Fairfield Avenue from Masterson Avenue to a point forty (40) feet north of the north line of Masterson Avenue;
3109 - which provides for the construction of cement sidewalks on the south side of Foster Parkway from Buell Drive to Hoagland Avenue;
3110 - which provides for the construction of cement sidewalks on the west side of Miner Street from Phillips Street to the alley north of Phillips Street;

3113 - which provides for the construction of cement sidewalks on the East side of Sherman Boulevard from State Boulevard to Hofer Avenue;
3114 - which provides for the construction of cement sidewalks on the west side of Van Buren Street from Main Street to Greeley Street;
after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3107, which provides for the construction of cement sidewalks on the south side of Cody Avenue from Anthony Boulevard to the alley east of Anthony Boulevard; there having been filed a remonstrance, motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3111, which provides for the construction of cement sidewalks on the west side of Monroe Street from Rudisill Boulevard to Gumpper Avenue; there having been filed a remonstrance, motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3112, which provides for the construction of cement sidewalks on the west side of Robinwood Drive from Rudisill Boulevard to McKinnie Avenue; there having been filed a remonstrance, motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT, and that the remonstrance be referred to the City Engineer's office for a check-up.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3115, which provides for the construction of cement sidewalks on the north side of Wayne Street from Lafayette Street to Clay Street; there having been filed a remonstrance, motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Street Improvement Resolutions Numbered:

3117 - which provides for the improving of Brackenridge Street on the north side from the west curb line of Harrison Street to the east curb line of Webster Street;
3118 - which provides for the improving of Douglas Avenue on the south side from the west curb line of Harrison Street to the east curb line of Webster Street;
3119 - which provides for the improving of Webster Street on the east side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street;
motion was made, seconded and carried that the confirmation of Street Improvemen Resolutions Numbered 3117, 3118 and 3119, be TAKEN UNDER ADVISEMENT.

In the matter of Sidewalk Improvement Resolution Number 3105 - 1931, which provides for the construction of cement sidewalks on both sides of Buena Vista Drive from Curdes Avenue to the south line of Paramount Addition, on which a hearing for the confirmation of the said Resolution was scheduled for Thursday, September 17, 1931, at 7:30 o'clock P. M., no meeting being held on that date, the matter was postponed until the Special Meeting of Saturday, September 19, 1931, at which time, motion was made, seconded and carried that the confirmation of the same be TAKEN UNDER ADVISEMENT until Thursday, September 24, 1931 at 7:30 o'clock P. M.; there having been presented a remonstrance, which after a check-up was found to contain the signatures of 100% of the resident property owners affected thereby, motion was made, seconded and carried that the remonstrance be SUSTAINED and the said Resolution be TAKEN UNDER ADVISEMENT. After re-considering the same in the Special Meeting of Wednesday, September 30, 1931, motion was further made, seconded and carried that the said Resolution be sent to the Council at their next Regular Meeting Tuesday, October 13, 1931; the said Resolution was passed by the Council under General Ordinance No. 1629, October 27, 1931. Motion was made, seconded and carried that the advertising for sealed proposals on the same be TAKEN UNDER ADVISEMENT.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, June 14, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of Harry M. Leeper, to repair 30 feet of sidewalk, under personal bond, at 806 Runnion Avenue, be granted.

Motion was made, seconded and carried that the Secretary of the Board be instructed to send a communication to the American Coal and Supply Company, requesting them to re-construct the driveway on the west side of Coombs Street on the property providing ingress and egress to the property owned and occupied by the American Coal and Supply Company, located at the Southwest corner of Coombs Street and Cochrane Street, more fully described as Lot No. 12, White's Fifth Addition to the City of Fort Wayne, in conformance to the permit issued on the 21st day of August 1930, and as previously advised by the Board of Public Works, on or before June 25th, 1932.

Upon investigation of numerous complaints, regarding Taxi phone or call box locations, motion was made, seconded and carried that the Secretary of the Board be instructed to send a communication to the Home Telephone & Telegraph Company, requesting the removal of the phones, in compliance with General Ordinance Number 1660 - 1932, at the following locations:

On the Southeast corner of Clinton Street and State Boulevard on Pole No. 2346;
In the alley between Forest Park Boulevard and Anthony Boulevard, immediately North of State Boulevard on Home Pole No. 1624;
On the Southeast corner of Maumee Avenue and Anthony Boulevard;
At the Northwest corner of Calhoun Street and Creighton Avenue on City Pole No. 7013;
On the East side of Calhoun Street, South of Washington Boulevard, in front of 1003 South Calhoun Street, which projects beyond the property line.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for a bulkhead for the overflow line at the Three Rivers Filtration and Pumping Station.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the widening of Clinton Street on the East side from Columbia Street to the South right-of-way of the Nickel Plate Railroad.

Motion was made, seconded and carried that the contract for the 1932 and 1933 Season Coke Supply for the City Hall and the City Hall Annex, being approximately Three Hundred (300) Tons, on which bids were received Tuesday, May 24, 1932, at 10:00 o'clock A. M., be awarded to the HARRY WAGNER COAL COMPANY, at and for their price bid, namely, $5.40 per Ton, furnishing Wayne Coke with weight slips as directed by the Board of Public Works.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates on the Water Works Improvements, from Hoad, Decker, Shoecraft and Drury: the Third Progress Estimate for Contract Number 9, for the Michigan Valve and Foundry Company, Contractors in the amount of $5,688.61, and the Thirty-second Estimate for professional engineering services in the amount of $113.77.

Motion was made, seconded and carried that the City Light & Power Works be instructed to pay the estimate for J. M. Cutshall and Sons, Contractors for wrecking one Radial Brick Chimney at the City Light and Power Plant, in the amount of $792.00.

Thursday, the 9th day of June, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the confirmation of Sidewalk Improvement Resolution Number **3107**, which provides for the construction of sidewalks on the south side of Cody Avenue from Anthony Boulevard to the alley east of Anthony Boulevard, there having been presented a remonstrance, which after a check-up was found **not** to contain the signatures of any of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; after re-considering the same, there being no **further** objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Thursday, the 9th day of June, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the confirmation of Sidewalk Improvement Resolution Number **3111**, which provides for the construction of sidewalks on the west side of Monroe Street from Rudisill Boulevard to Gumpper Avenue, there having been presented a remonstrance, which after a check-up was found **not** to contain the signatures of any of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; after re-considering the same, there being no **further** objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Thursday, the 9th day of June, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the confirmation of Sidewalk Improvement Resolution Number **3115**, which provides for the construction of sidewalks on the north side of Wayne Street from Lafayette Street to Clay Street, there having been filed a remonstrance, which after a check-up was found to contain the signatures of **80** per cent of the resident property owners affected thereby, the remonstrance was SUSTAINED and TAKEN UNDER ADVISEMENT; there now appeared before the Board, J. C. Hugnenard, George Calleas and A. H. McBeth, President of the Abbot Sanitarium Company, after being advised that only the sidewalk which is at present unsafe for pedestrians will be re-placed, they withdrew their signatures, leaving but **40** per cent of the signatures of the resident property owners upon the remonstrance; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; after re-considering the same, there being no **further** objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Sidewalk Improvement Resolutions Numbered **3105, 3107, 3108, 3109, 3110, 3111, 3113, 3114** and **3115**, be published in the Fort Wayne News-Sentinel on the 15th and 22nd days of June, 1932, and that Tuesday, the 5th day of July, 1932, at 10:00 o'clock A. M., (Eastern Standard Time) be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

Thursday, the 9th day of June, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the confirmation of Sidewalk Improvement Resolution Number **3112**, which provides for the construction of sidewalks on the west side of Robinwood Drive from Rudisill Boulevard to McKinney Avenue, there having been filed a remonstrance, which after a check-up was found to contain the signatures of **42.8** per cent of the resident property owners affected thereby, after re-considering the same, motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER FURTHER ADVISEMENT.

Thursday, the 9th day of June, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the following Street Improvement Resolutions Numbered

3117 - which provides for the improving of Brackenridge Street on the north si from the west curb line of Harrison Street to the east curb line of Webster Street;

3118 - which provides for the improving of Douglas Avenue on the south side fr the west curb line of Harrison Street to the east curb line of Webster Street;

3119 - which provides for the improving of Webster Street on the east side fro the south curb line of Douglas Avenue to the north curb line of Bracken- ridge Street;

after re-considering the same, and the Board being duly advised by the City Attorney that no assessment could be made against the United States Post Offic property, motion was made, seconded and carried that all action previously taken in the matter of the foregoing Resolutions Numbered **3117, 3118** and **3119**, be RESCINDED.

Motion was made, seconded and carried that the Secretary of the Board of Public Works be instructed to send a communication to Julian F. Franke City Comptroller, requesting an appropriation of $3,000.00 for the widening of Douglas Avenue from Harrison Street to Webster Street, 5 feet on the South side Brackenridge Street from Harrison Street to Webster Street, 3 feet on the North side and Webster Street from Douglas Avenue to Brackenridge Street, 6 feet on the East side, the same being the North, South and West streets bounding the new United States Post Office property.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed for the improving of Brackenridge Street on the north side from the west curb line of Harrison Street to the east curb line of Webste Street; also, for the improving of Douglas Avenue on the south side from the west curb line of Harrison Street to the east curb line of Webster Street; also for the improving of Webster Street on the east side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 15th and 22nd days of June, 1932, and that Tuesday, the 5th day of July, 1932, at 10:00 o'clock A. M., (Eastern Standard Time) be fixed a date and time when the Board will receive and open sealed proposals for the same.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS

ATTEST: Scott S Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 16, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Maumee Avenue and Bueter Road; corner of Maumee Avenue and Sidney Street; corner of Robinwood Drive and Oxford Street.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 308 West Butler Street; 1013 Calhoun Street; 908 Cass Street (2) cuts; 915 Clay Street; 1315 Clay Street; 1409 East Creighton Avenue; Side of 2156 Fairfield Avenue; 1706 Fletcher Avenue; 2332 Gay Street; 1916 South Hanna Street; 1912 South Harrison Street; 1014-1016 Lafayette Street; 1418 Lumbard Street; Rear of 118 East Masterson Avenue: Nickel Plate Railroad and Calhoun Street; 1017 Oakdale Drive ,(alley); corner or Riedmiller Avenue and Guthrie Street; 133 East Williams Street.

A petition, providing for the installation of a light in the alley between John Street and Gay Street from Creighton Avenue to Pontiac Street on Pole No. 8771, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Wm. J. and Herman Buesching,	signed by the Aetna Casualty and Surety Company;
Hiram Danner, (House Movers)	signed by the Insurance Company of North America;
Charles P. Du Wan,	signed by the Independence Indemnity Company;
Everette R. Ellerman,	signed by the New Amsterdam Casualty Company;
Gerding & Aumann,	signed by the Royal Indemnity Company;
John C. Kreidt Company,	signed by the Aetna Casualty and Surety Company;
Charles Rietdorf,	signed by the Aetna Casualty and Surety Company;
Rump-Kintz Company,	signed by the Aetna Casualty and Surety Company;
John H. Welch & Sons,	signed by the Royal Indemnity Company.

Motion was made, seconded and carried that the Contract Bond and the Indemnity Bond of the Terminal Service Company, signed by the Commercial Casualty Insurance Company, be referred to the City Attorney for his approval.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3121, which provides for the improving of Curdes Avenue from the east curb line of East Drive to the west property line of Anthony Boulevard; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reportedby the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 28th day of June, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolution and also a date and time when they will consider finally confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3120, which provides for the improving of Belle Avenue from the west property line of Fox Avenue to the east property line of the alley west of Fox Avenue, there having been filed a remonstrance signed by 60% of the resident property owners affected by this improvement; motion was made, seconded and carried that the remonstrance be SUSTAINED and that the same be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3122, which provides for the improving of the alley between Masterson Avenue and Williams Street from the west property line of Calhoun Street to the east property line of Harrison Street, there having been filed a remonstrance signed by 71% of the resident property owners affected by this improvement; motion was made, seconded and carried that all action previously taken in the matter of Alley Improvement Resolution Number 3122, be RESCINDED.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 23, 1932,
SPECIAL MEETING held at 10:00 o'clock A. M.

PRESENT

John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
C. A. Ramsey, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,
E. C. Shoecraft, of Hoad, Decker, Shoecraft and Drury,
Robert McNamee, of Hoad, Decker, Shoecraft and Drury,
Herman B. Nussbaum of V. M. Nussbaum & Company.

The meeting was called to order by Mr. Trier, acting as Chairman.

This meeting had been called by V. M. Nussbaum & Company, to settle the interpretation of the plans and specifications on the cable for the 2300 volt line from the control room through the pipe basement to the motors of the high service and plant service pumps.

Mr. Nussbaum stated that their interpretation was made, after his inquiry from the Indiana Inspection Bureau and Mr. L. R. Matthews of Hoad, Decker, Shoecraft and Drury.

Mr. Nussbaum read a letter from the Indiana Inspection Bureau, which stated that rubber covered cable would be acceptable, if there were no dampness where the cable is to be laid, and suggested that Mr. Nussbaum get an expression from Hoad, Decker, Shoecraft and Drury as to whether there would be any dampness.

Mr. Erwin stated that the Board interpreted the specifications in reference to conforming with State and City Codes and City inspection, that lead covered cable should be used.

Mr. Nussbaum stated that he would like to have an order from the city to use lead covered cable, instead of rubber covered cable as is his interpretation. Should he install lead covered cable without an order, it would weaken his position in final settlement.

Mr. Trier suggested that the Board pass a resolution, stating the Board's interpretation.

Motion was made, seconded and carried that the following Resolution be adopted:

In the question of running cable for the 2300 volt line from the control room through the pipe basement to the motors of the high service and plant service pumps, under Contract No. 8 of the Water Works Improvements, awarded to V. M. Nussbaum and Company, on Tuesday, the 8th day of December, 1931, after due consideration, we, the Board of Public Works, consider it the best method and practice, also that the specifications require that lead covered cable, of sufficient size, quality and kind to do the service it will be called upon to render, should be used.

The Board then upon motion adjourned.

John C. Trier
David Erwin
C A Ramsey
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, June 23, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, June 21, 1932, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending June 11, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the pavement at the corner of Colerick Street and Hanna Street, also at the corner of Winter Street and Hayden, be granted.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing & Paving Company, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet, at the Northeast corner of Putnam Street and St. Mary's Avenue, drive facing on St. Mary's Avenue, be granted.

Motion was made, seconded and carried that the following applications of the Indiana Engineering & Construction Company, to construct driveways on Lot No. 21, Ewing's Out Lots, be granted: to cut the curbing to a width of 16 feet and to construct a driveway to a width of 12 feet on Richardson Street, west of Osage Street; also, to cut the curbing to a width of 16 feet and to construct a driveway to a width of 12 feet on the west side of Osage Street, 40 feet south of Richardson Street; also, to cut the curbing to a width of 34 feet and to construct a driveway to a width of 30 feet on the west side of Osage Street, 150 feet south of Richardson Street.

Motion was made, seconded and carried that the application of E. H. Roemer, to repair cement curb and gutter at 2720 Fairfield Avenue, be granted.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Dix-Kelly Electric Shop, Inc.,	signed by the United States Casualty Co.;
Anthony Kratzman,	signed by the Massachusetts Bonding & Ins.Co.
Lincoln National Life Insurance Co.,	signed by the Metropolitan Casualty Ins. C
William Pelz,	signed by the Commercial Casualty Ins. Co.

Motion was made, seconded and carried that the following plat to the City of Fort Wayne, Indiana, be approved:

"BLOMBACH'S SUBDIVISION".

Motion was made, seconded and carried that the City Light & Power Works be instructd to pay the following estimate from the Froehlich & Emery Engineering Company in favor of Schmeling & Alter, for the removing of one (1)

750 H. P. Bass Water Tube Boiler Smoke breeching steam header lines Coal Hopper Stoker and brick work as per contract, in the amount of $1,050.00.

The Board then upon motion adjourned.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, June 28, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin, C. A. Ramsey,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the Special Meeting of Thursday, June 23rd, at 10:00 o'clock A. M. and the Regular Meeting of Thursday, June 23rd, at 7:30 o'clock P. M., stand approved, as read.

Motion was made, seconded and carried that the report from the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending June 18, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Main Street and Fulton Street; corner of Superior Street and Barr Street.

A communication from Hoad, Decker, Shoecraft and Drury, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the application of Ellison L. Meier, to make a cut into the curbing to a width of 12 feet and to contruct a driveway to a width of 8 feet at 710 Florence Avenue, be granted.

Motion was made, seconded and carried that the application of Ellison L. Meier, to repair 38 feet of sidewalk at 710 Florence Avenue, be granted.

Motion was made, seconded and carried that the request of Councilman Lenz, for the installation of a street light on John Street between Wallace Street and Buchanan Street, be referred to the City Light Department for investigation and report.

A petition, providing for the paving of Crescent Avenue from the alley south of Vance Avenue, northeast to the end of the present pavement west of Anthony Boulevard, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Upon investigation of numerous complaints, regarding Taxi phone or call box locations, motion was made, seconded and carried that the Secretary of the Board be instructed to send a communication to the Home Telephone & Telegraph Company, requesting the removal of the phones, in compliance with General Ordinance Number 1660 - 1932, at the following locations:

On the corner of Wayne Street and Francis Street, at the Turner Chapel African M. E. Church;
On the corner of Crescent Avenue and Columbia Avenue;
Southeast corner of Main Street and Van Buren Street.

A communication was received from Hoad, Decker, Shoecraft and Drury, recommending the payment of the $400.00 which was retained from the final estimate of John Dehner, Inc., under Contract No. 5. Motion was made, seconded and carried that the Water Works Department be instructed to pay the same.

A communication was received from Hoad, Decker, Shoecraft and Drury, recommending that the Contractor for the Three Rivers Filtration and Pumping Station, be directed to change the door leading into the switch and battery room from the service gallery, from a single door to a double door, for the sum of $59.00. Motion was made, seconded and carried that the same be approved by the Board and that the communication be placed on file.

Motion was made, seconded and carried that the estimate of L. H. McAfee for the filling in with 2860 yards of top soil at the Pumping Stations on Edgewater Avenue, for the sum of $943.80, be approved, and that the estimate be ordered paid.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against Improvement Resolution Number 3121, which provides for the improving of Curdes Avenue from East Drive to Anthony Boulevard, there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Street Improvement Resolution Number 3121, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 29th day of June and the 6th day of July, 1932, and that Tuesday, the 19th day of July, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the making of certain improvements in connection with the Water Works Project, they now proceeded to open the same and obtained the following results:

In the matter of Contract Number 11, which provides for the Furnishing and Erection of Chemical Handling Equipment:

In the matter of the improving of Brackenridge Street on the North side from the west curb line of Harrison Street to the east curb line of Webster Street; also, for the improving of Douglas Avenue on the South side from the west curb line of Harrison Street to the east curb lime of Webster Street; also for the improving of Webster Street on the East side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street:

COIL CONSTRUCTION COMPANY, INC., bid as follows:

PRICE BID COMPLETE:	
One course 7" plain concrete	$1,243.00
One course 7" reinforced concrete	1,355.00
6" concrete base asphalt top	1,824.00

PRICE COMPLETE LESS ASPHALT TOP:	
6" plain concrete base	1,124.00

L. W. DAILEY CONSTRUCTION COMPANY, bid as follows:

PRICE BID COMPLETE:	
Texaco Sheet Iron Asphalt	$2,270.00
Texaco Sheet,	2,400.50

GRACE CONSTRUCTION & SUPPLY COMPANY, bid as follows:

PRICE BID COMPLETE:	
Trinidad Sheet Asphalt	$2,308.75
Texaco or Mexican Sheet Asphalt	2,202.40
Texaco or Mexican Sheet Iron Asphalt	2,131.50

Motion was made, seconded and carried that the matter of the awarding of the contracts for the aforesaid improvements be TAKEN UNDER ADVISEMENT.

The Board then upon motion took a recess until Wednesday, July 6, 1932, at 10:00 o'clock A. M.

-- oOo --

The Board re-convened Wednesday, the 6th day of July, 1932, at 10:00 o'clock A. M. and proceeded as follows:

Motion was made, seconded and carried that the minutes of the meeting of Tuesday, June 28, 1932, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending June 25, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Cortland Avenue and Greenlawn Avenue; corner of Leith Street and Lafayette Street; corner of Plaza Drive and Colerick Street; 922 West Wildwood Avenue.

Motion was made, seconded and carried that the application of E. W. Baumgartner, to widen the present 12 foot driveways to a width of 15 feet at the Southeast corner of Pontiac Street and Hoagland Avenue, driveways to face on Pontiac Street, be granted.

Motion was made, seconded and carried that the application of Fred Everding to construct 130 feet of sidewalk at 2901 Plaza Drive, the sidewalk to face on McKee Street, be granted.

A petition, providing for the construction of cement sidewalks on both sides of Barr Street from Pontiac Street to Suttenfield Street, except where sidewalks are already in, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the installation of a street light on Ferguson Avenue between Parnell Avenue and East Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A report was received from the City Light Construction Department, recommending the installation of the following lights:

Street light on the north side of Delaware Avenue at Tecumseh Street;
Alley light at the intersection of the first alley west of Broadway and the first alley south of Wilt Street on Traction Pole No. 9466;
Alley light between John Street and Gay Street from Creighton Avenue to Pontiac Street on Pole No. 8771, motion was made, seconded and carried that the report be placed on file.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

August C. Lampke,	signed by the Standard Accident Insurance Company;
C. Miller & Sons,	signed by the Fidelity & Casualty Company of N. Y.;
Otis Elevator Company,	signed by the National Surety Company;
William D. Swank,	signed by the Globe Indemnity Company.

Hoad, Decker, Shoecraft and Drury, Engineers for the Water Works Department, presented plans, specifications and tentative estimates for Contract Number 10, which provides for the Furnishing and Erection of Carbon Dioxide and Heating Equipment. After considering the same, motion was made, seconded and carried that the said plans, specifications and estimates be approved, and that Notice to Contractors of the work to be performed for the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 7th and 14th days of July, 1932, and that Tuesday, the 26th day of July, 1932, at 10:00 o'clock A. M., Eastern Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned improvement.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates from Hoad, Decker, Shoecraft and Drury: First Progress Estimate for Contract No. 3, in favor of John Dehner, Inc. Contractor, in the amount of $1,176.08; also Fourth Progress Estimate for Contract No. 8 in favor of V. M. Nussbaum & Company, Contractors, in the amount of $675.65; also Second Progress Estimate for Contract No. 9 for the Western Gas Construction Company, Contractors, in the amount of $5,502.40; also Fourth Progress Estimate for Contract No. 9 for the Michigan Valve and Foundry Company, Contractors, in the amount of $34,547.45; also Thirty-third Estimate for professional Engineering services in the amount of $23.52; also Thirty-fourth Estimate for professional engineering services in the amount of $13.51; also Thirty-fifth Estimate for professional engineering services in the amount of $110.05; also Thirty-sixth Estimate for professional engineering services in the amount of $690.95.

Motion was made, seconded and carried that the City Light & Power Works be instructed to pay the following estimates from the Froehlich & Emery Engineering Company: For office supervision in checking equipment and building drawings in the amount of $1,200.00; also Engineering Fee in the amount of $52.50 on Contract awarded to Schmeling and Alter for removing one 750 H.P. Bass water tube boiler, including the breeching, steam header lines, coal hopper, stoker and brickwork, contract price $1,050.00

The Board then upon motion adjourned.

John Erwin
David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 7, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the Progress and Cost Report of the Municipal Asphalt Plant under the guarantee period from January 1, 1932 to June 30, 1932, by William H. Droege, City Paving Chemist, be placed on file.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-TREASURER

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, July 12, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of June, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Anthony Boulevard and Wayne Trace; corner Huffman Street and Sherman Boulevard; corner of Lexinton Avenue and Indiana Avenue; 1821 West State Boulevard.

Motion was made, seconded and carried that the request of the Fort Wayne Black & Yellow Taxi Corporation, for the installation of mine-type phone on the second pole south of Lake Street on Delta Boulevard on City Pole No. 157, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the application of Charles Rietdorf, for the widening of the present intersection of the alley on Euclid Avenue and Pontiac Street, to a width of 6 feet, facing Euclid Avenue, be granted.

Motion was made, seconded and carried that the application of William D. Swank, to construct an 8 foot driveway at 2318 Woodward Avenue, be granted.

A petition, providing for the installation of a street light at the corner of McKee Street and Adams Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of a street light at the corner of Vesey Avenue and Kinsmoor Avenue, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Fred Everding,	signed by the London & Lancashire Indemnity Company;
Clarence J. Flory,	signed by the Commercial Casualty Insurance Company;
Standard Oil Company,	signed by the Commercial Casualty Insurance Company;
T. S. Bohen,	signed by the Fidelity & Casualty Company of New York;
Wallace Supply Company,	signed by the Royal Indemnity Company.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the L. W. DAILEY CONSTRUCTION COMPANY, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Sidewalk Improvement Resolution Number 3108, be referred to the City Attorney for his approval.

P. of E. 2.
Schmith

The City Engineer now submitted plans and specifications for the condemnation of a right-of-way for pole line purposes across, through and under portions of Lots Numbered 27 and 28 White's Subdivision; also a portion of the vacated alley lying between Lots Numbered 27 and 28 White's Subdivision, as more fully set out in Declaratory Resolution Number 654 - 1932, which plans and specifications were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 654 - 1932.

For the condemnation of a right-of-way for pole line purposes across, through and under portions of Lots Numbered 27 and 28 White's Subdivision; also a portion of the vacated alley lying between Lots Numbered 27 and 28 White's Subdivision.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn a right-of-way for pole line purposes across, through and under portions of Lots Numbered 27 and 28 White's Subdivision; also a portion of the vacated alley lying between Lots Numbered 27 and 28 White's Subdivision.

All as shown by a plan of such proposed condemnation of a right-of-way for pole line purposes as above described now on file in the office of the Department of Public Works of said City.

The condemnation of the right-of-way to be made by condemning and appropriating for pole line purposes the south six (6) feet of Lots Numbered 27 and 28 White's Subdivision; also the south six (6) feet of the vacated alley lying between Lots Numbered 27 and 28 White's Subdivision.

The property which may be injuriously or beneficially affected by the proposed pole line right-of-way as above described is described as all lots and lands lying west of Anthony Boulevard; north of the Wabash Railroad right-of-way; east of Lillie Street and south of Hayden Street.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5%) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplemental thereof.

All of said streets and alleys and lots and lands affected by the above described pole line right-of-way being situated in the East Half of the Northeast Quarter of Section 12, Township 30 North, Range 12 East, and lying within the corporate limits of the City of Fort Wayne, Indiana.

Pltff. Ex. 2.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 654, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 13th and 20th days of July, 1932, and that Thursday, the 4th day of August, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 14, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending July 2, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department to make a cut into the pavement at the corner of Huffman Street and Franklin Avenue, be granted.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company to make a cut into the pavement at 2421 Hanna Street, be granted.

Motion was made, seconded and carried that the application of Melvin McDevitt, to repair 35 feet of sidewalk at 213 Mechanic Street, be granted.

Motion was made, seconded and carried that the plan submitted by the City Engineer for the intersection of St. Joe Boulevard and State Street, be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the L. W. DAILEY CONSTRUCTION COMPANY, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Sidewalk Improvement Resolution Number 3108, be approved.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, July 19, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending July 9, 1932, be placed on file.

Motion was made, seconded and carried that the report of the City Light Construction Department, recommending the installation of a street light on Ferguson Avenue between Parnell Avenue and East Street, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Euclid Avenue and Creighton Avenue; corner of Euclid Avenue and Milan Street; corner of Kinsmoor Avenue and Beaver Avenue; corner of Lafayette Street and Esmond Street; 1426 Lake Avenue (2) cuts.

Motion was made, seconded and carried that the application of E. W. Baumgartner, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1912 Spring Street, be granted.

Motion was made, seconded and carried that the application of Joseph C. Clifford, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1250 Sheridan Court, under personal bond, be granted.

Motion was made, seconded and carried that the application of W. P. Branstrator, to repair sidewalk at 2502 North Anthony Boulevard, be granted.

Motion was made, seconded and carried that the Liability Bond of the Coca-Cola Bottlers' Association, signed by the Maryland Casualty Company, be approved.

A petition, providing for the elimination of the dead end of water mains so as to supply fresh and cool water in the 1300 Block to the end of the 1400 Block on West Wildwood Avenue, was received. Motion was made, seconded and carried that the same be referred to the Water Works Department for investigation and report on cost.

Motion was made, seconded and carried that the Fort Wayne Water Works Department, be instructed to pay the following estimates from Hoad, Decker, Shoecraft and Drury: First Progress Estimate on Contract No. 4 for the Furnishing of Sludge Removal Mechanisms for the Three Rivers Filtration and Pumping Station in favor of the Dorr Company, Incorporated, Contractors, in the amount of $8,544.00; also the Thirty-eighth Estimate for professional engineering services in the amount of $170.88.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Street Improvement Resolution Number **3121**, which provides for the improving of Curdes Avenue from the east curb line of East Drive to the west property line of Anthony Boulevard, they now proceeded to open the same and obtained the following results:

COIL CONSTRUCTION COMPANY, INC., bid as follows:

Seven inch one course Reinforced Concrete, Stone Curb	$8.00
Seven inch one course Reinforced Concrete, Cement Curb	6.95

GRACE CONSTRUCTION & SUPPLY COMPANY, bid as follows:

Trinidad Sheet Asphalt, Stone Curb	$9.31
Trinidad Asphaltic Concrete, Stone Curb	8.56
Standard Mexican or Texaco Sheet Asphalt, Stone Curb	8.70
Standard Mexican or Texaco Asphaltic Concrete, Stone Curb	8.08
Trinidad Sheet Asphalt, Cement Curb	8.23
Trinidad Asphaltic Concrete, Cement Curb	7.46
Standard Mexican or Texaco Sheet Asphalt, Cement Curb	7.62
Standard Mexican or Texaco Asphaltic Concrete, Cement Curb	7.00
7" Reinforced Concrete, Stone Curb	7.77
7" Reinforced Concrete, Cement Curb	6.39
Texaco or Mexican Sheet Iron Asphalt, Stone Curb	8.55
Texaco or Mexican Sheet Iron Asphalt, Cement Curb	7.47
For sidewalks at intersections per square foot	.20

The Board now proceeded to make the following preliminary order in the matter of Street Improvement Resolution Number **3121**, as follows:

3121 - Paving of CURDES AVENUE, Reinforced Concrete, with Cement Curbing.

In accordance with the Street Paving Law, the Board now upon motion fixed Saturday, July 30, 1932, at 10:00 o'clock A. M., as a date and time when they will consider awarding the contract on the aforementioned street resolution; also a date and time up to which they will receive petitions for material other than that designated by the Board.

Motion was made, seconded and carried that the contract for the work to be performed for the improving of Brackenridge Street on the North side from the west curb line of Harrison Street to the east curb line of Webster Street; also, for the improving of Douglas Avenue on the South side from the west curb line of Harrison Street to the east curb line of Webster Street; also for the improving of Webster Street on the East side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street, on which bids were received Tuesday, July 5, 1932, at 10:00 o'clock A. M., be awarded to the COIL CONSTRUCTION COMPANY, INC., at and for their price bid, namely, $1,124.00, using 6" plain concrete base, they being the lowest and best bidders.

Motion was made, seconded and carried that William H. Droege, Superintendent of the Asphalt Department, be instructed to lay the asphalt top on Brackenridge Street on the North side from the west curb line of Harrison Street to the east curb line of Webster Street; also, on Douglas Avenue on the South side from the west curb line of Harrison Street to the east curb line of Webster Street; also, on Webster Street on the East side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street, upon the completion of the grading, draining and paving of the 6 inch concrete base, by the Coil Construction Company, Incorporated.

Motion was made, seconded and carried that the contract for the work to be performed under Improvement Resolution Number 3111, which provides for the construction of cement sidewalks on the west side of Monroe Street from Rudisill Boulevard to Gumpper Avenue, on which bids were received Tuesday, July 5, 1932, at 10:00 o'clock A. M., be awarded to the COIL CONSTRUCTION COMPANY, at and for their price bid, namely, $0.99 per lineal foot, they being the lowest and best bidders.

The Board then upon motion took a recess until 4:00 o'clock P. M., Tuesday, July 19, 1932.

-- oOo --

The Board re-convened Tuesday, the 19th day of July, 1932, at 4:00 o'clock P. M. and proceeded as follows:

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the COIL CONSTRUCTION COMPANY, INC., signed by the Maryland Casualty Company, covering the work to be performed under Sidewalk Improvement Resolutions Numbered 3105, 3107, 3109, 3110, 3111, 3113, 3114, and 3115, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the COIL CONSTRUCTION COMPANY, INC., signed by the Maryland Casualty Company, covering the work to be performed in the improving of Brackenridge Street on the North side from the west curb line of Harrison Street to the east curb line of Webster Street; also Douglas Avenue on the South side from the west curb line of Harrison Street to the east curb line of Webster Street; also Webster Street on the East side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street, be referred to the City Attorney for his approval.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular Meeting of Tuesday July 26, 1932,
POSTPONED from 10:00 o'clock A. M. until 2:00 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the making of certain improvements in connection with the Water Works Project, the Regular Meeting of 10:00 o'clock A. M. having been postponed until 2:00 o'clock P. M., they now proceeded to open the same and obtained the following results:

In the matter of Contract Number 10, which provides for the Furnishing and Erection of Carbon Dioxide and Heating Equipment:

FLINN & DREFFEIN COMPANY, Chicago, Illinois, bid as follows:

Price complete using Coke-fired equipment	$18,760.00

CONTINENTAL INDUSTRIAL ENGINEERS, Chicago, Ill, bid as follows:

Price complete, using Oil Burning equipment	$19,020.00
Price complete, using Coke-fired equipment	18,600.00

Alternates

Arrangement of equipment	deduct	472.00
Storage tank	deduct	110.00
Carbon dioxide meters	additional	374.00
Flow meters	deduct	248.00
Flow meters	deduct	24.00
Compressors -- No change in price		
Sullivan Compressors	additional	1,780.00
Ingersoll-Rand Compressors	additional	1,780.00
Omit receiver	deduct	168.10
Omit draft control	deduct	335.00
Honeywell control	additional	522.00
Air for gas producer	additional	110.00

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 11, which provides for the Furnishing and Erection of Chemical Handling Equipment in connection with the Water Works Improvement, on which bids were received Tuesday, June 28, 1932, at 10:00 o'clock A. M., be awarded to the FULLER COMPANY, Catasauqua, Pennsylvania, using their alternate proposal No. 4, at and for their price bid, namely, $12,860.00, they being the lowest and best bidders.

Motion was made, seconded and carried that the contract made this 26th day of July, 1932, by and between the City of Fort Wayne, Indiana, a Municipal Corporation, by and through its Board of Public Works, party of the first part, and the Fuller Company of Catasauqua, Pennsylvania, party of the second part, covering the work to be performed under Contract Number 11, which provides for the Furnishing and Erection of Chemical Handling Equipment of the Water Works Improvement, be approved and ordered sent to the Council at their next regular meeting Tuesday, July 26, 1932, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the supplementary agreement by and between the City of Fort Wayne, Indiana, a Municipal Corporation, by and through its Board of Public Works, party of the first part, and the Froehlich & Emery Engineering Company, of Toledo, Ohio, a corporation existing and doing business under the laws of the State of Ohio, party of the second part supplementing a contract between the said parties entered into on the 14th day of April, 1931, providing for the furnishing of Engineering services required for the complete installation of a new Boiler Plant, be approved and ordered sent to the Council at their next regular meeting Tuesday, July 26, 1932, at 8:0 o'clock P. M.

The Board then upon motion took a recess until Wednesday, the 27th day of July, 1932, at 4:00 o'clock P. M.

-- oOo --

The Board re-convened Wednesday, July 27th, 1932, at 4:00 o'clock P. M., and proceeded as follows:

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, July 19, 1932, stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending July 16, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements be granted: Corner of Creighton Avenue and Anthony Boulevard; 2905 Maumee Avenue; corner of Oakland Street and Spring Street; 1500 Block on Taylor Street.

Motion was made, seconded and carried that the applications of the Fort Wayne Roofing and Paving Company to repair sidewalk at 1705 Illinois Street also, at 4207 Indiana Street, be granted.

Motion was made, seconded and carried that the following driveway applications be granted:

E. W. Baumgartner, 12 ft. cut and 8 ft. drive at 1928 Spring Street;
A. Roethele and Sons, 12 ft. cut and 8 ft. drive at 1608 Fairhill Road.

A petition, providing for the placing of Calcium Chloride on Cass Street from State Boulevard to Irene Street, was received. Motion was made, seconded and carried that the same be placed on file.

A remonstrance against the operation of trucks by the Tokheim Tank and Pump Works, on Fletcher Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

A remonstrance, against the construction of cement sidewalks on both sides of Barr Street from Suttenfield Street to Pontiac Street, except where sidewalks are already in, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the estimate of cost for the covering of the front brick entrance with Sheet Asphalt Surface at No. 1 Engine House, East Main Street, submitted by William H. Droege. Superintendent of the Asphalt Plant, be approved.

Motion was made, seconded and carried that the City Light and Power Works be instructed to pay the following estimate from the Froehlich & Emery Engineering Company: Extra on Contract dated April 14, 1932, for blue prints furnished to building and sub-contractors, such as Western Gas Construction Company, Truscon Steel Company, etc., in the amount of $159.30.

Motion was made, seconded and carried that the plans and specifications prepared by the City Engineer for a bulkhead for the 30" overflow line at the Three Rivers Filtration and Pumping Station, be approved, and that Notice to Contractors of the work to be performed for the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on Thursday, the 28th day of July, 1932, and that Tuesday, the 2nd day of August, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive sealed proposals for the work to be performed under the aforementioned improvement.

The Board then upon motion adjourned.

David Erwin

BOARD OF PUBLIC WORKS

ATTEST: Scott L. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, July 28, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved,as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of Lumbard Street and Pittsburgh Street, be granted.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: 1005 South Calhoun Street; corner of Clinton Street and Columbia (alley); corner of Clinton Street and Columbia; 234 East Douglas Avenue; 314 East Dewald Street; 414 East Douglas Avenue; 1613 Green Street; 2720-2724 Gay Street; 1223 Hanna Street; corner of 1225 Hanna Street; 1229 Hanna Street; 1235 Hanna Street; 1302 Hanna Street; 1308 Hanna Street; 811 East Jefferson Street (alley); 823 Madison Street; 325 West Main Street; 2321 Miner Street; 2323 Miner Street; 2327 Miner Street; 2331 Miner Street; corner of Osage Street and Richardson Street; 524 Riverside Avenue; 1708 Short Street; 505 Walnut Street.

Motion was made, seconded and carried that the application of Ellison L. Meier, to repair 15 feet of sidewalk at 2115 Dodge Avenue, be granted.

Motion was made, seconded and carried that the application of William E. Lee, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 4219 Beaver Avenue, be granted.

A petition, providing for the installation of an alley light at the intersection of the first alley South of Suttenfield Street and the first alley West of Hanna Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

A petition, providing for the installation of water mains along the south side of Huntihgton Road from Ardmore Avenue, East, approximately 600 or 700 feet, was received. Motion was made, seconded and carried that the same be referred to the Water Works Department for investigation and report on cost.

The City Engineer now submitted plans and specifications for the opening of a street across the Indiana Service Corporation right-of-way from Vesey Avenue to a point west, as more fully set out in Declaratory Resolution Number 655, which plans and specifications were upon motion approved.

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 655 - 1932.

For the opening of a street across the Indiana Service Corporation right-of-way from Vesey Avenue to a point west.

"Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to open a street across the Indiana Service Corporation right-of-way from Vesey Avenue to a point west.

All as shown by a plan of such proposed street opening as above described now on file in the office of the Department of Public Works of said city.

The opening of said street to be made by condemning and appropriating for street purposes all that part of the Indiana Service Corporation right-of-way lying east and north of the following described line: Commencing at the point where the west line of Vesey Avenue intersects the south right-of-way line of the Indiana Service Corporation; thence in a southwesterly direction at an angle of one hundred sixteen degrees and seven and one half minutes (116° 7½') with the west line of Vesey Avenue a distance of one hundred seventy-one and seven tenths (171.7) feet; thence in a westerly direction at an angle of thirty-eight degrees and thirteen minutes (38° 13') with the south right-of-way line of the Indiana Service Corporation a distance of ninety-six and ninety-eight hundredths (96.98) feet to the north right-of-way line of said Indiana Service Corporation.

The property which may be injuriously or beneficially affected by the proposed street opening as above described is described as all lots and lands lying west of Vesey Avenue; south of Nuttman Avenue; east of Ozark Avenue produced south and north of the Bluffton Road.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5%) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and lots and lands affected by the above described street opening being situated in the Northwest Quarter of the Southeast Quarter of Section 15, Township 30 North, Range 12 East, and lying within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 655, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 30th day of July and the 6th day of August, 1932, and that Thursday, the 18th day of August, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Clinton Street on the east side from the north curb line of Columbia Street to the south property line of the alley north of Columbia Street, as more fully set out in Street Improvement Resolution Number 3123.

For the improving of Crescent Avenue from the north property line of the alley south of Vance Avenue to the west curb line of Anthony Boulevard, as more fully set out in Street Improvement Resolution Number 3124.

For the improving of Darrow Avenue from the east property line of Clinton Street to the west property line of Piqua Avenue, as more fully set out in Street Improvement Resolution Number 3125.

For the improving of the alley between South Wayne Avenue and Arlington Avenue from the south property line of Pasadena Drive to the north property line of Sherwood Terrace, as more fully set out in Alley Improvement Resolution Number 3126.

For the improving of the sidewalk on both sides of Barr Street from Sutterfield Street to Pontiac Street, as more fully set out in Sidewalk Improvement Resolution Number 3127.

For the improving of the sidewalk on the south side of Kenwood Avenue from Anthony Boulevard to a point one hundred fifty (150) feet west of Anthony Boulevard, as more fully set out in Sidewalk Improvement Resolution Number 3128.

For the improving of the sidewalk on the north side of Woodland Avenue from Clinton Street to Lafayette Street, as more fully set out in Sidewalk Improvement Resolution Number 3129.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3123 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, India a, that it is deemed necessary to improve Clinton Street on the east side from the north curb line of Columbia Street to the south property line of the alley north of Columbia Street, by draining, curbing, grading and paving the roadway to a uni width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete founda or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works.

STREET IMPROVEMENT RESOLUTION NUMBER 3124 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Crescent Avenue from the north property line of the alley south of Vance Avenue to the west curb line of Anthony Boulevard, by draining, curbing, grading and paving the roadway to a uniform width of twenty-eight (28) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works.

STREET IMPROVEMENT RESOLUTION NUMBER 3125 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Darrow Avenue from the east property line of Clinton Street to the west property line of Piqua Avenue, by draining, curbing, grading and paving the roadway to a uniform width of twenty-six (26) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch Reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3126 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between South Wayne Avenue and Arlington Avenue from the south property line of Pasadena Drive to the north property line of Sherwood Terrace by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch Reinforced Concrete, or with a plain six (6) inch Concrete pavement, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3127 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on both sides of Barr Street from Suttenfield Street to Pontiac Street, by grading to a width of eighteen (18) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, detail drawings and specifications of file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3128 - 1932

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of Kenwood Avenue from Anthony Boulevard to a point one hundred fifty (150) feet west of Anthony Boulevard, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3129 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Woodland Avenue from Clinton Street to Lafayette Street, by grading to a width of sixteen (16) feet and paving with cement to a width of five (5) feet all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions, Numbered 3123, 3124, 3125, 3126, 3127, 3128 and 3129, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 30th day of July, and the 6th day of August, 1932, and that Thursday, the 18th day of August, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

Motion was made, seconded and carried that the plans, specifications and estimates prepared by the City Engineer for the paving of the west approach to the Oakdale Drive bridge, be approved, and that Notice to Contractors of the work to be performed for the furnishing of the above be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 2nd and 9th days of August, 1932, and that Tuesday, the 23rd day of August, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive sealed proposals for the work to be performed under the aforementioned improvement.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, August 2, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Antoinette Street and Euclid Avenue; corner of Fairfield Avenue and Nuttman Avenue; corner of Huestis Avenue and Eva Street; 2324 John Street.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

Carl Hambrock,	signed by the Massachusetts Bonding & Ins. Co.
Lincoln National Life Insurance Co.,	signed by the Metropolitan Casualty Co.;
The Merrill Company,	signed by the Hartford Accident and Indemnity.

A petition, providing for the condemning of a strip of ground for the purpose of opening an alley off of Grant Avenue, such strip of ground being more particulary described as the South ten (10) feet of Lot One hundred Sixty-two (162) in Fletcher's Addition to the City of Fort Wayne, Indiana, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for a Bulkhead for the 30" overflow line at the Three Rivers Filtration and Pumping Station, they now proceeded to open the same and obtained the following results:

JOHN DEHNER, INCORPORATED, bid as follows:

For construction of Bulkhead, complete	$438.00

FRED H. FUELLING, bid as follows:

For construction of Bulkhead, complete	$510.00

Motion was made, seconded and carried that the contract for the work to be performed for the construction of a Bulkhead for the 30" overflow line at the Three Rivers Filtration and Pumping Station, be awarded to JOHN DEHNER, INCORPORATED, at and for their price bid namely, $438.00, they being the lowest and best bidders.

Saturday, the 30th day of July, 1932, at 10:00 o'clock A. M., having been fixed a date and time when the Board would consider finally awarding the contract for Street Improvement Resolution Number 3121, which provides for the improving of Curdes Avenue from the east curb line of East Drive to the west property line of Anthony Boulevard, they now proceeded to award said contract as follows:

PRELIMINARY ORDER: Reinforced Concrete, Cement Curb,
CONTRACT AWARDED FOR: Reinforced Concrete, Cement Curb,
TO: THE GRACE CONSTRUCTION & SUPPLY COMPANY,
AT: $6.69 per lineal foot, they being the lowest and best bidders.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Regular Meeting of Tuesday, August 9th, 1932, at 10:00 A. M.,
POSTPONED until 4:00 o'clock P. M. August 9th.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Mr. Robert McNamee and Mr. E. C. Shoecraft of Hoad, Decker, Shoecraft and Drury, appeared before the Board and submitted plans, specifications and estimates for Contract No. 13, which provides for the Erection of the Dam at the Robinson Park location, and Contract No. 15, which provides for the construction of the Raw Water Supply Main, both in connection with the Water Works Improvements.

Motion was made, seconded and carried that the aforesaid plans and specifications be approved and the estimates placed on file, and that Notice to Contractors of the work to be performed for the furnishing of the above, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 12th and 19th of August, 1932, and that Tuesday, the 6th day of September, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive sealed proposals for the work to be performed under the aforementioned improvements.

The Board then upon motion took a recess until 2:00 o'clock Wednesday, August 10th, 1932.

-- oOo --

The Board re-convened Wednesday, August 10th, at 2:00 o'clock P. M. and proceeded as follows:

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, August 4, 1932, stand approved, as read.

Motion was made, seconded and carried that the report from the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending July 30, 1932, be placed on file.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of July, 1932, be placed on file.

Motion was made, seconded and carried that the report from the City Light Construction Department, recommending the installation of a light in the alley at the intersection of the first alley South of Suttenfield Street and the first alley West of Hanna Street on City Pole No. 10781, be placed on file.

Motion was made, seconded and carried that the application of the Northern Indiana Public Service Company, to make cuts into the following pavements, be granted: Southwest corner of Clinton Street and Duck Alley; 530 East Creighton Avenue; 1417 East Creighton Avenue; corner of Hale Avenue in front of St. Joseph Church; 1319 Hanna Street; 1317 Hanna Street; 1324 Hanna Street; 1431 Hugh Street; 1431 Hugh Street (rear); Northwest corner of Main Street and Clinton Street; 2330 Miner Street; 2325 Miner Street; 935 Sherman Boulevard (rear); 1230 Sinclair Street; 337 East Washington Boulevard; 1417 Wells Street.

Motion was made, seconded and carried that the application of the Fort Wayne Roofing & Paving Company, to repair sidewalk at the northwest corner of East Wayne Street and Canal Street, facing on Canal Street, be granted.

Motion was made, seconded and carried that the following applications of F. J. Tibbitts, to construct driveways at the Northwest corner of Washington Boulevard and Lafayette Street, be granted: To cut the curbing to a width of 35 feet and to construct a driveway to a width of 31 feet, facing on Washington Boulevard; also, to cut the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet, facing on Lafayette Street.

A petition, providing for the grading of the alley between Hugh Street and Lewis Street from Ohio Street to Chute Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A remonstrance, signed by residents and property owners of Northwood Boulevard, protesting against the installation of a water main in and along Northwood Boulevard, for the purpose of carrying water from the dam to be placed in the Saint Joseph River, to the new Filtration Plant, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the bond of Charles Rietdorf, signed by the Aetna Casualty and Surety Company, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the Grace Construction and Supply Company, signed by the Inland Bonding Company, covering the work to be performed under Street Improvement Resolution Number 3121, be referred to the City Attorney for his approval.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the Coil Construction Company, Inc., signed by the Maryland Casualty Company, for the improving of Brackenridge Street on the North side from the west curb line of Harrison Street to the east curb line of Webster Street; also Douglas Avenue on the South side from the west curb line of Harrison Street to the east curb line of Webster Street; also Webster Street on the East side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street, be approved.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the Coil Construction Company, Inc., signed by the Maryland Casualty Company, covering the work to be performed under Sidewalk Improvement Resolutions Numbered 3105, 3107, 3109, 3110, 3111, 3113, 3114 and 3115, be approved.

Motion was made, seconded and carried that the Performance Bond of the Fuller Company, signed by the Commercial Casualty Insurance Company, covering Contract No. 11, of the Water Works Improvement, which provides for the Furnishing and Erection of Chemical Handling Equipment, be approved.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved, and that the City Light Department be instructed to pay same: Estimate No. 1, in favor of Max Irmscher and Sons, in the amount of $5,843.75; Estimate for Field and office supervision for the month of July in the amount of $1,200.00.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department be instructed to pay same: Seventh Progress Estimate, Contract No. 6, in favor of Max Irmscher and Sons; in the amount of $47,256.68; Fifth Progress Estimate, Contract No. 8, in favor of V. M. Nussbaum & Company, in the amount of $855.27; Second Progress Estimate, Contract No. 3, in favor of John Dehner, Inc., in the amount of $4,301.69; Thirty-ninth Estimate for professional engineering services in the amount of $1,195.13; Fortieth Estimate for professional engineering services in the amount $17.11; Forty-first Estimate for professional engineering services in the amount of $86.03; Forty-second Estimate for professional engineering services in the amount of $385.80.

Motion was made, seconded and carried that the affidavit of Ray L. Harris, that he was paid in full, by the property owners for the improving of Nevada Avenue from Forest Park Boulevard to Florida Drive, under Improvement Resolution Number 2647 - 1927, also that the city is not indebted to him under the contract, as the intersections were not improved, be attached to the above mentioned Resolution and thereby clarify the record.

The City Engineer now submitted plans and specifications for the opening of an alley ten (10) feet in width across a portion of Lot Number 162 Fletcher's Addition, as more fully set out in Declaratory Resolution Number 656 - 1932, which plans and specifications were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 656 - 1932.

For the opening of an alley ten (10) feet in width across a portion of Lot Number 162 Fletcher's Addition.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to open an alley ten (10) feet in width across a portion of Lot Number 162 Fletcher's Addition.

All as shown by a plan of such proposed alley opening as above described now on file in the office of the Department of Public Works of said City.

The opening of said alley as above described to be made by condemning and appropriating for alley purposes the south ten (10) feet of Lot Number 162 Fletcher's Addition.

The property which may be injuriously or beneficially affected by the proposed alley opening as above described is described as Lots Numbered 161, 162 and 163 Fletcher's Addition.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations, approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said alley and lots and lands affected by the above described alley opening being situated in the North Half of the Northwest fractional Quarter of Section 7, Township 30 North, Range 13 East, and lying within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 656, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 12th and 19th,days of August, 1932, and that Thursday, the 1st day of September, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Thursday, the 4th day of August, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against Declaratory Resolution No. 654, which provides for the condemnation of a right-of-way for pole line purposes across, through and under portions of Lots Numbered 27 and 28 White's Subdivision; also a portion of the vacated alley lying between Lots Numbered 27 and 28 White's Subdivision; after reconsidering the same, there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

RESOLUTION FOR THE INVESTMENT OF FUNDS OF THE CITY LIGHT & POWER WORKS

BE IT RESOLVED by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed desirable and advantageous to invest certain funds of the City Light & Power Works, in bonds for the purpose of procuring a higher interest rate on said funds and a more profitable rate.

BE IT RESOLVED, Therefore, that the sum of $40,000.00 or as much more as may be needed, be invested in the purchase of Sewer Improvement bonds issued by the City of Fort Wayne, under Main Sewer Improvement Resolution Number 64 - 1932, and that said funds be withdrawn from the public depositories of the public funds of the City of Fort Wayne, and be used for purchase of said bonds.

It is further resolved, that as much more may be withdrawn from the depository and invested in Dewer Improvement bonds, issued under Main Sewer Improvement Resolution Number 64, 1932, to purchase any and all available bonds issued under said resolution.

That the City Comptroller, City Treasurer and Auditor of the City Light & Power Works be directed to consummate the order herein made.

I, the undersigned, Comptroller of the City of Fort Wayne, hereby recommend the investment of said funds described in the foregoing resolution in sewer improvement bonds under Main Sewer Improvement Resolution Number 64.

JULIAN F. FRANKE.
CITY COMPTROLLER.

I, the undersigned, City Attorney of the City of Fort Wayne, hereby state that I have made investigation as to the procedure of the legality leading to the issuance of said bonds under Main Sewer Improvement Resolution Number 64, and further, representing the City in a suit brought by citizens assessed under said Resolution, against certain officers of the City of Fort Wayne, and that it is my opinion that said bonds are absolutely valid, that they cannot be successfully questioned in any Court of Law. I hereby recommend that said funds of the City Light & Power Works be invested in the purchase of said bonds.

WM. FRUECHTENICHT
CITY ATTORNEY.

BE IT FURTHER RESOLVED, by the Board of Public Works of the City of Fort Wayne, that it is deemed desirable and advantageous, safe and profitable, to invest funds of the Fort Wayne Water Works Department, in United States Liberty bonds bearing the rate of 4¼% interest.

It is deemed desirable to withdraw the said sum of money and as much more as may be needed to pay interest and premium, to purchase United States bonds, face value $200,000.00 for the object and purpose of obtaining a higher rate of interest and a more profitable return of said investment for the Water Works Department.

BE IT FURTHER RESOLVED, by the Board of Public Works that the sum of $200,000.00 and as much more as may be needed to pay accrued interest and premium, be withdrawn from the public depository of public funds of the City of Fort Wayne, and be invested in United States bonds, bearing an interest rate of not less than 4¼% interest.

BE IT FURTHER RESOLVED, That the Comptroller of the City of Fort Wayne, Treasurer of the City of Fort Wayne and Auditor of the Fort Wayne Water Works Department, be directed to transfer said funds from the funds of the Fort Wayne Water Works Department and use said funds for the purchase of said United States Liberty bonds as herein described.

JOHN C. TRIER

DAVID ERWIN
BOARD OF PUBLIC WORKS.

ATTEST: SCOTT S. SNYDER,
SECRETARY.

Motion was made, seconded and carried that the City Light Construction Department, be instructed to install the following lights:

Street light on Lake Avenue between Garfield Street and Anthony Boulevard;
Street light on John Street between Horace Street and Wallace Street;
Street light at the corner of Riedmiller Avenue and Bowser Avenue;
Street light at the corner of Eagle Street and Riedmiller Avenue;
Alley light at the rear of 1819 Crescent Avenue.

The Board then upon motion adjourned.

John Trier
David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, August 11, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

A communication from the City Engineer with reference to the Plat of Lantz Brothers 3rd Addition, was received. Motion was made, seconded and carried that the same be placed on file and that the City Engineer be instructed to refer the Plat back to the owners for correction.

A report from the City Light Construction Department, with reference to the request of Councilman Lenz, for the installation of a street light on John Street between Wallace Street and Buchanan Street, was received, stating that there is at present a street light located at the corner of John Street and Horace Street, between Wallace Street and Buchanan, motion was made, seconded and carried that the same be placed on file.

BOARD OF PUBLIC WORKS

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, August 18, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at the corner of First Street and Cass Street, be granted.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

General Asbestos & Supply Co.,	signed by the Royal Indemnity Company;
D. T. Glock,	signed by the Aetna Casualty and Surety Co.;
William L. Hilbish,	signed by the London & Lancashire Indemnity Co.;
E. H. Rolf Coal & Supply Co.,	signed by the Aetna Casualty and Surety Co.

Motion was made, seconded and carried that the application of Olin I. Garwood, to repair sidewalk in front of 305 Woodland Avenue, under personal bond, be granted.

A petition, providing for the construction of sidewalks on both sides of Barr Street from Pontiac Street to Suttenfield Street, except where sidewalks are already in, was received. Motion was made, seconded and carried that the same be placed on file.

A petition, providing for the installation of a light at the intersection of the alley north of McKee Street and the alley between Queen Street and Radcliff Drive about one-half square south of Pontiac Street, was received. Motion was made, seconded and carried that the same be referred to the City Light Department, for investigation and report.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 655, which provides for the opening of a street across the Indiana Service Corporation right-of-way from Vesey Avenue to a point west; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3123 - which provides for the improving of Clinton Street on the east side from the north curb line of Columbia Street to the south property line of the alley north of Columbia Street;
3126 - which provides for the improving of the alley between South Wayne Avenue and Arlington Avenue from Pasadena Drive to Sherwood Terrace;
after hearing all persons interested who appeared, and being fully advised in

the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 30th day of August, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider further objections or remonstrances against the aforelisted resolutions and also a date and time when they will consider finally confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Street Improvement Resolution Number 3124, which provides for the improving of Crescent Avenue from the alley south of Vance Avenue to Anthony Boulevard; motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3125, which provides for the improving of Darrow Avenue from the east property line of Clinton Street to the west property line of Piqua Avenue, there having been filed a remonstrance signed by 100% of the resident property owners affected by this improvement, motion was made, seconded and carried that the said remonstrance be SUSTAINED.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances in the matter of the confirmation of Sidewalk Improvement Resolution Number 3127, which provides for the construction of sidewalks on both sides of Barr Street from Suttenfield Street to Pontiac Street, there having been filed a remonstrance signed by 58% of the resident property owners affected by this improvement, motion was made, seconded and carried that the said remonstrance be SUSTAINED.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Number 3128, which provides for the construction of cement sidewalks on the south side of Kenwood Avenue from Anthony Boulevard to a point one hundred fifty (150) feet west of Anthony Boulevard; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Sidewalk Improvement Resolution Number 3128, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 20th and 27th days of August, 1932, and that Tuesday, the 13th day of September, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Sidewalk Improvement

Resolution Number 3129, which provides for the construction of cement sidewalks on the north side of Woodland Avenue from Clinton Street to Lafayette Street; motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT.

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 12, which provides for the Furnishing and Erection of Chemical Feeding Equipment, in connection with the Water Works Improvement, on which bids were received Tuesday, June 28, 1932, at 10:00 o'clock A. M., be awarded to the OMEGA MACHINE COMPANY, Kansas City, Mo., at and for their contract price, namely, $8,256.00, less a deduction of $396.00 for the omission of two exhaust blowers on the lime slackers, and vents to stack, and use water jet ejectors discharging through lime discharge pipe to basin, and for the omission of two blowers on alum feeders and install jet ejectors discharging to basin, they being the lowest and best bidders.

The Board then upon motion adjourned.

Fort Wayne, Indiana,
Tuesday, August 30, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending August 20, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Home Telephone and Telegraph Company, to make a cut into the pavement at the intersection of the alley on the north side of State Boulevard between Crescent Avenue and Kentucky Avenue, be granted.

Motion was made, seconded and carried that the application of Buesching-Hagerman and Company, to repair and build new sidewalk according to City's specifications on Washington Boulevard from Barr Street west to the alley, on the north side of the street, be granted.

A remonstrance was received, signed by the owners of the real estate abutting on both sides of Kentucky Avenue commencing at the intersection of Kentucky Avenue with State Boulevard and ending at the intersection of Kentucky Avenue and Tennessee Avenue, against the construction and installation of an intake water line to be constructed on said territory. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the re-surfacing of Harrison Street from Superior Street to Wayne Street.

The COIL CONSTRUCTION COMPANY reported the work completed under Improvement Resolution Number 3105, which provides for the construction of cement sidewalks on both sides of Buena Vista Drive from Curdes Avenue to the South line of Paramount Addition; also, Improvement Resolution Number 3107, which provides for the construction of cement sidewalks on the south side of Cody Avenue from Anthony Boulevard to the alley east of Anthony Boulevard; also, Improvement Resolution Number 3109, which provides for the construction of cement sidewalks on the south side of Foster Parkway from Buell Drive to Hoagland Avenue; also Improvement Resolution Number 3110, which provides for the construction of cement sidewalks on the west side of Miner Street from Phillips Street to the alley north of Phillips Street; also, Improvement Resolution Number 3111, which provides for the construction of cement sidewalks on the west side of Monroe Street from Rudisill Boulevard to Gumpper Avenue; also, Improvement Resolution Number 3113, which provides for the construction of cement sidewalks on the east side of Sherman Boulevard from State Boulevard to Hofer Avenue; also, Improvement Resolution Number 3114, which provides for the construction of cement sidewalks on the west side of Van Buren Street from Main Street to Greeley Street; motion was made, seconded and carried that the City Engineer be instructed to prepare primary assessment rolls for the same.

Motion was made, seconded and carried that the estimate of John Dehner, Inc., in the amount of $1,799.60 for the excavation of 17,996 cubic yards of dirt from the St. Mary's River east and west of Harrison Street Bridge, be approved and ordered paid.

Motion was made, seconded and carried that the estimate of John Dehner, Inc., for the construction of a Bulkhead at the Filtration Plant, in the amount of $438.00 be approved, and that the Fort Wayne Water Works Department, be instructed to pay same.

Motion was made, seconded and carried that the following estimates from Hoad, Decker, Shoecraft and Drury, be approved and that the Fort Wayne Water Works Department, be instructed to pay same: Forty-third Estimate for professional engineering services in the amount of $175.76 Contract No. 6, Max Irmscher and Sons, Contractors; Forty-fourth Estimate for professional engineering services in the amount of $235.80, Contract No. 12, Omega Machine Company, Contractors; Forty-fifth estimate for professional engineering services in the amount of $8,409.75, Contract No. 13, Robinson Park Impounding Dam and Contract No. 15, Raw Water Supply Main.

This being a date and time previously fixed by the Board when they would hear and consider further objections or remonstrances against certain improvement resolutions, they now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3123 - which provides for the improving of Clinton Street on the east side from Columbia Street to the alley north of Columbia Street;
3126 - which provides for the improving of the alley between South Wayne Avenue and Arlington Avenue from Pasadena Drive to Sherwood Terrace;
there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions; motion was made, seconded and carried that the said resolutions be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Improvement Resolutions Numbered 3123 and 3126, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 31st day of August and the 7th day of September, 1932, and that Tuesday, the 20th day of September, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

Motion was made, seconded and carried that the primary assessment rolls of benefits and damages in the matter of Declaratory Resolutions Numbered

654 - which provides for the condemnation of a right of way for pole line purposes across, through and under portions of Lots Numbered 27 and 28 White's Subdivision; also a portion of the vacated alley lying between Lots Numbered 27 and 28 White's Subdivision;
655 - which provides for the opening of a street across the Indiana Service Corporation right-of-way from Vesey Avenue to a point west;
be and the same are hereby APPROVED and that Thursday, the 15th day of September, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment rolls and also against the assessment of benefits and damages awarded on the same.

The Board then upon motion adjourned.

John [illegible]
David Erwin
BOARD OF PUBLIC WORKS.

ATTEST:
HELEN SHEETS,
SECRETARY PRO TEM.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, September 1, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: 711 Archer Avenue; 307 East Main Street.

Motion was made, seconded and carried that the Performance Bond of the Omega Machine Company, signed by the Continental Casualty Company, covering Contract No. 12, of the Water Works Improvement, which provides for the Furnishing and Erection of Chemical Feeding Equipment, be referred to the City Attorney for his approval.

A remonstrance, against the opening of an alley ten (10) feet in width across a portion of Lot Number 162 Fletcher's Addition, was received. Motion was made, seconded and carried that the same be placed on file.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 656, which provides for the opening of an alley ten (10) feet in width across a portion of Lot Number 162 Fletcher's Addition, there having been filed a remonstrance, motion was made, seconded and carried that the matter of the confirmation of the foregoing resolution be TAKEN UNDER ADVISEMENT until Thursday, September 8, 1932, at 7:30 o'clock P. M.

Motion was made, seconded and carried that the contract for the work to be performed for the paving of the West Approach to the Oakdale Drive Bridge, on which bids were received Tuesday, the 23rd day of August, 1932, at 10:00 o'clock A. M., be awarded to the COIL CONSTRUCTION COMPANY, INC., at and for their price bid, namely, $2800.00, using 7" Reinforced Concrete, they being the lowest and best bidders.

The Board then upon motion adjourned.

John C. Trier
David Erwin
BOARD OF PUBLIC WORKS.

ATTEST:
HELENE NACHTIGALL,
SECRETARY PRO TEM.

Department of Public Works,
Council Chamber,
Room 1, (Second Floor) City Hall,
Fort Wayne, Indiana,
Tuesday, September 6, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT

Mayor William J. Hosey,
John C. Trier, Chairman, Board of Public Works,
David Erwin, Member of the Board of Public Works,
Scott S. Snyder, Secretary, Board of Public Works,

Motion was made, seconded and carried that the aforesaid bids be TAKEN UNDER ADVISEMENT for tabulation by the Engineers.

Motion was made, seconded and carried that the plans, specifications and estimate, providing for the improvement to the City Light and Power Works, as submitted by F. H. Froehlich and R. H. Marker, of the Froehlich & Emery Engineering Company, covering the following described work, be approved and the estimate placed on file:

DIVISION NO. 1.

The furnishihg of all labor, materials, apparatus and tools required for the construction, delivery and erection, of a complete system of steam, exhaust, water and oil piping for, in and about the boiler plant of the City Light and Power Works of the City of Fort Wayne, Indiana.

DIVISION NO. 2.

The furnishing of all labor, materials, apparatus and tools necessary for the construction, delivery and erection, of three (3) complete forced draft hot air ducts, three (3) complete forced draft cold air ducts, and twenty-four (24) complete air sealing boxes, for and at the City Light and Power Works of the City of Fort Wayne, Indiana.

DIVISION NO. 3.

The furnishing of all labor, materials, apparatus and tools required for the insulation of piping, deaerating heater, water softener, filter, flash tank, air ducts, siftings hoppers, windboxes, soot hoppers, air heaters, cindertraps with auxiliary storage hoppers, induced draft fans, flue gas ducts, and boiler water walls, for and in the Boiler Plant of the City Light and Power Works of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Contractors of the receiving of sealed proposals for the above described improvements to the City Light and Power Works, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 13th and 20th days of September, 1932, and that Tuesday, the 4th day of October, 1932, at 10:00 o'clock A. M., CENTRAL STANDARD TIME, be fixed a date and time when the Board will receive sealed proposals for the same.

The Board then upon motion adjourned.

John Brian

David Erwin

BOARD OF PUBLIC WORKS.

ATTEST: Scott S. Snyder

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Thursday, September 8, 1932,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: John C. Trier, David Erwin,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending August 27, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Fairfield Avenue and Kinnaird Avenue; Fairfield Avenue and Wildwood Avenue; corner of Webster Street and Superior Street; corner of Wells Street and Cass Street.

Motion was made, seconded and carried that the request of Councilman Moran, for the installation of a light in the alley west of Webster Street between Wildwood Avenue and Kinnaird Avenue, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the City Light Constructio Department be instructed to install a light in the alley north of McKee Street and the alley between Queen Street and Radcliff Drive, about one-half square south of Pontiac Street.

Motion was made, seconded and carried that the City Light Department be instructed to install a light in the alley at the rear of 2545 John Street.

Motion was made, seconded and carried that the City Light Constructio Department be instructed to install a light in the alley at the rear of 3019 Holton Avenue.

Motion was made, seconded and carried that the application of Reuben T. Scoles, to construct cement sidewalk at 219 East Woodland Avenue, under personal bond, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to repair thirty feet of sidewalk at 225 East Woodland Avenue, be granted.

Motion was made, seconded and carried that the application of Everett R. Ellerman, to construct 200 feet of sidewalk at the Northeast corner f State Boulevard and Forest Park Boulevard, be granted.

Motion was made, seconded and carried that the application of Everett R. Ellerman, to make a cut into the curbing to a width of 14 feet and to construct a driveway to a width of 10 feet at the Northeast corner of State Boulevard Forest Park Boulevard, drive facing on State Boulevard, be granted.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 2817 Maumee Avenue, be granted

A petition, providing for the construction of cement sidewalks on the South side of Hofer Avenue from Sherman Boulevard to Goshen Avenue, except where sidewalks are already in, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A remonstrance was received, signed by the resident property owners on both sides of St. Joe Boulevard, commencing at the intersection of St. Joe Boulevard with Northwood Boulevard and ending at the intersection of St. Joe Boulevard and McDougall Avenue, against the construction and installation of an intake water line in connection with the Filtration Plant, on the above described territory. Motion was made, seconded and carried that the same be placed on file.

THE COIL CONSTRUCTION COMPANY, INC., reported the work completed under Improvement Resolution No. 3115, which provides for the construction of cement sidewalks on the north side of Wayne Street from Lafayette Street to Clay Street, motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The City Engineer now submitted plans and specifications for the condemnation of a right-of-way for sewer purposes west of St. Mary's Avenue from Margaret Avenue to State Boulevard. Said right-of-way being located on Ewings Out Lot Number 2 situated in the Southeast Quarter of Section 34, Township 31 North, Range 12 East, as more fully set out in Declaratory Resolution No. 657-1932, which plans and specifications were upon motion approved.

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 657 - 1932.

For the condemnation of a right-of-way for sewer purposes west of St. Mary's Avenue from Margaret Avenue to State Boulevard. Said right-of-way being located on a portion of Ewing's Out Lot Number 2 situated in the Southeast Quarter of Section 34, Township 31 North, Range 12 East.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to condemn a right-of-way for sewer purposes west of St. Mary's Avenue from Margaret Avenue to State Boulevard. Said right-of-way being located on a portion of Ewings Out Lot Number 2 situated in the Southeast Quarter of Section 34, Township 31 North, Range 12 East.

All as shown by a plan of such proposed condemnation of a right-of-way for sewerage purposes as above described now on file in the office of the Department of Public Works of said City.

The condemnation of the right-of-way to be made by condemning and appropriating for sewer right-of-way purposes a strip of land twelve (12) feet in width, the center line of which is one hundred fifty-six (156) feet west of the west property line of St. Mary's Avenue and extending from the north line of Margaret Avenue to the south line of State Boulevard; also a strip of land ten (10) feet in width, the center line of which is one hundred eighty-five (185) feet north of the north property line of Margaret Avenue and extending from a point one hundred twenty-five (125) feet west of the west property line of St. Mary's Avenue to a point one hundred fifty (150) feet west of the west property line of St. Mary's Avenue.

The property which may be injuriously or beneficially affected by the proposed sewer right-of-way as above described is described as the East Half of Ewings Out Lot Number 2, situated in the Southeast Quarter of Section 34, Township 31 North, Range 12 East.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five per cent (5%) per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property of for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the Assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said streets and lots and lands affected by the above described sewer right of way lying within the corporate limits of the City of Fort Wayne, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 657, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 10th and 17th days of September 1932, and that Thursday, the 29th day of September, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

The City Engineer now submitted plans, specifications and estimates for the construction of a sewer in and along the sewer right-of-way west of St. Mary's Avenue from the south property line of Margaret Avenue to a point approximately three hundred (300) feet north, as more fully set out in Local Sewer Improvement Resolution Number 464, which plans, specifications and estimates were upon motion approved.

Motion was then made, seconded and carried that the following resolution be adopted.

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 464 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the sewer right-of-way west of St. Mary's Avenue from the south property line of Margaret Avenue to a point approximately three hundred (300) feet north. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the Department of Public Works of said City.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 464, be publishe in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 10th and17th days of September, 1932, and that Thursday, the 29th day of September, 1932, at 7:30 o'c ock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when they will consider confirming the same.

Tuesday, the 6th day of September, 1932, at 10:00 o'clock A. M., having been fixed a date and time when the Board would hear and consider further objections or remonstrances against Improvement Resolution Number 3124, which provides for the improving of Crescent Avenue from the north property line of the alley south of Vance Avenue to the west curb line of Anthony Boulevard, motion was made, seconded and carried that the plans be MODIFIED by "omitting the curbing", and there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was also made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as "MODIFIED".

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Street Improvement Resolution Number 3124, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel, on the 10th and 17th days of September, 1932, and that Tuesday, the 4th day of October, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

After re-considering the confirmation of Declaratory Resolution Number 656, which provides for the opening of an alley ten (10) feet in width across a portion of Lot Number 162 Fletcher's Addition, motion was made, seconded and carried that the same be TAKEN UNDER FURTHER ADVISEMENT.

Motion was made, seconded and carried that the Fort Wayne Water Works Department be instructed to pay the following estimates from Hoad, Decker, Shoecraft and Drury: First Progress Estimate in favor of Byron-Jackson Company, Contractors for Contract No. 7, in the amount of $7,975.50; Ninth Progress Estimate in favor of Max Irmscher and Sons, Contractors for Contract No. 6, in the amount of $97,558.51; Third Progress Estimate in favor of John Dehner, Inc., Contractor for Contract No. 3, in the amount of $6,558.90; Sixth Progress Estimate in favor of V. M. Nussbaum and Company, Contractors for Contract No. 8, in the amount of $1,801.37; Fifth Estimate in favor of the Michigan Valve and Foundry Company, Contractors for Contract No. 9, in the amount of $8,658.00; also Forty-sixth estimate for professional engineering services in the amount of $36.03, Contract No. 8; Forty-seventh Estimate for professional engineering services in the amount of $131.18, Contract No. 3; Forty-eighth Estimate for professional engineering services in the amount of $2,201.17, Contract No. 6; Forty-ninth Estimate for professional engineering services in the amount of $173.16, Contract No. 9; Fiftieth Estimate for professional engineering services in the amount of $159.10, Contract No. 7.

The Board then upon motion adjourned.

David Erwin
BOARD OF PUBLIC WORKS.

ATTEST: Geo. S. Snyder
SECRETARY-CLERK.

Department of Public Works,
Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, September 13, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the meeting of Thursday, August 25th, Tuesday, August 30th, Thursday, September 1st, Tuesday, September 6th and Thursday, September 8th, 1932, stand approved as read.

Motion was made, seconded and carried that the monthly report of the Building Department for the month of August, 1932, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Brooklyn Avenue and Taylor Street; corner of Fairfield Avenue and Kinnaird Avenue; corner of Hoagland Avenue and Williams Street; corner of Maple Avenue and Maple Place; corner of Wildwood Avenue and Hoagland Avenue.

Motion was made, seconded and carried that the following bonds be referred to the City Attorney for his approval:

P. J. Daniels Sign Company,	signed by the Sun Indemnity Company of N. Y.
Fort Wayne Builders Supply Co.,	signed by the U. S. Fidelity and Guaranty Co.

Motion was made, seconded and carried that the following applications of W. B. Branstrator, to construct driveways at the Southeast corner of McCulloch Street and Maumee Avenue, be granted: to cut the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet, facing on McCulloch Street; also to cut the curbing to a width of 40 feet and to construct a driveway to a width of 36 feet, facing on Maumee Avenue.

A remonstrance against the construction of cement sidewalks on the South side of Hofer Avenue from Sherman Boulevard to Goshen Avenue, was received. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the Agreement made and entered into by and between the City of Fort Wayne, Indiana, by and through its Board of Public Works, party of the first part, and the Fort Wayne Brick Company, party of the second part, granting the right to the party of the first part to use the low ground and pit of the Fort Wayne Brick Company for the purpose of dumping rubbish, ashes and other discarded, unused material, be approved.

Motion was made, seconded and carried that the Secretary of the Board of Public Works be requested to send a communication to the Home Telephone & Telegraph Company, instructing them to remove the Taxi cab telephone on the north side of Pontiac Street between Hanna Street and Weisser Park Avenue.

Motion was made, seconded and carried that an ordinance be introduced at the Common Council at their Regular Meeting, to be held Tuesday, September 13th, for the sale of two 725 H. P. boilers, each consisting of three drums and 360 - 4 inch x 18 foot tubes complete, with headers, for the City Light and Power Works.

Motion was made, seconded and carried that the supplementary agreement by and between the City of Fort Wayne, Indiana, a Municipal Corporation, by and through its Board of Public Works, party of the first part, and the Froehlich & Emery Engineering Company, of Toledo, Ohio, a corporation existing and doing business under the laws of the State of Ohio, party of the second part, supplementing a contract between the said parties entered into on the 14th day of April, 1931, providing for the furnishing of Engineering services required for the complete installation of a new Boiler Plant, be approved and ordered sent to the Council at their next regular meeting Tuesday, September 13, 1932, at 8:00 o'clock P. M.

Motion was made, seconded and carried that the Performance Bond of the Omega Machine Company, signed by the Continental Casualty Company, covering Contract No. 12, of the Water Works Improvement, which provides for the Furnishing and Erection of Chemical Feeding Equipment, be approved.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Sidewalk Improvement Resolution Number 3128, which provides for the construction of cement sidewalks on the south side of Kenwood Avenue from Anthony Boulevard to a point one hundred fifty (150) feet west of Anthony Boulevard, they now proceeded to open the same and obtained the following results:

FRED EVERDING,	BID		$1.04
		(Gravel No. 2)	.98
E. H. ROEMER,	BID		.89

Motion was made, seconded and carried that the contract for the work to be performed under Improvement Resolution Number 3128, be awarded to E. H. ROEMER, at and for his price bid, namely, $0.89 per lineal foot he being the lowest and best bidder.

The COIL CONSTRUCTION COMPANY, INC., reported the work completed for the improving of Brackenridge Street on the North side from the west curb line of Harrison Street to the east curb line of Webster Street; also Douglas Avenue on the South side from the west curb line of Harrison Street to the east curb line of Webster Street; also Webster Street on the East side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street. Motion was made, seconded and carried that the same be approved and ordered paid.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved, and that the City Light Department be instructed to pay same: Estimate No. 2, in favor of Max Irmscher and Sons, in the amount of $23,846.75; Engineering fee due in the amount of $1,400.00.

The Board then upon motion adjourned.

Office of the Board,
Room 2, City Hall,
Fort Wayne, Indiana,
Tuesday, September 20, 1932,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: John C. Trier, David Erwin,
S. S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the previous meeting stand approved, as read.

Motion was made, seconded and carried that the report of the Fort Wayne Water Works Department, showing the amount of water pumped for the week ending September 3rd and the week ending September 10th, be placed on file.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Kinnaird Avenue and South Wayne Avenue; 1425 Lillie Street.

A report was received from the City Light Construction Department, recommending the installation of a light in the alley west of Webster Street between Wildwood Avenue and Kinnaird Avenue, on Traction Pole No. 2875. Motion was made, seconded and carried that the same be placed on file.

A report was received from D. J. Danehy, Superintendent of the City Light Department stating that the estimated cost for the furnishing of electric light and power for Belmont Addition would be $3,917.00; the estimated cost for the furnishing of electric light and power for the Reformed Orphans Home would be $407.40. Motion was made, seconded and carried that the same be approved.

Motion was made, seconded and carried that the statement from the New York Central Railroad Company, with reference to the work in connection with the Power House spur, be referred to the Froehlich and Emery Engineering Company.

Motion was made, seconded and carried that the application of George C. Stout, under personal bond, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 1529 Franklin Avenue, drive facing on Spring Street, be granted.

Motion was made, seconded and carried that the bond of Frank W. Welch, signed by the New Amsterdam Casualty Company, be referred to the City Attorney for his approval.

A petition, providing for the paving of Crescent Avenue from the alley south of Vance Avenue to Curdes Avenue, to correspond with the new pavement on the North, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of E. H. ROEMER, signed by the Fidelity and Casualty Company of New York, covering the work to be performed under Sidewalk Improvement Resolution Number 3128, be referred to the City Attorney for his approval.

The GRACE CONSTRUCTION & SUPPLY COMPANY reported the work completed under Street Improvement Resolution Number 3121, which provides for the improving of Curdes Avenue from East Drive to Anthony Boulevard. Motion was then made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Thursday, the 15th day of September, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 654, which provides for the condemnation of a right-of-way for pole line purposes across, through and under portions of Lots Numbered 27 and 28 White's Subdivision; also a portion of the vacated alley lying between Lots Numbered 27 and 28 White's Subdivision, motion was made, seconded and carried that the confirmation of the same be TAKEN UNDER ADVISEMENT until Thursday, September 22, 1932, at 7:30 o'clock P. M.

Thursday, the 15th day of September, 1932, at 7:30 o'clock P. M., having been fixed a date and time when the Board would hear and consider objections of remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 655, which provides for the opening of a street across the Indiana Service Corporation right-of-way from Vesey Avenue to a point west; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Street Improvement Resolution Number 3123, which provides for the improving of Clinton Street on the east side from the north curb line of Columbia Street to the south property line of the alley north of Columbia Street, they now proceeded to open the same and obtained the following results:

L. W. DAILEY CONSTRUCTION COMPANY, bid as follows:

7 in. Reinforced Concrete, Cement Curb,	$5.82
Texaco Sheet Asphalt Cement Curb	6.67
Texaco Asphaltic Concrete, Cement Curb	6.60
Texaco Sheet Iron Asphalt	6.49

THE GRACE CONSTRUCTION & SUPPLY COMPANY, bid as follows:

7 in. Reinforced Concrete, Stone Curb	6.37
7 in. Reinforced Concrete, Cement Curb	5.97

E. H. ROEMER, bid as follows:

7 in. Reinforced Concrete, Cement Curb,	6.65

The Board now proceeded to make the following preliminary order in the matter of the aforesaid Street Improvement Resolution:

3123 - Paving of CLINTON STREET - Reinforced Concrete, Cement Curbing.

In accordance with the Street Paving Law, the Board now upon motion fixed Saturday, October 1st, 1932, at 10:00 o'clock A. M., as a date and time when they will consider awarding the contract on the aforementioned street resolution; also a date and time up to which they will receive petitions for material other than that designated by the Board.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Alley Improvement Resolution Number 3126, which provides for the improving of the alley between South wayne Avenue and Arlington Avenue from the south property line of Pasadena Drive to the north property line of Sherwood Terrace, they now proceeded to open the same and obtained the following results:

L. W. DAILEY CONSTRUCTION COMPANY,	BID	$2.57
E. H. ROEMER,	BID	$2.35

Motion was made, seconded and carried that the contract for the work to be performed under the aforesaid Improvement Resolution Number 3126, which provides for the improving of the alley between South Wayne Avenue and Arlington Avenue from the south property line of Pasadena Drive to the north property line of Sherwood Terrace, be awarded to E. H. ROEMER, at and for his price bid namely, $2.35 per lineal foot, he being the lowest and best bidder.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make cuts into the following pavements, be granted: Corner of Packard Avenue and South Wayne Avenue; corner of Superior Street and Harrison Street; corner of Williams Street and Webster Street; corner of South Wayne Avenue and Cottage Avenue.

Motion was made, seconded and carried that the application of Ray Subzda, to make a cut into the curbing to a width of 12 feet and to construct a driveway to a width of 8 feet at 4005 South Lafayette Street, under personal bond, be granted.

A report was received from Louis Schmoe, Joseph Alter and William Schmeling, who were appointed to appraise the Two (2) Seven Hundred Twenty-five (725) horse power boilers, each consisting of three (3) drums and three hundred sixty (360) tubes complete with headers, at the City Light and Power Works. Motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the following estimates from the Froehlich & Emery Engineering Company, be approved, and that the City Light Department be instructed to pay same: Estimate in favor of the American Engineering Company in the amount of $6,890.67 covering value of material ready to be shipped in connection with the first stoker under their contract for 3-7 retort Taylor stokers; also the estimate in favor of the New York Central Railroad Company, in the amount of $48.51, for material furnished and expense incurred cutting and drilling rail on August 17th, 1932.

Motion was made, seconded and carried that the estimate of John Dehner, Inc., in the amount of $297.40 for dirt excavated from the St. Mary's River east and west of Harrison Street Bridge, be approved and ordered paid.

Motion was made, seconded and carried that the claim of the Coil Construction Company, for extra work done in connection with their contract for the improving of Brackenridge Street on the North side from the west curb line of Harrison Street to the east curb line of Webster Street; also Douglas Avenue on the South side from the west curb line of Harrison Street to the east curb line of Webster Street; also Webster Street on the East side from the south curb line of Douglas Avenue to the north curb line of Brackenridge Street, in the amount of $59.83, be approved and that same be ordered paid.

Motion was made, seconded and carried that the request of Councilman Lindenberg, for the installation of a light on Edgerton Street south of Main Street at the Bridge, be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the Coil Construction Company, signed by the Independence Indemnity Company, covering the work to be performed for the paving of the West Approach to the Oakdale Drive Bridge, be approved.

Motion was made, seconded and carried that the request for the removal of the call box at the Tabernacle on East Rudisill Boulevard, be TAKEN UNDER ADVISEMENT.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of Harrison Street from the south curb line of Superior Street to the north curb line of Wayne Street, as more fully set out in Street Improvement Resolution Number 3130.

For the construction of cement sidewalks on the south side of Hofer Avenue from Goshen Avenue to Sherman Boulevard, as more fully set out in Sidewalk Improvement Resolution Number 3131.

Motion was then made, seconded and carried that the following resolutions be adopted:

STREET IMPROVEMENT RESOLUTION NUMBER 3130 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Harrison Street from the south curb line of Superior Street to the north curb line of Wayne Street, by paving the roadway to a uniform width of forty-two (42) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3131 - 1932.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of Hofer Avenue from Goshen Avenue to Sherman Boulevard, by grading to a width of twelve (12) feet and paving with cement to a width of five (5) feet, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3130 and 3131, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 1st and 8th days of October, 1932, and that Thursday, the 20th day of October, 1932, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when they will consider confirming the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution Number 657, which provides for the condemnation of a right-of-way for sewer purposes west of St. Mary's Avenue from Margaret Avenue to State Boulevard. Said right-of-way being located on a portion of Ewing's Out Lot Number 2 situated in the Southeast Quarter of Section 34, Township 31 North, Range 12 East; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare a primary assessment roll for the same.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 464, which provides for the construction of a local sewer intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along the sewer right-of-way west of St. Mary's Avenue from the south property line of Margaret Avenue to a point approximately three hundred (300) feet north; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liableto be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Local Sewer Improvement Resolution, Number 464, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 1st and 8th days of October, 1932, and that Tuesday, the 25th day of October, 1932, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

The Board then upon motion adjourned.

David Erwin

The Board then upon motion took a recess until 3:00 o'clock P. M., Tuesday, October 4th, 1932.

-- oOo --

The Board re-convened Tuesday, October 4th, 1932, at 3:00 o'clock P. M. and proceeded as follows:

PRESENT: John C. Trier, David Erwin, Charles A. Ramsey,
Scott S. Snyder, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, September 29th and the Special Meeting of Saturday, October 1st, 1932, stand approved, as read.

Motion was made, seconded and carried that the application of A. Roethele and Sons, to construct 30 feet of sidewalk at 408 Harrison Street be granted.

Motion was made, seconded and carried that the application of William P. Schenkel, to make a 12 ft. cut and an 8 ft. drive at 632 Second Street, be granted.

Motion was made, seconded and carried that the following plat to the City of Fort Wayne, Indiana, be approved:

"JOHN C. KREIDT ADDITION."

A petition, providing for the installation of a light in the alley between Anthony Boulevard and Fletcher Avenue from Luther Street South, on Pole No. 1895, was received. Motion was made, seconded and carried that the same be referred to the City Light Department for investigation and report.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of the L. W. Dailey Construction Company, signed by the Fidelity and Casualty Company of New York, covering the work to be done under Street Improvement Resolution No. 3123, be referred to the City Attorney for his approval.

E. H. ROEMER reported the work completed under Improvement Resolution Number 3128, which provides for the construction of sidewalks on the south side of Kenwood Avenue from Anthony Boulevard to a point 150 feet west of Anthony Boulevard. Motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

Motion was made, seconded and carried that the Fifty-first Estimate for professional engineering services from Hoad, Decker, Shoecraft and Drury, in the amount of $562.80, be approved and that the Fort Wayne Water Works Department be instructed to pay same.

This being a date and time previously fixed by the Board when they would receive sealed proposals for the work to be performed under Street Improvement Resolution Number 3124, which provides for the improving of Crescent Avenue from the north property line of the alley south of Vance Avenue to the west curb line of Anthony Boulevard, MODIFIED "to omit curbing", they now proceeded to open the same and obtained the following results.

L. W. DAILEY CONSTRUCTION COMPANY, bid as follows:

For 28 feet Reinforced Concrete, per lineal foot (no curb)	$10.99

The Board now proceeded to make the following preliminary order in the matter of the aforesaid Street Improvement Resolution:

3124 - Paving of CRESCENT AVENUE -- Reinforced concrete (no curb).

In accordance with the Street Paving Law, the Board now upon motion fixed Saturday, October 15th, 1932, at 10:00 o'clock A. M., as a date and time when they will consider awarding the contract on the aforementioned street resolution; also a date and time up to which they will receive petitions for material other than that designated by the Board.

Motion was made, seconded and carried that the contract for the work to be performed under Contract No. 15, which provides for the construction of the Raw Water Supply Main, in connection with the Water Works Improvement, on which bids were received Tuesday, September 6th, 1932, at 10:00 o'clock A. M., be awarded to JOHN DEHNER, INC., with 3/8 inch Toncan iron plate with welded longitudnal joints and with Dresser coupling field joints at and for their price bid, namely:

Item 1. (1)

For furnishing and laying 42-inch raw water supply main complete with all 42-inch special fittings except valves; pipe to be of Toncan iron plate with welded longitudnal joints and with Dresser coupling field joints as manufactured by Alco Products, Inc., the unit price of Eight and 87/100 Dollars ($8.87) per lineal foot of main.

Item 2. (a)

For furnishing and installing 36-inch gate valves as manufactured by A. P. Smith Company, complete, the unit price of Seven Hundred, Seventy-seven and 50/100 Dollars ($777.50) per valve.

Item 3.

For masonry gate valve access and blow-off man holes and appurtenances, complete, the unit price of Thirteen Hundred, Fifteen and 12/100 Dollars ($1315.12) per manhole.

Item 4.

For masonry access and blow-off manholes and appurtenances, complete, the unit price of Four Hundred and 3/100 Dollars ($400.03)per manhole.

Item 5.

For masonry access and air relief manholes and appurtenances, complete the unit price of One Hundred, Eighty-five and 00/100 Dollars ($185.00) per manhole.

Item 6.

For masonry access, air relief and vacuum manholes and appurtenances, complete, the unit price of Three Hundred, Sixteen and 60/100 Dollars($316.60) per manhole.

Item 7.

For masonry access manholes, complete, the unit price of One Hundred, Fifty-seven and 50/100 ($157.50) Dollars per manhole.

Item 8. (d)

For concrete encasement and other special work at St. Joseph River crossing, but not including 42-inch pipe and fittings with Toncan iron plate pipe with Dresser coupling field joints as manufactured by Alco Products, Inc., this work to be done with the rollers of the Hosey Dam on the Maumee River in their raised position, the lump sum of Five Thousand and 00/100 Dollars ($5,000.00).

Item 9. (a)

For supports and other special work at ravine crossing, but not including 42-inch pipe and fittings with Toncan iron plate pipe with Dresser coupling field joints as manufactured by Alco Products, Inc., the lump sum of Twenty-one Hundred, Nine and 97/100 Dollars ($2,109.97).

The total amount of $130,593.47, they being the lowest and best bidders, as tabulated by the Engineers, Hoad, Decker, Shoecraft and Drury.

The Board then upon motion adjourned.
